SOPHIE IS A LITTLE SHY AND NERVOUS WITH NEW PEOPLE IN THE SHELTER, SO SHE HAS JOINED OUR CACTUS CAT PROGRAM TO GET SOME EXTRA ATTENTION FROM VOLUNTEERS AND WORK ON HER CONFIDENCE BUILDING. SHE HAS A PRECIOUS, TINY MEOW AND WILL CHIRP OUT FOR ATTENTION. SHE ENJOYS PETTING IF YOU GO SLOWLY. SOPHIE CAME IN AS A STRAY CAT, SO WE DON'T HAVE PREVIOUS HOME HISTORY FOR HER. LIKE OUR OTHER CACTUS CATS, SHE WILL BENEFIT FROM A PATIENT ADOPTER WILLING TO GIVE HER TIME TO BLOSSOM IN A NEW ENVIRONMENT. WE THINK SOPHIE IS A "SUCCULENT"; THESE CACTUS CATS ARE LOW-MAINTENANCE AND EASYGOING. WITH PLENTY OF TREATS AND SLOW, STEADY TRUST-BUILDING, YOU COULD FIND COMMON GROUND AND LASTING FRIENDSHIP!
