INSTALLATION SCHEDULE
Project installation is anticipated to begin late this summer and will take place in phases. The protected intersection at Barton Skyway and Barton Hills Drive will be constructed one corner at a time and could take up to 4 months to complete. All work is dependent on weather and any other unanticipated delays.

FUNDING
This project is funded by the 2016 Mobility Bond Safe Routes to School and Bikeways programs. This project includes improvements to make it safer for students to walk or bike to Barton Hills Elementary and connects to the existing two-way protected bikeway on the north side of Barton Hills Drive between Barton Skyway and Azie Morton Road.
