

Resolution 20180614-073 – Cite-Eligible Custody Arrests
Quarterly Report #7: October 1st – December 31st, 2020
Report Date: January 31st, 2020

Overview

The purpose of this report is to provide an update on the Council resolution adopted on June 14, 2018 related to the Austin Police Department (APD) policies regarding the issuance of misdemeanor citations in lieu of arrest. The Council resolution requires APD to provide quarterly public reports to the City Council containing data on the use of arrests in lieu of citations for non-violent offenses when citation would be permitted by state law.

Resolution Requirements

The City Council directs the City Manager to send a quarterly public memorandum to the City Council, for the purposes of transparency, to provide data concerning the use of discretionary arrest in lieu of citation for nonviolent misdemeanor offenses when a ticket or citation would be allowed by state law. The memos should be released at the end of each quarter for at least the next 24 months.

The report or memorandum should document anonymized records of every instance that an Austin police officer arrests a resident for a nonviolent misdemeanor charge when the suspect has no outstanding warrants, was not intoxicated, and legally could have been given a citation, but the officer determines giving a ticket or citation is infeasible. The memorandum should include the following data for each instance:

- (1) a documented reason for the stop or the arrest;*
- (2) the reason for the discretionary use of arrest;*
- (3) the race and ethnicity of the person arrested; and*
- (4) the general location, such as the zip code of the incident.*

The report or memorandum should not include information that would jeopardize any ongoing criminal investigation or prosecution, and the report should include the number of unduplicated officers making such discretionary arrests.

This arrest data is provided as a separate spreadsheet. Additional analysis and context information is provided in this document.

Analysis of responsive data: October 1st – December 31st, 2020 (2020 Q4)

The attached spreadsheet includes data during the fourth quarter of 2020 of 19 custody arrests, made by 19 unique officers. Summaries of this same data and some additional context data are provided in the following section.
