2
Tested by Auditors

Testing Results to Date for the 108 tested

80
Confirmed as Implemented

28
Underway

Testing Results from the Last Year (included in the results to date above) for the 41 tested during the last year

29
Implemented

12
Underway

Summary of recommendations and testing results

recommendation was fully implemented

implementation is underway

Hotel Occupancy Tax Audits May 2012 February 2013 November 2013

collect tax deficiencies identified in the audit  **Over \$150,000 collected**

Austin-Travis Co. Emergency Medical Services Collections Controls Audit October 2012

deposit collections intact on a daily basis and identify alternate method for returning payments 

a method for returning customer checks was identified and incorporated into policy; at the time of the follow-up audit, the policy was not followed, management became aware of it and stated that they changed return practices to match the policy

Public Safety Camera System Audit

February 2013

implement confidential recommendation related to strengthening the security 

ensure the oversight body is convened and performs monitoring duties 

Information Technology Governance and Planning Audit

October 2013

continue to implement and monitor a citywide IT Strategic Plan that lays out a specific vision or values and goals with detailed strategies, initiatives, and measures* 

steps taken to develop a citywide IT strategic plan using consultants, efforts are underway to finalize it

implement a citywide communications plan for its IT strategic initiatives to ensure departments have enough information to understand their roles and responsibilities 

citywide communications plan is planned to be finalized after the strategic plan

develop a citywide risk management plan that includes detailed steps to mitigate IT risks on an ongoing basis 

high-level citywide risk management plan was developed, acceptance by the City is pending

* reported as underway by management

Zero Waste Audit

November 2013

implement a mechanism to account for waste information citywide and to report 

ensure that all information related to established zero waste goals is clearly and accurately reported 

Homeland Security Grant Funding Optimization Audit

February 2014

ensure that the grant process considers all sources and includes other departments

ATCEMS Inventory Management Audit

February 2014

improve current process for managing medical supplies and implement an inventory tracking system that is integrated with the City's financial system and the department's billing system, providing for a single point of entry and effective tracking and monitoring

ATCEMS worked with CTM to develop an inventory tracking system, which is currently in place; however, the system does not track medical supplies inventory to final disposition and management is working on purchasing technology that will achieve that

Performance Measurement System Audit

October 2014

strengthen eCOMBS security access controls and ensure compliance with City requirements related to system user access rights and passwords

management implemented selected security controls in line with City requirements and is working on implementing additional controls

Cemetery Sales Administration and Management Audit

November 2014

ensure that all sales are documented accurately and that all deeds have been created and distributed to the appropriate customer

Short-Term Rental Registration and Tax Compliance Audit

December 2014

collect tax deficiency and credit overpayment

review work identifying possible unregistered STRs and arrive at solutions for citations

remind STR owners to file quarterly reports with the City

Water Loss Management Audit

August 2015

develop and implement a small meter replacement plan and prioritize and implement additional recommendations from the JBS, Inc report

develop and implement a more efficient process for preparing a water loss report

Procurement Card Usage Audit - CTM

September 2015

ensure existing Citywide procurement policies are communicated to staff to address identified issue

Prioritization of Affordable Housing Development Audit

November 2015

initiate a policy discussion with Council to evaluate City programs that support affordable housing and seek direction on NHCD's role for development incentives programs

ensure City policies and programs are clearly prioritized and linked to established values and community needs

regularly report to the public and decision-makers on outcomes related to achievement of core values

new performance measures related to achievement of core values were developed, but the data is not available yet

ensure accurate tracking, monitoring, and reporting on projects which result in affordability restrictions on housing developments

affordable housing inventory was developed and is currently being further improved with additional reporting capabilities

allocate appropriate resources to ensure timely compliance of affordability restrictions

Consistency of Austin Code Investigations and Resolutions Audit

April 2016

revise policies to clarify compliance timelines and closing violations

implement review process that addresses documentation, supporting documents, and adherence to department policies

work with other departments to address issues with City-owned properties

integrate Amanda and 3-1-1 system and implement case prioritization

ensure that existing employees and future hires meet minimum qualifications

Austin Police Department Handling of Complaints Audit

September 2016

we tested 10 recommendations and confirmed that 6 of them are fully implemented, see details in the follow-up report we issued in June 2018

The Office of the City Auditor was created by the Austin City Charter as an independent office reporting to City Council to help establish accountability and improve City services. We conduct performance audits to review aspects of a City service or program and provide recommendations for improvement.

We conducted this performance audit in accordance with Generally Accepted Government Auditing Standards. Those standards require that we plan and perform the audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our findings and conclusions based on our audit objectives. We believe that the evidence obtained provides a reasonable basis for our findings and conclusions based on our audit objectives.
