\_\_\_\_\_\_

This supply agreement will provide white and yellow thermoplastic material to designate traffic markings used by the Public Works/Traffic Signals and Control Division.

The thermoplastic white and yellow pavement marking material is applied to the road surface in a molten application of glass beads through the use of a truck-mounted thermoplastic laying machine. This material will produce a reflective marking of specified thickness and will last longer in traffic than regular paint.

## PRICE ANALYSIS

- a. Adequate competition.
- b. Forty-seven notices were sent including one WBE. There are no MBEs listed under this commodity code. Eight solicitations were issued. Five bids were received with no MBEs/WBEs responding.
- c. The pricing offered represents an approximate increase of 7% from the last contract awarded September 2001. The increase in cost is a result of substantial increases in cost for oil products and fuel within in the past two years.

## APPROVAL JUSTIFICATION

- a. Low bid
- b. The Public Works Department concurs with the recommended award.
- c. Advertised in the Austin American-Statesman and on the Internet.
