- 23. Can we get some clarification on the entire route of the Lance Armstrong Bikeway?
(Council Member Jennifer Kim)**

The attached map shows the entire route of the bikeway. It assumes that the bikeway is on 4th Street in the downtown area. The City Council's last vote was for it to be on 4th Street. Capital Metro's decisions regarding rail on 4th Street could change this downtown route.

- 24. Can we get some clarification on the entire route of the Lance Armstrong Bikeway?
(Council Member Jennifer Kim)**

The attached map shows the entire route of the bikeway. It assumes that the bikeway is on 4th Street in the downtown area. The City Council's last vote was for it to be on 4th Street. Capital Metro's decisions regarding rail on 4th Street could change this downtown route.

- 51a. How many signs are located within the zone defined as 6(A) (i)? Please provide a map that shows the tracts of land within the City's zoning jurisdiction that could receive a relocated sign per the restrictions in 6 (c) (i-iv).
(Council Member Raul Alvarez)**

Two maps have been provided. One map shows the location of the billboards in the zone as described in the draft ordinance under (6)(a)(i). The total numbers of billboards in this area is 294. The second map shows the areas in the City's jurisdiction where billboards could be relocated under the restrictions of (6)(c)(i) through (iv). Billboards could be relocated along the roadways indicated in red on the adjacent lots shown in yellow. Billboards could not be relocated to any of the pink areas.
