**MBE / WBE:** N/A

---

The Texas Department of Transportation (TxDOT) has completed an engineering investigation on North Lamar Boulevard (also known as Loop 275) in the vicinity of Connally High School. As a result of this investigation, TxDOT has determined that a reduced speed school zone should be installed on North Lamar Boulevard (also known as Loop 275) for students attending Connally High School.

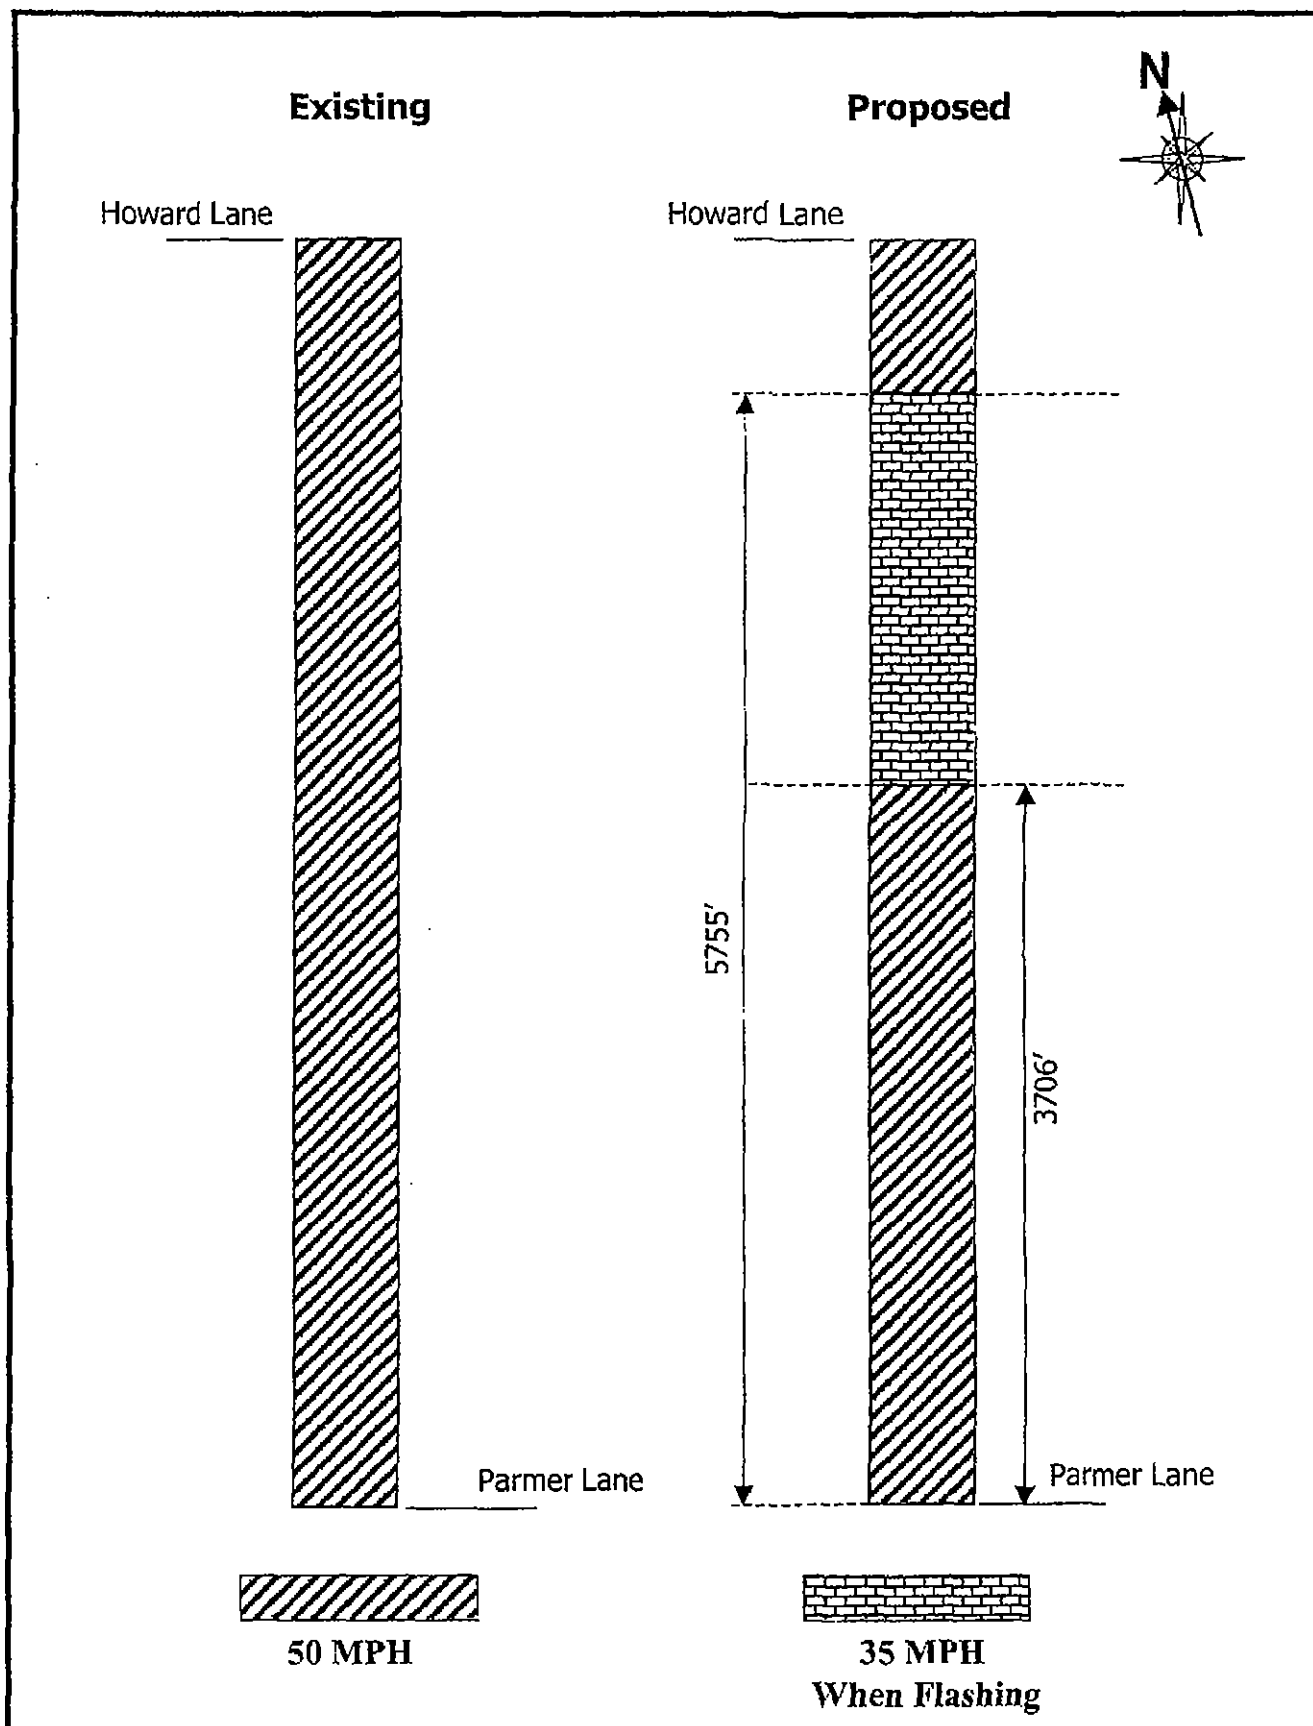

Amendment to Code Section 12-4-66 (35 MPH School Zones):

Add: North Lamar Boulevard (also known as Loop 275) from 3706 feet north of Parmer Lane (F.M. 734) (mile point 0.562) to 5755 feet north of Parmer Lane (F.M. 734) (mile point 0.174) (Connally High School).

The Transportation Division of the Public Works Department has completed an investigation on Austin Woods Drive adjacent to Hill Elementary School. Traffic volumes, speeds and pedestrian volumes and patterns were evaluated in order to determine what, if any modifications could be made to improve the safety of the students attending Hill Elementary School. As a result of this investigation, the Transportation Division recommends installing a school zone on Austin Woods Drive.

Amendment to Code Section 12-4-63 (20 MPH School Zone)

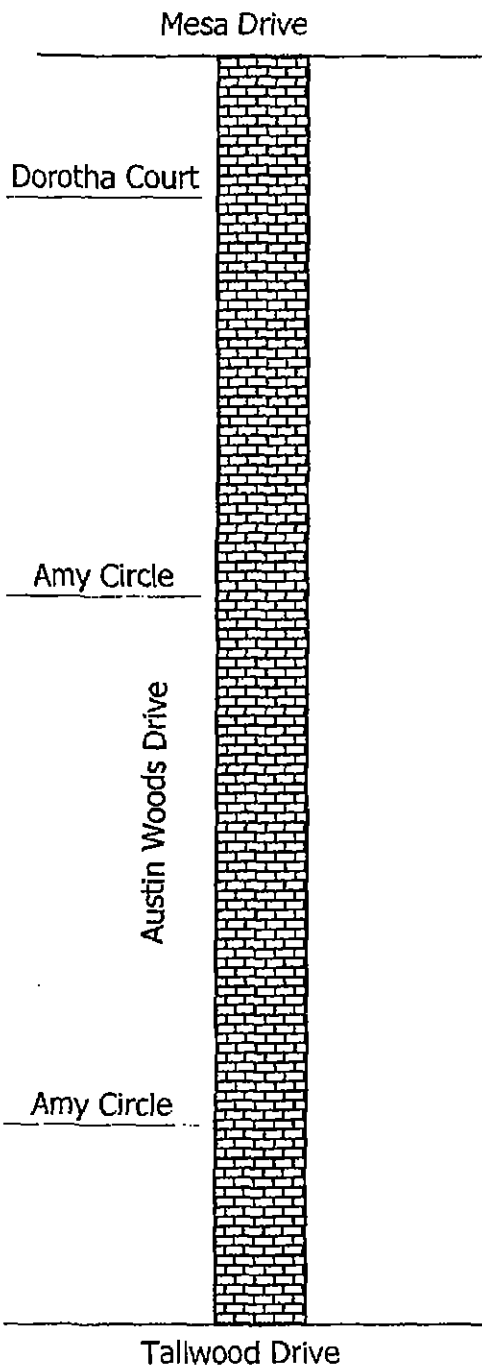

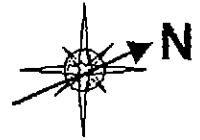

Add: Austin Woods Drive from Tallwood Drive to 600 feet west of Tallwood Drive (Hill Elementary School).
