

208 TASER Device Guidelines

208.7.1 PROPER MAINTENANCE

Officers shall be responsible for ensuring that their issued TASER device is properly maintained and in good working order. [If a defect is found, the officer should report such to their supervisor.](#)

- ~~(a) The supervisor or designee will perform functionality checks. This check shall occur monthly for probationary police officers and quarterly for all other officers.~~
- ~~(b) The results of the check will be documented on form PD0128 and will include whether or not the internal clock was "reset" and if a Taser was found defective. If defective, the supervisor shall notate corrective action. Examples are:
 - ~~1. Turned into Police Equipment for repair or replacement~~
 - ~~2. Taser cartridge trap doors replaced~~
 - ~~3. Low battery replaced~~~~
