

Youth Career Fest FAQ

What is Youth Career Fest?

Youth Career Fest (YCF) is a public event that seeks to inform students grades 8-12 about potential career paths by facilitating conversations between students and professionals from a variety of fields. At YCF, students can explore new career fields, and learn the steps required to work in different industries.

What is the cost?

This is a free event. We only require schools to provide for their student transportation to and from the Palmer Events Center.

What kind of organizations can students expect to see?

Over the years, a variety of vendors throughout Austin have attended Youth Career Fest. These include tech companies, government employers, hospitals, engineering firms and more. This past year there were over 140 local employers and higher education representatives who attended. This year we intend to reach out to even more vendors that we believe will spark the interest of Austin's youth.
