

DESPERATE HOUSECAT

Kitty #A621098

Kitty (or **Miss Kitty** if you insist on fancy) **wants to be the only feline in your life.** After living with someone her entire life, her owner became displaced and had no where to keep her. When she found herself at AAC, surrounded by cats, **Kitty** was overwhelmed, and became depressed, grumpy, and withdrawn. Fortunately, she **moved into a wonderful foster home**, where she got a chance to “breathe” again. In **Kitty**’s words: “**I’m much more of a people cat than a cat, uh cat. I like to talk. I’m not a rambler but I carry on conversations, and I appreciate being answered. I will come when you call me. I enjoy looking out the window, naps in the sun, and rolling around next to you for petting.**”

UPDATE: Visit **Kitty in the Volunteer Office**
