Mr. James May Community Development Manager Housing and Planning Department, City of Austin 1100 East 11th Street Austin, Texas 78702

Dear Mr. May,

Thank you for taking the time to review our application for OHDA funding for the Keilbar Lane development located at 1903 & 1905 Keilbar Lane, Austin, TX 78745. This project is located in south Austin, on the corner of Menchaca Lane & Keilbar Lane. While Keilbar itself is a quiet street, the South Menchaca neighborhood is bustling with energy. Families moving to the area are eager to purchase their first homes and raise their children in the surrounding neighborhoods. We are excited to bring some much-needed, for-sale, affordable, family housing to Keilbar Lane.

After purchasing both lots in 2018, our team spent two years learning about the housing needs for families in Austin, and in the South Menchaca neighborhood specifically. Since purchasing the lots for \$410,000, the land value has increased significantly. For example, a very similar property across the street recently sold for over \$1,000,000. We have been eagerly discussing how best to bring true community to housing developments, so much so that one of our project's partners studied housing communities in his Master's program at the University of Texas in 2019 and is excited to bring that understanding to this project. During this period, we also successfully re-zoned both lots from Development Reserve (DR) to SF-6. There are not currently any structures on site, so there are no demolition or relocation needs and the site is ready to build. No funding is being requested for acquisition or predevelopment.

The team we bring to this project is experienced, sophisticated, and excited to break ground. We completed a feasibility study with *Civilitude* and have hired them as our civil engineer. Their team members are truly leaders in affordable housing in Austin. *Mark Odom Studio* is on board as our architect and we are currently interviewing General Contractors with experience in affordable housing construction. Our team has many years of experience building multifamily projects in Austin. Our financing will be provided by *Prosperity Bank or American Bank*, both longtime partners of our team and local lenders familiar with the Austin market. We have also engaged *HomeBase* to assist with the sales of the project and will be partnering with a management company to oversee the condo owners' association.

Thank you for considering this project for OHDA funding, we look forward to partnering with the City of Austin on this development and others to come.

Sincerely,

Michael Winningham & Jordan Scott Principals 1905 Keilbar LLC

A.1 Executive Summary & Project Proposal

- 1. Describe the proposed homeowner population, income levels, and services, if any, to be provided to or made available to residents
 - The community we envision for 1903 & 1905 Keilbar is welcoming, family-oriented, safe, and one the residents are proud to call home. We intend to build a small neighborhood of attached, aesthetically modern, townhomes that will provide a sense of pride, community, and stability for the families living there. As land and home costs continue to rapidly outpace income growth in the Austin area, we feel it is important to prioritize affordable communities for working families.
 - We propose selling 12 of these homes for approximately \$198,000 to families earning an average of 65-80% of the Median Family Income. Our sales price for these 12 units aligns with the current pricing model under Affordability Unlocked which allows for a lower sales price than typical models based on MFI. The sales price is subject to adjustments if the Affordability Unlocked pricing model changes. We propose selling the other 11 units for \$232,000 to families earning 70-80% MFI. These homes are not subject to Affordability Unlocked regulations but will still be affordable to working families.
 - The homes we are proposing will be approximately 1,056 sqft of interior space, and consist of three bedrooms and one and one half bathrooms with an open living area- a comfortable home for a young family. We are currently working with our civil engineer and architect to prepare our site plans and look forward to breaking ground on this project in early 2022. The homes will be built under a unified site plan across both lots, with a condominium regime that will inspire a welcoming neighborhood environment.
 - Due to the for-sale nature of the project, residential programs will not be provided on site but we anticipate neighborly connections to happen naturally without the facilitation of on-site management activities. We will incorporate outdoor seating and gathering areas, space for a garden, room for a barbecue, and parking spaces for every family.

TOTAL Estimated PITI	\$1,407	\$1.584	\$0	\$0	\$0	\$0	Ś	

- 2. Indicate the number of units reserved for Housing Choice Voucher holders:
 - As a 100% for-sale project, no units will be reserved for Housing Choice Voucher holders.

- 3. Indicate the number of units that are or will be made accessible and adaptable for persons with mobility, sight or hearing disabilities:
 - Our project will include 3 accessible units and as per SMART home requirements, all units will comply with Visibility Ordinance (Chapter 5-1 of the City Code, Article 3, Division 2).
- 4. If Applicable, demonstrate the Project's compatibility with current Neighborhood Plan:
 - Keilbar Lane does not have a neighborhood plan in place, however we still intend to be thoughtful regarding our development's effect on the neighboring properties and have already spoken with our neighbors directly adjacent to and across from our property.
- 5. Summarize the key financials of the project, clearly indicating the total project cost, the amount and intended use of AHFC/NHCD funds being requested, and the amount(s) and provider(s) of other funding and the status of those funding commitments.
 - We are requesting \$1,840,000 in Ownership Housing Development Assistance (OHDA) funds to support this project. We request these funds in the form of a deferred forgivable loan. This amount represents 28% of the total development budget of \$6,568,680 and will be leveraged with debt financing and owner equity.
 - We are requesting these funds to subsidize the cost of construction during the building phase. We are not requesting any funds for pre-development or acquisition.
 - In addition to OHDA funding, we will also be obtaining construction financing in the amount of \$4,000,000 at an anticipated interest rate of 4.5%.
 - By awarding the funds to this project, the City of Austin will be helping to ensure 23 homes in the popular South Menchaca neighborhood remain affordable for families for 99 years.

6. If the property is occupied by residents at the time of application submission, specify that along with the following additional information: Include details on the type of structures (multi-family or single-family), number and size of units in square feet.

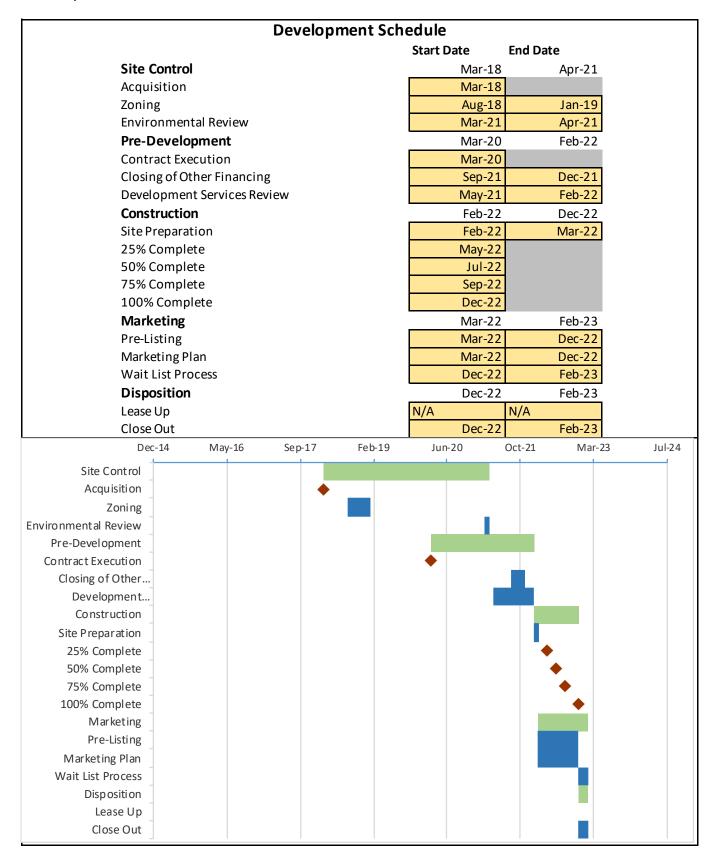

6,568,680

- Not applicable, no current structures on the property
- 7. Indicate whether the project meets the requirements of the City's Vertical Mixed-Use (VMU) Ordinance, or is in a Planned-Unit Development (PUD)or Transit Oriented Development (TOD) or any other City of Austin density bonus program.

- This project is not located in a TOD, PUD, or VMU, however by utilizing the City of Austin's Affordability Unlocked program, we are able to increase our density from 11 units to 23 units. With this increase, we decided to build a 100% affordable project in order to help as many families as we can realize their dream of home ownership.
- 8. Indicate how the project will meet SMART Housing Requirements:
 - Safe A newly constructed project will bring a safer environment to the neighborhood than the
 current use of vacant land. Providing a safe, healthy, community-oriented project will be an
 asset to the South Menchaca neighborhood.
 - Mixed Income Our Keilbar Lane project will provide 23 affordable homes in a neighborhood consisting of primarily market rate, single family homes. This development will allow families to own homes in a neighborhood they otherwise would be unable to afford.
 - Accessible We have utilized the services of an accessibility consultant to insure our project will meet or exceed the accessibility requirements of SMART Housing and the City of Austin.
 - Reasonably Priced 100% of our units will be available for purchase to families earning less than 80% of Median Family Income.
 - Transit-Oriented Keilbar Lane is steps away from a bus stop located at the corner of Keilbar Lane and Menchaca Road.

We received our SMART Housing Certification letter on March 4, 2021. Please see included letter for confirmation. We have submitted for Affordability Unlocked participation and will send verification when we receive confirmation of approval.

15 Year Rental Housing Operating Pro Forma (RHDA)

The proforma should be based on the operating income and expense information for the base year (first year of stabilized occupancy using today's best estimates of market rents, restricted rents, rental income and expenses), and principal and interest debt service. The Department uses an annual growth rate of 2% for income and 3% for expenses. Written explanation for any deviations from these growth rates or for assumptions other than straight-line growth made during the proforma period should be attached to this exhibit.

Michael Winningham- Developer's Experience

Michael Winningham is a design-build professional working in Austin, Texas for close to 20 years. Initially, he began working under the tutelage of Branson Fuestes of Pilgrim Building in 2003, working as a lead carpenter and project manager. Many of these projects were featured in local publications and shown on the AIA homes tours. From there, in 2008, Michael founded RubyAnne Designs with the intent of bringing mindful design to the middle class of Austin through remodeling, new construction and Pre Fab housing. RubyAnne Designs facilitates a turn key service of design, development, permitting, and construction. The goal is always the same: to create sustainable, time tested homes with an emphasis on architectural detail and scope efficiency. Since Michael is involved with his projects at all stages, he is well-positioned to use his expertise to guide the Keilbar team through this project.

M. Jordan Scott: Developer's Experience

Completed Ground-Up Development Projects:

2805 Hubbard Circle, 78746
1632 S. 1st Street, 78704
Single Family Office/Retail

Completed Value-Add Development Projects:

•	6700 Troll Haven, 78746	Single Family
•	7006 Guadalupe Street, 78752	Single Family
•	7004 Guadalupe Street, 78752	Duplex
•	2408 Berkett Street, 78745	Duplex
•	3615 Leafield Drive, 78749	Duplex
•	800 Sirocco Drive	Duplex
•	7305 - 7307 Oak Meadow Drive, 78736	Multi-family
•	912 Red River Street, 78701 (Mohawk Austin)	Music Venue
•	1307 E. 4th Street	Office
•	1309 E. 4th Street	Retail

Ground-Up Development Projects:

1632 S. 1st Street (2014-2018)

Completed a ground-up development of a mixed use office/retail building in a difficult-to-develop "urban-infill" lot on South 1st Street. At the time it was the first new build in that part of South First in over a decade. Of note, this was the first lot on the block to comply with Austin's "Great Streets" program requiring significant planning and discussion with the city for ADA compliance for the sidewalk design compatibility and connection with legacy sidewalks.

2805 Hubbard Circle (2009-11)

Completed a ground-up development of a single family home. Worked with world-renown architect Michael Hsu and the Muskin Company to build a 5,000 square foot residence. Notably the project earned a 5-star rating from Austin Energy's Green Building Program.

Remodel:

6700 Troll Haven, 78746 (2019)

Completed a floor up interior remodel of a single-family home including plumbing, HVAC, lighting, painting, kitchen cabinetry, etc.

7006 Guadalupe (2019)

Completed interior remodel of single-family property including kitchen & bath remodel as well as interior finish out.

7004 Guadalupe (2019)

Completed interior remodel of duplex property including kitchen & bath remodel as well as interior finish out.

1309 E. 4th Street (2017-18)

Completed interior and exterior remodel of single family home to transition to retail use. Included interior remodel of flooring bathroom, kitchen, plumbing and HVAC and required change of occupancy permit process with City of Austin.

2408 Berkett (2016)

Completed interior remodel of duplex property including kitchen & bath remodel as well as interior finish out. Significant plumbing rebuild on this property.

1307 E. 4th Street (2015)

Competed interior and exterior remodel of single family home to transition to office use. Included remodeling interior flooring, bathroom, kitchen, plumbing, and HVAC

800 Sirocco (2015)

Completed interior remodel of duplex property including kitchen & bath remodel as well as interior finish out.

7305-7307 Oak Meadow Drive, 78736 (2013-15)

Completed interior remodel of multi-family property including kitchen & bath remodel as well as interior finish out.

3615 Leafield Drive (2012)

Completed interior remodel of duplex property including kitchen & bath remodel as well as interior finish out.

912 Red River Street (2006-07)

Major interior and exterior remodel of historic music venue. Completed construction of viewing deck addition as well as complete interior & exterior remodel of bar, kitchen, and bathroom spaces, along with significant upgrading of MEP systems to bring building in-line with code.

1.b - Certificate of Status

RE: 1905 Keilbar, LLC File Number: 802981328

It has been our pleasure to file the certificate of formation and issue the enclosed certificate of filing evidencing the existence of the newly created domestic limited liability company (llc).

Unless exempted, the entity formed is subject to state tax laws, including franchise tax laws. Shortly, the Comptroller of Public Accounts will be contacting the entity at its registered office for information that will assist the Comptroller in setting up the franchise tax account for the entity. Information about franchise tax, and contact information for the Comptroller's office, is available on their web site at http://window.state.tx.us/taxinfo/franchise/index.html.

The entity formed does not file annual reports with the Secretary of State. Documents will be filed with the Secretary of State if the entity needs to amend one of the provisions in its certificate of formation. It is important for the entity to continuously maintain a registered agent and office in Texas. Failure to maintain an agent or office or file a change to the information in Texas may result in the involuntary termination of the entity.

If we can be of further service at any time, please let us know.

Sincerely,

Corporations Section Business & Public Filings Division (512) 463-5555

1.c- Statement of Confidence

This is not applicable to this project since both principals' development experience is in Austin, Texas.

OHDA Funding Application

Keilbar Lane

Principal Information

Project Team - We have engaged the following experienced team to oversee the development project, mitigate the project's risk, and ensure its timely completion:

- Principal: Michael Winningham- Owner, RubyAnne Designs and 1905 Keilbar, LLC
 - Since 2008, Michael has designed and built sustainable, well-constructed homes with an emphasis on architectural detail and scope efficiency. With over a decade of experience building and renovating homes in Austin, Michael is excited to bring his knowledge and his team into the affordable housing community.
- Principal: Jordan Scott- President, 512 Asset Management and 1905 Keilbar, LLC
 - Jordan has spent the last 15 years investing in and developing unique spaces in Austin. From family residences, to creative office buildings, to music venues, Jordan's vast experience has prepared him well to build affordable homes for families who love Austin as much as he does.
 - Jordan also serves as president of the Reissa Foundation, a family foundation focused on supporting at-risk children and families. With a focus on affordable housing, the Reissa Foundation partners with local organizations such as Foundation Communities and Lifeworks to help their clients thrive.
- Head of Operations: Megan Etz, 512 Asset Management and JLCC Interests, LLC
 - Born and raised in Austin, Megan manages residential real estate for 512 Asset Management and oversees all redevelopment projects, renovations, marketing, and property management for the company's multi-family portfolio.
- Civil Engineer: Civilitude
- Architect: Mark Odom Studio
- General Contractor: TBD (currently interviewing)
- Market Analysis Advisor: David Bain, Keller Williams
- Buyer Certification/Education: Homebase (nonprofit)
- Debt Financing: Prosperity Bank / American Bank
- · Accounting: Gelfand, Rennert & Feldman, LLP
- Legal: Selman, Munson & Lerner, P.C.

MICHAEL WINNINGHAM

PRINCIPAL, 1905 Keilbar, LLC and RubyAnne Designs
512 -567-2638 michaelwinningham@gmail.com www.rubyannedesigns.com

Profile

Michael has been in Austin TX for over 20 years, and began building high quality, sustainable homes in 2009. As the Owner of both 1905 Keilbar and RubyAnne Designs, Mr Winningham has acted as Developer, Designer, General Contractor and overseen all aspects of construction, placing his focus on project efficiency, sustainable design, affordability, as well as architectural detail.

Selection of Projects

DEVELOPER, GENERAL CONTRACTOR, DESIGNER, 4620 AND 4622 MARLO DR. AUSTIN TX –

As Developer, General Contractor and Designer, Michael re-platted the above properties, designed, and built residences in this unique pocket near Mueller. The property was vacant when purchased, and due to its large size, provided a great opportunity for some much needed urban infill. The design was modeled after the historic shotgun style housing of the south and speaks to the vernacular architecture of pre 1960's housing in Texas and Louisiana. It also features updated interior design with vaulted living areas, an attached screened in porch, and a custom kitchen. The project was very successful on all fronts and now houses two young families who were able to affordably move in to the Austin market. Total project duration was 1 year from the point of land acquisition.

DEVELOPER, GENERAL CONTRACTOR AND DESIGNER 2106 PENNSYLVANIA AVE , AUSTIN, TX

The Pennsylvania Avenue project was a great example of how a single firm can be a good steward of development for land owners in need of full services. Mr. Winningham chose to design two separate structures on this rather large lot on a hill striking the right balance of infill as well as privacy for each resident. Working with the City of Austin Development Services, he navigated the improvements of water, waste water, and electricity needed to satisfy the overall design. Michael worked directly with the Owner to oversee all aspects of the project after the land acquisition. Both residences take advantage of height, providing beautiful views of downtown Austin and Ladybird Lake. Additionally, an emphasis was placed on outdoor living with large decks, screened in porches and more to make each home expand while not having to build more conditioned square footage. This was another project guided in development, design, permitting, and construction by Mr. Winningham.

DEVELOPER, GENERAL CONTRACTOR, DESIGNER 3706 E 12TH STREET AUSTIN TX

The 12th Street Project was also in need of full development after the Owners acquired the vacant lot on their own. No utilities existed on this land, and Michael worked with the City of Austin to bring in the proper water, waste water, electricity, and flatwork to the site. Additionally, on the development side, there were disputes on the property lines that needed to be resolved which was handled successfully and without legal burden. After establishing clear boundaries, a beautiful single family residence was constructed featuring an open floor plan, clearstory windows, and large form-poured cement wall accenting the entrance to this artist residence. Michael handled every aspect of development, design, permitting, and construction after the land was acquired by the Owners.

American Society of Civil Engineers Mr. Ho brings over ten years of versatile experience from different areas of architectural design, civil and structural engineering, Revit modeling and production drafting. His integrated civil and structural knowledge ranges from stormwater management system, wet utilities, sports running track to retaining structures, buildings spatial arrangement and site integration. His land development experience includes site feasibility studies, zoning change, subdivisions, and commercial site plans. He has cultivated relationship and reputation with review staff, especially at City of Austin, for effective and responsible design. His indepth expertise includes utilities, innovative water quality management and site plan accelerated permitting. Mr. Ho had successfully delivered several Fasttrack and general permit in record timing.

2017 Pedestrian, Bikeway, and Urban Trail Rotation List - City of Austin - Austin, TX Project Field Engineer providing design instructions for contractor. In charge of general permitting. Oversaw field survey, soil testing and drainage design of complex projects that required water quality raingarden in the public right-of-way.

Greenwater Redevelopment - Trammel Crow - Austin, Texas

Project Manager designing utility infrastructure to serve the redevelopment of the former Green Water Treatment Plant. Responsible for producing water, wastewater and chilled water construction documents and obtaining development permits with Austin Water Utility and Austin Energy on an accelerated timeline. Performed coordination with other entities to avoid conflicts with a congested downtown underground utility network while existing in harmony with the aboveground Great Streets elements.

CARTS East Bus Plaza - CARTS - Austin, Texas

Project Manager coordinating TxDOT and City of Austin East 5th Street realignment and Shady Lane improvements to serve a new bus plaza. In charge of site design and Conditional Use Permitting with Planning Commission. Assisting with cost sharing partnership with Capmetro, CTRMA and CMTA.

Edison Riverside Apartments - Presidium - Austin, Texas

Project Manager leading site permit, license agree and providing construction documents and permitting for utility infrastructure design for 353 unit residential apartments, leasing office and resident amenities.

Libertad - Vecino Group - Austin, Texas

Project Principal managing the comprehesive project execution to pursue tax credit funding which included zoning, neighborhood plan amendment, subdivision plat, and TDHCA design package. Oversaw site design and permitting.

Colony Park Masterplan – Urban Design Group – Austin, Texas

Project Manager in charge of preliminary utility plan, Service Extension Request, design and permitting of phase 1 infrastructures. Working closely with the urban planner to provide utility placement for multiple street cross sections to allow narrow urban street width.

Zilker Studios - Foundation Communities - Austin, Texas

Project Principal overseeing project site design and permitting timeline to ensure meeting tax credit funding milestones and obligations. Resolved major issues related to corridor program approval, heirtage trees, right-of-way dedication, regional storm and water quality fee-in-lieu agreement.

Woodbridge Subdivision - Polis Properties - Austin, Texas

Project Manager for subdivision construction documents and permitting for public street, utility, and stormwater infrastructure design for 9 lot subdivision in Austin. Design included over 800 LF of 8" water and wastewater lines. The development will provide 18 duplex housing units in East Austin close to downtown.

Lopez Tower - GNDC - Austin, TX

Project Principal resolving major issues related to Affordability Unlocked, Alley vacation, fire protection, transportation waivers for site permit approval. Provided technical support to GNDC during public hearings, right-of-way negotiation, historic review and HUD funding application.

m(ødm) strives to balance one's seemingly chaotic environment with the calculated rules of proportion and function. "continuously looking for a balanced orchestra between the controlled elegance of simplicity and energy of the site" We welcome client relationships and dialogue during all phases of development, for a true collaboration between owner and studio. With the belief that every project generates its own set of specifics, our approach is free of preconceived ideas, with every response a thoughtful reference to client, budget, and site. The studio pursues likeminded clientele who are willing to place a value on exploration. We continuously seek a balanced consideration of the client's needs, materials, site amenities, kinetics of environment, social consciousness, and budget requirements. Through the assemblage of form, space, material, and light we hope to leave our clientele with an unexpected representation of themselves that excites the senses for years to come.

Professional Experience

Austin Habitat for Humanity | HomeBase Texas

August 2013 - Present

Chief Program Officer

Feb 2020 - Present

Austin, TX – Promoted from previous position to manage three additional teams, broadly covering volunteer and community engagement/advocacy. Responsible for five programs within two distinct organizations (Habitat & HomeBase). Active member of senior leadership team determining overall organizational direction & priorities.

VP of Client Services Nov 2015 – Feb 2020

Manage three separate programs: New Construction, HomeBase, and Housing Counseling. Develop and implement policies and processes for all programs, including implementing novel resale restrictions to ensure permanent affordability of all homes sold. Oversee the departmental budget and ensure that all programs meet important deadlines and performance metrics. Licensed MLO #1436154.

Government Grants Manager

May 2015 - Nov 2015

Manage the identification of and application for all governmental funding sources. Responsible for post-award reporting and compliance at the federal, state, and local levels. Oversaw a grants portfolio in excess of \$2,000,000, including over \$750,000 in new money generated in less than 6 months.

Community Engagement Manager

January 2015 - May 2015

Worked with families, volunteers, and partners of various backgrounds to engage existing neighborhoods with service providers in the community.

Lending Coordinator

August 2013 – January 2015

Led the complete overhaul and modernization of all aspects of program delivery including loan servicing and client database. Set agency policies on family selection, resales, shared equity, and underwriting. Integral part of a team that educated hundreds of families, underwrote their loans, and set up all funding sources on a per-client basis.

Board Director – Austin Christian Church

August 2014 – February 2021

Austin, TX - Helped oversee the expansion to a second location. Responsible for setting staffing compensation policies and levels, managing a \$750k+ budget, and serving as an integral part of the establishment of our successful second location at the Zach Scott Theatre.

Board Director – Evolve Austin

April 2017 - February 2021

Austin, TX – Advocate for the implementation of the Imagine Austin comprehensive plan through the CodeNEXT/Land Development Code rewrite process. Serve on the 501(c)(3) and 501(c)(4) boards.

Project Coordinator – Diana McIver & Associates

January 2012 - August 2013

Austin, TX - Worked on affordable rental developments across Texas, utilizing Low Income Housing Tax Credits, HUD 202/811 grants, HOME funds, and conventional funding. Completed complex grant packages. Extensive work with HUD, TDHCA, and HACA.

Policy Researcher – Greater Austin Chamber of Commerce

September 2010 - May 2011

Austin, TX - (Internship) Research position focusing on policy impacts at the local, state and federal levels.

Wayne Gerami

7003 Frontera Trail • Austin, TX 78741

512.436.3690 • wayne.gerami@gmail.com

Site Supervisor – HOPE worldwide Gulf Coast

June 2010 - August 2010

New Orleans, LA - (Contract job) Responsible for hiring & training 8 full-time and 26 short-term AmeriCorps and all day-to-day operations at a summer day camp for children of low-income families in New Orleans.

Home Repair Assistant (AmeriCorps) - Austin Habitat for Humanity

August 2007 - July 2009

Austin, TX - Completed 30 home repair projects for low-income families in Austin. Managed over 1,500 volunteers on construction sites with an excellent safety record.

Manager – First American Mortgage

August 2002 - June 2007

Milford, MA – As a high school and college student, rose to a position of leadership in the sales department of a multi-million dollar mortgage company. Excellent sales, customer service, management and interpersonal skills. Ability to achieve results in a difficult environment. Perhaps the most valuable job I've had for learning/growing.

EXPERIENCE

2020-Present

Austin Habitat for Humanity/HomeBase Texas

Austin, TX

Program Manager

- Perform project reviews and "on demand" assistance to optimize program outcomes and project deliverables
- Coordinate with developers, construction teams, and clients to ensure completion of all tasks according to established timelines, serving as primary point of contact for buyers throughout the building cycle, attending regular on-site meetings with construction/development teams
- Work with clients including potential homebuyers, loan applicants, community partners, and lenders while ensuring compliance related to various local and federal government programs
- Qualify and cultivate potential opportunities with key clients and outside entities to develop innovative and comprehensive solutions
- Develop content and ongoing updates to manage the program's website and support the program's social media engagement.

2014 - 2019

Senior Program Coordinator

- Managed many aspects of HomeBase's affordable housing program, including oversight of the client intake process, assisting more than 100 families through the homebuyer qualification process, and oversight of a 61unit condominium project and a 21-unit townhome renovation project
- Negotiated, reviewed, and executed 50+ contracts with clients for affordable homes while working within the local government compliance requirements
- Worked with the Director of Grants and Contracts to assist with the hosting of regular financial literacy events for the public and secured \$10,000 in grant funding

2011 - 2013

ReStore Operations Manager

- Directed all back-office operations for the ReStore including vendor relations, maintaining an inventory of more than \$1,450,000 in purchased and donated materials, and reconciling more than 3,000 transactions permonth
- Negotiated non-profit discounts on purchased materials with a variety of local and national vendors, including an agreement with a paint supply vendor that facilitated a 70% profit margin and a higher return on investment
- Led the implementation of an automated solution for donation pickup scheduling, saving nearly \$20,000 per year

2019 - 2020**Business & Community Lenders of Texas/Texas Community Builders** Austin, TX

Real Estate Specialist

- Managed a \$2.5MM Real Estate portfolio including both remote and direct property management, sales transactions and asset management
- Performed analysis of current market and property conditions to implement a rent increase thereby raising rent revenue by 25% for FY2020
- Provided direct support to the Director of Community Development, securing necessary architects, civil engineers and general contractors for upcoming development projects across the state of Texas
- Implemented a Property Management software solution to decrease vacancy rates to less than 9% and increase revenue

44

Principal Operations Consultant

- Provided comprehensive operations and financial consulting to software and IT clients across Austin, including
 cash flow management and reconciliation, coaching for employee transitions and staff development, and creation
 of job descriptions and candidate search procedures for recruiting
- Assisted a start-up software client with the creation and execution of a financial plan in preparation for a successful
 acquisition, including planning for structuring cash flows, development of a comprehensive business plan, and an
 in-depth audit to ensure they were acquisition-ready

2005 – 2009 IBM, Inc./BuildForge, Inc.

Austin, TX

Finance Integration Lead & Client Program Manager

- Oversaw the integration of BuildForge into IBM's operation following its acquisition in 2006, with responsibility
 for providing documentation necessary to support the transition of client contracts and ensuring legacy
 employees became fully immersed into IBM's culture and training processes
- Organized a break-out session during a 1,500-attendee conference, bringing together major stakeholders to provide clients with additional software functionality within one of IBM's products, resulting in a solution that retained an endangered \$750,000 contract at little cost to IBM

Re: Proposed development at 1903 + 1905 Keilbar St Austin, Texas 78745

Dear Mr. May:

This letter is to inform you that I have examined the project financials for the above-mentioned development, and I am prepared to recommend the approval of a construction loan to finance the project.

Construction financing to build 23 +/- SFR unit development, will be subject to the following conditions:

- Bank review and approval of construction budget, plans, and builder, including information necessary for full underwriting approval.
- Satisfactory title policy, loan documentation, survey, and appraisal.
- Final satisfactory credit underwriting
- Final approval from Loan Committee

If you have any additional questions, please feel free to contact me at 512-329-7702.

Thank you,

Dena Vandigriff

Austin, TX, 78746

May 4, 2021

Mr. James May, AICP Community Development Manager, City of Austin Housing and Planning Department 1000 East 11th Street Austin, TX 78702

Dear Mr. May,

This letter is to confirm 512 Asset Management, LLC's commitment to participating in the development of 1903 & 1905 Keilbar Lane as an equity partner. We understand that the Limited Liability Company, 1905 Keilbar Lane, LLC, will be developing approximately .97 acres of land with 23 attached, affordable, homes that will be marketed to families with target sales prices ranging from \$198,000 to \$232,000 per home.

512 Asset Management, LLC is a single family office and an active investor in real estate projects in Austin, Texas. We are eager to participate in this development project as a Limited Partner and are prepared to provide up to \$2,000,000 in equity financing. This offer is based on the following assumptions:

- i. Construction loan in the amount of approximately \$4,000,000
- ii. Gap funding commitment in the amount of \$1,840,000 from City of Austin

While the exact terms of our investment will be negotiated once the construction loan and City of Austin funding are confirmed, 512 Asset Management, LLC is committed to providing the remaining funding needed to complete the project.

Please contact me with any questions at (512) 656-3142.

Best regards,

M. Jordan Scott President

512 Asset Management, LLC

Keilbar Lane

Project Information

4.a Market Analysis

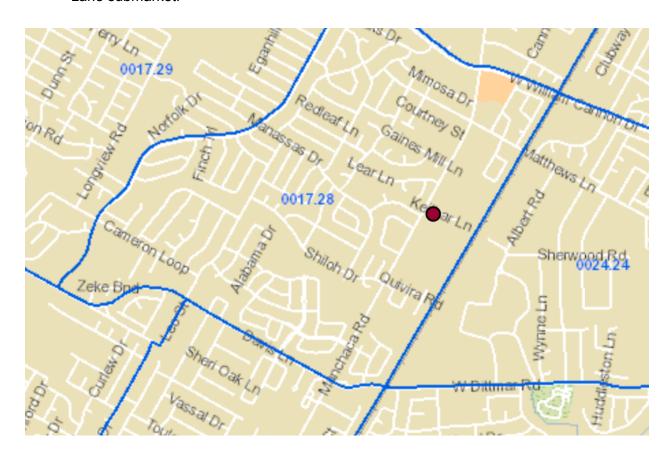

The Austin metro area is experiencing an urgent need for affordable housing, and the South Menchaca neighborhood is no exception. This project will bring 23 affordable homes to the neighborhood, providing 23 families, earning under 80% of the median family income (MFI), the opportunity to own their own home for the first time. At the time of this analysis, many homes in the area are selling before they even reach the market, and those that are listed on the MLS encite a bidding war and sell for well over the asking price. This makes it highly unlikely that a young family is able to purchase a home unless there is an affordable product available to them. We expect all of our homes to sell quickly and will be working with Austin Habitat's Homebase, to identify and qualify the homebuyers.

- i. Evaluate general demographic, economic, and housing conditions including:
- a. Target Population and Area Demographic Makeup: The target population of the Keilbar Lane development is young families and first time homebuyers earning under 80% MFI. According to Neighborhood Scout, the Menchaca Lane neighborhood has the following characteristics:
 - Median household income: \$79,904
 - 63.3% of the population is under 45 years of age
 - Over 25% of residents are parents with children
 - 56% of residents work in retail, service, office, and manual labor jobs
 - Gender: 52.8% female and 47.2% male
 - Race & ethnic diversity: 59.3% white, 29.4% latinx, 3.6% black, 7.8% other. This neighborhood is more diverse than 77% of neighborhoods in the US.
 - b. Overall Economic Conditions and Trends:
 - Median home value in the Menchaca Rd neighborhood is \$382,155. This is more expensive than 88.4% of neighborhoods in Texas. The average rental price in this neighborhood is currently \$2,143, higher than 92.5% of the neighborhoods in Texas. However, as noted above, the median household income is only \$79,904 which could quickly lead to displacement of long-time residents if more affordable housing options are not made available soon.
 - Only 7.8% of home values currently fall in our target sale price range of \$133,000-\$267,000
 - In the last 5 years, home values in the neighborhood have appreciated 43.61%, making the area significantly less affordable for lower income families since the average household income has only increased by 2.9%. The population within 3 miles of our project has increased 11.3% resulting in 12,000 more families needing safe, affordable housing in the immediate area.

- c. General Housing Conditions and Trends in the Community
 - The Menchaca Rd neighborhood is described by NeighborhoodScout as: "This is an urban neighborhood (based on population density) located in Austin, Texas. This neighborhood's real estate is primarily made up of medium sized (three or four bedroom) to small (studio to two bedroom) single-family homes and townhomes. Most of the residential real estate is occupied by a mixture of owners and renters. Many of the residences in this neighborhood are established but not old, having been built between 1970 and 1999. A number of residences were also built between 2000 and the present. Home and apartment vacancy rates are 7.8% in this neighborhood. NeighborhoodScout analysis shows that this rate is lower than 55.9% of the neighborhoods in the nation, approximately near the middle range for vacancies."

ii. Identify the geographic area:

 1905 and 1903 Keilbar Lane are located in census tract number 484530017.28 in the 78745 zip code of south Austin. Please see attached maps and NeighborhoodScout report for more detail on the geographic area, identified as the Menchaca Lane / Davis Lane submarket.

iii. Quantify the pool of eligible tenants:

- According to the Austin Strategic Housing Plan from 2017, housing supply in Austin must increase by at least 15,000 units each year for the next 10 years. Of these unitis, at least 25% of them must be affordable for households earning 80% or less of the MFI. In the shorter term, at least 60,000 units are needed by 2025 to reach the plan's goal.
- This project will bring 23 units of affordable housing to households earning under 80% MFI, thus doing our part to help meet the Strategic Housing Plan's goal to better house Austin residents. We do not anticipate any issues identifying eligible buyers for the units due to waitlists that Austin Habitat and other community organizations maintain for affordable, for-sale, housing units.

iv. Analyze the competition:

 The majority of new, for sale, affordable housing projects are being developed east of I-35 and/or north of Lady Bird Lake. To our knowledge, there are not currently any other similar projects being built in the South Menchaca neighborhood, or the surrounding neighborhoods.

v. Assess the market demand:

• In 2017, the Austin Strategic Housing Blueprint identified a need for an additional 60,000 affordable homes in Austin for families earning under 80% MFI. In our City Council district, District 5, there is a goal of creating 4,473 new affordable homes by 2027. We are eager to contribute to the neighborhood to help our district exceed that goal.

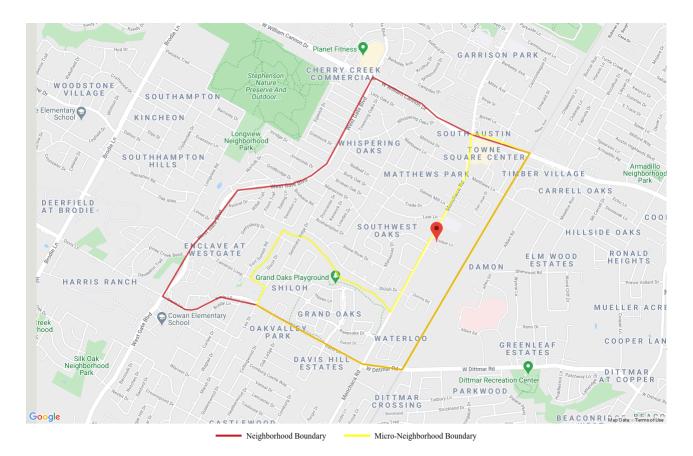

vi. Evaluate the effective demand and the capture rate:

• 23 affordable units / 4473 needed units in District 5 = .51%

vii. Estimate the absorption period:

Once construction is underway, we will begin working with community partners to identify
and qualify potential homebuyers earning under 80% MFI. We have been advised that
there are waitlists for housing products like ours, so we anticipate they will sell very
quickly. Beginning 4 months from completion, we anticipate selling 4 units per month and
that all units will be sold within 2 months of the project completion. To reduce the
displacement risk of current neighborhood residents, we will advise our partners to
prioritize current neighbors if possible.

ABOUT THE 1905 KEILBAR LN NEIGHBORHOOD

Real Estate Prices and Overview

This neighborhood's median real estate price is \$382,155, which is more expensive than 88.4% of the neighborhoods in

Texas and 73.5% of the neighborhoods in the U.S.

The average rental price in this neighborhood is currently \$2,143, based on NeighborhoodScout's exclusive analysis.

The average rental cost in this neighborhood is higher than 92.5% of the neighborhoods in Texas.

This is an urban neighborhood (based on population density) located in Austin, Texas.

This neighborhood's real estate is primarily made up of medium sized (three or four bedroom) to small (studio to two

bedroom) single-family homes and townhomes. Most of the residential real estate is occupied by a mixture of owners

and renters. Many of the residences in this neighborhood are established but not old, having been built between 1970

and 1999. A number of residences were also built between 2000 and the present.

Home and apartment vacancy rates are 7.8% in this neighborhood. NeighborhoodScout analysis shows that this rate is

lower than 55.9% of the neighborhoods in the nation, approximately near the middle range for vacancies.

Notable & Unique Neighborhood Characteristics

The way a neighborhood looks and feels when you walk or drive around it, from its setting, its buildings, and its

flavor, can make all the difference. This neighborhood has some really cool things about the way it looks and feels as

revealed by NeighborhoodScout's exclusive research. This might include anything from the housing stock to the types

of households living here to how people get around.

Notable & Unique: People

In a nation where 1 out of every 4 children lives in poverty, the Manchaca Rd / Davis Ln neighborhood stands out as

being ranked among the lowest 0.0% of neighborhoods affected by this global issue.

In addition, with more than 2.0% of residents living with a same sex partner, Manchaca Rd / Davis Ln is truly a

neighborhood that stands out from the rest in this regard. In fact, exclusive analysis by NeighborhoodScout reveals that

this neighborhood has a greater concentration of same sex couples than 96.9% of U.S. neighborhoods.

Notable & Unique: Diversity

Did you know that the Manchaca Rd / Davis Ln neighborhood has more British ancestry people living in it than nearly

any neighborhood in America? It's true! In fact, 2.7% of this neighborhood's residents have British ancestry.

86

Report date: Tuesday, February 16, 2021

The Neighbors

The Neighbors: Income

How wealthy a neighborhood is, from very wealthy, to middle income, to low income is very formative with regard to

the personality and character of a neighborhood. Equally important is the rate of people, particularly children, who live

below the federal poverty line. In some wealthy gated communities, the areas immediately surrounding can have high

rates of childhood poverty, which indicates other social issues. NeighborhoodScout's analysis reveals both aspects of

income and poverty for this neighborhood.

The neighbors in the Manchaca Rd / Davis Ln neighborhood in Austin are upper-middle income, making it an above

average income neighborhood. NeighborhoodScout's exclusive analysis reveals that this neighborhood has a higher

income than 76.1% of the neighborhoods in America. In addition, 0.0% of the children seventeen and under living in

this neighborhood are living below the federal poverty line, which is a lower rate of childhood poverty than is found in

100.0% of America's neighborhoods.

The Neighbors: Occupations

What we choose to do for a living reflects who we are. Each neighborhood has a different mix of occupations

represented, and together these tell you about the neighborhood and help you understand if this neighborhood may fit

your lifestyle.

In the Manchaca Rd / Davis Ln neighborhood, 45.1% of the working population is employed in executive, management,

and professional occupations. The second most important occupational group in this neighborhood is sales and service

jobs, from major sales accounts, to working in fast food restaurants, with 29.1% of the residents employed. Other

residents here are employed in manufacturing and laborer occupations (13.7%), and 12.1% in clerical, assistant, and

tech support occupations.

The Neighbors: Languages

The most common language spoken in the Manchaca Rd / Davis Ln neighborhood is English, spoken by 88.0% of

households. Some people also speak Spanish (9.9%).

The Neighbors: Ethnicity / Ancestry

Boston's Beacon Hill blue-blood streets, Brooklyn's Orthodox Jewish enclaves, Los Angeles' Persian neighborhoods.

Each has its own culture derived primarily from the ancestries and culture of the residents who call these

neighborhoods home. Likewise, each neighborhood in America has its own culture - some more unique than others

- based on lifestyle, occupations, the types of households - and importantly - on the ethnicities and ancestries of

the people who live in the neighborhood. Understanding where people came from, who their grandparents or great-

grandparents were, can help you understand how a neighborhood is today.

City of Austin Good Neighbor Checklist

The Neighborhood Housing and Community Development Office (NHCD) offers a Good Neighbor Policy to standardize process and identify expectations for all projects funded through the City of Austin's Rental Housing Development Assistance (RHDA) and Acquisition and Development (A&D) programs. Applicants of these programs are required to prepare and begin implementing a community engagement plan, including neighborhood notification activities. The community engagement plan is required whether the application is for funding for new construction or renovation of an existing building, regardless of whether there is a change in ownership.

A successful community engagement plan leads to open, ongoing two-way communication between developers and neighbors. This requires good-faith efforts and cooperation by developers, City officials and residents. A positive, open dialogue between housing developers and neighbors can prevent misunderstandings, facilitate prompt resolution of any inadvertent misunderstandings, and provide a fair, thoughtful, dependable means of resolving differences.

The following checklist of items is required of all applicants for funding:

(1) Preliminary Research

Review the Neighborhood Plan (if applicable)

(2) Neighborhood Notification

Notify property owners within at least 500 feet of the site and registered neighborhood organizations with boundaries included in the proposed development site, using a written notice, letter or flyer.

(3) Pre-Application Engagement

Contact neighborhood organizations to provide current information about the project, including any neighborhood association whose boundaries are included in the proposed development site and Neighborhood Planning Contact Team (if applicable). (see full City of Austin Good Neighbor Guidelines for more detailed information on what kind of information may be appropriate to share)

Appoint a Single-Point-of-Contact (SPOC) to serve as the liaison for exchanging information.

(4) Application requirements

Provide communications plan

Provide documentation showing the content of the notice, and proof of delivery

Provide signed copy of this checklist.

I have reviewed and completed all of the above checklist items required by the City of Austin's Good Neighbor Guidelines.

Megan Etz 04/26/2021

Signed printed name date

4.b Good Neighbor Policy 1903 & 1905 Keilbar Lane, Austin, TX 78745

Contact:

Michael Winningham- Principal 512-567-2638 michaelwinningham@gmail.com

Zoning:

Both properties were successfully rezoned in 2018/2019 from Development Reserve (DR) to SF-6. Neighbors were notified in writing before both rezoning hearings (see attached rezoning notices). No further zoning changes will be requested for this project.

Communications Plan:

In addition to the rezoning notices sent in 2018, we have sent an introductory letter (see attached) to the following neighborhood organizations registered with City of Austin:

- South Austin Neighborhood Alliance
- Go Austin Vamos Austin 78745
- Save our Springs Alliance
- Homeless Neighborhood Association
- Austin Neighborhoods Council

This introductory letter identified Michael Winningham as the point of contact and provided his phone number and email address, should they be interested in reaching out to him with questions. We have already had conversations with our neighbors directly next door and across the street from our site. As the project progresses, we will continue to regularly communicate with the neighbors and neighborhood organizations.

School Engagement

We are eager to engage with the students in the Construction Technology program at Crockett High School. We are excited to invite the students to a site visit once the project is underway and are open to supporting other needs the program may have.

March 18, 2021

Hello Neighbors and Neighborhood Organizations,

My name is Michael Winningham and I own the properties at 1905 and 1903 Keilbar Lane, roughly 5 blocks South of William Cannon, off of Menchaca Road. I am excited to bring quality housing to the neighborhood as part of a new, future development project. I have spent the last decade designing and constructing beautiful, sustainable homes in Austin and I look forward to playing a role in this vibrant and beautiful area of Austin!

Sincerely,

Michael Winningham

NOTICE OF PUBLIC HEARING FOR REZONING

Mailing Date: 09/07/2018 Case Number: C14-2018-0089

Este aviso le informa de una audiencia pública tratando de un cambio de zonificación dentro de una distancia de 500 pies de su propiedad. Si usted desea recibir información en español, por favor llame al (512) 974-3531.

The City of Austin has sent this letter to inform you that we have received an application for rezoning of a property. We are notifying you because City Ordinance requires that all property owners within 500 feet, residents who have a City utility account address within 500 feet, and registered environmental or neighborhood organizations whose declared boundaries are within 500 feet be notified when the City receives an application.

Project Location:	1905 Keilbar Lane
Owner/Applicant:	1905 Keilbar LLC, Michael Winningham, (512) 567-2638

Proposed Zoning Change:

From: DR – Development Reserve district is intended to prevent isolated, inappropriate, or premature uses from locating on lands for which adequate public services and facilities are unavailable, or for which a determination of the most appropriate zoning district is precluded by a lack of data customarily utilized in establishment of permanent district classifications, or for which land use and urban development policies have not been completed.

To: SF-6 – Townhouse and Condominium Residence district is intended as an area for moderate density single family, duplex, two family, townhouse, and condominium use, without the spacing and locational requirements for townhouses and condominiums that apply in SF-5. This district is appropriate for areas in which unusually large lots predominate with access to other than minor residential streets, and in selected areas where a transition from single-family to multifamily use is appropriate.

This application is scheduled to be heard by the **Zoning and Platting Commission** on **September 18**, **2018.** The meeting will be held at City Hall Council Chambers, 301 West 2nd Street beginning at **6:00** p.m.

This application is scheduled to be heard by the **City Council** on **November 1, 2018** at City Hall Council Chambers, 301 West 2nd Street beginning at **2:00 p.m**.

You can find more information on this application by inserting the case number at the following Web site: https://www.austintexas.gov/devreview/a_queryfolder_permits.jsp. If you have any questions concerning the zoning change application please contact, Wendy Rhoades of the Planning and Zoning Department at 512-974-7719 or via email at, wendy.rhoades@austintexas.gov, and refer to the Case Number at the top right of this notice. The case manager's office is located at One Texas Center, 5th Floor, 505 Barton Springs Road, Austin, Texas. You may examine the file at One Texas Center between the hours of 7:45 a.m. and 4:45 p.m., Monday through Friday.

For additional information on the City of Austin's land development process, please visit our web site at: www.austintexas.gov/planning.

NOTICE OF FILING OF APPLICATION FOR REZONING

Este Aviso le informa de una audiencia publica tratando de un cambio de zonificación dentro de una distancia de 500 pies de su propiedad. Si usted desea recibir información en español, por favor llame al (512) 974-3531.

Mailing Date: November 16, 2018

The City of Austin has sent this letter to inform you that we have received an application for rezoning of a property that requires approval by a Land Use Commission and final approval by the City Council. We are notifying you because City Ordinance requires that all property owners within 500 feet, residents who have a City utility account address within 500 feet, and registered environmental or neighborhood organizations whose declared boundaries are within 500 feet be notified when the City receives an application. The Commission may not take action on this application until a public hearing is held. You will receive a separate notice of the public hearing once it has been scheduled, which will provide the date, time and location of the public hearing. Below you will find information regarding the application.

Project Location:	1903 Keilbar Lane
Owner:	1905 Keilbar LLC, Michael Winningham, (512) 567-2638
Applicant	1905 Keilbar LLC, Michael Winningham, (512) 567-2638

Housing and Planning Department S.M.A.R.T. Housing Program

March 4, 2021

S.M.A.R.T. Housing Certification 1905 Keilbar LLC 3310 Westhill Drive, Austin, Texas, 78704 (ID 781)

TO WHOM IT MAY CONCERN:

1905 Keilbar LLC (development contact Michael Winningham; ph: 512-567-2638; email michaelwinningham@gmail.com) is planning to develop Keilbar, a **22-unit** condo ownership development at 1903 and 1905 Keilbar, Austin TX 78745. **The project will be subject to a minimum 1-year affordability period after issuance of a certificate of occupancy, unless funding or other program affordability requirements are longer. Maximum sale prices for the affordable units will be published annually by the Housing and Planning Department.**

The Housing and Planning Department (HPD) certifies the proposed project meets the S.M.A.R.T. Housing standards at the pre-submittal stage. Since 50% (11) of the units will serve households at or below 80% MFI, the development will be eligible for 100% waiver of fees listed in Land Development Code, Chapter 25-1-704, as amended or other fees waived under a separate ordinance except for Austin Water Utility (AWU) Capital Recovery Fees. This development is not fully in accordance with the requirements under the Texas Local Government Code, Chapter 395.16(g) and 42 U.S.C. Section 12745 (A)(1) as it relates to how housing qualifies as affordable housing and therefore will not be eligible to receive Austin Water Utility Capital Recovery Fee (CRF) waivers. The expected fee waivers include, but are not limited to, the following fees:

AWU Capital Recovery Fees

Building Permit Site Plan Review Construction Inspection Demolition Permit Fee Concrete Permit Electrical Permit Subdivision Plan Review Parkland Dedication Fee (by separate ordinance) Regular Zoning Fee Mechanical Permit Plumbing Permit Zoning Verification Land Status Determination Building Plan Review

Prior to issuance of building permits and starting construction, the developer must:

- ◆ Obtain a signed Conditional Approval from the Austin Energy Green Building Program stating that the plans and specifications for the proposed development meet the criteria for a Green Building Rating. (Contact Austin Energy Green Building: 512-482-5300 or greenbuilding@austinenergy.com).
- Submit plans demonstrating compliance with the required accessibility or visitability standards.

Before a Certificate of Occupancy will be granted, the development must:

- Pass a final inspection and obtain a signed Final Approval from the Green Building Program. (Separate from any other inspections required by the City of Austin or Austin Energy).
- Pass a final inspection to certify that the required accessibility or visitability standards have been met.

♦ An administrative hold will be placed on the building permit, until the following items have been completed: 1) the number of affordable units have been finalized and evidenced through a sealed letter from project architect and/or engineer, 2) a Restrictive Covenant stating the affordability requirements and terms has been filed for record at the Travis County Clerk Office.

The applicant must demonstrate compliance with S.M.A.R.T. Housing standards after the certificate of occupancy has been issued or repay the City of Austin, in full, the fees waived for this S.M.A.R.T. Housing certification.

Please contact Alex Radtke by phone 512.974.2108 or by email at alex.radtke@austintexas.gov if you need additional information.

Sincerely,

Sandra Harkins

5.b- Property Maps

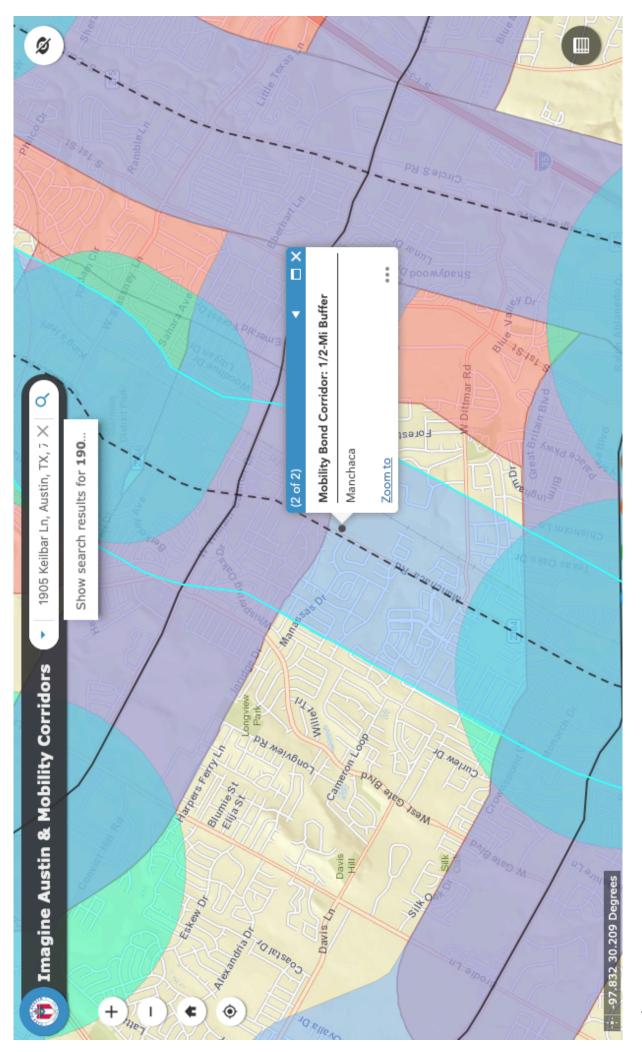

The following maps are included in this application:

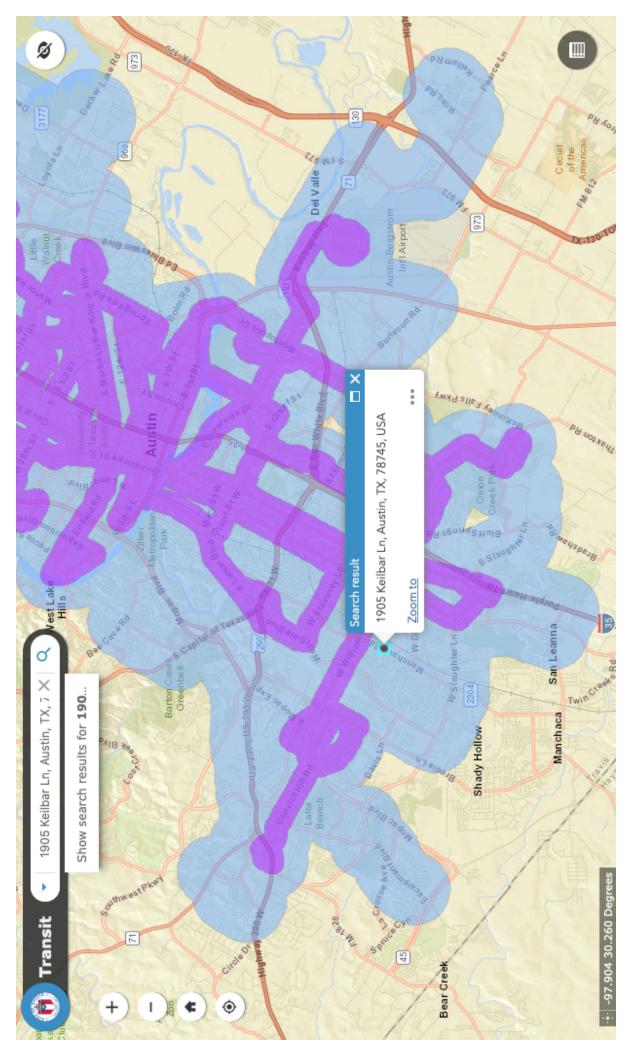

- Census District and Census Tract
- Emerging Opportunity Values
- Gentrification Values
- Imagine Austin & Mobility Corridors
- High Frequency Transit
- Healthy Food
- Elementary School Attendance Zone
- Flood Plain

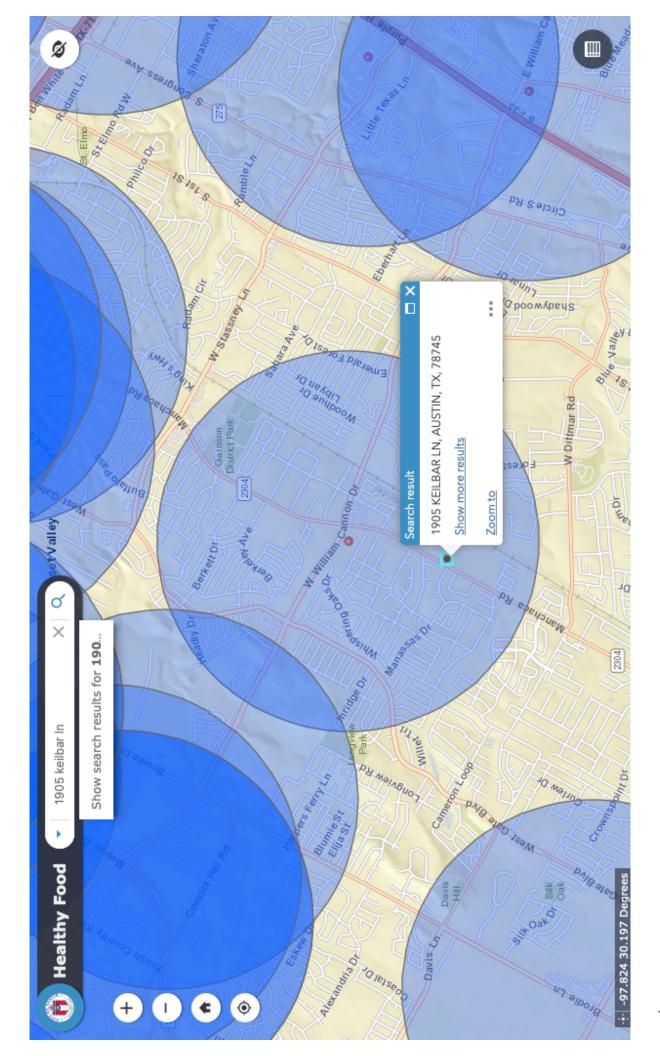

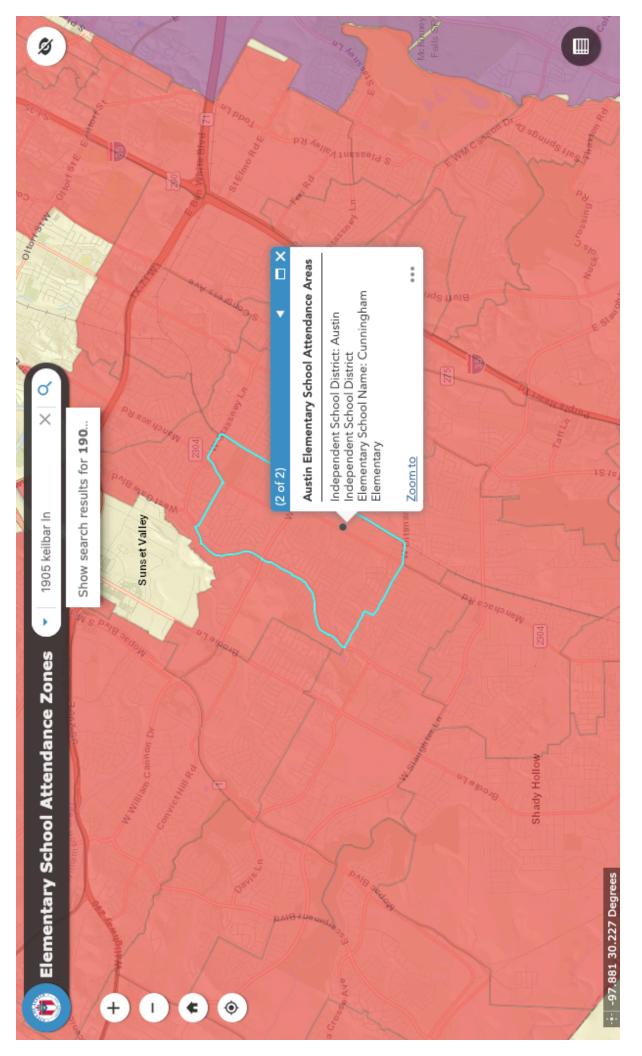

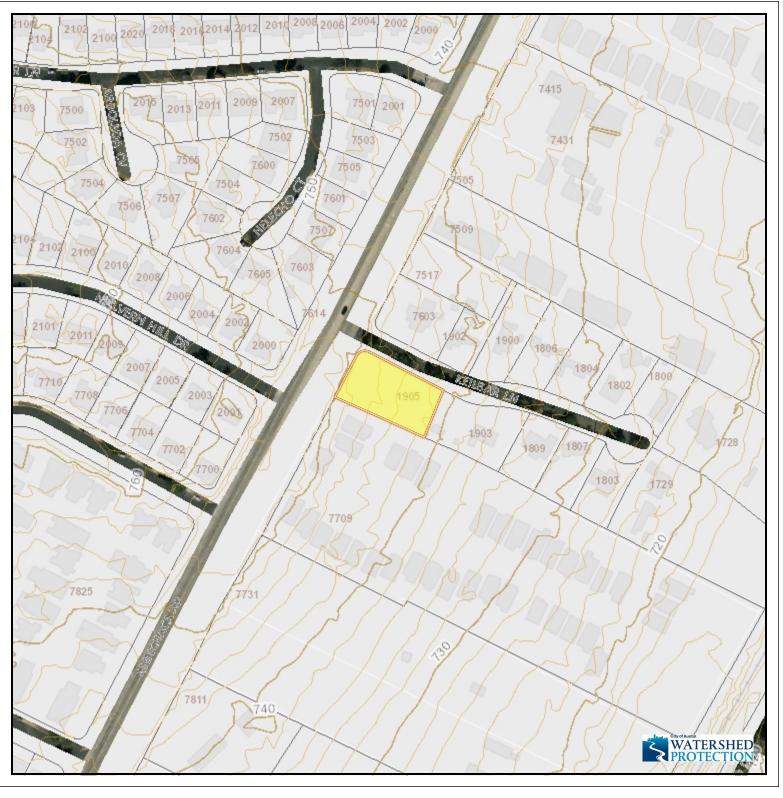

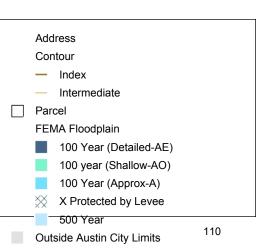

FEMA Floodplains

The City of Austin Watershed Protection Department produced this product for informationalpurposes. It is not intended for or suitable for legal, engineering, or surveying purposes. It does not represent an on-the-ground survey and represents only the approximate relative locations of property boundaries. No warranty is made by the City of Austin regarding specific accuracy or completeness. Final determination of the floodplain status for a property must be based on a topographic survey by a Texas registered professional. For regulatory purposes, 100-Year floodplain elevations must be determined from an engineering model created in accordance with the Drainage Criteria Manual and approved by the City of Austin.
