Certificate of City Council Action

State of Texas §  
County of Travis §

I, the undersigned City Clerk of the City of Austin, Texas (the "City"), do hereby execute and deliver this certificate for the benefit of the Real Property Records of Travis County, Texas, and all persons interested in the proceedings of the City Council of the City of Austin, Texas (the "City Council") and the validity thereof, and do certify as follows:

1. That I am the duly chosen, qualified and acting City Clerk of the City; that as such I am familiar with the facts herein certified; and that I am duly, authorized to execute and deliver this certificate.

2. The City Council convened in Regular Session on 28 February 2008 at the regular meeting place thereof, and the roll was called of the duly constituted City Council and all of said persons were present, thus constituting a quorum. Whereupon, among other business, the following was transacted at said meeting: The public hearing was closed and Ordinance No. 20080228-113 was introduced for the consideration of the City. It was then duly, moved and seconded that Ordinance No. 20080228-113 be adopted with amendments; and, after due discussion, said motion, carrying with it the adoption of Ordinance No. 2008228-113, prevailed and carried by the vote of:

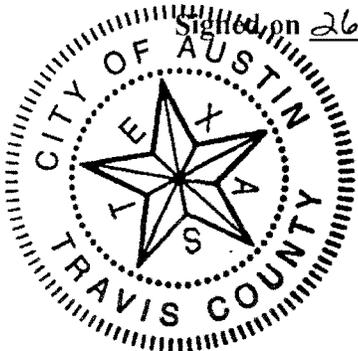

7 Ayes  
0 Nays  
0 Abstentions.

3. That a true and complete copy of Ordinance No. 20080228-113 adopted at the meeting is attached to and precedes this certificate. In addition Ordinance No. 20080228-113 amends Ordinance No. 990114-G which is filed for record in Document No. 1999157295, Official Public Records of Travis County, Texas, corrected in Document No. 2000078958, Official Public Records of Travis County, Texas, modified by Ordinance No. 010802-089 which is filed for record in Document No. 2002204815, Official Public Records of Travis County, Texas and further modified by Ordinance No. 030731-049 which is filed for record in Document No. 2003189506, Official Public Records of Travis County, Texas and further modified by Ordinance No. 20050407-060 which is filed for record in Document No. 2005075165, Official Public Records of Travis County (collectively referred to as the Plan);

4. That Ordinance No. 20080228-113 has been duly and lawfully adopted by the City Council and will be duly recorded in the minutes of the City Council for such meeting.

5. That a sufficient written notice of the date, hour, place and subject of this meeting was posted on a bulletin board located at a place convenient to the public at the City Hall of the City, and was readily accessible to the general public at all times for at least 72 hours preceding the scheduled time of the meeting, as required by the Open Meetings Act, Vernon's Texas Civil Statutes, Government Code, Chapter 551, as amended; and that this meeting was open to the public as required by law at all times; and that pursuant to the Open Meetings Act, Vernon's Texas Civil Statutes, Government Code, Chapter 551, as amended, the public hearing was closed for discussion and consideration of and for formal action on Ordinance No. 20080228-113.

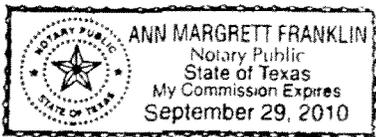

Signed on 26<sup>th</sup> August 2008.

Section 3-0 CRP Illustrative Design Plan:

A. 2. c. Parking Garages for E. 12<sup>th</sup> Street:

Remove current language in its entirety and replace with following:

1. Requirements for Parking Garages on East 12<sup>th</sup> Street:

- i. All property owners that front both E. 12<sup>th</sup> Street and a side street must use the side street for the ingress/egress of the parking structure, unless determined by the City's Watershed Protection and Development and Review Department, or its successor, to be infeasible.
- ii. For structures of two (2) stories but less than 30' in height, such structures must have complete shielding on the rear side of the structure and the adjacent rear-most fifty percent (50%) of the side walls adjoining such rear wall. Lights shall not be directed nor shall any light splash towards any rear adjacent properties. Overnight parking is limited to residents and their overnight guests.
- iii. For structures of two (2) stories but less than 30' in height, such structures must have 75% of ground floor front footage which fronts E. 12<sup>th</sup> Street must be a pedestrian oriented use. There is a 15' depth requirement for all pedestrian oriented spaces. In the event that ingress/egress fronts such public street, the amount of footage taken up by ingress/egress must be rotated around building so that 75% requirement is met.

*Example is a 100' by 100' garage at corner of Waller and E. 12<sup>th</sup> Street. Developer proposes to have ingress/egress facing E. 12<sup>th</sup> Street, which has a 30' width. Developer shall have satisfied this requirement if Developer provides 75' of a total front footage of a pedestrian oriented use, meaning an additional 5' of footage on Waller. Structural pillars only are allowed to decrease the total requirement of 75'.*

- iv. For structures 30' in height or greater, such structures must have complete shielding on the rear side of the structure and the adjacent rear-most fifty percent (50%) of the side walls adjoining such rear wall. Lights shall not be directed nor shall any light splash towards any rear adjacent properties. Overnight parking is limited to residents and their overnight guests.
- v. For structures 30' in height or greater, such structures must have 100% of ground floor front footage which fronts E. 12<sup>th</sup> Street must be a pedestrian oriented use. There is a 15' depth requirement for all pedestrian oriented spaces. In the event that ingress/egress fronts such public street, the amount of footage taken up by ingress/egress must be rotated around building so that the 100% requirement is met.

*Example is a 100' by 100' garage at corner of Waller and E. 12<sup>th</sup> Street. Developer proposes to have ingress/egress facing 12<sup>th</sup> street, which has a 30' width. Developer must provide the 30' pedestrian oriented use on either Waller, the west side facing towards 1-35 or towards the alley, so that there is a total front footage of 100' of a pedestrian oriented use. Structural pillars only are allowed to decrease the total requirement of 100'.*
