

BlueCare DentalSM Network Advantage

Your BlueCare Dental plan provides access to a network of dentists who agree to discount their fees for members. You have the option to choose any dentist, but there are cost advantages to choosing a dentist who participates in the BlueCare Dental network.

Savings

Discounts of 20% to 40% are available to BlueCare Dental members. Save money each time you utilize a network dentist.

There is no balance billing when using a network dentist. You are not billed for costs exceeding the allowable amount (except deductibles).

Convenience

You will have access to one of the largest dental networks in the country. To locate the participating dentists in your area, visit Provider Finder[®].

You also get the freedom to choose any general dentist or specialist in the network without a referral.

Quality

You can take comfort in knowing that professional credentials are verified for every in-network dentist.
