DESIGN BUILD

- Design Builder is a single firm responsible for the performance of both design and construction services, cost control and schedule
- Turnkey approach
- Advisor to the owner selected by best value
- Budget defined early becoming agreement for the project
- Construction starts before design is complete
- Used for time sensitive projects reducing bid time, project scheduling
- Development of a Design Criteria Manual used in solicitation
- Nine-month solicitation, selection, and contract negotiation
- Contract components include preliminary design, design, general conditions, guaranteed maximum price for construction
- Removes ambiguity that can arise in material and construction specifications
- Highly adaptive and responsive for changes in the field minimizing need for change orders
