March 26, 2004

Honorable Mayor and Council Members City of Austin, Texas

Ladies and Gentlemen:

We are pleased to submit to you the 2003 Comprehensive Annual Financial Report (CAFR) of the City of Austin, Texas. The report was prepared by the Financial and Administrative Services Department, Controller's Office. The combined financial statements and related notes have been jointly audited by the independent firms of Certified Public Accountants, KPMG LLP, and R. Mendoza & Company, P.C., whose reports are included herein. This audit satisfies Article VII, Section 16 of the City Charter, which requires an annual audit of all accounts of the City by an independent Certified Public Accountant. The Federal awards received by the City directly from Federal agencies or passed through by the State of Texas or other governmental entities during fiscal year 2003 are being audited under the provisions of the Single Audit Act of 1996, as amended, and State awards are being audited under the provisions of the *State of Texas Single Audit Circular*. The reports will be available in the City's separately issued Single Audit Report.

Responsibility for both the accuracy of the presented data and the completeness and fairness of the presentations, including all disclosures, rests with the City. We believe the data, as presented, are accurate in all material respects and are presented in a manner which fairly sets forth the financial position and results of operations of the City. Furthermore, we believe all disclosures necessary to enable the reader to gain an understanding of the City's financial activity have been included.

These financial statements have been prepared in accordance with generally accepted accounting principles (GAAP) for local governments as prescribed by the Governmental Accounting Standards Board (GASB) and the American Institute of Certified Public Accountants (AICPA).

GASB Statement No. 34, entitled *"Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments"* requires that management provide a narrative introduction, overview and analysis to accompany the Basic Financial Statements in the form of management discussion and analysis (MD&A). This letter of transmittal is intended to complement MD&A and should be read in conjunction with it. The MD&A can be found immediately following the Independent Auditor's Report.

#### **REPORTING ENTITY**

This CAFR includes the financial activities of the primary government and its component units. The City provides a full range of services, including general government, public safety, transportation, planning and sustainability, public health, public recreation and culture, urban growth management, electric, water and wastewater, airport and other enterprise services. In addition, the City has blended with its financial statements those of the separate legal entities, the Austin Housing Finance Corporation, whose activities are reported in the Housing Assistance Fund, and the Austin Industrial Development Corporation, whose activities are included in the Austin Industrial Development Corporation Fund.

#### AUSTIN'S GOVERNMENT, ECONOMY AND OUTLOOK

The City of Austin, chartered in 1839, has a Council-Manager form of government with a Mayor and six Councilmembers. The Mayor and Councilmembers are elected at large for three-year staggered terms with a maximum of two consecutive terms. A petition signed by a minimum 5 percent of voters waives the term limit for a councilmember. The City Manager, appointed by the City Council, is responsible to them for the management of all City employees and the administration of all City affairs.

Austin, the capital of the state of Texas, is the fourth largest city in Texas (behind Houston, Dallas, and San Antonio), with a year 2000 population of 656,562. According to the 2000 Census, Austin's population grew since 1990 by 191,000 residents, which represents an increase of 41 percent. Geographically, Austin consists of approximately 275 square miles. Austin has a median household income of \$42,689 and a per capita income of \$24,163.

Austin is frequently recognized as a great place to live and/or work, with one of the most recent commendations in *Forbes*, which rated Austin as the number one city on its list of Best Places for Business and Careers. *Forbes* also recognized Austin as the best city for singles. Austin has long attracted a variety of people, and the reasons that draw people to the City are varied. The area has a natural beauty and a first-rate parks department that administers a number of public outdoor recreational facilities, including neighborhood parks, greenbelts, athletic fields, golf courses, tennis courts, a veloway for bicyclists and in-line skaters, miles of hike and bike trails and striped bike lanes, a youth entertainment complex and swimming pools.

Residents of Austin enjoy many outdoor events, including art, music, and food and wine festivals; races and bicycle rides; and the nightly flights of the world's largest urban bat colony. Indoor events vary from music to museums to ice hockey, art galleries, an opera facility and a wide variety of restaurants and clubs. Long recognized as the "live music capital of the world," Austin boasts more than 100 live music venues, and is home to the annual South by Southwest (SXSW) music, film and interactive festivals each spring as well as the Austin City Limits Festival each fall.

The educational opportunities in Austin have long drawn people to the city. Among U.S. cities with a population over 250,000, Austin is one of the most highly educated cities, with more than 30 percent of its adults having a college degree and over 88 percent of the workforce having some college education. With its seven institutions of higher learning and more than 94,000 students, education is a significant aspect of life in the Austin area. The University of Texas at Austin (UT), the largest public university in the nation, is known as a world-class center of education and research.

During the 1990s, over 280,000 jobs were created in Austin; unemployment dropped to less than 2 percent in 2000. Since then, Austin and the Central Texas area have been hit hard by the technology slump. Although the Austin area unemployment rate has improved slightly from the previous year, it remains significantly higher than prior to the economic downturn. The unemployment rate for September 2003 was 5.5 percent, which is a slight improvement from the September 2002 rate of 5.7 percent. Statewide, the unemployment rate stands at 6.6 percent, compared to 6.5 percent a year ago.

Layoffs and the nationwide slump in tourism have negatively impacted both sales tax and hotel tax revenues from levels experienced a few years ago. While, hotel tax revenues increased by 3 percent from the prior year, they are still below pre-9/11 levels. During 2003, sales tax revenue declined 4.5 percent. Early 2004 collections show an increase in sales tax and hotel bed taxes, which may indicate that the economic slump is beginning to improve. Property taxes for 2003 and subsequent years may be negatively impacted by lawsuits filed against the appraisal district; the suits challenge the appraisal district's property valuations for many businesses. If the challenges are successful, they could result in decreased tax revenue next year for the local taxing jurisdictions, including the City. These financial statements include the impact of estimated refunds for the pending lawsuits.

The City's airport continues to see a decline in travel as a result of the 9/11 tragedy and continued security concerns related to air travel. Total airline passengers declined slightly in 2003 from the previous year. Costs related to the operations of the airport increased significantly due to security costs. Parking revenues have also declined significantly due to the decline in travel and an increase in competition from other parking sites located near the airport. The City's Convention Center facilities, with the addition of the expanded Convention Center facility and the new Palmer Events Center, increased revenues significantly from the previous year. The increase in revenues was proportionately higher than the increase in expenses to operate the facilities, in part due to cost-cutting initiatives instituted beginning in 2002. Although water and wastewater revenues were higher than the previous year, they were less than anticipated due to mild weather conditions.

City management implemented cost savings efforts beginning in 2002 and throughout the 2003 budget. During the 2003 budget development, a structural budget process was instituted. As part of this process, an emphasis was placed on funding the City's expenditures with on-going revenue sources instead of relying on one-time revenue occurrences and excess ending balances in order to balance the budget. Aside from public safety related costs, significant cost reductions occurred across the City, primarily in the General and Support Services Funds. As part of the 2003 budget, over 300 vacant positions were

cut from the budget. Economic indicators show that the economy is beginning to improve in early 2004; however, the City continues to be extremely cautious regarding future economic projections.

For the future, Austin's strengths continue to be the ones that led to growth in the recent past: a highly capable workforce, innovation and entrepreneurship, clusters in knowledge industries, the presence of a world-class research university and several other institutions of higher learning, strong community assets and a superior quality of life. Austin has recently reorganized its economic development activity to focus on three major areas: traditional economic development (including primary employers), small business development, and cultural vitality.

#### MAJOR INITIATIVES AND ACHIEVEMENTS

The City has a number of significant initiatives underway or recently completed, as described below. These initiatives should have a positive effect on the City's economic health and services to residents and businesses.

#### Health and Safety Projects

Brackenridge Hospital is operated by the Daughters of Charity under a lease agreement with the City. In order to accommodate certain ethical religious directives, Seton and the City agreed to construct a separately licensed facility for reproductive services and to increase maternity capacity. In February 2004, construction of the Austin Women's Hospital was completed. The facility, which is located on the fifth floor of Brackenridge Hospital, will be operated by the University of Texas Medical Branch at Galveston. The new hospital will maintain access for anyone in need of reproductive health care services; maintain seamless delivery of services; and maintain the high quality of care available at Brackenridge Hospital. The facility is expected to open in March 2004.

The City, Travis County and local leaders are developing a plan for a health care district for Austin/Travis County. Such a district would allow for the creation of a dedicated funding source for the provision of indigent health care costs to all residents in Austin and Travis County. In order for the health care district to be created, an election within Travis County is required. It is anticipated that the election will occur in May 2004.

Construction of the Combined Transportation, Emergency and Communication Center was completed in October 2003. The facility supports existing and new operations of critical emergency communications and transportation management for the region. It is located at the former site of the Robert Mueller Airport.

#### **Convention and Cultural Projects**

The City operates the Austin Convention Center, in addition to the Palmer Events Center. In June 2002, construction was completed for the expansion of the Convention Center, which effectively doubled the size of the facility. On January 5, 2004, the new Convention Center Headquarters Hotel, which is adjacent to the Convention Center, opened for business. This hotel is owned by Austin Convention Enterprises, Inc., and operated by Hilton Hotels Corporation. The Palmer Events Center is located next to Town Lake and is utilized for arts and crafts shows, concerts, trade shows and small conventions.

The City continues with building a new City Hall and Public Plaza, which will be one of Austin's newest landmarks. The City Hall will overlook lovely Town Lake. December 2, 2003 marked the topping-out ceremony, which approximates the halfway point in construction of the building and plaza. Construction is expected to be completed in the Fall of 2004.

#### **Economic Development and Transportation Projects**

A vital, on-going project is the redevelopment of the former Robert Mueller Municipal Airport (RMMA) site. The 709-acre site is envisioned as a transit-oriented community, including a town square, a mixed-use district, an employment center, a variety of residential uses, and the site of a new children's hospital. The City selected Catellus Development Corporation as the developer for this long-term project and is currently negotiating the elements of the development agreement for the property.

The City is continuing work on transportation projects approved by the voters in 2000. Projects include improvements to State Highway (SH) 183, which will improve access to Austin-Bergstrom International Airport; extension of Loop 1 North; construction of an east-west highway SH 45N in the northern portion of Travis County; and SH 130, which will provide an alternative to IH 35 to the east of the City. Other projects include improved transportation options for pedestrians and bicyclists.

#### Utility Projects

Austin Energy, the City's electric utility, continues its efforts to remain competitive in the new deregulated environment. Deregulation allows Texas residents and businesses served by utilities participating in deregulation to choose the supplier from which they purchase their electricity. The local electric utility continues to deliver the electricity. Deregulation began in Texas on January 1, 2002 for all private electric utilities. These utilities, owned by stockholders, are called investor-owned utilities (IOUs). Electric cooperatives (Co-ops) and city-owned electric utilities (called municipally owned utilities or MOUs) such as Austin Energy can participate, or "opt-in," by a vote of their board or City Council. Once the City Council votes to

participate in deregulation, it cannot later withdraw. The City has not "opted-in", but does continue to prepare for that possibility. A key step in remaining competitive was to begin moving from issuing combined utility debt (combined electric and water and wastewater) to issuing debt specific to the electric utility. To proceed towards that goal, Austin Energy issued \$182.1 million in Electric Utility revenue refunding bonds and refunded \$100.3 million of the Combined Utility System tax exempt commercial paper and \$87 million of the outstanding Combined Utility System taxable commercial paper during 2003. Austin Energy continues to increase participation in the GreenChoice Program, including participation from Concordia University, which is the first college in the nation to subscribe to 100 percent green power. Austin Energy's GreenChoice Program ranks number one in the nation in green power sales according to the Department of Energy.

The Water and Wastewater Utility has launched the Austin Clean Water Program. The Program is the result of a mandate from the U.S. Environmental Protection Agency to eliminate overflows from its wastewater collection system by the end of 2007. The cost to complete this program is estimated to be \$150 million. The Utility reduced its debt liability by issuing refunding bonds during the year. Consent obtained from Utility bondholders to replace a debt service fund with a surety bond will result in releasing cash reserves that may be used to defease outstanding debt.

#### Status of City Services

The vision of the City of Austin is to be the most livable community in the country. To achieve this vision, the governing leaders of the City invite citizens to participate in the Citizen Satisfaction Survey. The City has conducted the survey since 1997.

Police, EMS, and Fire are the three highest rated services in the survey. The top issues of importance to Austin residents are:

- Downtown issues (parking, traffic, construction)
- Tax related issues (including utility rates, fees and charges)
- Road conditions/new roads
- Growth management
- Jobs

The City is committed to incorporating the public's preferences into its strategic planning and use the public's expression of satisfaction as a criterion of accountability.

#### OTHER

#### Internal Controls and Budgetary Control

City management is responsible for establishing, implementing and maintaining a framework of internal controls designed to ensure that City assets are protected from loss, theft or misuse, and to ensure that adequate accounting data is compiled to allow for the preparation of financial statements in conformity with Generally Accepted Accounting Principles (GAAP). The system of internal control is designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that: 1) the cost of control should not exceed the benefits likely to be derived; and 2) the evaluation of costs and benefits requires estimates and judgments by management. All internal control evaluations occur within this framework and are believed to adequately safeguard assets and provide reasonable assurance of proper recording of financial transactions. The City employs a computerized financial accounting system that includes a system of internal accounting controls.

The Financial and Administrative Services Department is responsible for providing all centralized City financial services including financial accounting, reporting and budgeting, payroll and accounts payable disbursement functions, cash and investment management, debt management, and purchasing and contract administration. The Director of Financial Services, appointed by the City Manager, supervises the department's operations.

The objective of budgetary controls is to ensure compliance with legal provisions in the annual appropriated budget approved by the City Council. The annual operating budget, or financial plan, is proposed by the City Manager and enacted by the City Council after public discussion. Subsequent intradepartmental budget transfers must be approved by the City Manager. Interdepartmental transfers and any increase or decrease in total appropriations must be approved by the City Council. Management control for the operating budget is maintained at the fund and department level.

Primary responsibility for fiscal analysis of budget to actual expense or revenue and overall program fiscal standing rests with the department operating the program. As demonstrated by the statements and schedules included in the City's 2003 Comprehensive Annual Financial Report, the City continues to meet its responsibility for sound financial management.

#### Cash Management

The City's investment policy is to minimize credit and market risk while maintaining a competitive portfolio yield. Cash balances of all City funds are invested in consideration of five factors: safety, term, liquidity, market exposure and rate of return. Cash balances of most funds, except the debt service and revenue bond retirement reserve, are pooled for investment

purposes. These investments are made in accordance with the Texas Public Funds Investment Act and the City of Austin Investment Policy. During 2003, the City's cash resources were primarily invested in U.S. Treasury and Agency issues. The average yield on pooled investments during the year was 2.46 percent, and the weighted average maturity of the investments was 363 days.

#### **Risk Management**

The City maintains three internal service funds to account for its risk of loss associated with torts and employee and workers' compensation benefits. The City continues to be self-insured for liabilities for most health benefits, third-party claims, and workers' compensation. The City purchases commercial insurance for coverage for property loss or damage, commercial crime, fidelity bonds and airport operations. In addition, the City purchases a broad range of insurance coverage for contractors working at selected capital improvement project sites. The City does not participate in a risk pool. Liabilities are reported when it is probable that a loss has been incurred at the date of the financial statements and the amount of the loss can be reasonably estimated. Liabilities include an amount for claims that have been incurred but not reported (IBNR). Claim liabilities for the Employee Benefits Fund and the Workers' Compensation Fund are calculated based on outstanding claims and actuarial data; the Liability Reserve Fund is based on outstanding claims.

#### **CERTIFICATE OF ACHIEVEMENT**

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City for its 2002 Comprehensive Annual Financial Report (CAFR). This is the eleventh consecutive year that the City has achieved this prestigious award. A Certificate of Achievement is valid for a period of one year only. City management believes that this 2003 CAFR conforms to the Certificate of Achievement Program requirements, and we are submitting it to GFOA for its review.

#### ACKNOWLEDGMENTS

The preparation of this report on a timely basis could not have been accomplished without the dedicated services of a highly qualified staff. The City of Austin has such a staff in the Controller's Office of the Financial and Administrative Services Department. We would like to express our appreciation to all the staff of the Controller's Office who assisted in and contributed to the preparation of this report.

Other departments and offices of the City have also contributed directly or indirectly to the preparation of this report. In particular, the Budget Office of the Financial and Administrative Services Department and the Office of the City Auditor have been instrumental in ensuring that good financial management practices are maintained, and their cooperation and continued assistance is appreciated. We also acknowledge the efforts of the City departments in following good financial management practices and in providing information and assistance during the preparation of the report.

We acknowledge the thorough, professional and timely manner in which our independent auditors, KPMG LLP and R. Mendoza & Company, P.C., conducted the audit.

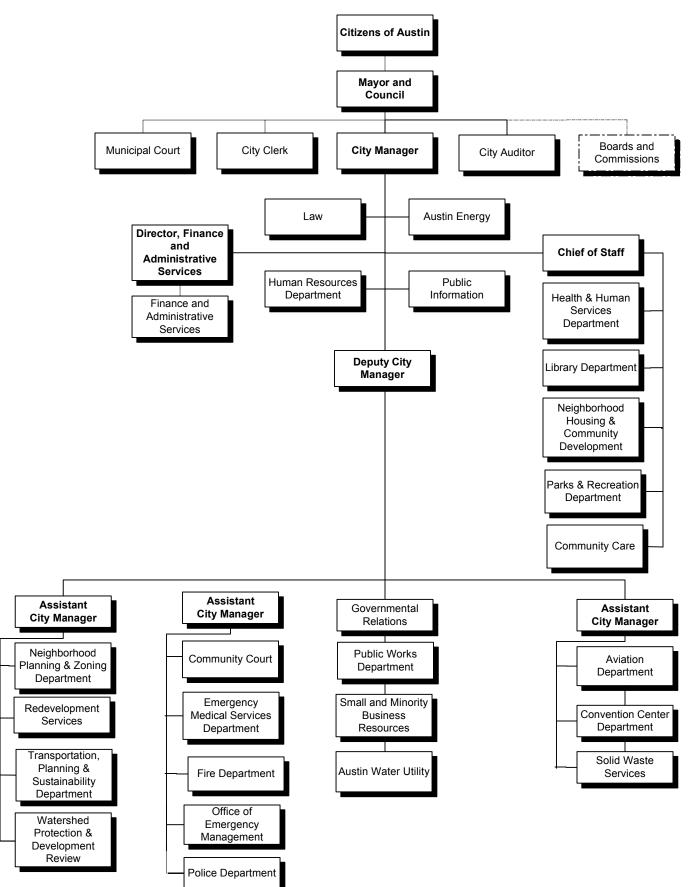

Finally, we acknowledge the Mayor and Council Members who have consistently supported the City's goal of excellence in all aspects of financial management. Their support is greatly appreciated.

Toby Hammett Futrell City Manager

# ORGANIZATIONAL CHART

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of Austin, Texas for its Comprehensive Annual Financial Report for the Fiscal Year Ended September 30, 2002.

In order to be awarded a Certificate of Achievement, а governmental unit must publish an easily readable and efficiently organized Comprehensive Annual Financial Report, whose contents conform to program standards. Such reports must satisfy both generally accepted accounting principles and applicable legal requirements. A Certificate of Achievement is valid for a period of one vear only. City management believes that this 2003 CAFR conforms to the Certificate of Achievement Program requirements, and we are submitting it to GFOA for their review.

Certificate of Achievement for Excellence in Financial Reporting

Presented to

City of Austin, Texas

For its Comprehensive Annual Financial Report for the Fiscal Year Ended September 30, 2002

A Certificate of Achievement for Excellence in Financial Reporting is presented by the Government Finance Officers Association of the United States and Canada to government units and public employee retirement systems whose comprehensive annual financial reports (CAFRs) achieve the highest standards in government accounting and financial reporting.

Edward Han

#### INDEPENDENT AUDITORS' REPORT

The Honorable Mayor and Members of the City Council, City of Austin, Texas:

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Austin, Texas ("City"), as of and for the year ended September 30, 2003, which collectively comprise the City's basic financial statements as listed in the table of contents under "Basic Financial Statements". These financial statements are the responsibility of the City's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City, as of September 30, 2003, and the respective changes in financial position and cash flows, where applicable, thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

The Management's Discussion and Analysis on pages 3 through 14 and the General Fund Schedule of Revenues, Expenditures and Changes in Fund Balances – Budget and Actual – Budget Basis on pages 94 through 95 are not a required part of the basic financial statements but are supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

In accordance with *Government Auditing Standards*, we have also issued a report dated February 6, 2004 on our consideration of the City's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, and grants. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be read in conjunction with this report in considering the results of our audit.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The accompanying introduction, combining and fund financial statements and schedules, supplemental schedules, and statistical section are presented for purposes of additional analysis and are not a required part of the basic financial statements. The combining and fund financial statements and schedules, have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole. The introduction and statistical section have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion on them.

The Management's Discussion and Analysis (MD&A) section of the City of Austin's (the City) Comprehensive Annual Financial Report presents a narrative overview and analysis of the financial activities of the City for the fiscal year ended September 30, 2003. We encourage readers to consider the information presented here in conjunction with additional information that we have furnished in our letter of transmittal.

The financial statements are presented in conformance with the Governmental Accounting Standards Board Statement No. 1 through Statement No. 39 and Statement 41. During the current fiscal year, the City implemented GASB Statement No. 39, *"Determining if Certain Organizations are Component Units"* and GASB Statement No. 41, *"Budgetary Comparison Schedules – Perspective Differences – an amendment to GASB Statement No. 34"*. These statements did not alter the City's financial reporting presentation from previous years.

#### FINANCIAL HIGHLIGHTS

The assets of the City exceeded its liabilities at the close of the most recent fiscal year by \$3.6 billion (net assets). Of this amount, unrestricted net assets of \$618 million may be used to meet the City's ongoing obligations to citizens and creditors.

Total net assets for the City of Austin increased by \$241.4 million during the fiscal year.

As of September 30, 2003, the City's governmental activities reported combined net asset balances of \$1.3 billion. Approximately 3% of this total amount, or \$43 million, represents unrestricted net assets available for spending at the City's discretion.

At the close of the current fiscal year, unreserved fund balance for the General Fund was \$88 million or 20% of total General Fund expenditures of \$433 million.

The City's total noncurrent liabilities increased \$14 million during the current fiscal year. Governmental noncurrent liabilities increased \$22 million and business-type noncurrent liabilities decreased \$8 million; business-type obligations are self-supporting, and do not rely on tax revenues for repayment. The key factors in this increase included issuance of new debt, which was partially offset by principal payment or refunding of existing debt.

#### **OVERVIEW OF THE FINANCIAL STATEMENTS**

This discussion and analysis is intended to serve as an introduction to the City's basic financial statements, consisting of three components:

- government-wide financial statements,
- fund financial statements and
- notes to the financial statements.

This report also contains other supplementary information in addition to the basic financial statements, including information on individual funds.

#### a -- Government-wide Financial Statements

The government-wide financial statements are designed to provide readers with a broad overview of the City's finances, in a manner comparable to a private-sector business. The two government-wide financial statements are, as follows:

- The statement of net assets presents information on all of the City's assets and liabilities, with the difference between the two reported as net assets. Over time, increases or decreases in net assets may serve as a useful indicator of whether the financial position of the City of Austin is improving or deteriorating.
- The *statement of activities* presents information showing how the City's net assets changed during the most recent fiscal year. All changes in net assets are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods, such as revenues pertaining to uncollected taxes and expenses pertaining to future general obligation debt payments. The statement includes the annual depreciation for infrastructure and governmental assets.

#### **OVERVIEW OF THE FINANCIAL STATEMENTS, continued**

Both of the government-wide financial statements distinguish functions of the City that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of the City include general government; public safety; transportation, planning and sustainability; public health; public recreation and culture; and urban growth management. The business-type activities of the City include electric utility, water and wastewater utility, airport, convention and others.

The government-wide financial statements include the City as well as blended component units: the Austin Housing Finance Corporation (AHFC) and the Austin Industrial Development Corporation (AIDC). The operations of AHFC and AIDC are included within the governmental activities of the government-wide financial statements. AHFC is reported as the Housing Assistance Fund. Although legally separate from the City, these component units are blended with the City because of their governance or financial relationships to the City.

#### **b** -- Fund Financial Statements

The fund financial statements are designed to report information about groupings of related accounts which are used to maintain control over resources that have been segregated for specific activities or objectives. The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City can be divided into the following three categories: governmental, proprietary and fiduciary funds. Within the governmental and proprietary categories, the emphasis is on the major funds.

**Governmental funds**. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. Most of the City's basic services are reported in governmental funds, which focus on how cash and other financial assets can readily be converted to available resources and on the available balances left at year-end. This information may be useful in determining what financial resources are available in the near future to finance the City's programs. Other funds are referred to as nonmajor funds and are presented as summary data.

Because the focus of governmental fund level statements is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented in the government-wide statements. In addition to the governmental fund balance sheet and statement of revenues, expenditures and changes in fund balance, separate statements are provided that reconcile between the government-wide and fund level statements.

The City's General Fund is considered a major fund and information is presented separately in the governmental fund balance sheet and statement of revenues, expenditures and changes in fund balances. In addition, the City maintains several individual governmental funds organized according to their type (special revenue, debt service, capital projects and permanent funds). Data from these governmental funds are combined into a single column labeled nonmajor governmental funds. Individual fund data for the funds are provided in the form of combining statements in the supplementary section of this report.

**Proprietary funds**. Proprietary funds are generally used to account for services for which the City charges customers —either outside customers or internal units or departments of the City. Proprietary fund statements provide the same type of information as shown in the government-wide financial statements, only in more detail. The City maintains the following two types of proprietary funds:

- Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The City uses enterprise funds to account for the operations of the City's three major funds, Electric, Water and Wastewater and Austin-Bergstrom International Airport (Airport), as well as the nonmajor enterprise funds.
- Internal Service funds are used to report activities that provide supplies and services for many City programs and activities. The City uses internal service funds to account for Capital Projects Management, Employee Benefits, Fleet Maintenance, Information Systems, Liability Reserve, Support Services, Wireless Communication and Workers' Compensation. Because these services benefit governmental operations more than business-type functions, they have been included in governmental activities in the government-wide financial statements.

The nonmajor enterprise funds and the internal service funds are combined into two aggregated presentations in the proprietary fund financial statements. Individual fund data for the funds are provided in the form of combining statements in the supplementary section of this report.

#### **OVERVIEW OF THE FINANCIAL STATEMENTS, continued**

**Fiduciary funds**. Fiduciary funds are used to account for resources held for the benefit of parties outside the City. Since the resources of fiduciary funds are not available to support the City's own programs, they are not reflected in the government-wide financial statements. The accounting policies applied to fiduciary funds is much like those used for proprietary funds.

**Comparison of Government-wide and Fund Financial Components**. The following chart compares how the City's funds are included in the government-wide and fund financial statements:

	Government-	
Fund Types / Other	wide	Fund Financials
General Fund	Governmental	Governmental
Special revenue funds	Governmental	Governmental - Nonmajor
Debt service funds	Governmental	Governmental - Nonmajor
Capital project funds	Governmental	Governmental - Nonmajor
Permanent funds	Governmental	Governmental - Nonmajor
Internal service funds	Governmental	Proprietary
Assets previously reported in		
General Fixed Asset Group	Governmental	Excluded
Infrastructure assets	Governmental	Excluded
Liabilities previously reported in		
General Long-Term Debt Group	Governmental	Excluded
Electric	Business-type	Proprietary
Water and wastewater	Business-type	Proprietary
Airport	Business-type	Proprietary
Other enterprise funds	Business-type	Proprietary - Nonmajor
Fiduciary funds	Excluded	Fiduciary

**Basis of Reporting -** The government-wide statements and fund-level proprietary statements are reported using the flow of economic resources measurement focus and the full accrual basis of accounting. The governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting.

#### c -- Notes to the Financial Statements

The notes to the financial statements provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

#### d -- Other Information

The section Required Supplementary Information (RSI) immediately follows the basic financial statements section of this report. The City adopts an annual appropriated budget for the General Fund. The RSI provides a comparison to budget and demonstrates budgetary compliance. Following the RSI are other statements and schedules, including the combining statements for nonmajor governmental and enterprise funds, internal service funds and fiduciary funds.

#### a -- Net Assets

The following table reflects a summary of Net Assets compared to prior year (in thousands):

#### Net Assets as of September 30 (in thousands)

	Governr Activi		Busines Activit		Tota	al
	2003	2002	2003	2002	2003	2002
Current assets	\$ 529,203	575,751	1,073,730	1,131,889	1,602,933	1,707,640

Total net assets	\$ 1,348,127	1,247,437	2,297,411	2,156,704	3,645,538	3,404,141

(1) Certain prior year balances have been reclassified in order to provide more meaningful comparative data

As noted earlier, net assets may serve as a useful indicator of a government's financial position. For the City, assets exceeded liabilities by \$3.6 billion at the close of the current fiscal year. However, the largest portion of the City's net assets are invested in capital assets (e.g. land, building, and equipment - 74%). The City uses these capital assets to provide services to citizens. Capital assets are generally not highly liquid; consequently, they are not considered future available resources. Although the City's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources since the capital assets themselves cannot be liquidated for these liabilities.

An additional portion of the City's net assets, \$317 million (9%), represents resources that are subject to external restrictions on how they may be used. The remaining balance of unrestricted net assets, \$618 million (17%), may be used to meet the government's future obligations.

At the end of the current fiscal year, the City is able to report positive balances in all three categories of net assets for the government as a whole, as well as for governmental and business-type activities separately.

#### b -- Changes in Net Assets

Total net assets of the City increased by \$241.4 million in the current year. Governmental net assets increased \$100.7 million, which is attributable to an increase in property tax revenue, an increase to unrestricted contributions, and a decrease to program expenses. The business-type net assets increased by \$140.7 million, mainly attributable to an increase in operating revenues.

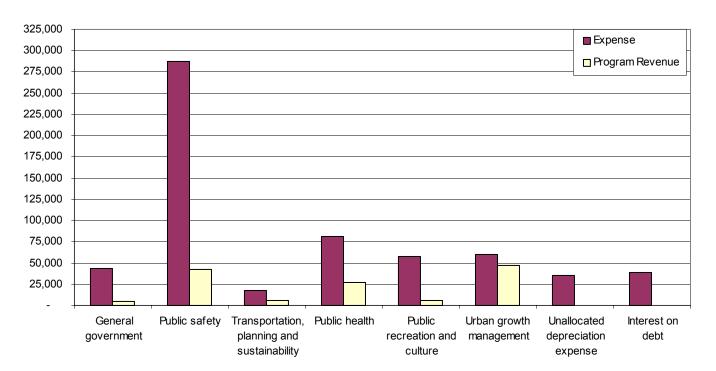

Operating grants and contributions         55,122         53,374         -         -         55,122         53,374           Capital grants and contributions         3,956         1,203         48,325         43,537         52,281         44,740           General revenues:         Property tax         233,130         224,396         -         -         233,130         224,398           Sales tax         110,454         115,441         -         -         110,454         115,441           Franchise fees and gross receipts tax         63,049         62,576         -         -         63,049         62,576           Grants and contributions not restricted         to specific programs         94,210         19,137         -         -         94,210         19,137           Interest and other         24,975         23,746         30,430         58,180         55,405         81,926           Total revenues         660,365         584,222         1,447,371         1,276,472         2,107,736         1,860,694           Program expenses:         General government         43,405         75,941         -         -         43,405         75,945           Public safety         292,411         279,533         -         -		Changes in N Septeml (in thous	ber 30

#### c -- Program Revenues and Expenses -- Governmental Activities

Governmental activities increased the City's net assets by \$100.7 million, thereby accounting for a 3 percent increase in the City's total net assets and 42% of the current year increase in net assets. Key factors of this increase are as follows:

- The City's property tax revenue increased by \$8.7 million, as a result of increasing assessed value; while the City's tax rate was unchanged at .4597 per \$100 valuation.
- Sales and other taxes decreased during the year, with sales tax decreasing more than 4 percent as a result of the economic downturn.
- Grants and contributions not restricted to specific programs increased by \$75.1 million during the year, primarily as a
  result of contributed infrastructure through annexations and developer contributions.
- Governmental expenses decreased \$15.6 million, primarily from general government, as a result of decreased right of
  way acquisition costs which were contributed to other governmental entities and public recreation and culture
  reductions.

The chart below illustrates the City's governmental expense and revenues by function: general government; public safety; transportation, planning and sustainability; public health; public recreation and culture; urban growth management; unallocated depreciation expense and interest on debt.

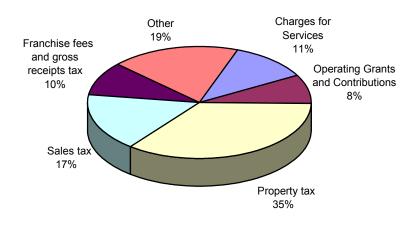

## Government-wide Program Expenses and Revenues – Governmental Activities

(in thousands)

General revenues such as property taxes, sales taxes and franchise fees are not shown by program, but are used to support all governmental activities. Property taxes are the largest source of general governmental revenues, followed by sales taxes and charges for services.

#### Government-wide Revenues by Source -- Governmental Activities

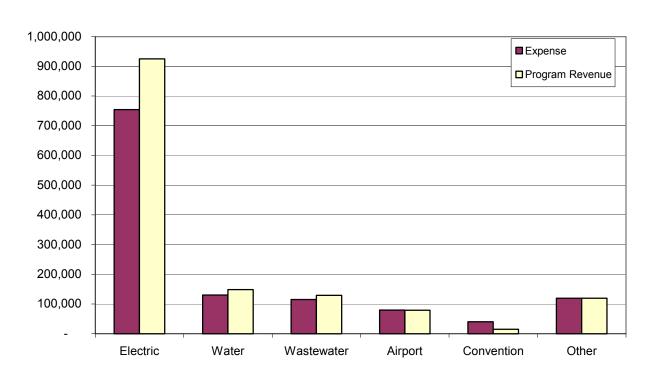

#### d -- Program Revenues and Expenses -- Business-type activities

Business-type activities increased the City's net assets by \$140.7 million, accounting for a 4% increase in the City's total net assets and 58% of the current year increase in net assets. Net program expenses and revenues are, as follows:

- Electric net assets increased \$118 million, primarily from an increase in utility services revenue.
- Water and Wastewater net assets increased \$14 million, due to an increase in utility services revenue. Expenses decreased due to cost reduction measures.
- Airport net assets increased \$2 million. Although revenues decreased due to reduced air travel and expenses increased as a result of additional security costs, net assets showed positive growth.
- Convention net assets decreased \$1.9 million, due primarily to a reduction of interest income of \$2.4 million and an increase in transfers from other funds of approximately \$1 million.

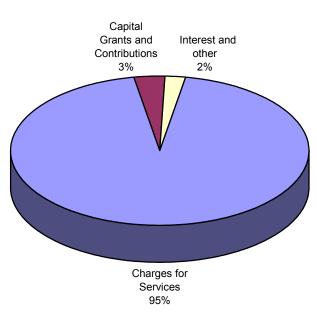

As shown in the following chart, the Electric utility, with expenses of \$754 million, is the City's largest business-type activity, followed by Water (\$130 million), Wastewater (\$115 million), Airport (\$80 million) and Convention (\$41 million). For the fiscal year, operating revenues exceeded operating expenses for all business-type activities, except Convention and other business-type activities. Within other business-type activities, Hospital and Primary Care operating expenses exceeded operating revenues.

Government-wide Expenses and Program Revenues -- Business-type Activities (Excludes General Revenues and Transfers) (in thousands)

For all business-type activities, charges for services provide the largest percentage of revenues (95%), followed by capital grants and contributions (3%) and interest and other revenues (2%).

#### Government-wide Revenue by Source - Business-type Activities

#### FINANCIAL ANALYSIS OF THE GOVERNMENT'S FUND LEVEL STATEMENTS

In comparison to the government-wide statements, the fund-level statements focus on the key funds of the City. The City uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

#### a -- Governmental funds

The City reports the following types of governmental funds: the General Fund, special revenue funds, debt service funds, capital project funds and permanent funds. The focus of the City's governmental funds is to provide information on near-term inflows, outflows and available resources. Such information is useful in assessing the City's financing requirements. In particular, unreserved fund balance may serve as a useful measure of a government's net resources available at the end of the fiscal year.

At the end of the year, the City of Austin's governmental funds reported combined ending fund balances of \$345 million, a decrease of \$38 million from the previous year. Approximately \$218 million represents unreserved ending balance, which is available for future use. The remainder of fund balance is reserved and only available for commitments for the purchase of goods and services, in addition to certain debt payments. Reserved fund balance increased \$3 million in comparison to the prior year, primarily due to an increase in the reservation for notes receivable of \$2 million in the Housing Assistance Fund, a nonmajor special revenue fund.

The General Fund is the chief operating fund of the City. At the end of the current fiscal year, the unreserved fund balance of the General Fund was \$88 million, while total fund balance was \$93 million. As a measure of the General Fund's liquidity, it may be useful to compare both unreserved fund balance and total fund balance to total fund expenditures. Unreserved fund balance represents 20% of total General Fund expenditures of \$433 million, and total fund balance represents 22% of expenditures. The unreserved and undesignated fund balance of the General Fund is \$35 million, which may be designated by City Council for specified uses for the future.

The General Fund fund balance decreased by \$412,000 during the fiscal year; undesignated fund balance decreased by \$882,000. Significant differences from the previous year include:

- \$15 million increase in revenues, primarily from property taxes and rental income.
- Increase of \$2 million in expenditures. Although public safety expenditures increased by \$13 million, other program expenditures decreased \$11 million.
- \$45 million decrease in transfers in, primarily from nonmajor enterprise funds.
- \$12 million increase in transfers out, primarily for nonmajor enterprise funds and Capital Project funds.

#### b -- Proprietary funds

The City's proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail.

- Total Electric Fund net assets increased \$118 million. Operating revenue for 2003 was \$922 million, an increase of approximately 24% from the prior year. This increase was primarily due to increased fuel costs, which are recovered as a component of the electric rate. Operating expense before depreciation for 2003 was \$554 million, an increase of approximately 38% from the prior year. This increase was primarily due to increased fuel costs.
- Total Water and Wastewater Fund net assets increased approximately \$14 million or \$8.5 million for Water and \$5.5 million for Wastewater. Water operating revenue for 2003 was \$130 million, an increase of approximately 6.9% from the prior year. Wastewater operating revenue for 2003 was \$112 million, an increase of approximately 4.1% from the prior year. Sales were less than projected due to economic conditions and wetter than normal weather conditions during the summer months. Water operating expense before depreciation for 2003 was \$59 million, a decrease of approximately 2% compared to the prior year. Wastewater operating expense before depreciation for 2003 was \$50 million, a decrease of approximately 4% compared to the prior year. The decrease in expenses was due in part from the elimination of 35 full-time positions through attrition and less than anticipated utility transmission main breaks and the related operating expenses. The utility implemented cost containment strategies to reduce other operating costs during 2003.

#### FINANCIAL ANALYSIS OF THE GOVERNMENT'S FUND LEVEL STATEMENTS, continued

The Airport Fund net assets increased over \$2 million in 2003. Operating revenues were \$63 million, a decrease of approximately \$1 million from the prior year. Operating expenses before depreciation increased approximately \$3.5 million as a result of increased security costs. Interest revenues were \$2.5 million, a decrease of approximately 38% from the previous year. Interest revenue decreased due to lower interest rates and a reduction of pooled investments and cash through 2003. Capital contributions resulted in the remaining increase in net assets.

#### OTHER INFORMATION

#### a -- General Fund budgetary highlights

The original budget of the General Fund was amended once during fiscal year 2003 by \$1.3 million for increased public safety costs.

During the year, revenues were \$8 million less than budgeted. A decline in sales tax collections was the primary cause of the difference.

Cost containment steps were put into place to reduce expenditures in order to offset the revenue shortfall. Expenditures were \$14 million less than budgeted. Significant activities whose expenditures were less than budgeted include public safety (\$5.4 million), public health (\$2.4 million), and general city responsibilities (\$2.3 million). Transfers out were also significantly less than budgeted (\$9.2 million). The budget was not formally amended to reflect the cost containment actions.

The total fund balance at end of year amounted to \$34 million, which was \$22 million higher than budgeted. The increase was attributed to an increase of \$15 million in the current year (excess of revenues and other sources over expenditures and other uses) and an increase of \$7 million from the budgeted amount for the end of the previous fiscal year (fund balance at beginning of year).

#### b -- Capital Assets

The City's capital assets for governmental and business-type activities as of September 30, 2003, total \$6.8 billion (net of accumulated depreciation). Capital assets include land, buildings and improvements, equipment, vehicles, infrastructure, assets not classified, construction work in progress, nuclear fuel and plant held for future use. The total increase in the City's capital assets for the current fiscal year was \$373 million (6 percent), with an increase of almost 11 percent for governmental activities and an increase of 4 percent for business-type activities. Additional information on capital assets can be found in Note 7. Capital asset balances are as follows:

#### Capital Assets, Net of Accumulated Depreciation September 30 (in millions)

#### **OTHER INFORMATION, continued**

Major capital asset events during the current fiscal year included the following:

- Governmental capital assets increased \$181 million. Included in this increase were \$89 million in infrastructure additions, \$14 million in Parkland purchases and improvements, \$12 million representing the City's investment in the Combined Emergency Center and \$5 million in Fire and EMS emergency vehicles. Progress also continued on a new City Hall and numerous infrastructure improvement projects.
- Business-type activities purchased or completed construction on capital assets of \$191 million. The Electric Fund added \$83 million in plant and equipment expansions or improvements to existing facilities. The Water and Wastewater Fund increased capital assets by \$104 million, including approximately \$15 million of costs associated with the Austin Clean Water Program.

#### c -- Debt Administration

At the end of the current fiscal year, the City reported \$4.3 billion in outstanding debt. The table below reflects the outstanding debt at September 30. Additional information can be found in Note 10.

#### Outstanding Debt General Obligation and Revenue Debt (in millions)

		Govern Activ		Busines Activ		То	tal
	2	2003	2002	2003	2002	2003	2002

Total	\$	831	795	3,468	3,474	4,299	4,269

During fiscal year 2003, the City's total outstanding debt increased by \$30 million. The City issued new debt and refinanced portions of existing debt to take advantage of lower borrowing costs. Debt issues include the following:

- Bond debt for governmental functions increased \$36 million, and will be used primarily for street improvements; right
  of way acquisition and utility relocation; park and recreation facilities; emergency centers; and a court settlement
  agreement.
- Bond debt for business-type functions decreased \$6 million due to the payment of existing debt. In 2003, new debt
  was issued primarily for communications technology upgrades; public safety equipment; creek restoration; and
  developer reimbursements. The City issued Electric refunding and Water and Wastewater refunding bonds to refund
  taxable and tax-exempt Commercial Paper.

The City continues to maintain excellent credit ratings on debt issues, with ratings remaining unchanged during the year. Ratings at September 30, 2003 of the City's obligations for various debt instruments are as follows:

#### **OTHER INFORMATION, continued**

#### d -- Economic Factors and Next Year's Budget and Rates

The City faces a significant challenge for next year's budget. The economic downturn has continued without any significant positive signs that a recovery will occur in the near future. Nationwide, major city and state governments are facing the same type of budget crisis that Austin has experienced.

Sales tax for fiscal year 2003 was projected to decrease by 5.5%, but ended the year at a decline of 4.5% instead. For fiscal year 2004, the City's approved budget reflects an annual growth rate of 2%. Overall, property values for 2004 will have negative growth for the first time in twelve years. Commercial and multi-family property values are expected to decline by approximately 13%. In addition, costs associated with public safety will continue to increase as a result of increased homeland security requirements.

The City instituted an aggressive response to the economic downturn beginning in 2002 and continuing throughout 2003. Significant reductions in General Fund costs (other than public safety) allowed the City to balance its budget without raising taxes, closing facilities, eliminating programs or laying off employees.

For 2004, the City will continue to focus on making structural changes in City operations that will result in long-term, as well as short-term cost savings. In order to achieve necessary cost reductions, approximately \$38 million will be cut from the General Fund. In addition, the property tax rate will increase to 49.28 cents per \$100 valuation, which is the effective tax rate based on the decline in property valuations. The increase from the previous year rate is approximately 3 cents or 7%. The budget will also include a rate increase in Water and Wastewater fees of 5.9%. The increase is necessary to fund the Austin Clean Water Program, a mandate imposed by the U.S. Environmental Protection Agency.

#### e -- Requests for Information

This financial report is designed to provide our citizens, taxpayers, customers, investors and creditors with a general overview of the City's finances and to demonstrate the City's accountability for the money it receives. If you have questions about this report or need additional financial information, contact the Financial Services Department of the City of Austin, P.O. Box 1088, Austin, Texas 78767, or (512) 974-3344 or on the web at <u>http://www.ci.austin.tx.us/controller/</u>.

Amounts reported for governmental activities in the statement of net assets are different because:	
Capital assets used in governmental activities are not financial resources and, therefore, are not reported in the funds.	1,829,118
Other long-term assets are not available as current-period resources and are not reported in the funds.	18,617
Long-term liabilities are not payable in the current period and are not reported in the funds.	(886,719)
Internal service funds are used by management to charge the costs of capital project management, employee benefits, fleet maintenance, information systems, liability reserve, support services, wireless communication, and workers' compensation to individual funds. The assets and liabilities of the internal service funds are included in governmental activities in the statement of net assets.	41,656
Total net assets - Governmental activities	\$ 1,348,127

Net change in fund balances - Governmental funds	\$ (37,950)
Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlays exceeded depreciation	
in the current period.	104,186
Revenues in the statement of activities that do not provide current available financial resources are not reported as revenues in the funds.	71,835
Revenues in the governmental funds are recognized when measurable and available, but are deferred in the statement of activities until earned, regardless of when collected.	(14,957)
The issuance of long-term debt (e.g., bonds, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net assets. Also, governmental funds report the effect of issuance costs, premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. This amount is the net effect of these differences in the treatment of long-term debt and related items.	(20,983)
	(20,963)
Some expenses reported in the statement of activities do not require the use of current financial resources and therefore are not reported as expenditures in the funds.	(5,249)
The net revenue of certain activities of internal service funds is reported with governmental activities.	3,808
Change in net assets - Governmental activities	\$ 100,690

#### **1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The City of Austin, Texas (the City) is a municipal corporation incorporated under Article XI, Section 5 of the Constitution of the State of Texas (Home Rule Amendment). The City operates under a Council-Manager form of government. The City Council is composed of a Mayor and six Councilmembers, all of whom are elected at large for three-year staggered terms, and who may serve for a maximum of two consecutive terms. A petition signed by 5% of the voters waives the term limit for a councilmember.

The City's major activities or programs include public safety; transportation, planning and sustainability; public health; public recreation and culture; urban growth management and general government. In addition, the City owns and operates certain major enterprise activities, including an electric utility, water and wastewater utility, airport and other enterprise activities. These activities are included in the accompanying financial statements.

The Charter of the City of Austin requires an annual audit by an independent certified public accountant. The financial statements of the City have been prepared in conformity with accounting principles generally accepted in the United States of America as applied to governmental entities. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The City has implemented GASB Statement No. 1 through Statement No. 39 and Statement No. 41. GASB Statement No. 39 entitled "Determining if Certain Organizations are Component Units" was implemented in the City's fiscal year 2003, as required by GASB. There were no additional component units identified in the City's reporting structure as a result. GASB Statement No. 41 entitled "Budgetary Comparison Schedules – Perspective Differences – an amendment to GASB Statement No. 34", does not alter the City's financial reporting presentation from previous years. The more significant accounting and reporting policies and practices used by the City are described below.

As a local government, the City is exempt from federal income taxes, under Internal Revenue Code Section 115, and state sales tax.

#### a -- Reporting Entity

As required by generally accepted accounting principles (GAAP), these financial statements present the City (the Primary Government) and its component units, entities for which the City is considered to be financially accountable. Blended component units, although legally separate entities are, in substance, part of the City's operations and so data from these units are combined with data of the City.

**Blended Component Units** -- The Austin Housing Finance Corporation (AHFC) and Austin Industrial Development Corporation (AIDC) are legally separate entities from the City. AHFC and AIDC serve all the citizens of Austin and are governed by a board composed of the City Councilmembers. The activities are reported in the Housing Assistance Fund and Austin Industrial Development Corporation Fund, nonmajor special revenue funds.

**Related Organizations** -- The following entities are related organizations to which the City Council appoints board members, but for which the City has no significant financial accountability. The City appoints certain members of the board of the Capital Metropolitan Transit Authority (Capital Metro), but the City's accountability for this organization does not extend beyond making the appointments. City Councilmembers appoint themselves as members of the board of the Austin-Bergstrom International Airport (ABIA) Development Corporation; their function on this board is ministerial rather than substantive. The City Council appoints the members of the board of Austin-Bergstrom Landhost Enterprises, Inc., and Austin Convention Enterprises, Inc.; the functions of these boards are ministerial rather than substantive. The Mayor, with consent of the City Council, appoints the Board of Commissioners for the Urban Renewal Agency, whose primary responsibility is to oversee the implementation and compliance of Urban Renewal Plans adopted by the City Council. The City's presiding officer of the municipality governing body appoints the persons to serve as commissioners of the Austin Housing Authority. All of these entities are separate from the operating activities of the City. Related organizations are not included in the City's reporting entity.

The City retirement plans (described in Note 8) and the City of Austin Deferred Compensation Plan for City employees are not included in the City's reporting entity because the City does not exercise substantial control over the entities.

#### b -- Government-wide and Fund Financial Statements

**Government-wide and Fund Financial Statements --** The basic financial statements include both government-wide and fund financial statements. The government-wide financial statements (i.e., the statement of net assets and the statement of activities) report information on all of the non-fiduciary activities of the primary government and its component units. Internal service fund asset and liability balances that are not eliminated in the statement of net assets are reported in the governmental activities column on the government-wide statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges to external customers.

The statement of activities demonstrates the degree to which the direct expenses of a function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Certain indirect costs are included in the program expenses of most business-type activities. Program revenues include 1) charges to customers who purchase, use or directly benefit from goods, services or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meet the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported as general revenues.

The fund level statements focus on the governmental, proprietary and fiduciary funds. The accounts of the City are organized on the basis of funds. Each fund was established for the purpose of accounting for specific activities in accordance with applicable regulations, restrictions or limitations. Major funds are determined by criteria specified by GASB; the City has not elected to present additional major funds that do not meet the minimum criteria. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements. All other funds are aggregated into governmental or enterprise nonmajor fund groupings.

The City's fiduciary funds are presented in the fund financial statements by type (private purpose and agency). By definition these assets are held for the benefit of a third party and cannot be used to address activities or obligations of the government, and are therefore not included in the government-wide statements. Reconciliation of the fund financial statements to the government-wide financial statements is provided in the financial statements to explain the differences created by the integrated approach of GASB 34.

#### c -- Measurement Focus, Basis of Accounting and Financial Statement Presentation

The government-wide financial statements are reported using the flow of economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenues as soon as all eligibility requirements have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. This basis of accounting recognizes revenues in the accounting period in which they become susceptible to accrual, i.e. both measurable and available. Revenues, other than grants, are considered to be available when they are collectible, within the current period or soon enough thereafter to pay liabilities of the current period (defined by the City as collected within 60 days of year end). Revenues billed under a contractual agreement with another governmental entity, including federal and state grants, are recognized when billed and when all eligibility requirements of the provider have been met and are considered to be available if expected to be collected within one year. Expenditures generally are recorded when a liability is due. However, expenditures related to compensated absences and arbitrage are recorded to the extent they are normally expected to be liquidated with available financial resources. Debt service expenditures are recognized when payment is matured. The reported fund balance of governmental funds is considered a measure of available spendable resources.

Property taxes, sales taxes, franchise taxes, hotel occupancy taxes, vehicle rental taxes, EMS charges, Municipal Court fines and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received by the City.

The City reports the following major governmental fund:

<u>General Fund:</u> The primary operating fund of the City. It is used to account for all financial resources, except those required to be accounted for in another fund. It includes the following activities: public safety; transportation, planning and sustainability; public health; public recreation and culture; urban growth management; and general government.

Proprietary and fiduciary fund financial statements are accounted for on the economic resources measurement focus and the accrual basis of accounting. Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services in connection with a proprietary fund's principal ongoing operations, such as providing electric or water-wastewater services. Other revenues or expenses are nonoperating items.

The City reports the following major enterprise funds:

Electric Fund: Accounts for the activities of the City-owned electric utility, doing business as Austin Energy TM.

Water and Wastewater Fund: Accounts for the activities of the City-owned water and wastewater utility.

Airport Fund: Accounts for the operations of the Austin-Bergstrom International Airport (ABIA).

In addition, the City reports the following nonmajor governmental funds:

Special Revenue Funds account for the proceeds of specific revenue sources that are legally restricted to expenditures for specified purposes, including grant funds.

Debt Service Funds account for the accumulation of resources for, and the payment of, general long-term debt and HUD Section 108 loan principal, interest and related costs.

Capital Projects Funds account for financial resources for the acquisition or construction of major capital facilities (other than those reported within proprietary funds and private purpose funds) and funded primarily by general obligation debt, other tax supported debt, interest income and other intergovernmental revenues. A 1981 ordinance requires the establishment of a separate fund for each bond proposition approved in each bond election.

Permanent Funds account for resources that are legally restricted to the extent that only earnings and not principal may be used for purposes that support the City's programs. Permanent funds account for the public recreation and culture activity.

The City reports the following proprietary and fiduciary funds:

Enterprise Funds account for operations that are financed and operated in a manner similar to private business enterprises. Costs are financed or recovered primarily through user charges. The City has elected to follow GASB statements issued after November 30, 1989, rather than statements issued by the Financial Accounting Standards Board (FASB), in accordance with GASB Statement No. 20. The nonmajor enterprise funds account for the operations in a variety of areas: convention center, drainage, golf, hospital (both Brackenridge and Austin Women's Hospital), recreation activities, primary care clinics, solid waste and transportation.

Internal Service Funds account for the financing of goods or services provided by one City department or agency to other City departments or agencies or to other governmental units on a cost-reimbursement basis. These activities include, but are not limited to, capital projects management, employee health benefits, fleet services, information services, liability reserve (city-wide self insurance) services, supportive services, wireless communication services and workers' compensation coverage.

Fiduciary Funds account for assets held by the City in a trustee capacity or as an agent for individuals, private organizations or other governments:

Private-purpose trust funds account for all other trust arrangements under which principal and income benefit individuals, private organizations or other governments. Private-purpose trust funds account for various purposes: general government, transportation, public recreation and culture and urban growth management.

Agency funds account for net assets held on behalf of others and are purely custodial (assets equal liabilities).

#### d -- Budget

The City Manager submits a proposed budget to the City Council no later than thirty days prior to the beginning of the new fiscal year. The City Council holds public hearings, modifies the City Manager's recommendations, and adopts a final budget no later than the twenty-seventh day of September. The City Council passes an appropriation ordinance and a tax levying ordinance.

Annual budgets are legally adopted for the General Fund, certain special revenue funds and debt service funds. Annual budgets are adopted for enterprise and internal service funds, although they are not legally required. Multi-year budgets are adopted for capital projects and grant funds, where appropriations remain authorized for the life of the project, irrespective of fiscal year. Expenditures are appropriated on a modified accrual basis, except that commitments related to purchase orders are treated as expenditures in the year of commitment. Certain charges to ending fund balance are budgeted as nondepartmental expenditures.

Formal budgetary control is employed during the year at the fund and department level as a management control device for annually budgeted funds.

Budgets are modified throughout the year. The City Manager is authorized to transfer appropriation balances within a fund and department of the City. The City Council must approve amendments to the budget and transfers of appropriations from one fund and department to another. The original and final budgets for the General Fund are reported in the required supplementary information. Unencumbered appropriations for annual budgets lapse at fiscal year end.

During fiscal year 2003, the following nonmajor governmental funds exceeded their legally adopted expenditure or transfer budget (in thousands): Police Federal Seized Fund (\$9) and Wildland Conservation (\$44).

#### e -- Financial Statement Elements

**Pooled Investments and Cash --** Cash balances of all City funds (except for certain funds shown in Note 5 as having nonpooled investments) are pooled and invested. Investments purchased with pooled cash, consisting primarily of U.S. government obligations and U.S. agency obligations, are stated at fair value. Interest earned on investments purchased with pooled cash is allocated monthly to each participating fund based upon the fund's average daily balance. Funds that incur a negative balance in pooled cash and investments are not allocated interest earnings nor charged interest expense.

**Investments** -- Certain investments are required to be reported at fair value, based on quoted market prices. Realized gains or losses resulting from the sale of investments are determined by the specific cost of the securities sold. The City carries all of its investments in U.S. government and agency debt securities and money market mutual funds at fair value as of September 30, 2003. Investments in local government investment pools are carried at amortized cost, which approximates fair value.

**Accounts Receivable** -- Balances of accounts receivable, reported on the government-wide statement of net assets, are aggregations of different components such as charges for services, fines, and balances due from taxpayers or other governments. In order to assist the reader, the following information has been provided regarding significant components of receivable balances as of September 30, 2003 (in thousands):

	Charges for			Other Govern-		
	Services	Fines	Taxes	ments	Other	Total
Governmental activities						
General Fund	\$ 56,263	53,407	25,730			135,400
Nonmajor governmental funds	2,935	21	7,339	15,886	70,789	96,970
Internal service funds	1,554				9,090	10,644
Allowance for doubtful accounts	(52,634)	(35,930)				(88,564)
Total	\$ 8,118	17,498	33,069	15,886	79,879	154,450

Municipal Court fines in the governmental activities, because of the nature of the fines, have a collection period greater than one year. Fines recognized that will not be collected during the subsequent year are estimated to be approximately \$8.5 million.

Business-type activities are primarily comprised of charges for services.

**Elimination of Internal Activities --** The elimination of internal service fund activity is needed in order to eliminate duplicate activity in making the transition from the fund level financial statements to the government-wide financial statements. In addition, the elimination of internal service fund activity requires the City to "look back" and adjust the internal service funds' internal charges. A positive change in net assets derived from internal service fund activity results in a pro rata reduction in the charges made to the participatory funds. A deficit change in net assets of internal service funds requires a pro rata increase in the amounts charged to the participatory funds.

**Internal Balances** -- In the government-wide statement of net assets, internal balances are the receivables and payables between the governmental and business-type activities.

**Interfund Activities --** In the government-wide statement of activities, the effect of interfund activity has generally been removed from the statements. Exceptions include the chargeback of services, such as utilities or vehicle maintenance, and charges for central administrative costs. Elimination of these charges would distort the direct costs and program revenues of the various functions reported. The City recovers indirect costs that are incurred in the Support Services Fund, which is reported as an internal service fund. Indirect costs are calculated in a city-wide cost allocation plan or through indirect cost rates. These amounts are eliminated in the government-wide statement of activities.

**Interfund Receivables, Payables --** During the course of operations, numerous transactions occur between individual funds for goods provided or services rendered. These receivables and payables are classified as "due from other funds" or "due to other funds" on the fund-level statements when they are expected to be liquidated within one year. If receivables or payables are expected to be liquidated after one year, they are classified as "advances to other funds" or "advances from other funds."

Inventories -- Inventories are valued at cost, which is determined as follows:

Fund	Inventory Valuation Method
General Fund	Average cost (predominantly); some first-in, first-out
Electric:	
Fuel oil and coal	Last-in, first out
Other inventories	Average cost
All others	Average cost

Inventories for all funds use the consumption method and expenditures are recorded when issued. Inventories reported in the General Fund and certain special revenue funds are offset by a fund balance reserve, which indicates that they do not represent "available spendable resources."

Tatal

#### 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued

**Restricted assets --** Restricted assets are assets whose use is subject to constraints that are either (a) externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments or (b) imposed by law through constitutional provisions or enabling legislation.

The balance of restricted assets accounts in the enterprise funds are as follows (in thousands):

					Total
		Water and		Nonmajor	Restricted
	Electric	Wastewater	Airport	Enterprise	Assets
Bond reserve	\$ 64,396	45,652		6,757	116,805
Capital projects	17,158	30,123	66,986	58,027	172,294
Customer and escrow deposits	7,533	2,557	571	1,639	12,300
Debt service	90,385	45,159	21,921	7,355	164,820
Federal grants			4,962		4,962
Nuclear decommissioning	90,687				90,687
Nuclear fuel inventory replacement	29,531				29,531
Operating reserve account				1,957	1,957
Passenger facility charge account			9,348		9,348
Renewal and replacement account	 		10,000	1,330	11,330
	\$ 299,690	123,491	113,788	77,065	614,034

**Designated assets --** Designated assets are funds that have been appropriated by City Council action and are intended for specific purposes. They are not constrained by creditors, grantors, contributors, or laws or regulations of other governments nor are they constrained by law through constitutional provisions or enabling legislation.

**Capital assets --** Capital assets, which include land and improvements, buildings and improvements, equipment, vehicles and infrastructure assets, are reported in the applicable governmental or business-type activity columns of the government-wide statement of net assets, and related depreciation is allocated to programs in the statement of activities. Capital assets are defined as assets with an initial individual cost of \$1,000 or more and an estimated useful life of greater than one year. Assets purchased or constructed are capitalized at historical cost. Contributed or annexed capital assets are recorded at estimated fair market value at the time received, or at historical cost, if historical cost is available. Capital outlay is recorded as an expenditure in the General Fund and other governmental funds, and as an asset in the government-wide financial statements and proprietary funds. Maintenance and repairs are charged to operations as incurred, and improvements and betterments that extend the useful lives of capital assets are capitalized.

The City obtains public domain capital assets (infrastructure) through capital improvement projects (CIP) construction, or through annexation or developer contribution. Infrastructure consists of certain improvements other than buildings, including streets and roads, bridges, pedestrian facilities, drainage systems and traffic signal systems.

Interest is not capitalized on governmental capital assets. For enterprise funds, interest paid on long-term debt in the enterprise funds is capitalized when it can be attributed to a specific project and when it materially exceeds the interest revenue generated by the bond proceeds issued to fund the project.

Capital assets are depreciated using the straight-line method over the following estimated useful lives (in years):

		Business-type Activities				
	Governmental	Water and			Nonmajor	
Assets	Activities (1)	Electric	Wastewater	Airport	Enterprise	
Buildings	15-40	30-40	40-50	15-40	15-40	
Equipment	7-30	7-40	10-50	10-50	7-40	
Vehicles	3-20	3-15	3-20	3-15	3-15	
Communication equipment	7	7	7	7	7	
Furniture and fixtures	12	12	12	12	7-12	
Computers and EDP equipment	3-7	3-7	3-7	3-7	3-7	
Infrastructure						
Streets and roads	30					
Bridges	50					
Drainage systems	50					
Pedestrian facilities	20					
Traffic signals	25					

#### (1) Includes internal service funds

Depreciation of assets is classified by functional components. The City considers land, arts and treasures and library collections to be inexhaustible; and therefore, these assets are reported as nondepreciable. The true value of arts and treasures and library collections is expected to be maintained over time and, thus, is not depreciated. Unallocated depreciation reported in the government-wide statement of activities consists of depreciation of infrastructure assets (\$35.4 million).

The City Council approved a resolution directing the City Manager to include the closure of Holly Power Plant Units 3 and 4 by December 31, 2007 in the Strategic Plan developed by Austin Energy. Depreciation was accelerated on Holly Plant assets to coincide with this closure date. The resulting change increased depreciation expense by \$1.2 million.

In the government-wide and proprietary fund statements, the City recognizes a gain or loss on the disposal of assets when it retires or otherwise disposes of capital assets (other than debt-financed assets of the utility funds, where the gain or loss is deferred in accordance with FASB Statement No. 71).

**Intangible Assets -- Proprietary Funds -** Intangible assets include the amortized cost of a \$100 million contract between the City and the Lower Colorado River Authority (LCRA) for a fifty-year assured water supply agreement, with an option to extend another fifty years. The City and LCRA entered into the contract in 1999, and the asset is being amortized over 40 years.

**Deferred Expenses or Credits --** The City's utility systems are reported in accordance with Financial Accounting Standards Board (FASB) Statement No. 71, *"Accounting for the Effects of Certain Types of Regulation"*. Certain utility expenses that do not currently require funds are deferred to future periods in which they are intended to be recovered by rates. Likewise, certain credits to income are deferred to periods in which they are matched with related costs. These expenses or credits include changes in fair value of investments, contributions and gain or loss on disposition of debt-financed assets. Deferred expenses will be recovered in these future periods by setting rates sufficient to provide funds for the related debt service requirements. If rates being charged will not recover deferred expenses, the deferred expenses will be subject to write off. Retail deregulation of electric rates in the future may affect the City's current accounting treatment of its electric utility revenues, expenses and deferred amounts.

**Compensated Absences --** The amounts owed to employees for unpaid vacation and sick leave liabilities, including the City's share of employment-related taxes, are reported on the accrual basis of accounting in the applicable governmental or business-type activity columns of the government-wide statements, and in the enterprise activities of the fund financial statements. The liabilities and expenditures are reported on the modified accrual basis in the governmental fund financial statements; the estimated liability for governmental funds is the amount of sick and vacation paid at termination within 60 days of year-end.

City policies provide for the following amounts to be paid at termination: accumulated vacation pay with a maximum of six weeks and accumulated sick leave with a maximum of ninety days. Sick leave accumulated in excess of ninety days or by employees hired on or after October 1, 1986 is not payable at termination, and is not included in these financial statements.

**Long-Term Debt --** The debt service for general obligation bonds and other general obligation debt, including loans, issued to fund general government capital projects is paid from tax revenues, interfund transfers and intergovernmental revenues. Such general obligation debt is reported in the government-wide statements under governmental activities.

The debt service for general obligation bonds and other general obligation debt issued to fund proprietary fund capital projects is normally paid from net revenues of the applicable proprietary fund, although such debt will be repaid from tax revenues if necessary. Such general obligation debt is shown as a specific liability of the applicable proprietary fund, which is appropriate under generally accepted accounting principles and in view of the expectation that the proprietary fund will provide resources to service the debt.

Revenue bonds that have been issued to finance capital projects of certain enterprise funds are to be repaid from net revenues of these funds. Such debt is recorded in the funds. Operating revenues and interest income that are used as security for revenue bonds are reported separately from other revenues.

The City has certain contractual commitments with several municipal utility districts (MUDs) for the construction of additions and improvements to the City's water and wastewater system that serve the MUDs and surrounding areas. These additions and improvements are funded by City contract revenue bonds, whose principal and interest are payable primarily from the net revenues of the Water and Wastewater Fund.

The City defers and amortizes gains or losses realized by proprietary funds on refundings of debt and for governmental activities in the government-wide financial statements, and reports both the new debt liability and the related deferred amount on the funds' balance sheets. The City recognizes gains or losses on debt defeasance when funds from current operations are used.

**Other Long-Term Liabilities --** Capital appreciation bonds are recorded at net accreted value. Annual accretion of the bonds is recorded as interest expense during the life of the bonds. The cumulative accretion of capital appreciation bonds, net of interest payments on the bonds, is recorded as capital appreciation bond interest payable.

Landfill Closure and Postclosure Care Costs -- The City reports municipal solid waste landfill costs in accordance with GASB Statement No. 18, "Accounting for Municipal Solid Waste Landfill Closure and Postclosure Care Costs". The liability for landfill closure and postclosure costs is reported in the Solid Waste Services Fund, a nonmajor enterprise fund.

**Operating Revenues** -- Revenues are recorded net of allowances, including bad debt, in the government-wide and proprietary fund-level statements. The funds listed below reduced revenues by bad debt expense, as follows (in thousands):

Electric Fund	\$ 7,769
Water and Wastewater Fund	1,108
Nonmajor Enterprise Funds	1,352

Electric, water and wastewater revenue is recorded when earned in 2003 and when billed in 2002 and prior years. Customers' electric and water meters are read and bills are rendered on a cycle basis by billing district. Electric rate schedules include fuel cost adjustment clauses that permit recovery of fuel costs in the month incurred. The City reported fuel costs on the same basis as it recognized revenue in 2002 and prior years. In 2003, Austin Energy recorded unbilled revenue as earned based upon taking each day's power generation and using the billing district read dates to estimate what percentage was billed as of September 30, 2003 and what percentage will be billed thereafter over the days since the last meter read, on a billing cycle basis. The amount of unbilled revenue recorded as of September 30, 2003 for the Electric Fund was \$35.8 million. The Water and Wastewater Fund recorded unbilled revenue as earned based upon an extrapolation of customer usage from the prior year, over the days since the last meter read, on an aggregate basis. The amount of unbilled revenue recorded as of September 30, 2003 for the Water and Wastewater Fund was \$14.4 million.

**Federal and State Grants, Entitlements and Shared Revenues --** Grants, entitlements and shared revenues may be accounted for within any City fund. The purpose and requirements of each grant, entitlement, or shared revenue are analyzed to determine the appropriate fund statement and revenue category in which to report the related transactions. Grants, entitlements and shared revenues received for activities normally recorded in a particular fund may be accounted for in that fund, provided that applicable legal restrictions can be satisfied.

Revenues received for activities normally recorded in other governmental funds are accounted for within the nonmajor governmental fund groupings: Federal grant funds, State grant funds, and other special revenue grant funds. Capital grants restricted for capital acquisitions or construction, other than those associated with proprietary type funds, are accounted for in the applicable capital projects funds. Revenues received for operating activities of proprietary funds or revenues that may be used for either operations or capital expenditures at the discretion of the City are recognized in the applicable proprietary fund.

**Restricted Resources** -- When both restricted and unrestricted resources are available for use, it is the City's policy to use restricted resources first and then unrestricted resources as they are needed.

**Reservations of Fund Equity --** Reservation of fund balances of the governmental funds indicate that portion of fund equity which is not available for appropriation for expenditure or is legally restricted by outside parties for use for a specific purpose. Designations of fund balance are the representations of management for the utilization of resources in future periods.

**Cash and Cash Equivalents** -- For purposes of the statement of cash flows, the City considers cash and cash equivalents to be currency on hand, cash held by trustee, demand deposits with banks, and all amounts included in pooled investments and cash accounts.

**Pension Costs** -- It is the policy of the City to fund pension costs annually. Pension costs are composed of normal cost and, where applicable, amortization of unfunded actuarial accrued liability and of unfunded prior service cost (see Note 8).

**Risk Management --** The City is exposed to employee-related risks for health benefits and workers' compensation, as well as to various risks of loss related to torts, including medical malpractice; theft of, damage to, or destruction of assets; errors and omissions; and natural disasters. The City continues to be self-insured for liabilities for most health benefits, third-party and workers' compensation claims.

The City purchases commercial insurance for coverage for property loss or damage, commercial crime, fidelity bonds, and airport operations. In addition, the City purchases a broad range of insurance coverage for contractors working at selected capital improvement project sites. The City does not participate in a risk pool. The City complies with GASB Statement No. 10, "Accounting and Reporting for Risk Financing and Related Insurance Issues" (see Note 14).

Austin Energy initiated the energy risk management pilot program. This program was authorized by City Council and led by the Risk Oversight Committee. Under this program, Austin Energy enters into futures contracts, options, and swaps for the purpose of reducing exposure to natural gas and energy price risk. The City complies with GASB Technical Bulletin No. 2003-1, *"Disclosure Requirements for Derivatives Not Reported at Fair Value on the Statement of Net Assets"* (see Note 14).

#### f -- Comparative Data

Governments are required to present comparative data only in connection with Management's Discussion and Analysis (MD&A). Comparative data has been utilized within the MD&A to more fully understand the City's financial statements for the current period.

#### g -- Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the financial statements and the reported amounts of revenues and expenditures during the reporting period. Actual results could differ from those estimates.

#### 2 - RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

# a -- Explanation of differences between the governmental fund balance sheet and the government-wide statement of net assets

Total fund balances of the City's governmental funds, \$345 million, differ from the net assets of governmental activities, \$1,348 million, reported in the statement of net assets. The differences result from the long-term economic focus in the government-wide statement of net assets versus the current financial resources focus of the governmental fund balance sheets. The differences are shown below (in thousands):

Total fund balances - Governmental funds		\$ 345,455
Amounts reported for governmental activities in the statement of net assets are different because:		
Capital assets used in governmental activities are not financial resources and therefore are not reported in the funds.		
Governmental capital assets	2,356,163	
Less: accumulated depreciation	(527,045)	
Total		1,829,118
Other-long term assets are not available as current-period resources and		
are not reported in the funds.		
Accounts and other taxes receivable	18,351	
Deferred revenue - Property taxes/interest	266	
Total		18,617
Long-term liabilities are not payable in the current period and		
are not reported in the funds.		
Bonds and other tax supported debt payable, net	(811,736)	
Capital lease obligations payable	(356)	
Compensated absences	(61,814)	
Interest payable	(3,843)	
Deferred credits and other liabilities	(8,970)	
Total		(886,719)
Internal service funds		41,656
Total net assets - Governmental activities		\$ 1,348,127

#### 2 - RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS, continued

# b -- Explanation of differences between the governmental fund statement of revenues, expenditures, and changes in fund balances and the government-wide statement of activities

The net change in fund balances of governmental funds, \$38 million deficit, differs from the change in net assets for governmental activities, \$100.7 million, reported in the statement of activities. The differences result from the long-term economic focus in the government-wide statement of net assets versus the current financial resources focus of the governmental fund balance sheets. The differences are shown below (in thousands):

Governmental funds report capital outlay as expenditures. In the statement of activities, the cost of those assets are depreciated over the estimated useful life of the asset.       160,821         Capital outlay       160,821         Depreciation expense       (56,033)         Loss on disposal of capital assets       (602)         Total       104,186         Revenues in the statement of activities that do not provide current available financial resources are not reported as revenues in the funds.       9         Property taxes       32         Franchise fees and gross receipts tax       (1)         Charges for services       68         Interest and other       (228)         Capital assets contribution       71,964         Total       71,835         Revenues in the governmental funds are recognized when measurable and available, but are deferred in the statement of activities until earned, regardless of when collected.       (14,957)         Total       (14,957)         Costs associated with the issuance of long-term debt are reported as expenditures in the governmental funds, but are deferred and amortized throughout the period during which the related debt is outstanding in the statement of activities. #### **3 – DEFICITS IN FUND BALANCES AND NET ASSETS**

At September 30, 2003, the following funds reported deficits in fund balances or net assets. Management intends to recover these deficits through future operating revenues, transfers or debt issues.

Nonmajor Governmental		e <b>ficit</b> busands)		=	<b>Deficit</b> nousands)
Special Revenue Funds: Tourism and Promotion	\$	21	Internal Service Funds: Liability Reserve	\$	6,043
	φ	21	Liability Reserve	φ	0,043
Capital Projects Funds:					
Energy improvements - city facilities		82			
Parks/Old Bakery		179			
Police facilities		14			
Transportation Mobility Improvements		82			
Parks - 1992		173			
Build Austin		25			
Public Works		21			
Conservation Land		1			

The City Council passed a resolution to reimburse the deficit in the Transportation Mobility Improvements Fund through a future bond sale. The Liability Reserve deficit will be recovered through future transfers.

#### 4 – POOLED INVESTMENTS AND CASH

The following summarizes the amounts of pooled investments and cash by fund at September 30, 2003 (in thousands):

	Pooled Investments and Cash			
	Unrestricted	Restricted		
General Fund	\$ 84,451			
Nonmajor governmental funds	167,045			
Electric	35,345	52,065		
Water and Wastewater	19,137	27,769		
Airport	1,915	81,721		
Nonmajor enterprise funds	49,450	59,153		
Internal service funds	60,053			
Fiduciary funds	3,181			
Subtotal pooled investments and cash	420,577	220,708		
Total pooled investments and cash	\$ 641,285			

#### **5 – INVESTMENTS AND DEPOSITS**

#### a -- Investments

The City's deposits and investments are invested pursuant to the City of Austin Investment Policy, which is approved annually by the City Council. The objective of the policy is, in order of priority, preservation of capital, liquidity and yield. The policy addresses the soundness of financial institutions in which the City will deposit funds, types of investment instruments and the percentage of the portfolio that may be invested in certain instruments with longer terms to maturity.

#### 5 - INVESTMENTS AND DEPOSITS, continued

Chapter 2256, Texas Government Code (The Public Funds Investment Act) and the City of Austin Investment Policy authorize the City to invest in the following:

- (1) Obligations of the U.S. Treasury;
- (2) Federal Agencies;
- (3) Direct obligations of The State of Texas;
- (4) Other States, Cities, Counties or Other Political Subdivisions;
- (5) Local Government Investment Pools;
- (6) Repurchase Agreements;
- (7) Reverse Repurchase Agreements;
- (8) Bankers' Acceptances;
- (9) Commercial Paper;
- (10) Money Market Mutual Funds;
- (11) Certificates of deposit; and
- (12) Share certificates issued by State or Federal Credit Unions.

The City participates in two Texas local government investment pools: TexPool and TexasTERM/Daily. The State Comptroller of Public Accounts oversees TexPool, with Lehman Brothers and Federated Investors managing the daily operations of the pool under a contract with the Comptroller. An advisory board, consisting of participants or their designees, maintains oversight responsibility for TexasTERM/Daily. The fair value of the City's position in these pools is equivalent to the carrying value.

The City did not participate in any reverse repurchase agreements during fiscal year 2003.

The City's investments (with exceptions noted below) are categorized below to give an indication of the level of custodial risk assumed by the City at year-end.

- Category 1 investments are insured or registered or the City's agent holds the securities in the City's name.
- Category 2 investments are uninsured and unregistered investments and the securities are held by the counterparty's trust department or agent in the City's name.
- Category 3 investments are uninsured and unregistered investments and the securities are held by the counterparty's trust department or agent, but not in the City's name.

	Category		Fair Value

#### 5 – INVESTMENTS AND DEPOSITS, continued

Investments and deposits at September 30, 2003 are as follows (in thousands):

	 vernmental Activities	Business-type Activities	Fiduciary Funds	Total
Non-pooled investments and deposits	\$ 25,076	599,740		624,816
Pooled investments and deposits	316,314	331,544	3,181	651,039
Total investments and deposits	 341,390	931,284	3,181	1,275,855
Unrestricted deposits	10,391	51		10,442
Restricted deposits		10,009		10,009
Pooled deposits	2,666	2,795	27	5,488
Investments	328,333	918,429	3,154	1,249,916
Total investments and deposits	\$ 341,390	931,284	3,181	1,275,855

A difference of \$9.8 million exists between bank balance and book balance, primarily due to deposits in transit offset by outstanding checks.

#### **b** -- Deposits

The September 30, 2003, carrying amount of deposits is as follows (in thousands):

	 ernmental Activities	Business-type Activities	Fiduciary Funds	Total
Cash				
Unrestricted	\$ 112	51		163
Cash held by trustee				
Unrestricted	10,279			10,279
Restricted		10,009		10,009
Pooled cash	 2,666	2,795	27	5,488
Total deposits	\$ 13,057	12,855	27	25,939

All bank balances were either insured or collateralized with securities held by the City or by its agent in the City's name at September 30, 2003.

#### 6 – PROPERTY TAXES

The City's property tax is levied each October 1 on the assessed value listed as of January 1 for all real and personal property located in the City. The adjusted assessed value for the roll as of January 1, 2002, upon which the 2003 levy was based, was \$50,759,650,668.

Taxes are due by January 31 following the October 1 levy date. During the year ended September 30, 2003, 98.84% of the current tax levy (October 1, 2002) was collected. The statutory lien date is January 1.

The methods of property assessment and tax collection are determined by Texas statute. The statutes provide for a property tax code, county-wide appraisal districts, a State property tax board, and certain exemptions from taxation, such as intangible personal property, household goods, and family-owned automobiles.

#### 6 – PROPERTY TAXES, continued

The appraisal of property within the City is the responsibility of the Travis Central Appraisal District and the Williamson County Appraisal District. The appraisal districts are required under the Property Tax Code to assess all real and personal property within the appraisal district on the basis of 100% of its appraised value and are prohibited from applying any assessment ratios. The value of property within the appraisal district must be reviewed every three years; however, the City may require more frequent reviews of appraised values at its own expense. The Travis Central Appraisal District has chosen to review the value of property every two years, while the Williamson County Appraisal District has chosen to review the value of property on an annual basis. The City may challenge appraised values established by the appraisal district through various appeals and, if necessary, legal action.

The City is authorized to set tax rates on property within the City limits. However, if the effective tax rate, excluding tax rates for bonds, certificates of obligation, and other contractual obligations, as adjusted for new improvements and revaluation, exceeds the rate for the previous year by more than 8%, State statute allows qualified voters of the City to petition for an election to determine whether to limit the tax rate increase to no more than 8%.

The City is permitted by Article II, Section 5 of the State of Texas Constitution to levy taxes up to \$2.50 per \$100 of assessed valuation for general governmental services, including the payment of principal and interest on general obligation long-term debt. Under the City Charter, a limit on taxes levied for general governmental services, exclusive of payments of principal and interest on general obligation long-term debt, has been established at \$1.00 per \$100 assessed valuation. A practical limitation on taxes levied for debt service of \$1.50 per \$100 of assessed valuation is established by State Statute and City Charter limitations. Through contractual arrangements, Travis and Williamson counties bill and collect property taxes for the City.

The tax rate to finance general governmental functions, other than the payment of principal and interest on general obligation long-term debt, for the year ended September 30, 2003, was \$.2969 per \$100 assessed valuation. The City has a tax margin for general governmental purposes of \$.7031 per \$100 assessed valuation, and could levy approximately \$356,891,104 in additional taxes from the assessed valuation of \$50,759,650,668 before the legislative limit is reached.

The City has reserved a portion of the taxes collected for lawsuits filed by certain tax payers against the appraisal districts challenging assessed values.

#### 7 - CAPITAL ASSETS AND INFRASTRUCTURE

The City anticipates the need for numerous additional utility-related projects over the next several years. However, specific projects and related funding have not been identified or authorized.

The City is accelerating the depreciation of two generating stations that will be retired before the end of their estimated useful lives. The increase to the Electric Fund 2003 depreciation expense for this accelerated depreciation is \$1,210,000.

The City has recorded capitalized interest for fiscal year 2003 in the following funds related to the construction of various enterprise fund capital improvement projects (in thousands):

Major fund:	
Airport	\$ 685
Nonmajor enterprise funds:	
Convention Center	1,052
Drainage	458
Golf	94
Solid Waste Services	210

#### **8 – RETIREMENT PLANS**

#### a -- Description

The City participates in funding three contributory, defined benefit retirement plans: City of Austin Employees' Retirement and Pension Fund, City of Austin Police Officers' Retirement and Pension Fund, and Fire Fighters' Relief and Retirement Fund of Austin, Texas. An independent board of trustees administers each plan. These plans are City-wide single employer funded plans that cover substantially all full-time employees. The fiscal year of each pension fund ends December 31. The most recently available financial statements of the pension funds are for the year ended December 31, 2002. Membership in the plans at December 31, 2002 is as follows:

	City	Police	Fire	
	Employees	Officers	Fighters	Total
Retirees and beneficiaries currently receiving benefits				
and terminated employees entitled to benefits but not				
yet receiving them	3,387	312	380	4,079
Current employees	7,647	1,364	938	9,949
Total	11,034	1,676	1,318	14,028

Each plan provides service retirement, death, disability and withdrawal benefits. State law governs benefit and contribution provisions. Amendments may be made by the Legislature of the State of Texas.

Financial reports that include financial statements and supplementary information for each plan are publicly available at the locations shown below.

Plan	Address	Telephone
Employees' Retirement and Pension Fund	418 E. Highland Mall Blvd. Austin, Texas 78752	(512)458-2551
Police Officers' Retirement and Pension Fund	P.O. Box 41089 Austin, Texas 78704	(512)416-7138
Fire Fighters' Relief and Retirement Fund	3301 Northland Drive, Suite 215 Austin, Texas 78731	(512)454-9567

## **b** -- Funding Policy

	City of Austin Employees' Retirement and Pension Fund	City of Austin Police Officers' Retirement and Pension Fund	Fire Fighters' Relief and Retirement Fund
Authority establishing contributions obligation	State Legislation	State Legislation	State Legislation
Frequency of contribution	Biweekly	Biweekly	Biweekly
Employee's contribution (percent of earnings)	8.0%	9.0%	13.70%
City's contribution (percent of earnings)	8.0% (1)	18.0%	18.05%

(1) The City contributes two-thirds of the cost of prior service benefit payments.

While the contribution requirements are not actuarially determined, state law requires that a qualified actuary approve each plan of benefits adopted. The actuary of each plan has certified that the contribution commitment by the participants and the City provides an adequate financing arrangement. Contributions for fiscal year ended September 30, 2003, are as follows (in thousands):

		City	Police	Fire	
	Er	nployees	Officers	Fighters	Total
City	\$	26,093	13,626	9,608	49,327
Employees		26,020	6,813	7,605	40,438
Total contributions	\$	52,113	20,439	17,213	89,765

#### c-- Annual Pension Cost and Net Pension Obligation

The City's annual pension cost of \$49,327,000 for fiscal year ended September 30, 2003, was equal to the City's required and actual contributions. Three-year trend information is as follows (in thousands):

	En	City nployees	Police Officers	Fire Fighters	Total
City's Annual Pension Cost (APC):				•	
2001	\$	24,118	8,429	10,738	43,285

### 8 - RETIREMENT PLANS, continued

Actuarial valuations of the plans are performed every two years. Actuarial updates are done in each year following the full valuation. The latest actuarial valuations were completed as of December 31, 2002. The actuarial cost method and significant assumptions underlying the actuarial calculations are as follows:

-	City Employees	Police Officers	Fire Fighters
Actuarial Cost Method	Entry Age Actuarial Cost Method	Entry Age Actuarial Cost Method	Entry Age Actuarial Cost Method
Asset Valuation Basis	5-year smoothed market	5-year smoothed market	5-year smoothed market
Inflation Rate	4%	4%	5%
Projected Annual Salary Increases	4.5% to 14.5%	6.8% average	6.5%
Post retirement benefit increase	None	None	3.5% effective January 1, 2003 through January 1, 2004 and 1% annually thereafter
Assumed Rate of Return on Investments	8%	8%	8%
Amortization method	Level percent of projected pay, open	Level percent of projected pay, open	Level percent of projected pay, open
Remaining Amortization Period	17 years	25.7 years	26.5 years

### d -- Trend Information (Unaudited)

Information pertaining to the latest actuarial valuations for each Plan is as follows (in thousands):

Valuation Date, December 31st(1)	Actuarial Value of Assets	Actuarial Accrued Liability	UAAL(2)	Funded Ratio	Annual Covered Payroll	Percentage of UAAL to Covered Payroll
City Employees						
1995	\$ 707,300	623,000	(84,300)	113.5%	221,000	(38.1%)
1997	856,423	832,140	(24,283)	102.9%	219,208	(11.1%)
1999	1,105,100	1,044,500	(60,600)	105.8%	244,500	(24.8%)
2001	1,311,288	1,360,270	48,982	96.4%	316,793	15.5%
2002	1,250,851	1,440,199	189,348	86.9%	322,008	58.8%
Police Officers						
1995	\$ 127,572	164,865	37,293	77.4%	36,211	103.0%
1997	168,602	222,703	54,101	75.7%	47,189	114.6%
1999	226,913	257,850	30,937	88.0%	54,695	56.6%
2001	284,761	347,548	62,787	81.9%	69,707	90.1%
2002	298,782	384,992	86,210	77.6%	79,236	108.8%
Fire Fighters						
1995	\$ 213,403	236,994	23,591	90.0%	32,496	72.6%
1997	268,241	279,472	11,231	96.0%	35,130	32.0%
1999	341,593	317,223	(24,370)	107.7%	38,690	(63.0%)
2001	395,371	406,266	10,895	97.3%	49,726	21.9%
2001	333,371	400,200	10,095	97.570	49,720	21.970

- (1) City Employees and Police Officers' actuarial valuation are prepared annually beginning in 2002; Fire Fighters' actuarial valuation is prepared bi-annually.
- (2) UAAL Unfunded Actuarial Accrued Liability (Excess)

## 9 – SELECTED REVENUES

#### a -- Governmental Funds - General Fund

#### **Hospital lease payments**

Effective October 1, 1995, the City entered into a long-term lease arrangement with the Daughters of Charity Health Services of Austin ("Seton") to operate City-owned Brackenridge Hospital. This lease agreement qualifies as an operating lease for accounting purposes. Previously, lease payments have been reported in the Hospital Fund, a nonmajor enterprise fund. Beginning in fiscal year 2003, lease payments are reported in the City's General Fund.

The lease agreement specifies a minimum lease payment in addition to a supplemental rent payment based on approximately 46% of net disproportionate share revenue proceeds. In fiscal year 2003, General Fund revenues included minimum lease payments of \$1.8 million and additional rent of \$6.6 million.

During fiscal year 2003, the City amended the lease agreement to accommodate capacity issues related to the Children's Hospital at Brackenridge. The amendment increases the term of the lease from 30 years to 60 years, with an option to extend an additional 30 years.

Certain adjustments to the scheduled lease payments have resulted from costs associated with the construction of the Austin Women's Hospital, a separately licensed hospital to be operated by the University of Texas Medical Branch at Galveston. Construction costs of approximately \$9.3 million will be amortized over the remaining time period of the original lease term (30 years) from the time the facility is completed. The estimated completion date is February 2004; the estimated opening date is the beginning of March 2004.

#### b -- Major Enterprise Funds

#### **Electric and Water and Wastewater**

The Texas Public Utility Commission has jurisdiction over electric utility wholesale transmission rates. The City Council has jurisdiction over all other electric utility rates and over all water and wastewater utility rates and other services. The Council determines electric utility and water and wastewater utility rates based on the cost of operations and a debt service coverage approach.

Under a bill passed by the Texas Legislature in 1999, municipally-owned electric utilities such as the City's utility system have the option of offering retail competition after January 1, 2002. At September 30, City management had decided not to enter the retail market, as allowed by State law. Because the effects of entering retail competition are uncertain, a change in accounting policy is not warranted at this time.

Electric rates include a fixed rate and a fuel recovery cost-adjustment factor that allows recovery of coal, gas, purchased power, and other fuel costs. If actual fuel costs differ from amounts billed to customers, deferred or unbilled revenues are recorded by the Electric utility. Any over- or under-collections are applied to the cost-adjustment factor. The fuel factor is revised annually on a calendar year basis or when over- or under-recovery is more than 10% of expected fuel costs.

### Airport

The City has entered into certain lease agreements as lessor for concessions at the Airport. These lease agreements qualify as operating leases for accounting purposes. In fiscal year 2003, the Airport Fund revenues included minimum concession guarantees of \$8,173,267.

### 9 - SELECTED REVENUES, continued

-

The following is a schedule by year of minimum future rentals on noncancelable operating leases for the remaining term of fifty-two years related to the Hospital lease and up to a term of thirty years for the Airport Fund as of September 30, 2003. Amounts for the Hospital lease payments do not include supplemental rent payments as discussed above (in thousands):

	Governmental	Enterprise
Fiscal Year	General Fund	Airport
Ended	Hospital Lease	Lease
September 30	Payments	Payments
2004	\$ 1,392	8,246
2005	1,097	7,731
2006	1,097	7,324
2007	1,097	7,156
2008	1,097	6,862
2009-2013	5,483	5,349

2019-2023	5,483	552
2024-2028	2,223	392
2029-2033	50	143
2034-2038	50	
2039-2043	50	
2044-2048	50	
2049-2053	50	
2054-2055	20	
Totals	\$ 24,722	44,547

### **10 – DEBT AND NON-DEBT LIABILITIES**

#### a -- Short-Term Debt

The following is a summary of changes in short-term debt. Short-term debt provides financing to governmental activities. This debt was issued for interim financing of General Fund operations. Balances at September 30, 2003 are (in thousands):

Description	Sep	tember 30, 2002	Increases	Decreases	September 30, 2003	Amounts Due Within One Year
Governmental activities						
Tax anticipation notes	\$	4,800		(4,800)		

In May 2002, the City issued Tax Anticipation Notes, Series 2002, in the amount of \$4,800,000. On April 1, 2003, the City paid the note amount and \$73,387 in interest at a rate of 1.6%.

#### **b** -- Long-Term Liabilities

The following is a summary of long-term liabilities. Balances at September 30, 2003 are (in thousands):

Description		vernmental Activities	Business-Type Activities	Total	
Description Long-term obligations		ACUVILIES	Activities	TOLAI	
<b>U</b>	\$	708,200	22.010	721 210	
General obligation bonds	φ	,	23,019	731,219	
Certificates of obligation		95,328	34,701	130,029	
Contractual obligations		26,230	9,640	35,870	
Other tax supported debt			11,527	11,527	
General obligation bonds					
and other tax supported debt total		829,758	78,887	908,645	
Commercial paper			128,484	128,484	
Revenue notes			28,000	28,000	
Revenue bonds			3,201,903	3,201,903	
Contract revenue bonds			16,177	16,177	
Capital lease obligations		793	15,165	15,958	
Debt service requirements total		830,551	3,468,616	4,299,167	
Other long-term obligations					
Accrued compensated absences		69,243	20,919	90,162	
Claims payable		34,748		34,748	
Accrued landfill closure and postclosure costs			7,370	7,370	
Decommissioning expense payable			90,687	90,687	
Deferred credits and other liabilities		75,923	507,295	583,218	
		179,914	626,271	806,185	
Total long-term obligations	\$	1,010,465	4,094,887	5,105,352	

This schedule excludes short-term liabilities of \$42,459 for governmental activities and \$198,271 for business-type activities and long-term interest payable of \$150,972 for business-type activities.

Payments on bonds payable for governmental activities will be made in the General Obligation Debt Service Funds. Accrued compensated absences that pertain to governmental activities will be liquidated by the General Fund and Special Revenue Funds. Claims payable will be liquidated by Internal Service Funds. Deferred credits and other liabilities that pertain to governmental activities will be liquidated by the General Fund, Special Revenue Funds, and General Government Capital Improvement Projects Funds.

Internal Service Funds predominately serve the governmental funds. Accordingly, long-term liabilities for these funds are included in governmental activities.

The following is a summary of changes in long-term obligations. Certain long-term obligations provide financing to both governmental and business-type activities. Balances at September 30, 2003 are (in thousands):

There are a number of limitations and restrictions contained in the various bond indentures. The City is in compliance with all limitations and restrictions.

#### c -- Governmental Activities Long-Term Liabilities

**General Obligation Bonds -** General obligation debt is collateralized by the full faith and credit of the City. The City intends to retire its general obligation debt, plus interest, from future ad valorem tax levies, and is required by ordinance to create from such tax revenues a sinking fund sufficient to pay the current interest due thereon and each installment of principal as it becomes due. General obligation debt issued to finance capital assets of enterprise funds is reported as an obligation of these enterprise funds, although the funds are not obligated by the applicable bond indentures to repay any portion of principal and interest on outstanding general obligation debt. However, the City intends for the enterprise funds to meet the debt service requirements.

The following table summarizes significant facts about general obligation bonds, certificates of obligation, contractual obligations, and assumed municipal utility district (MUD) bonds outstanding at September 30, 2003, including those reported in certain proprietary funds (in thousands):

	Date Issued	Original Issue	Amount Outstanding at September 30, 2003	Aggregate Interest Requirements at September 30, 2003	Interest Rates of Debt Outstanding at September 30, 2003	Maturity Dates of Serial Debt
Series 1993	February, 1993	\$ 71,600	\$ 52,325	\$8,988 (1)	5.50 - 5.75%	9/1/2004-2009

(1) Interest is paid semiannually on March 1 and September 1.

(2) Interest is paid semiannually on May 1 and November 1.

(3) Interest is paid four times a year on March 1, May 15, September 1, and November 15.

In June 2003, the City issued Public Improvement Refunding Bonds, Series 2003, in the amount of \$62,585,000. The net proceeds of \$68,864,741 (after issue costs, discounts and premiums) from the refunding were used to refund \$66,845,000 of Public Improvement Bonds, Series 1993, 1993A, 1994, 1996 and Certificates of Obligation, Series 1993. The refunding resulted in future interest requirements to service the debt of \$14,458,500 with an average interest rate of 4.43%. An economic gain of \$5,413,395 was recognized on this transaction. The change in net cash flows that resulted from the refunding was a decrease of \$5,650,576. An accounting loss of \$1,089,045, which will be deferred and amortized, was recognized on this refunded bonds are considered to be legally defeased and the liability for the refunded bonds has been removed from the long-term liabilities.

In September 2003, the City issued Public Improvement and Refunding Bonds, Series 2003, in the amount of \$68,855,000. The proceeds from the issue will be used as follows: street improvements (\$20,915,000); right of way acquisition and utility relocation (\$15,000,000); park and recreation facilities (\$14,473,000); emergency centers (\$2,940,000); central sub-station and forensics center (\$5,565,000); land acquisition (\$3,400,000) and refunded a court settlement (\$6,562,000). These bonds will be amortized serially on September 1 of each year from 2004 to 2023. Certain of these bonds are callable beginning September 1, 2021. Interest is payable on March 1 and September 1 of each year, commencing March 1, 2004. Total interest requirements for these bonds, at rates ranging from 2% to 5%, are \$40,630,445.

In September 2003, the City issued Public Improvement Refunding Bonds, Taxable Series 2003A, in the amount of \$2,530,000. Proceeds from the issue will be used to finance certain payment obligations relating to the City's liability under a settlement agreement. These bonds will be amortized serially on September 1 of each year from 2004 to 2013. These bonds are not subject to optional redemption prior to maturity. Interest is payable on March 1 and September 1 of each year, commencing March 1, 2004. Total interest requirements for these bonds, at rates ranging from 4% to 5%, are \$735,005.

In September 2003, the City issued Certificates of Obligation, Series 2003, in the amount of \$4,450,000. The proceeds from the issue will be used as follows: Walnut Creek–Crystal Brook (\$3,800,000) and developer reimbursements (\$650,000). These certificates of obligation will be amortized serially September 1 of each year from 2004 to 2023. Certain of these obligations are callable beginning September 1, 2013. Interest is payable on March 1 and September 1 of each year, commencing March 1, 2004. Total interest requirements for these obligations, at rates ranging from 4% to 4.80%, are \$2,375,156.

In September 2003, the City issued Public Property Finance Contractual Obligations, Series 2003, in the amount of \$8,610,000. The proceeds from the issue will be used as follows: transmission equipment (\$530,000); distribution equipment (\$430,000); communication technology upgrades (\$3,685,000); City Hall technology (\$1,785,000); Emergency Medical Services capital equipment (\$765,000); fire capital equipment (\$1,145,000); and capital equipment vehicles (\$270,000). These contractual obligations will be amortized serially May 1 of each year from 2004 to November 1, 2010. Interest is payable on May 1 and November 1 of each year, commencing May 1, 2004. The contractual obligations are not subject to optional redemption prior to maturity. The total interest requirements for these obligations, at rates ranging from 2% to 3.38%, are \$977,664.

General obligation bonds authorized and unissued amount to \$188,187,000 at September 30, 2003. Bond ratings at September 30, 2003, were Aa2 (Moody's Investor Services, Inc.), AA+ (Standard & Poor's) and AA+ (Fitch).

### d -- Business-Type Activities Long-Term Liabilities

**Utility Debt –** The City has previously issued combined debt for the Electric and Water and Wastewater utilities. The City began issuing separate debt for electric and water and wastewater activities in 2000. The following paragraphs describe both combined and separate debt.

**Combined Utility Systems Debt -- General -** The City's Electric Fund and Water and Wastewater Fund comprise the Combined Utility Systems, which issued Combined Utility Systems revenue bonds to finance Electric Fund and Water and Wastewater Fund capital projects. Principal and interest on these bonds are payable solely from the combined net revenues of the Electric Fund and Water and Wastewater Fund.

The total Combined Utility Systems revenue bond obligations at September 30, 2003, exclusive of discounts and premiums, consist of \$1,272,069,611 prior lien bonds and \$256,379,512 subordinate lien bonds. Aggregate interest requirements for all prior lien and subordinate lien bonds are \$1,075,087,026 at September 30, 2003. Revenue bonds authorized and unissued amount to \$1,492,642,660 at that date. Bond ratings at September 30, 2003 for the prior lien and subordinate lien bonds were, respectively, A2 and A2 (Moody's Investor Services, Inc.), A and A- (Standard & Poor's), and A+ and A+ (Fitch).

**Combined Utility Systems Debt -- Revenue Bond Refunding Issues -** The Combined Utility Systems have refunded various issues of revenue bonds, notes, and certificates of obligation through refunding revenue bonds. Principal and interest on these refunding bonds are payable solely from the combined net revenues of the City's Electric Fund and Water and Wastewater Fund. The prior lien bonds are subordinate only to the prior lien revenue bonds outstanding at the time of issuance, while the subordinate lien bonds are subordinate to prior lien revenue bonds and to subordinate lien revenue bonds outstanding at the time of issuance.

Some of these bonds are callable prior to maturity at the option of the City. The term bonds are subject to a mandatory redemption prior to the maturity dates as defined in the respective official statements.

The net proceeds of each of the refunding bond issuances were used to purchase U.S. government securities. Those securities were deposited in an irrevocable trust with an escrow agent to provide for all future debt service. As a result, the refunded bonds are considered to be legally defeased and the liability for the refunded bonds has been removed from the financial statements. The accounting gains and losses due to the advance refunding of debt have been deferred and are being amortized over the life of the refunding bonds by the straight-line method. However, a gain or loss on refunded bonds is recognized when funds from current operations are used.

**Combined Utility Systems Debt -- Bonds Issued and Outstanding** - The following schedule shows the original and refunding revenue bonds outstanding at September 30, 2003 (in thousands):

		Original Amount	Outstanding at
Series	Bonds Dated	ted Issued Septem	
1989	July 1989	\$ 65,800	\$ 955

1998	November 1998	10,000	8,800
			\$ 1,528,449

**Combined Utility Systems Debt -- Commercial Paper Notes -** The City is authorized by ordinance to issue commercial paper notes in an aggregate principal amount not to exceed \$350,000,000 outstanding at any one time. Proceeds from the notes are used to provide interim financing for capital project costs for additions, improvements, and extensions to the City's electric system and the City's water and wastewater system and to refinance, renew, or refund maturing notes and other obligations of the systems. Note ratings at September 30, 2003 were P-1 (Moody's Investor Services, Inc.), A-1 (Standard & Poor's), and F1+(Fitch). The notes will be in denominations of \$100,000 or more and mature not more than 270 days from the date of issuance. Principal and interest on the notes are payable from the combined net revenues of the City's Electric Fund and Water and Wastewater Fund.

At September 30, 2003, the Electric Fund had outstanding commercial paper notes of \$54,672,000 and the Water and Wastewater Fund had \$73,812,000, of commercial paper notes outstanding. Interest rates on the notes range from 0.85% to 1%, adjusted daily, and subsequent issues cannot exceed the maximum rate of 15%.

The City intends to refinance maturing commercial paper notes by issuing long-term debt. During the fiscal year, bonds were issued to refinance commercial paper notes of \$187,325,000 and \$124,200,000 for the Electric Fund and Water and Wastewater Fund respectively.

**Combined Utility Systems Debt -- Taxable Commercial Paper Notes -** The City is authorized by ordinance to issue taxable commercial paper notes, (the "taxable notes"), in an aggregate principal amount not to exceed \$50,000,000 outstanding at any one time. Proceeds from the taxable notes are used to provide interim financing for capital project costs for additions, improvements, and extensions to the City's electric system and the City's water and wastewater system and to refinance, renew, or refund maturing notes and other obligations of the systems. Note ratings at September 30, 2003 were P-1 (Moody's Investor Services, Inc.), A-1+ (Standard & Poor's), and F1+(Fitch).

The taxable notes will be in denominations of \$100,000 or more and mature not more than 270 days from the date of issuance. Principal and interest on the taxable notes are payable from the combined net revenues of the City's Electric Fund and Water and Wastewater Fund.

At September 30, 2003, the Electric Fund and the Water and Wastewater Fund had no taxable notes outstanding.

**Electric Utility System Revenue Debt -- General** - The City is authorized by ordinance to issue electric utility system revenue obligations. Proceeds from these separate lien obligations are used only to fund electric capital projects or to refund debt issued to fund these capital projects. Principal and interest on these obligations are payable solely from the net revenues of the Electric Fund.

**Electric Utility System Revenue Debt -- Revenue Bond Refunding Issues -** In March 2003, the City issued Electric Utility System Revenue Refunding Bonds, Series 2003, in an aggregate principal amount of \$182,100,000. Proceeds from the bond refunding were used to refund \$100,315,000 of the City's outstanding Tax-Exempt Commercial Paper and \$87,010,000 of the City's outstanding Tax-Exempt Commercial Paper and \$87,010,000 of the City's outstanding Tax-Exempt Commercial Paper and \$87,010,000 of the City's outstanding Taxable Commercial Paper for the Electric Utility System. The debt service requirements on the refunding bonds were \$338,188,294. No economic gain or loss was recognized on this transaction. An accounting loss of \$71,783, which will be deferred and amortized in accordance with Statement of Financial Accounting Standards No. 71, was recognized on the refunding.

Bond ratings at September 30, 2003 were A3 (Moody's Investor Services, Inc.), A- (Standard & Poor's) and A+ (Fitch).

**Electric Utility System Revenue Debt -- Bonds Issued and Outstanding -** The following table summarizes all electric system separate lien original and refunding revenue bonds outstanding at September 30, 2003 (in thousands):

		Original Amount Outstanding a			
Series	Bonds Dated		Issued	Septer	mber 30, 2003
2001 Refunding	February 2001	\$	126,700	\$	126,700
2002 Refunding	March 2002		74,750		74,750
2002A Refunding	August 2002		172,880		172,880
2003 Refunding	March 2003		182,100		182,100
				\$	556,430

Water and Wastewater System Revenue Debt -- General - The City is authorized by ordinance to issue water and wastewater system revenue obligations. Proceeds from these separate lien obligations are used only to fund water and wastewater capital projects or to refund debt issued to fund these capital projects. Principal and interest on these obligations are payable solely from the net revenues of the Water and Wastewater Fund.

**Water and Wastewater System Revenue Debt -- Revenue Bond Refunding Issues -** In March 2003, the City issued Water and Wastewater System Revenue Refunding Bonds, Series 2003, in an aggregate principal amount of \$121,500,000. Proceeds from the bond refunding were used to refund \$124,200,000 of the City's outstanding Tax-Exempt Commercial Paper for the Water and Wastewater System. The debt service requirements on the refunding bonds are \$222,991,142. No economic gain or loss was recognized on this transaction. No accounting gain or loss was recognized on this refunding.

On August 28, 2003, the City issued Water and Wastewater Contract Revenue Refunding Bonds, Series 2003 in an aggregate principal amount of \$4,510,000. Proceeds from the bonds and bank investment funds were used to refund \$8,670,000 of the City's outstanding Contract Revenue Bonds for North Austin Municipal Utility District, No. 1, Series 1994. The refunding resulted in future interest requirements of \$526,687. An economic gain of \$408,815 was recognized on this transaction. The change is net cash flows that resulted from the refunding was a decrease of \$416,092. A deferred loss of \$75,623, which will be deferred and amortized in accordance with Statement of Financial Accounting Standards No. 71, was recognized on the refunding.

Bond ratings at September 30, 2003 were A2 (Moody's Investor Services, Inc.), A- (Standard & Poor's) and A+ (Fitch).

Water and Wastewater System Revenue Debt -- Bonds Issued and Outstanding - The following table summarizes all water and wastewater system separate lien original and refunding revenue bonds outstanding at September 30, 2003 (in thousands):

		Original Amount	Outstanding at
Series	Bonds Dated	Issued	September 30, 2003
Maple Run MUD, 1992	May 1992	\$ 17,955	\$ 10,265

North Austin MUD #1, 2003 RFD	August 2003	4,510	4,510
			\$ 690,195

**Airport -- Revenue Bonds -** The City's Airport Fund issues Airport System revenue bonds to fund Airport Fund capital projects. Principal and interest on these bonds are payable solely from the net revenues of the Airport Fund. The total Airport System obligation for prior lien bonds is \$365,360,000, exclusive of discount and loss on refunding, at September 30, 2003. Aggregate interest requirements for all prior lien bonds are \$314,225,386 at September 30, 2003. Revenue bonds authorized and unissued amount to \$735,795,000 at that date.

The following table summarizes the original and refunding revenue bonds outstanding at September 30, 2003 (in thousands):

		Orig	inal Amount	Out	standing at
Series	Bonds Dated		Issued	Septe	mber 30, 2003
1989	September 1989	\$	30,000	\$	1,000
1995A	August 1995		362,205		335,185
1995B Refunding	August 1995		31,040		29,175
				\$	365,360

**Airport Debt -- Variable Rate Revenue Notes -** The City is authorized to issue Airport System variable rate revenue notes, pursuant to Ordinance No. 950817B, as amended and restated by Ordinance 980205A adopted by the City Council on February 5, 1998. At September 30, 2003, the Airport System had outstanding variable rate revenue notes of \$28,000,000. The debt service fund required by the bond ordinance held assets of \$366,202, including accrued interest at September 30, 2003 and was restricted within the Airport System. During fiscal year 2003, interest rates on the notes ranged from 1% to 1.90%, adjusted weekly at market rates, and subsequent rate changes cannot exceed the maximum rate of 15%. Principal and interest on the notes are payable from the net revenues of the Airport System.

### Nonmajor fund:

**Convention Center -- Prior and Subordinate Lien Revenue Bonds -** The City's Convention Center Fund issues Convention Center revenue bonds and Hotel Occupancy Tax revenue bonds to fund Convention Center Fund capital projects. Principal and interest on these bonds are payable solely from pledged hotel occupancy tax revenues and the special motor vehicle rental tax revenues. The total Convention Center obligation for prior and subordinate lien bonds is \$241,595,000, exclusive of discounts, premiums and loss on refunding, at September 30, 2003. Aggregate interest requirements for all prior and subordinate lien bonds are \$202,758,899 at September 30, 2003. Revenue bonds authorized and unissued amount to \$760,000 at September 30, 2003.

The following schedule shows the original and refunding revenue bonds outstanding at September 30, 2003 (in thousands):

Series	Bonds Dated	Orig	inal Amount Issued		standing at mber 30, 2003
1993A	December 1993	\$	75,955	\$	63,395

### 11 – CONDUIT DEBT

The City has issued several series of housing and industrial development revenue bonds to provide for low cost housing and for acquisition and construction of industrial and commercial facilities. These bonds are secured by the property financed and are payable solely from payments received on the underlying mortgage loans. Prior to September 30, 1997 the City issued several series of bonds; the aggregate principal amount payable of these bonds could not be determined; however, their original issue amounts totaled \$310.2 million. Since 1997, the City has issued various series of bonds, with the original issues totaling \$84.4 million; and \$84 million is outstanding at September 30, 2003.

The City has issued various facility revenue bonds to provide for facilities located at the airport and convention center. These bonds are special limited obligations, payable solely from and secured by a pledge of revenue to be received from agreements between the City and various third parties. The original issues totaled \$367.4 million, with \$362.5 million outstanding at September 30, 2003.

The above bonds do not constitute a debt or pledge of the faith and credit of the City and accordingly have not been reported in the accompanying financial statements.

### 12 – INTERFUND BALANCES AND TRANSFERS

Interfund receivables and payables at September 30, 2003, are as follows (in thousands):

			Amo	bunt
Receivable Fund	Payable Fund	(	Current	Long-Term
Governmental funds:				
Nonmajor governmental funds	General Fund	\$	6	
	Nonmajor governmental funds		36,919	
	Water and Wastewater			3,293
	Nonmajor enterprise funds			1,176
	Internal service funds			208
Business-type funds:				
Electric	Nonmajor enterprise funds			2,520
Water and Wastewater (restricted)	Internal service funds		27	188
Airport (restricted)	General Fund		700	2,217
	Nonmajor governmental funds			184
Nonmajor enterprise funds	Nonmajor governmental funds			64
		\$	37,652	9,850

Interfund receivables and payables reflect temporary loans between funds. Of the above current amount, \$14.5 million is an interfund loan from the Fiscal Surety Fund, a special revenue fund, to other special revenue funds (primarily grant funds) to cover deficit pooled investments and cash.

Transform In

Interfund transfers during fiscal year 2003 were as follows (in thousands):

		I ransters in								
Transfers Out	General Fund		Nonmajor Governmental	Nonmajor Enterprise	Total					
General Fund	\$		12,623	8,506	21,129					
Nonmajor governmental funds			17,519	23,528	41,047					
Electric		72,864	1,772		74,636					
Water and Wastewater		19,553	2,962		22,515					
Airport			48		48					
Nonmajor enterprise funds			1,761		1,761					
Internal service funds			156		156					
Total transfers out	\$	92,417	36,841	32,034	161,292					

### 12 – INTERFUND BALANCES AND TRANSFERS, continued

Interfund operating transfers are authorized through City Council approval. Significant transfers include the Electric and Water and Wastewater transfers to the General Fund, which are comparable to a return on investment to owners.

## 13 – LITIGATION

A number of claims against the City are pending with respect to various matters arising in the normal course of the City's operations. Legal counsel and City management are of the opinion that settlement of these claims and pending litigation will not have a material effect on the City's financial statements. The City has accrued liabilities in the Liability Reserve Fund for claims payable at September 30, 2003. These liabilities include amounts for lawsuits settled subsequent to year-end, which are reported in the government-wide statement of net assets.

### **14 – COMMITMENTS AND CONTINGENCIES**

### a -- Fayette Power Project

Austin Energy's coal-fired electric generating units are located at the Fayette Power Project (FPP) and operate pursuant to a participation agreement with the Lower Colorado River Authority (LCRA, Project Manager). Austin Energy has an undivided 50 percent interest in Units 1 and 2, and LCRA wholly owns Unit 3. Austin Energy's investment is financed with City funds, and its pro-rata share of operations is recorded as if wholly owned. Austin Energy's equity in FPP was \$27.8 million as of September 30, 2003. The equity interest in the FPP is calculated pursuant to the participation agreement and is reported in various asset and liability accounts within the City's financial statements.

The original cost of the Austin Energy's share of FPP's generation and transmission facilities is recorded in the utility plant accounts of the City in accordance with its accounting policies. Each participant issued its own debt to finance its portion of construction costs. The City's portion was financed through utility revenue bonds. In addition, each participant has the obligation to finance its portion of any operating and capital costs, as well as its deficits.

A management committee of four members governs the Project; each participant administratively appoints two members. As managing partner, LCRA is responsible for the operation of the Project and appoints Project management.

### b -- South Texas Project

Austin Energy is one of four participants in the South Texas Project (STP), which consists of two 1,250-megawatt nuclear generating units in Matagorda County, Texas. The other participants in the STP are Reliant Energy, American Electric Power, formerly known as Central Power and Light Company, and City Public Service of San Antonio. In-service dates for STP were August 1988 for Unit 1 and June 1989 for Unit 2. Austin Energy's 16 percent ownership in the STP represents 400 megawatts of plant capacity. At September 30, 2003 Austin Energy's investment in the STP was approximately \$620 million, net of accumulated depreciation.

Effective November 17, 1997, the Participation Agreement among the owners of STP was amended and restated and the STP Nuclear Operating Company (STPNOC), a Texas non-profit non-member corporation created by the participants, assumed responsibility as the licensed operator of STP. The participants share costs in proportion to ownership interests, including all liabilities and expenses of STPNOC. Each participant is responsible for its own funding for STP. The City's portion is financed through operations, revenue bonds or commercial paper, which are repaid by the Electric Fund (see Note 10). In addition, each participant has the obligation to finance any deficits that may occur.

Each participant appoints one member to the board of directors of STPNOC, as well as one other member to the owner's committee. A member of the owner's committee may serve on the board of directors in the absence of a board member. The City's portion of STP is classified as plant in service, construction in progress and nuclear fuel inventory. Nuclear fuel includes fuel in the reactor as well as nuclear fuel in process.

#### 14 - COMMITMENTS AND CONTINGENCIES, continued

#### c -- South Texas Project Decommissioning

The South Texas Project (STP) is subject to regulation by the Nuclear Regulatory Commission (NRC). The NRC requires that each holder of a nuclear plant operating license submit information to the NRC indicating the minimum funding required to decommission the plant. In addition, reasonable assurance must be demonstrated that sufficient funds are being accumulated to provide the minimum requirement for decommissioning. This amount must be adjusted annually as required by the NRC. At September 30, 2003, Austin Energy funded its share of the estimated decommissioning liability as follows:

	2003
Estimated cost to decommission STP	\$233,140,066
Restricted decommissioning fund assets	90,687,258

Austin Energy and other STP participants have provided the required information to the NRC and have been collecting decommissioning funds through rates since 1989. Austin Energy has established an external irrevocable trust for collecting sufficient funds for its share of the estimated decommissioning costs. For fiscal year 2003, Austin Energy collected \$4,958,221 for decommissioning expenses.

#### d -- Energy Risk Management Program

In August 2003, in an effort to mitigate the financial and market risk associated with the purchase of natural gas and energy price volatility, Austin Energy initiated the Energy Risk Management Pilot Program. This program was authorized by the Austin City Council and is led by the Risk Oversight Committee. Under this program, Austin Energy enters into futures contracts, options, and swaps for the purpose of reducing exposure to natural gas and energy price risk. Use of these types of instruments for the purpose of reducing exposure to price risk is performed as a hedging activity. These contracts may be settled in cash or delivery of certain commodities. Austin Energy typically settles these contracts in cash.

Austin Energy has entered into brokerage agreements with the following organizations to execute the exchange traded instruments for Austin Energy's risk management activities:

Brokerage	Credit Rating
Citigroup Global Market Holding Inc.	AA-
Man Group	A3

The hedging related contracts are reported at cost on the statement of net assets. The gains and losses related to these transactions are netted to fuel expense in the period realized. As of September 30, 2003, Austin Energy's options, futures, and basis swaps, valued at mark-to-market, net to an unrealized loss of \$271,650. This reflects the difference between the cost and the fair market value of these contracts at September 30, 2003. Initial margins are flat fees per contract and are paid in cash. Fair market values are calculated by multiplying the number of outstanding contracts by the forward prices as quoted by the New York Mercantile Exchange. The unrealized gain/loss refers to the difference between the cost and fair market value of the contracts, which is not included in the financial statements at September 30, 2003.

<u>Futures</u> Contracts effective date Contracts maturity date Initial margin Cost Fair market value Unrealized (Gain)/Loss	August 25 through September 22, 2003 November 1, 2003 through February 1, 2004 \$648,000 \$5,268,950 \$5,018,000 \$250,950
<u>Options</u> Contracts effective date Contracts maturity date Fair Value Unrealized (Gain)/Loss	September 12 through September 22, 2003 November 1, 2003 through March 1, 2004 \$25,700 \$19,700

#### 14 - COMMITMENTS AND CONTINGENCIES, continued

The options and future contracts expose Austin Energy to a minimal amount of credit risk. In the event of default or nonperformance by brokers or the exchange, the operations of Austin Energy will not be materially affected. However, Austin Energy does not expect the brokerages to fail to meet their obligations given their high credit rating and the strict and deep credit requirements upheld by the New York Mercantile Exchange of which these brokerage houses are members. Termination risk for exchange traded instruments is greatly reduced by the strict rules and guidelines set up by the exchange, which are governed by the Commodity Futures Trade Commission.

<u>Swaps</u>	
Contracts effective date	September 22, 2003
Contracts maturity date	November 1, 2003
Cost	\$112,000
Fair market value	\$113,000
Unrealized (Gain)/Loss	\$ 1,000

The swap agreements expose Austin Energy to credit, termination, and non-performance risk. However, Austin Energy does not expect the swap counterparty to fail to meet its obligation given its high credit rating of A by S&P, and A3 by Moody's. Austin Energy's exposure to termination and non-performance risk is minimal due to the high credit rating of the counterparty, and the contractual provisions under the ISDA (International Swaps and Derivatives Association) agreement applied to the swaps.

#### e -- Certificates of Participation

The City has entered into several capital lease arrangements through the issuance of Certificates of Participation as follows:

\$23,060,000	Certificates of Participation, City of Austin, Texas Electric Utility Office Project, Series 1987	

\$14,000,000 Certificates of Participation, City of Austin, Texas Water and Wastewater Utility Office Project, Series 1987

The certificates represent proportionate interests in lease payments to be made by the City to a third-party lessor. The City has title to the office projects, pursuant to general warranty deeds; however, the trustee maintains a vendor's lien and superior title to the properties until all sums due are paid in full.

The City's obligations under the lease agreements are subject to and dependent upon annual appropriations by the City Council and do not obligate the City to levy or pledge any form of taxation. Thus, the certificates are treated as capital lease obligations rather than as long-term bonds and are recorded as a liability in the respective utility's funds.

----

The following table presents information regarding these certificates:

		Water and
	Electric Fund	Wastewater Fund
Description	Office Project (1)	Office Project (1)
Date issued	February 1987	August 1987
Amount issued	\$23,060,000	\$14,000,000
Interest rates	4.00% - 7.00%	5.25% - 8.00%
Interest payable on	March 15 and	May 15 and
	September 15	November 15
Maturity dates	September 15	November 15
	1988 - 2007	1989 - 2007
Present value of lease payments	\$7,160,000	\$5,700,000
Reserve Fund (2)	\$ 2,000,000	\$1,250,000

(1) Subject to mandatory redemption upon the occurrence of certain events.

(2) Held by trustee, to be used to make final payments.

#### 14 – COMMITMENTS AND CONTINGENCIES, continued

#### f -- Federal and State Financial Assistance Programs

The City participates in a number of federally assisted and State grant programs, financed primarily by the U.S. Housing and Urban Development (HUD) Department, U.S. Health and Human Services (HHS) Department, and U.S. Department of Transportation (DOT). The City's programs are subject to program compliance audits by the granting agencies. Management believes that no material liability will arise from any such audits.

#### g -- Arbitrage Rebate Payable

The City's financial advisor has determined that the City has earned interest revenue on unused bond proceeds in excess of amounts allowed by applicable Federal regulations. The City will be required to rebate funds to the federal government. The estimated amounts payable at September 30, 2003 are as follows (in thousands):

		Business-type Activities						
Governmental		Water and						
Activities	Electric	Wastewater	Airport	Nonmajor	Total			
\$ 1.688	436	477	0	135	¢	1.050		

#### h -- Capital Improvement Plan

As required by the City Charter, the City has a *Five Year Capital Improvement Plan* (Capital Budget) that is an anticipated spending plan for projects in the upcoming and future years. The City's 2004 Capital Budget includes new appropriations of \$401.1 million for the City's enterprise funds and \$72.2 million for general government projects. The City has substantial contractual commitments relating to its capital improvement plan.

The key projects in progress include parks development and improvements, financial and administrative, transportation improvements, electric system improvements, water and wastewater system improvements and annexations and airport improvements as shown below (in thousands). Remaining commitments represent current unspent budget and future costs required to complete projects.

Project	Sn	ent-to-Date	Remaining Commitment
· · · · · ·	эр	ent-to-Date	Communent
Governmental activities:			
Parks development and improvements	\$	109,815	29,132
Financial and administrative		135,204	17,871
Transportation improvements		321,543	126,453
Other governmental		219,190	45,667
Business-type activities:			
Electric system improvements		1,068,373	285,924
Water and wastewater system improvements and annexations		1,038,258	1,471,509
Airport improvements		81,919	111,439
Nonmajor enterprise		137,567	28,183
Total	\$	3,111,869	2,116,178

### i -- Operating lease with Daughters of Charity Health Services of Austin

Effective October 1, 1995, the City entered into a long-term lease arrangement with the Daughters of Charity Health Services of Austin ("Seton"). Under the terms of the lease, Seton will operate City-owned Brackenridge Hospital and will provide all necessary medical services for residents of Austin regardless of their ability to pay. The City will reimburse Seton for services provided through three programs. Under the Charity Care Program, the City will reimburse Seton a maximum of \$5.6 million annually for providing medical care to the medically indigent; provided however, that Seton must first provide charity care in the amount of 4% of net revenues as required by State law. Under the Medical Assistance Program (MAP), the City paid Seton approximately \$9.8 million in fiscal year 2003 for patients enrolled in this program. Under the Physician Services Program, the City paid Seton approximately \$5.6 million during fiscal year 2003 for providing physician services to patients in the first two programs.

#### 14 - COMMITMENTS AND CONTINGENCIES, continued

In May 2003, the City amended the lease agreement to accommodate capacity issues related to the Children's Hospital at Brackenridge. In order to meet future community needs for pediatric medical services, the City Council approved moving the Children's Hospital to the former site of Robert Mueller Airport. The new Children's Hospital will be owned and operated by Seton. Other provisions of the amendment include lengthening the lease term from an original term of 30 years to 60 years (with an optional 30 year extension), increasing the breach of contract penalty from \$5 million to \$50 million, and adding a requirement that Seton spend a minimum of \$50 million for capital at Brackenridge over the next 20 years; of which \$30 million must be spent within the next 10 years. The lease amendment also strengthens financial provisions related to the operation of the Austin Women's Hospital. The cost of the leased assets as of September 30, 2003 is as follows (in thousands):

	Accumulated		
	 Cost	Depreciation	
Land and other nondepreciable assets	\$ 803		
Property, plant and equipment in service	73,990	(37,363)	

#### j -- Landfill Closure and Postclosure Liability

State and federal regulations require the City to place a final cover on the City of Austin landfill site (located on FM 812) when it stops accepting waste and to perform certain maintenance and monitoring functions at the site for thirty years after closure. Although closure and postclosure care costs will be paid only near or after the date that the landfill stops accepting waste, the City reports in the Solid Waste Services Fund, a nonmajor enterprise fund, a portion of these closure and postclosure care costs as an operating expense in each period, based on landfill capacity used as of each balance sheet date. The \$7.4 million reported as accrued landfill closure and postclosure costs at September 30, 2003, represents the cumulative amount reported to date based on the use of 81.2% of the estimated capacity of the landfill. The Solid Waste Services Fund will recognize the remaining estimated cost of closure and postclosure care of \$1.7 million as the remaining estimated capacity is filled over the next nine years. The total estimated costs of \$9.1 million include costs of closure in 2012 of \$2.4 million and postclosure costs over the subsequent thirty years of \$6.7 million. These amounts are based on what it would cost to perform all closure and postclosure costs and federal laws require owners to demonstrate financial assurance for closure, postclosure, and/or corrective action. The City complies with the financial and public notice components of the local government financial test and government-guarantee of the test.

#### k -- Risk-Related Contingencies

The City uses internal service funds to account for risks related to health benefits, third-party liability, and workers' compensation. The funds are as follows:

Fund name	Description
Employee Benefits	City employees and retirees may choose between a self-insured PPO or an HMO. Approximately 23% of City employees and 57% of retirees use the HMO option; approximately 77% of City employees and 43% of retirees use the PPO, which is self-insured. Costs are charged to City funds through a charge per employee per pay period.
Liability Reserve	Self-insured. Includes losses and claims related to liability for bodily injury, property damage, professional liability and certain employment liability. Excludes losses and claims related to health benefits or workers' compensation. Premiums are charged to other City funds each year based on historical costs.
Workers' Compensation	Self-insured. Premiums are charged to other City funds each year based on historical costs.

The City purchases stop loss insurance for the City's PPO. This stop loss insurance covers individual claims that exceed \$500,000 per calendar year beginning in calendar year 2002 and \$150,000 per calendar year prior to calendar year 2002, up to a maximum of \$1 million. During fiscal year 2003, one claim exceeded the stop loss limit of \$500,000; no claims exceeded the stop loss limit of \$500,000 in fiscal year 2002; and two claims exceeded the stop loss limit of \$150,000 in fiscal year 2002. City coverage is limited to \$1 million in lifetime benefits. The City does not purchase stop loss insurance for workers' compensation claims.

#### 14 – COMMITMENTS AND CONTINGENCIES, continued

The City is self-insured for much of its risk exposure; however, the City purchases commercial insurance coverage for loss or damage to real property, theft and other criminal acts committed by employees, and third party liability associated with the airport, owned aircraft, and electric utility operations. There have been no claims settlements in excess of the insurance coverage that has been procured. The City also purchases a broad range of insurance coverage through a program that provides workers' compensation, employer's liability and third party liability coverage to contractors working on designated capital improvement project sites.

Liabilities are reported when it is probable that a loss has been incurred at the date of the financial statements and the amount of the loss can be reasonably estimated. Liabilities include an amount for claims that have been incurred but not reported (IBNRs). The City utilizes actuarial information and historical claim settlement trends to determine the claim liabilities for the Employee Benefits Fund and Worker's Compensation Fund; liabilities for the Liability Reserve Fund are calculated based on outstanding claims. The amount to be paid out ultimately may be more or less than the amount accrued at September 30, 2003. The possible range of loss is \$34.7 to \$45.4 million. The City contributes amounts to an internal service fund based on an estimate of anticipated costs for claims each year.

Changes in the balances of claims liability are as follows (in thousands):

	Employee Benefits		Liability Reserve		Workers' Compensation		
		2003	2002	2003	2002	2003	2002
Liability balances, beginning of year	\$	4,618	4,470	21,899	12,700	6,864	6,347
Claims and changes in estimates		5,328	3,569	9,586	11,065	6,587	4,663
Claim payments		(4,405)	(3,421)	(11,405)	(1,866)	(4,324)	(4,146)
Liability balances, end of year	\$	5,541	4,618	20,080	21,899	9,127	6,864

The Liability Reserve Fund claims liability balance at fiscal year end includes liabilities of \$4.9 million discounted at 5.02% in 2003 and \$5.3 million discounted at 4.87% in 2002.

In early FY2004, the City reached a settlement agreement in a litigation matter with Christopher Ochoa in the amount of \$5.3 million to be paid in FY2004. This amount is included in the financial statements as presented.

#### I -- Environmental Remediation Contingencies

The Electric Fund may incur costs for environmental remediation of certain sites including the Holly and Seaholm Power Plants. The financial statements include a liability of \$7.2 million at September 30, 2003. This amount includes the cost of penalties associated with an Environmental Protection Agency (EPA) PCB inspection and estimated remaining costs for the remediation of the contaminated sites. The Electric Fund anticipates payment of these costs in 2004 and future years.

The EPA previously issued an Administrative Order to the Water and Wastewater Utility. The Utility must conduct studies of its wastewater collection system, eliminate overflows by December 2007, and make necessary capital improvements to repair and/or rehabilitate collection system infrastructure. When the studies are complete, the Utility will be able to estimate the cost of the improvements. The Utility currently is complying with all requirements of the Administrative Order.

The Airport Fund may also incur costs for the environmental remediation of certain sites and has recorded an estimated liability of \$1.9 million in the financial statements.

#### m -- Other Commitments and Contingencies

The City is committed under various leases for building and office space, tracts of land and rights of way, and various equipment. These leases are considered operating leases for accounting purposes. Lease expense for the year ended September 30, 2003 was \$19.8 million. The City expects these leases to be replaced with similar leases in the ordinary course of business. Future minimum lease payments for these leases will remain approximately the same.

### 14 – COMMITMENTS AND CONTINGENCIES, continued

The City has entered into certain lease agreements, including the certificates of participation, as lessee for financing equipment purchases for Electric and Water and Wastewater Utilities and for financing personal computers for both governmental and business-type departments. These lease agreements qualify as capital leases for accounting purposes and have been recorded at the present value of the future minimum lease payments at their inception date. Refer to Note 10 for the debt service requirements on these leases.

The following summarizes assets recorded at September 30, 2003, under capital lease obligations (in thousands):

			Business-type Activities						
	Gove	rnmental		Water and					
Assets	Ac	tivities	Electric	Wastewater	Airport	Nonmajor	Total		
Building and improvements	\$		21,604	12,750		\$	34,354		
Equipment		890	1,445	240	58	1,808	3,551		
Accumulated depreciation		(407)	(9,319)	(4,093)	(25)	(862)	(14,299)		
Net assets	\$	483	13,730	8,897	33	946 \$	5 23,606		

### **15 – OTHER POST-EMPLOYMENT BENEFITS**

In addition to making contributions to the three pension systems, the City provided certain other post-employment benefits to its retirees. Other post-employment benefits include access to medical and dental insurance for the retiree and the retiree's family and \$1,000 of life insurance on the retiree only.

All retirees who are eligible to receive pension benefits under any of the City's three pension systems are eligible for other post-employment benefits. Retirees may also enroll eligible dependents under the medical and dental plan(s) in which they participate. Eligible dependents of the retiree include a legally married spouse, unmarried children under age 25 who are dependent upon the retiree for support, including natural children, stepchildren, legally adopted children, children for whom the retiree has obtained court-ordered guardianship/conservatorship, qualified children placed pending adoption, and grandchildren who qualify as a dependent on the retiree's or retiree's spouse's federal income tax return, and eligible disabled children beyond 25 years of age if covered prior to age 25. A surviving spouse of a deceased retiree may continue medical coverage for 36 months by paying the entire premium plus a 2 percent administrative fee. Other surviving dependents of a deceased retiree may continue medical and dental coverage for 36 months by paying the entire premium plus a 2 percent administrative fee.

The City is under no obligation, statutory or otherwise, to offer other post-employment benefits or to pay any portion of the cost of other post-employment benefits to any retirees. Allocation of City funds to pay other post-employment benefits or to make other post-employment benefits available is determined on an annual basis by the City Council as part of the budget process.

The City pays a portion of the retiree's medical insurance premium and a portion of the retiree's dependents' medical insurance premium. The portion paid by the City varies according to age, coverage selection and years of service. The percentage of the medical insurance premium paid by the City ranges as follows:

Years of Service	Retiree only	Dependent only
Less than 5 years	16% - 22%	10% - 31%
5 to 9 years	24% - 29%	15% - 35%
10 to 14 years	40% - 44%	25% - 43%
15 to 20 years	56% - 59%	35% - 54%
Greater than 20 years	80% - 81%	50% - 76%

### 15 – OTHER POST-EMPLOYMENT BENEFITS, continued

The City pays 100% of the retiree's life insurance premium. Group dental coverage is available to retirees and their eligible dependents. The retiree pays the full cost of the dental premium.

Other post-employment benefits are expensed and funded on a pay-as-you-go basis. The City recognizes the cost of providing these benefits as payroll expense/expenditure in an operating fund with corresponding revenue in the Employee Benefits Fund. Medical and dental premiums and claims and life insurance premiums are reported in the Employee Benefits Fund. The estimated cost of providing these benefits for 2,298 retirees was \$12.5 million in 2003, and \$8.6 million in 2002 for 2,135 retirees.

As more fully described in Note 14, the City is a participant in the South Texas Project Nuclear Operating Company (STPNOC) and as such is liable for certain post-employment benefits for STPNOC employees. At December 31, 2002, the City's portion of this obligation, \$3,774,761, is not reflected in the financial statements of the Electric Fund.

### **16 – SUBSEQUENT EVENTS**

### Airport System Revenue Bond Refunding Issue

In January 2004, the City issued \$54,250,000 of Airport System Prior Lien Revenue Refunding Bonds, Series 2003. Proceeds from the bonds were used to refund \$52,290,000 of Airport System Prior Lien Revenue Bonds, Series 1995A. The refunding resulted in future interest requirements to service the debt of \$31,649,110. An economic gain of \$3,132,423 was recognized on this transaction. The change in net cash flows that resulted was a decrease of \$3,418,051. An accounting loss of \$5,478,957, which will be deferred and amortized, was recognized on this refunding.

# REQUIRED SUPPLEMENTARY INFORMATION

### General Fund Schedule of Revenues, Expenditures and Changes in Fund Balances--Budget and Actual-Budget Basis For the year ended September 30, 2003

Fund balance at end of year	\$ 93,206	(58,854)	34,352	13,488	12,097	22,255	

(1) Includes adjustments to expenditures for current year encumbrances, payments against prior year encumbrances,

accrued payroll, compensated absences, and amounts budgeted as operating transfers.

(2) Includes adjustments to revenues/transfers required for adjusted budget basis presentation.

(3) Variance is actual-budget basis to final budget.

 (4) Actual expenditures include employee training costs and amounts budgeted as fund-level expenditures or operating transfers. Actual-budget basis expenditures include employee training costs, budgeted payroll accrual, and amounts budgeted as fund-level expenditures.

## BUDGET BASIS REPORTING

### a -- General

The City of Austin prepares its annual operating budget based on cash and available resources (budget basis) which differs from generally accepted accounting principles (GAAP basis). In governmental funds, encumbrances constitute the equivalent of expenditures for budgetary purposes. In order to provide a meaningful comparison of actual results to the budget, the Schedule of Revenues, Expenditures and Changes in Fund Balances -- Budget and Actual-Budget Basis for the General Fund presents the actual and actual-budget basis amounts in comparison with original and final budgets.

### b -- Reconciliation of GAAP Basis and Budget Basis Amounts

The primary differences between GAAP-basis and budget reporting for the General Fund are the reporting of encumbrances and the reporting of certain operating transfers. General Fund accrued payroll is recorded at the department level on a GAAP basis and as an expenditure in the general city responsibilities activity on the budget basis. Adjustments necessary to convert the excess revenues and other sources over expenditures and other uses on a GAAP basis to a budget basis for the General Fund are provided, as follows (in thousands):

	G	Seneral Fund
Excess (deficiency) of revenues and other sources		
over expenditures and other uses - GAAP basis	\$	(412)
Adjustments - increases (decreases) due to:		
Outstanding encumbrances established in current year		(3,491)
Payments against prior year encumbrances		3,905
Tax anticipation notes		(4,800)
Advance from Airport Fund		(700)
Budgeted transfer for contingency reserve		(1,410)
Other		(66)
Excess (deficiency) of revenues and other sources over		
expenditures and other uses - budget basis	\$	(6,974)

### c -- Budget Amendments

The original budget of the General Fund was amended once during fiscal year 2003 for increased public safety costs.

The original and amended budget is presented in the accompanying financial statements. The General Fund budget includes other revenues and requirements, which are presented in the general city responsibilities category. The amended expenditure budget for these general city requirements includes the following: tuition reimbursement (\$85,000), accrued payroll (\$2,207,000), expenditures for workers' compensation (\$7,861,811) and liability reserve (\$3,500,000).

Special revenue funds are used to account for the proceeds of specific revenue sources (other than major capital projects) that are legally restricted to expenditures for specific purposes. Included in the special revenue funds are:

Federal, State, and other special revenue grant funds; Other special revenue funds - see below for descriptions of the individual funds;

Housing Assistance fund – provides housing assistance to the citizens of Austin.

# **Other Special Revenue Funds**

### **General Government**

Municipal Court:

*Municipal Court Building Security Fund* – Provides funding to enhance courthouse security.

*Municipal Court Technology Fund* - Provides funding for technological enhancements to Municipal Court operations.

### **Public Safety**

Police:

*APD Incident Management Fund* – Accounts for funds from Capital Metro to the Austin Police Dept. to establish a traffic command center within the APD.

*Auto Theft Interdiction Fund* – Accounts for funds seized related to current auto theft investigations.

Aviation Asset Forfeiture Fund - Accounts for the redistribution of proceeds generated by airport police enforcement activities.

*Police Benefit Fund* – Accounts for donations received for the benefit and improvement of the Police Department.

*Police Federal Seized Funds Fund* - Records all federal seized funds generated by police enforcement activities per State Code of Criminal Procedures (Chapter 59).

*Police Seized Money Fund* - Accounts for the redistribution of proceeds generated by police enforcement activities.

Fire:

*Fire Miscellaneous Fund* - Accounts for contributions for "The Firehouse," a public safety awareness exhibit, which is transported to different sites throughout Austin.

### Emergency Medical Services:

*EMS Travis County Reimbursed Fund* – Accounts for expenses incurred in providing for expanded emergency medical services to the citizens of Travis County, located outside the City of Austin and the corresponding reimbursements from Travis County.

### Transportation, Planning, and Sustainability

Public Works and Transportation:

*Fiscal Surety - Land Development Fund -* Escrow funds received from contractors for hydromulch and erosion control.

Office of Emergency Management Miscellaneous Fund - Accounts for contributions for public safety awareness.

*Recycle Bins Fund* – Accounts for donations from citizens and businesses to help defray cost of purchasing recycle bins/containers.

*RMD Conservation Fund* - Monies contributed by the Electric Fund to be used for energy loans and rebates/incentives to customers.

RMD Loan Fund - Accounts for energy loans to customers.

Transportation, Planning, and Sustainability:

Austin Transportation Study Fund - Accounts for a transportation study regarding the Austin Metropolitan roadways, bicycle areas, and pedestrian's walkways.

*Child Safety Fund* - Accounts for certain fines and fees used to provide school crossing guards at City schools.

*Environmental Remediation Fund* - Accounts for remediation of sites, which affect ground and surface water quality or public health and safety.

Pavement Life Recovery Cost Fee Fund - Collection of fees associated with pavement life recovery costs.

*Railroad Right of Way Fund* - Accounts for the City's management of the Austin and Northwestern Railroad right of way.

Subdivision Participation Fund - Escrow account for funds received from contractors for construction and installation of streets, sidewalks, drainage facilities, etc.

### **Public Health**

Health and Human Services:

*Disproportionate Share Fund* - Used to purchase medical equipment and fund structural changes for the clinic system of the Austin/Travis County Health Department in order to serve indigent patients.

Health and Human Services Travis County Reimbursed Fund -Accounts for expenses incurred by the City on behalf of Travis County and the corresponding reimbursement from Travis County for Health and Human Services and Federally Qualified Health Center programs.

*Health Miscellaneous Fund* - Accounts for contributions for Strategic Intervention for High Risk Youth.

Medicaid Administrative Claims Fund - Holds additional Medicaid proceeds.

Other Public Health:

*Animal Shelter Building Fund* - Accounts for donations to improve the Townlake Animal Shelter.

# **Other Special Revenue Funds**

# Public Recreation and Culture

Austin Public Library:

*Austin History Center Fund* – Accounts for contributions to be used for the Austin-Travis County Collection.

*Julia Cousins Trust Fund* – Accounts for funds received from the estate of Julia Cousins to purchase books for the public library.

*Miscellaneous Library Fund* – Accounts for miscellaneous deposits primarily related to Massie Library.

*Special Library Trust Fund* – Accounts for donations received to purchase books or special equipment.

#### Parks and Recreation:

Adaptive Programs Fund – Accounts for various revenues and fees generated by programs and activities sponsored by the Parks and Recreation Dept.

Austin Creeks and Trails Fund – Accounts for donations received for the upkeep of Austin's creeks and trails.

*Balcones Canyonlands Fund* – Accounts for an endowment to be used for long-term monitoring and management of the Bohls tract.

*Friends of East Austin Youth Fund* - Accounts for donations from the Friends of East Austin Youth Golf Tournament to fund programs benefiting the youth of East Austin.

*PARD Cultural Projects Fund* - Records activities for cultural project purposes. Funded by a portion of the bed tax.

*PARD Miscellaneous Fund* – Accounts for miscellaneous deposits and revenues to be used for specified purposes.

*PARD Police Asset Forfeiture Fund* - Accounts for the redistribution of proceeds generated by PARD police enforcement activities.

*Planting for the Future Fund* – Accounts for donations received for plantings in the City of Austin.

*Republic Square Fund* – Accounts for donations for the improvement and beautification of Republic Square.

*Rifle Class Fund* – Accounts for fee revenue received by individuals for instruction, materials, and supplies for rifle classes.

Senior Citizen Nutrition Fund – Accounts for donations received at various senior citizen luncheon sites around the City.

*Summer Musical Fund* – Accounts for the annual summer musical production that is administered by the Parks and Recreation Department.

*Teen Activity Fund* – Accounts for contributions received to provide leisure activities for teenagers.

*Tennis League Fund* – Accounts for tournament fees received by participants of Austin Tennis League activities and tournaments.

*Town Lake Beautification Fund* – Accounts for donations for the beautification of Town Lake.

### **Urban Growth Management**

Neighborhood Housing & Community Development:

*Housing Miscellaneous Fund* - Accounts for donations to the Housing program to be used for specific purposes.

Housing Trust Social Equity Fund – Accounts for housing funds set aside for SMART Housing initiative.

*Neighborhood Housing and Conservation Fund* - Established in 1996 to lead economic development, affordable housing, and neighborhood revitalization efforts.

Development Services and Watershed Protection:

Austin Industrial Development Corporation Fund (AIDC) - Accounts for the administrative costs related to the Corporation.

Austin Inner City Redevelopment Corporation Fund - Accounts for the activity of this entity.

*Energy Conservation Rebates and Incentives Fund* - Used for energy loans and rebates/incentives to customers; funded primarily by Electric Fund.

*Fee Waiver Fund* - Accounts for funds provided to allow for payment of fees waived by Council through City Ordinance.

*Planning, Environmental Conservation Services Fund* - Accounts for energy and water conservation services and environmental protection activities; funding provided by transfers from General, Electric, Water and Wastewater and other funds.

*Public Improvement District Fund* - Accounts for the downtown public improvement district which will provide services, security, and improvements for the downtown Austin area.

*Urban Forest Replenishment Fund* – Assists in planting replacement trees, saving blocks of natural areas, providing a maintenance program for trees to be retained, requiring special construction techniques, and/or transplanting existing trees.

Other:

Barton Springs Conservation Fund - Accounts for habitat conservation in Barton Springs.

Cable TV Fund - Payments cable companies and disbursement to Austin Access Television.

*Downtown Development Fund* - Accounts for the relocation of music venue facilities.

*Hotel-Motel Occupancy Tax Fund* - Accounts for hotel/motel occupancy tax revenues and transfers of these revenues to participating funds.

*Music Loan Program Fund* – Provides resources for one-time music projects.

*One Texas Center Fund* – Accounts for the revenues and debt service requirements of the One Texas Center Building.

*RMMA Reimbursement Fund* – Accounts for the expenses incurred by the City for the redevelopment of the former Robert Mueller Municipal Airport (RMMA) site and the corresponding reimbursements by the Catellus Development Corp

*Strategic Planning Investment Fund* - Accounts for costs related to managing and planning for growth by the City of Austin.

*Sustainability Fund* – Provides resources for one-time projects that will help the City of Austin build a sustainable economic, environmental, and equitable infrastructure.

*Tax Increment Finance Fund* – Accounts for maintaining the plazas, streetscapes and other public improvements installed on specific downtown Blocks.

*Tourism and Promotion Fund* - Accounts for the promotion of tourism in Austin as both a leisure and business destination. Funded by a portion of bed tax receipts.

Vehicle Rental Tax Fund - Accounts for the levy of a short-term motor vehicle rental tax.

Wildland Conservation Fund - Accounts for the City and county's management of preserve systems.

Debt service funds are used to account for the accumulation of resources for, and the payment of, general long-term debt. The two debt service funds are as follows:

The General Obligation Debt Service Fund – used for payments of principal, interest and related costs of general obligation and other tax-supported debt;

The Section 108 Loans Fund - used to account for HUD loans for construction costs.

Capital projects funds are used to account for financial resources to be used for the acquisition or construction of major capital facilities other than those financed by proprietary funds and trust funds. There are eight major groups of funds that account for the activities related to the capital improvement projects:

Prior

to 1984: Funds authorized prior to 1981;

Funds authorized August 29, 1981, for street and drainage, fire stations, traffic signals and emergency medical service projects;

Funds authorized September 11, 1982, for various purposes;

Funds authorized October 22, 1983, for Jollyville Road Improvements;

- *1984:* Funds authorized September 8, 1984, for various purposes;
- *1985:* Funds authorized January 19, 1985, for cultural arts;

Funds authorized July 26, 1985, for parks and recreation;

Funds authorized September 26, 1985, for art in public places;

Funds authorized December 14, 1985, for various purposes;

- *1987:* Funds authorized September 3, 1987, for street improvements;
- 1992: Funds authorized August 10, 1992, for various purposes;
- 1997: Funds authorized May 3, 1997, for radio trunking;
- *1998:* Funds authorized November 3, 1998, for various purposes;
- 2000: Funds authorized November 7, 2000, for street improvements and land acquisition; and
- Other: Other funds established for various purposes.

Permanent funds are used to account for resources that are legally restricted to the extent that only earnings, and not principal, may be used for purposes that support the reporting government's programs – this is, for the benefit of the government or its citizenry.

*3M Maintenance Endowment* – Purpose is to account for 3M Mitigation Land Endowment.

*Ellis Library Trust* – Purpose is to account for principal and interest income earned on the principal from the Ellis estate. This income is used for purchasing books on the subject of mental health.

*Perpetual Care* – Revenues to be used for maintenance and care of cemeteries.

# NONMAJOR ENTERPRISE FUNDS

Enterprise funds account for the acquisition, operations and maintenance of the City's facilities and services that are entirely or predominantly supported by user charges or those for which the City has decided that periodic determination of the revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability or other purposes. All activities necessary to provide services are accounted for in these funds, including, but not limited to, administration, operations, and maintenance. The nonmajor enterprise funds are as follows:

The Austin Women's Hospital The Convention Center Fund; The Drainage Fund; The Golf Fund; The Hospital Fund; The Parks and Recreation Fund; The Primary Care Fund; The Solid Waste Services Fund; and The Transportation Fund

Internal service funds are used to account for the financing of goods or services provided by one department to other departments of the City and other agencies on a costreimbursement basis.

The internal service funds are as follows:

- The Capital Projects Management Fund, which manages the City's capital improvement projects
- The Employee Benefits Fund, which includes activities related to the health, dental, and life insurance costs of City employees;
- The Fleet Maintenance Fund, which includes vehicle and equipment services;
- The Information Systems Fund, which includes activities of the Information Systems Department;
- The Liability Reserve Fund, which provides coverage of the City's major claims liabilities;
- The Support Services Fund, which includes the activities of the various support service departments;
- The Wireless Communication Fund, which includes communication support activities; and
- The Workers' Compensation Fund, which accounts for workers' compensation costs.

Fiduciary funds account for assets held by the City in a trustee capacity or as an agent for other agencies, individuals, private organizations, or governmental units. Included in the fiduciary funds are private-purpose trust funds and agency funds.

- Private-purpose trust funds accounts are used to report trust arrangements under which principal and interest income benefits individuals, private organizations, or other governments.
- Agency funds are purely custodial and thus do not involve measurement of results of operations.

See next page for descriptions of the individual funds.

## **Private-Purpose Trust Funds**

*Barbara Jordan Memorial Fund* - Purpose is to account for donations for a future memorial.

*COA Customer Assistance* - Purpose is to hold donations solicited to help pay utility bills (part of Plus One Program). Funded by businesses that can use the donation as a tax deduction.

*First Step-A Community Project* - Accounts for programs and activities to improve community relations.

*Leveraged Loan Pool* - Purpose is to hold funds used to leverage private capital and state or federal resources to stimulate business investments.

*Library City Literacy Program* – Purpose is to account for fundraising efforts to help fund the City's Workplace Literacy Program.

*Telecommunity Partnership Fund* – Purpose is to account for addressing the training needs of the Austin community and creating opportunities for individuals through partnerships with local employers.

*Unclaimed Property* – Purpose is to account for unclaimed City of Austin checks.

*Voluntary Utility Assistance* – Purpose is to account for contributions for the benefit of indigent utility customers. Contributions are received with electric bill payments.

### **Agency Funds**

*BCCP Permit Fund* – Purpose is to hold BCCP Permit fees collected on behalf of Travis County.

*Campaign Financing Fund* – Purpose is to account for donations and fees for the Austin Fair Campaign Ordinance.

*Municipal Court Fund* – Purpose is to record service fees collected at Municipal Court that will be remitted to the State Comptroller of Public Accounts.

*Municipal Utility District Funds* – Purpose is to account for revenues received from municipal utility districts which are used to make debt service payments for the districts.

*Neighborhood Revitalization Funds* – Purpose is to account for escrow deposits and payments to loan recipients.

(1) Excludes general obligation bonds, public property finance contractual obligations, and certificates of obligation issued for proprietary funds. Excludes revenue bonds and advances from other funds.

(2) Excludes loan fund balances.

(3) In 2002 changed the timing of bond issuance from October to September, resulting in two bond issuances.

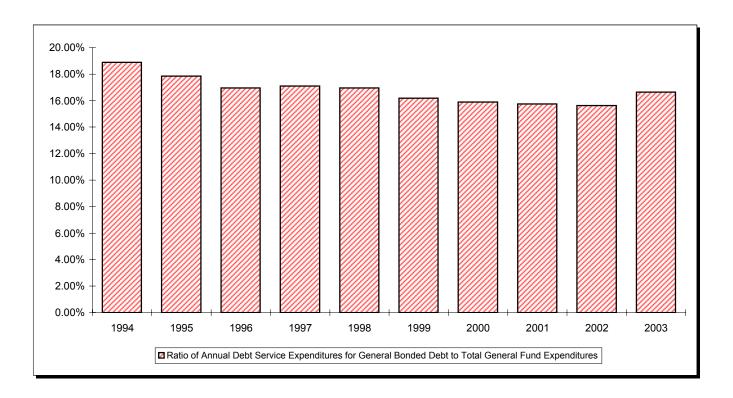

### Ratio of Annual Debt Service Expenditures for General Bonded Debt to Total General Fund Expenditures 1994-2003 (in thousands)

Fiscal		Interest			Total Debt Service plus	
Year		and Paying	Total	Total	Total	Ratio of
Ended	Principal	Agents'	Debt	General Fund	General Fund	Debt Service
Sept. 30	(2) (3)	Commissions (2) (3)	Service	Expenditures	Expenditures	to Total (1)
	\$	\$	\$	\$	\$	%
1994	28,330	24,605	52,935	227,411	280,346	18.88
1995	22,023	32,214	54,237	249,615	303,852	17.85
1996	22,723	35,039	57,762	282,773	340,535	16.96
1997	21,502	38,481	59,983	290,578	350,561	17.11
1998	22,570	40,751	63,321	310,195	373,516	16.95
1999	23,781	42,130	65,911	341,417	407,328	16.18
2000	26,920	42,094	69,014	364,938	433,952	15.90
2001	44,070	29,854	73,924	395,621	469,545	15.74
2002	43,867	35,797	79,664	430,237	509,901	15.62
2003	48,785	37,573	86,358	432,879	519,237	16.63

(1) Ratio of total debt service to total debt service plus total General Fund.

(2) Excludes payments for enterprise fund general obligation debt.

(3) Subsequent to 1999, excludes loan principal and interest.

Assessed value (100% of estimated market value) as of January 1, 2002	\$	50,759,651
Debt limit Amount of debt applicable to debt limit: Total general obligation bonds, contractual obligations, and certificates	\$	7,101,605
of obligation excluding proprietary fund balances of \$84,551 \$805,677 Less: Amount available in Debt Service Fund 17,311	_	
Debt applicable to debt limit, excluding loan fund balances and advances from other funds		788,366
Legal debt margin	\$	6,313,239

Note - Ad valorem tax limitations:

The City is permitted by Article II, Section 5 of the State of Texas Constitution to levy taxes up to \$2.50 per \$100 of assessed valuation for general governmental services, including payment of principal and interest on general obligation long-term debt. However, under the City Charter, a limitation on taxes levied for general governmental services, exclusive of payments of principal and interest on general obligation long-term debt. However, under the City Charter, a limitation on taxes levied for general governmental services, exclusive of payments of principal and interest on general obligation long-term debt, has been established at \$1.00 per \$100 of assessed valuation. A practical limitation on taxes levied for debt service of \$1.50 per \$100 of assessed valuation is established by referring to the State Statute and City Charter limitations.

Assuming the maximum tax rate for debt service of \$1.50 on January 1, 2002 and assessed valuation of \$50,759,651 at 95% collection, tax revenues of \$723,325 would be produced. This revenue could service the debt on \$7,101,605 issued as 8% - 20 year serial bonds with level debt service payments.

(1) 1% City sales tax levied effective January 1, 1968. This tax is collected and remitted to the City by the State Comptroller.

### ELECTRIC FUND

Distribution --

- 2,360 miles primary overhead distribution lines (12KV)
  - 3,172 miles secondary overhead distribution lines (12KV)
  - 2,284 miles primary underground distribution lines (12KV)
  - 2,233 miles secondary underground distribution lines (12KV)
    - 35 miles transmission lines (69KV)
    - 297 miles transmission lines (138KV)
    - 269 miles transmission lines (345KV) (counting 50% of jointly owned lines with LCRA)

### WATER AND WASTEWATER FUND

Source of supply -- 150 mile long network of lakes created along the Colorado River by six dams with a combined storage capacity in excess of 3,300,000 acre-feet of water.

Water treatment plants	3	
Rated peak daily capacity	260,000,000	gallons
Average daily consumption	119,020,000	gallons
Average daily consumption per capita	155	gallons (based on 2003 service area population)
Water distribution	2,995	miles of mains
	45	booster pump stations
Water connections	184,659	metered services
	27,647	fire hydrants
Wastewater treatment plants	9	(includes 6 package treatment plants)
Combined daily capacity	130,000,000	gallons
Average daily volume	87,165,000	gallons
Collection Sanitary sewer mains	2,311	miles
Connections	169,330	
Lift stations	105

(1) Operating revenue and interest income.

(2) Operating expenses other than interest on debt, depreciation and amortization.

(3) Debt service calculations are done on a cash basis rather than the accrual basis used in preparation of the financial statements.

(4) Revenue bond coverage is equal to net revenue available for debt service divided by total principal and interest payments made during each fiscal year. Coverage includes prior, subordinate, and separate lien bonds only.

Hike and bike trails

(1) All years are estimates from the City's Department of Development and Review based on full purpose area as of December 31. Census years are modified to conform to U.S. Bureau of the Census data. Estimates for 1985 were revised in 1990 based on the 1990 census. Number of employees per 1,000 population is based on projected population of 674,382.

(2) U.S. Bureau of the Census official estimates as of July 31, except for census years; 2000 data available April 2001.

(3) Represents civilian and sworn employees.

(4) Due to the conversion to a new records management system, total arrests for 2003 are not comparable to prior years. Total arrests reported in prior years are based on the highest offense in a police report. Total arrests in 2003 represent the total number of arrests for all offenses on a police report.
