

1951 Chevrolet Pick-up Truck by "Shan" Fannin

West Airside Gallery

Three to See

"Shan" Fannin, Soña Holman & Karen Maness

Journey with these three Austin artists as they show you the big and bold world of paintings. From "Shan" Fannin we get a glimmering and giant painting that features a classic auto, a 1951 Chevy pick-up truck replete with chrome and shiny red hood. From Karen Maness is a bold triptych titled the Golden Hour that captures the perfect moment of an ephemeral sunset across a vast landscape. Soña Holman presents an abstract world based upon organic forms, textures and lines found in nature and biology. All the more interesting is her own development of a wood burning technique and application of colored venetian plaster layers to create her own "pyrographic" paintings.

On display through July 05, 2016

Location: Behind BookPeople bookstore across from gate 12
