- 300 VEHICLE TRIPS PER DAY;
- PRIVATE RESTRICTIVE COVENANT:
  - ROLLBACK TO CS ZONING IF USE CEASES;

[K.J: J.M 2ND (8-1) B.B – NAY]

SUMMARY STAFF RECOMMENDATION:

Staff recommends commercial liquor sales - conditional overlay (CS-1-CO) combining district zoning. The recommended conditional overlay will limit the vehicle trip generation to 300 trips per day.

ISSUES:

Since the Zoning and Platting Commission meeting of September 6, 2005, the applicant’s representative has clarified their intention to sell beer and wine for both on-site and off-site consumption. The Staff supports the applicants proposed development and has modified its recommendation to allow liquor sales. As provided in a comment response from the Zoning Chair of the Bryker Woods Neighborhood Association, the neighborhood has offered support for this proposed development excluding the sale of liquor and limiting the hours of operation. A conditional overlay cannot restrict the sale of specific alcoholic beverages served at a cocktail lounge or sold at a liquor store (i.e. hard liquors vs. beer or wine). The Staff would not object to a private restrictive covenant between the property owners of the
subject property and the neighborhood which will address the issues of alcoholic beverages served and hours of operation.

DEPARTMENT COMMENTS:

The subject rezoning area is a 1,557 square feet lease space on the ground floor within the 35th at Jefferson Shopping Center. This portion of the shopping center fronts West 35th Street and Lawton Avenue. The applicant proposes to rezone the lease space to commercial – liquor sales (CS-1) district and occupy the lease space with a delicatessen-cocktail lounge that includes the sale of wine and beer (exceeding 51% alcohol sales) and thus falls under the cocktail lounge and liquor store uses. Staff recommends CS-1-CO zoning based on the following considerations:

1) The proposed use is compatible with the surrounding uses within the retail center and its corresponding CS zoning and other commercial development along West 35th Street;
2) Access will be taken to one arterial roadway;
3) Vehicle trip generations are recommended to not exceed 300 per day. Parking requirements will be met using the existing shopping center parking garage and reflected on the site plan process through the conditional use permit.

A conditional use permit for a cocktail lounge is pending for this property under case No. SPC-05-0016A.

ZONING
STAFF RECOMMENDATION

Staff recommends commercial liquor sales - conditional overlay (CS-1-CO) combining district zoning. The recommended conditional overlay will limit the vehicle trip generation to 300 trips per day.

BASIS FOR RECOMMENDATION

1. The proposed zoning should be consistent with the purpose statement of the district sought.

   Commercial-liquor sales (CS-1) district is the designation for a commercial or industrial use of a service nature that has operating characteristics or traffic service requirements that are incompatible with residential environments. Liquor sales is one of the permitted uses in a CS-1 district.

The proposed rezoning meets the purpose statement set forth in the Land Development Code. The subject property is part of an existing commercial shopping center with multiple CS uses and is compatible with existing commercial uses along West 35th Street.

2. The proposed zoning should promote consistency, and orderly planning.

The proposed change and recommended conditional overlay is compatible with the surrounding area by encouraging commercial uses to establish near major intersections and at commercial nodes where a variety of commercial uses are established. Furthermore,

   1) The proposed use is compatible with the surrounding uses within the retail center and its corresponding CS zoning and other commercial development along West 35th Street;

   2) Access will be taken to one arterial roadway;

   3) Vehicle trip generations are recommended to not exceed 300 per day. Parking requirements will be met using the existing shopping center parking garage and reflected on the site plan process through the conditional use permit.

Parking requirements will be met using the existing shopping center parking garage and reflected on the site plan process through the conditional use permit.

EXISTING CONDITIONS

Site Characteristics

The subject rezoning area is a 1,557 square feet lease space within the 35th at Jefferson Shopping Center. This portion of the shopping center is on the ground floor and fronts West 35th Street and Lawton Avenue. Parking requirements will be met using the existing shopping center parking garage.
**Impervious Cover**

Maximum building cover and impervious cover is 95%. Maximum floor area ratio is 2:1. No changes to the allocated impervious cover are contemplated with the rezoning application.

**Transportation**

0. No additional right-of-way is needed at this time.

0. The trip generation under the requested zoning is estimated to be 636 trips per day, assuming that the site develops to the maximum intensity allowed under the zoning classification (without consideration of setbacks, environmental constraints, or other site characteristics). The proposed development of a 1,500sf Lounge/Deli will generate approximately 198 trips per day.

0. Because the access for this site is off of Lawton Avenue a residential collector it is recommended that the trips for the site be limited to 300 trips per day.

0. Capital Metro bus service is available along 35th Street.

0. 35th Street is classified in the Bicycle Plan as a Priority 1 bike route.

0. There are existing sidewalks along 35th Street and Lawton Avenue.

**Environmental**

0. The site is not located over the Edwards Aquifer Recharge Zone. The site is located in the Shoal Creek Watershed of the Colorado River Basin, which is classified as an Urban Watershed by Chapter 25-8 of the City's Land Development Code. It is in the Desired Development Zone.

0. Impervious cover is not limited in this watershed class; therefore the zoning district impervious cover limits will apply.

0. This site is required to provide on-site structural water quality controls (or payment in lieu of) for all development and/or redevelopment when 5,000 s.f. cumulative is exceeded, and detention for the two-year storm. At this time, no information has been provided as to whether this property has any pre-existing approvals which would preempt current water quality or Code requirements.

0. According to flood plain maps, there is no flood plain within the project area.

0. Standard landscaping and tree protection will be required in accordance with LDC 25-2 and 25-8 for all development and/or redevelopment.
**Water and Wastewater**

WW 1. The site is served with City water and wastewater utilities. If water or wastewater utility improvements, or system upgrades, or utility adjustment, or relocation are required, the landowner, at own expense, will be responsible for providing. Also, the water and wastewater utility plan must be reviewed and approved by the Austin Water Utility. The plan must be in accordance with the City design criteria. The utility construction must be inspected by the City.

**Site Plan and Compatibility Standards**

0. The site is subject to compatibility standards. Along the west property line, the following standards apply:

- No structure in excess of three stories or 40 feet in height may be constructed within 100 feet of the property line.

- In addition, a fence, berm, or dense vegetation must be provided to screen adjoining properties from views of parking, mechanical equipment, storage, and refuse collection.

- Additional design regulations will be enforced at the time a site plan is submitted.

1. Cocktail lounge or restaurant with late-hours permit will require a conditional use permit site plan.

PUBLIC HEARING INFORMATION

This zoning/rezoning request will be reviewed and acted upon at two public hearings: before the Land Use Commission and the City Council. Although applicants and/or their agent(s) are expected to attend a public hearing, you are not required to attend. However, if you do attend, you have the opportunity to speak FOR or AGAINST the proposed development or change. You may also contact a neighborhood or environmental organization that has expressed an interest in an application affecting your neighborhood.

During its public hearing, the board or commission may postpone or continue an application’s hearing to a later date, or may evaluate the City staff’s recommendation and public input forwarding its own recommendation to the City Council. If the board or commission announces a specific date and time for a postponement or continuation that is not later than 60 days from the announcement, no further notice is required.

During its public hearing, the City Council may grant or deny a zoning request, or rezone the land to a less intensive zoning than requested but in no case will it grant a more intensive zoning.

However, in order to allow for mixed use development, the Council may add the MIXED USE (MU) COMBINING DISTRICT to certain commercial districts. The MU Combining District simply allows residential uses in addition to those uses already allowed in the seven commercial zoning districts. As a result, the MU Combining District allows the combination of office, retail, commercial, and residential uses within a single development.

Comments: THE ZONING CHANGE TO A CS-1 COMMERCIAL LIQUOR SALES DISTRICT WOULD BE INCOMPATIBLE WITH THE NEIGHBORHOOD ENVIRONMENT. THERE IS AN ELEMENTARY SCHOOL NOT FAR AWAY FROM THE PROPOSED LOCATION OF THE PROPOSED ZONING CHANGE. THE OAKMONT HEIGHTS IS A LOVELY QUITE NEIGHBORHOOD. DON´T RUIN IT. THE PROPOSED CHANGE WOULD LOWER PROPERTY VALUES.

Comments:

Like any owner of a residence in Brykerwoods I am shocked that the city would consider allowing a liquor store within a few blocks of an elementary school. This is appalling.

WHEREAS, 35th and Jefferson, Ltd attests that it is the sole owner of the Property and agrees that the interests of Beneficiaries and the use and value of their property will be affected by the Property's use and that, therefore, the Property should be impressed with certain covenants, restrictions and servitudes, set forth below, the imposition of which will benefit the property owned by Beneficiaries or in the case of the neighborhood associations, property owned by it's members.

WHEREAS, Owner intends to lease the Restricted Portion to Karen Dante and Myrna Sherman or an entity controlled by them for the operation of a wine bar for which purpose the
Owner has taken steps to have the Restricted Portion re-zoned from CS zoning district to CS-1 zoning district. It is the Owner's intention to maintain the CS-1 zoning for only such time as either or both Karen Dante and Myrna Sherman own or operate a business in the Restricted Portion.

NOW THEREFORE, 35th and Jefferson, Ltd (sometimes referred to as the Owner) for the consideration described above shall hold, sell, lease and use the Property subject to the following covenants, restrictions and servitudes hereby impressed upon the Property which covenants, restrictions and servitudes shall run with the land, and shall be binding on the Owner of the property, and the Owner's heirs, successors, lessees, and assigns, as follows, to wit:

1. No alcohol of any type shall be served or sold in or from the Restricted Portion of the Property without all legally required permits, licenses, approvals and zoning.

2. No alcohol, specifically including but not limited to distilled spirits, shall be served or sold in or from the Restricted Portion of the Property except for beer and wine, which may be served and sold between the hours of 8 o'clock a.m. and 9 o'clock p.m., if otherwise permitted by law.

3. When Karen Dante and Myrna Sherman both cease to own or operate a business in the Restricted Portion, then Owner, its heirs, successors, lessees or assigns, shall within a reasonable period of time (and, in any event, prior to the operation of another business in the Restricted Portion) take all necessary steps to apply to the City of Austin to have the zoning district of the Restricted Portion re-zoned to CS zoning from CS-1 zoning (or if the zoning districts are renamed or numbered by the City of Austin prior to that date, then to the zoning district that corresponds to CS zoning) and shall use its best efforts to obtain such re-zoning for the Restricted Portion.

If any person or entity shall violate or attempt to violate the terms of this Restrictive Covenant, it shall be lawful for the Beneficiaries, their heirs, successors or assigns or any of them to bring a proceeding in law or in equity against such person or entity violating or attempting to violate such agreement or covenant, to prevent the person or entity from such actions or to compel compliance with same and the necessity for a bond is expressly waived by Owner, which waiver is binding as well on Owner's heirs, successors, lessees and assigns. Any party subject to this Restrictive Covenant who violates or threatens to violate same, shall be responsible for the reasonable and necessary attorneys fees incurred by any Beneficiary who brings a proceeding in accordance with this paragraph.

If any part of this agreement or covenant is declared invalid, by judgment or court order, the same shall in no way affect any of the other provisions of this agreement and such remaining portion of this agreement shall remain in full effect.

If at any time the Beneficiaries, their heirs, successors or assigns or any of them shall fail to enforce this agreement, whether or not any violations of it are known, such failure shall not constitute a waiver or estoppel of the right to enforce it.

This agreement may be modified, amended or terminated only by agreement of the Owner or the Owner's heirs, successors or assigns and all of the Beneficiaries, their heirs, successors or
assigns as defined above. Agreement by the neighborhood associations means agreement by their Executive Committees, Boards of Directors, or duly authorized officers, as the case may be.
