Attachment 1 - Project Narrative

A brief narrative overview of the proposed development. Specify the TDHCA Target Population, whether Supportive Housing, elderly, or general.

Attachment 1 – Project Narrative

Anderson Creek is a proposed 108-unit new construction development to be located at 1701 East Anderson Lane, Austin. The project will be financed with 9% tax credits and will be 100% income-restricted housing. The development is intended to serve the general population and the unit mix will include 1BR/1BA units, 2BR/2BA units and 3BR/2BA units.

Of the 108 units, 11 will be set aside for households earning 30% or less of the median income, 76 will be set aside for households earning 50% or less of the median income, and the remaining 21 units will be set aside for households at or below 80% of the area median income. Of the 108 units, 6 will be accessible to persons with mobility impairments and 3 will be accessible for those with visual or hearing impairments. We are also proposing 5 continuum of care units, but we would be willing to set aside additional units if that is the desire of the City.

Anderson Creek will provide residents with high-quality, modern appliances and finishes, as well as planned activities and many community amenities. The project details such as the architecture, building materials, and final amenities are in the design phase and will be finalized prior to construction.

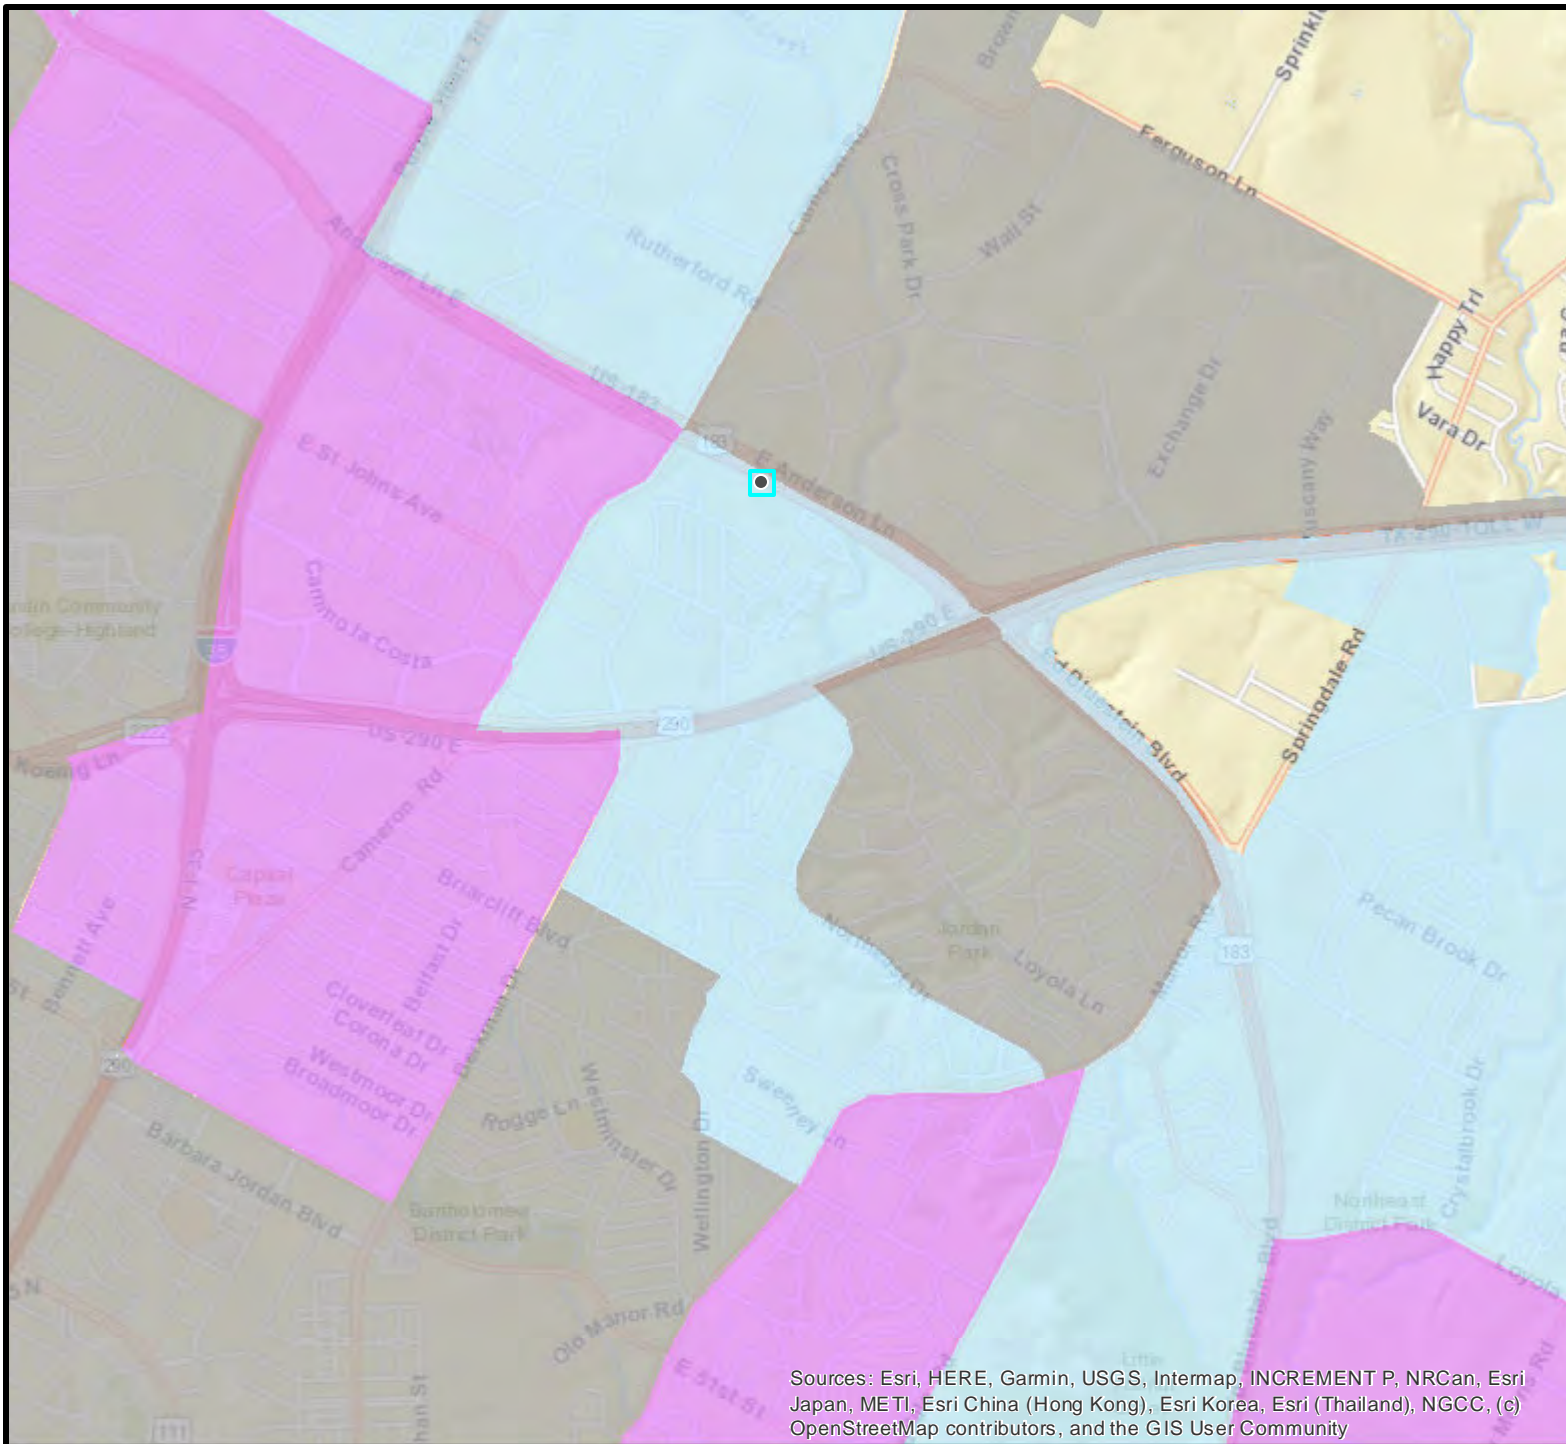

Anderson Creek is conveniently located near recreational centers, medical centers, pharmacies, grocery stores and public transportation. In addition, the project is within ½ mile of an Imagine Austin Corridor, ¼ of a mile of a High-Frequency Transit Stop, and it also has access to Healthy Food (pursuant to the Application Map Series). The proposed development is also located in an area at risk of gentrification (per City of Austin maps attached), which would provide high quality housing to an economically vulnerable population.

The project meets SMART Housing requirements by being affordable with a mix of incomes, containing accessible units, and being located near transit. A SMART application will be submitted on January 9th, 2021 and will be available upon request.

Anderson Creek 2021 9% Concerted Revitalization Plan Resolution Request

CRP Name: St. John/Coronado Hills Combined Neighborhood Plan

Adoption Ordinance: Council Ordinance No. 20120426-100

Date of Ordinance: April 26, 2012

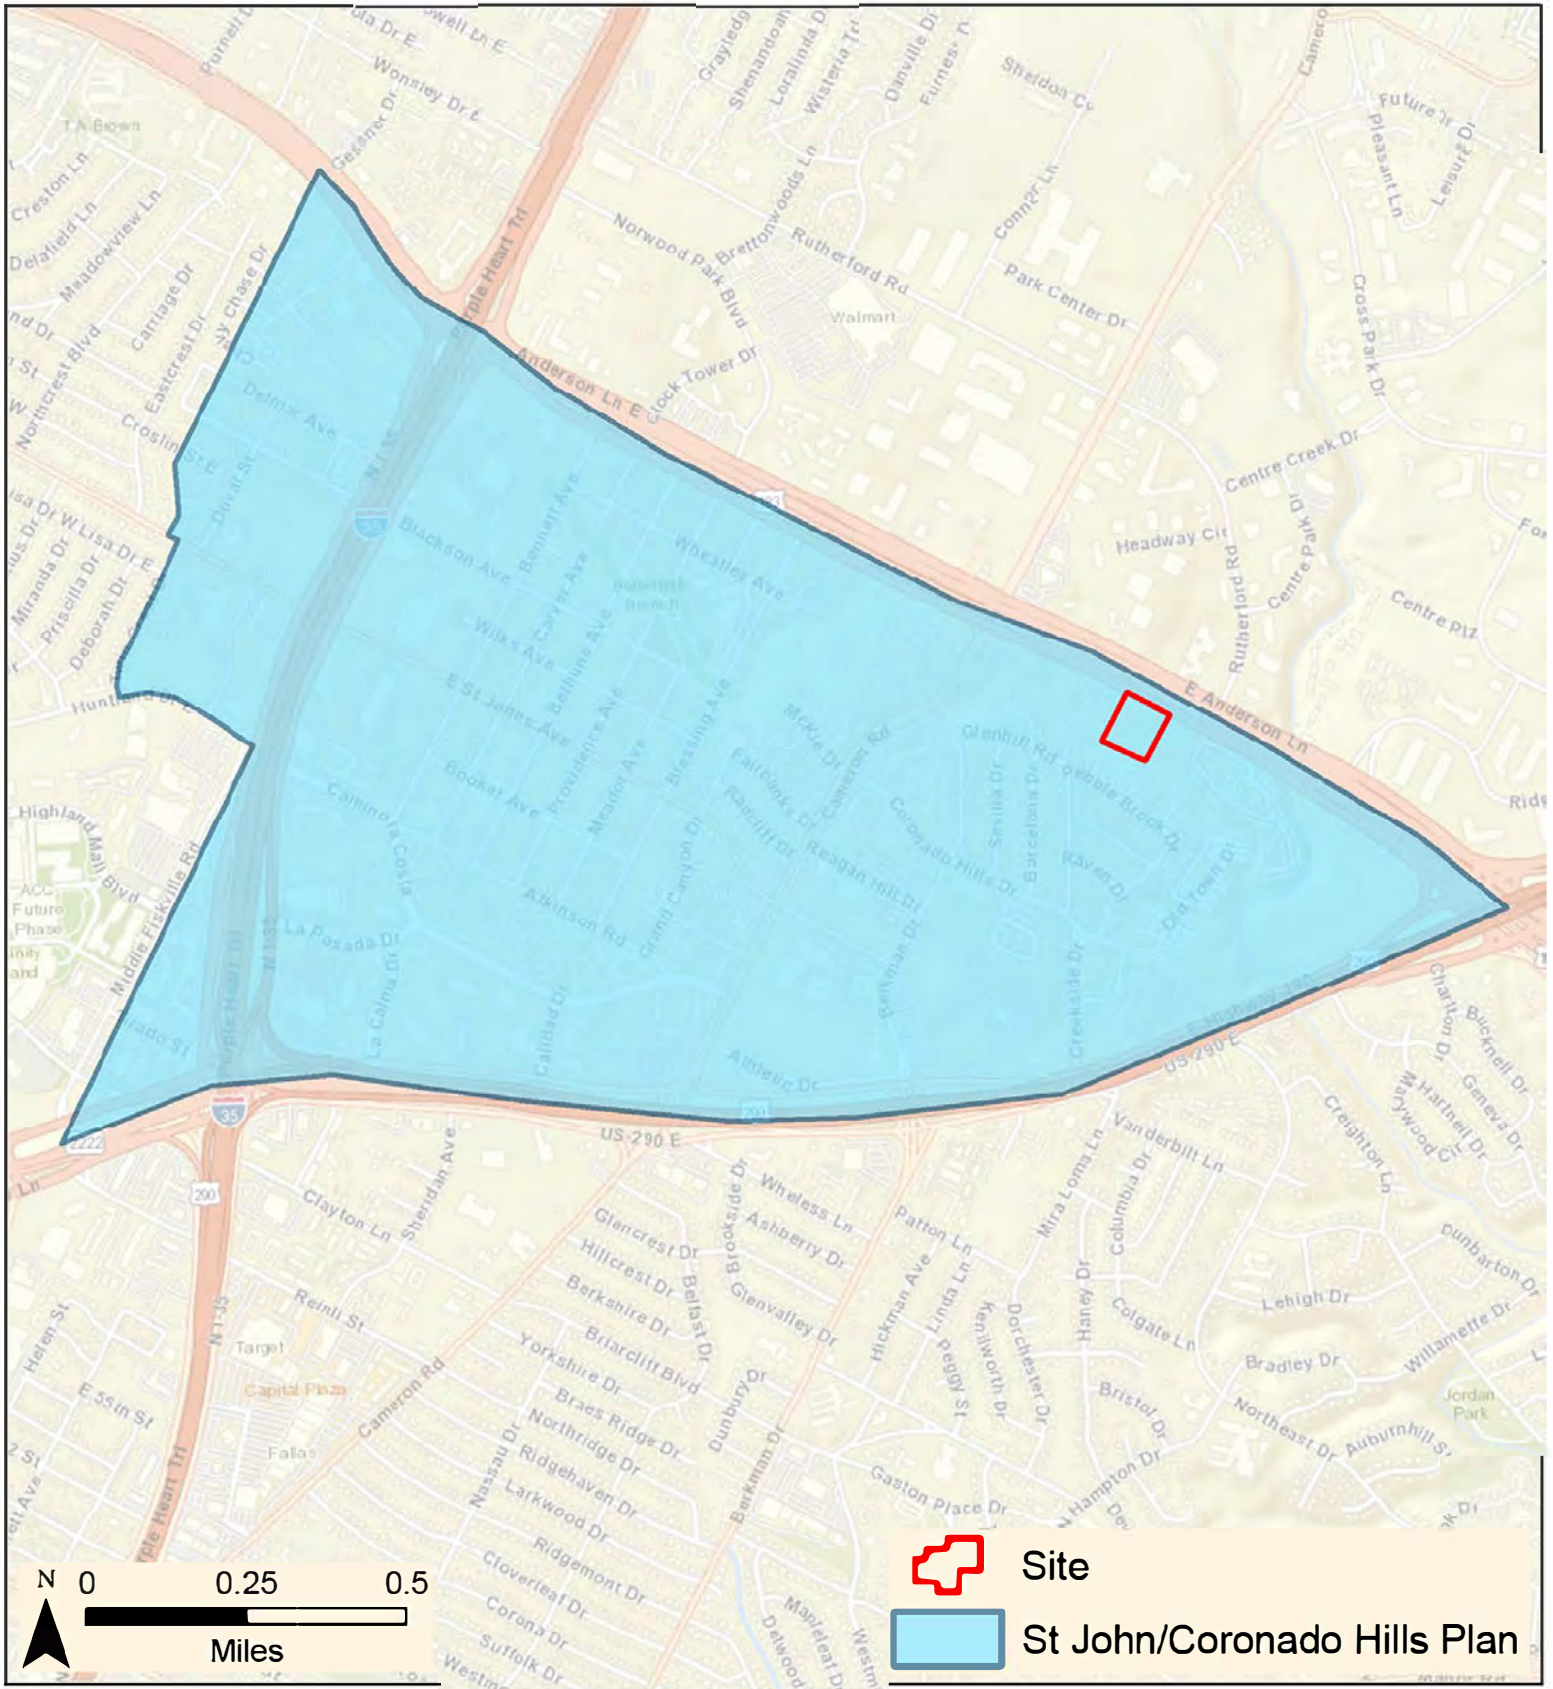

The St. John/Coronado Hills Combined Neighborhood Plan identifies a list of four (4) goals that were established through public outreach efforts that took place over three (3) years with various community stakeholders. The goals correspond directly to eligible problems outlined in TDHCA's 2021 Qualified Allocation Plan (QAP) with focus on improving the following areas:

- Community Life goals and action items address quality of life
- Parks, Trees and the Environment goals and action items address a need for long-term investment
- Transportation goals and action items address a need for long-term investment and economic revitalization, as well as a need for improved quality of life
- Land Use goals and action items address a need for long-term investment and improved quality of life

The CRP area consists of a small group of contiguous neighborhoods with common attributes, in accordance with the 2021 QAP. This input process has resulted in a set of 200+ priority action items that have been organized into an Implementation Tracking Chart by the City of Austin Planning and Development Review Department.

	Complete	Planned or in Progress
Action Items/ Recommendations	63	72

These action items are carried out and funded by a variety of public departments and entities, including Planning and Zoning, Capital Metro, Watershed Protection, Parks and Recreation, Code Compliance, Austin Independent School District, TxDOT, Austin Transportation, Public Works, Development Services, and property owners. As of September 1, 2020, sixty-three (63) projects have been completed and a total of \$1.4 million in Capital Improvement Project funding has been obligated on projects in the Neighborhood Planning Area, which is a clear indication that there is a history of sufficient, documented and committed funding to accomplish the plan's purposes.

ORDINANCE NO. 20120426-100

**AN ORDINANCE AMENDING THE AUSTIN TOMORROW
COMPREHENSIVE PLAN BY ADOPTING THE ST. JOHN/CORONADO HILLS
COMBINED NEIGHBORHOOD PLAN.**

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF AUSTIN:

PART 1. FINDINGS.

- (A) In 1979, the City Council adopted the “Austin Tomorrow Comprehensive Plan.”
- (B) Article X, Section 5 of the City Charter authorizes the City Council to adopt by ordinance additional elements of a comprehensive plan that are necessary or desirable to establish and implement policies for growth, development, and beautification, including neighborhood, community, or area-wide plans.
- (C) In 2009, an initial survey was distributed to residents in the neighborhood planning area, and subsequent meetings were held with the City of Austin neighborhood planning staff and homeowners, renters, business owners, non-profit organizations and non-resident property owners to prepare a neighborhood plan. The St. John/Coronado Hills Combined Neighborhood Plan followed a process first outlined by the Citizens’ Planning Committee in 1995, and refined by the Ad Hoc Neighborhood Planning Committee in 1996. The City Council endorsed this approach for neighborhood planning in a 1997 resolution. This process mandated representation of all of the stakeholders in the neighborhood and required active public outreach. The City Council directed the Planning Commission to consider the plan in a 2006 resolution. During the planning process, the St. John/Coronado Hills Combined Neighborhood Plan planning team gathered information and solicited public input through the following means:
 - (1) collection of existing data;
 - (2) neighborhood inventory;
 - (3) neighborhood survey;
 - (4) neighborhood workshops; and
 - (5) neighborhood open houses.
- (D) The St. John/Coronado Hills Combined Neighborhood Plan recommends action by the neighborhood planning team, the City, and by other agencies to

preserve and improve the neighborhood. The vision statement and goals of the St. John/Coronado Hills Combined Neighborhood Plan are as follows:

(1) Vision Statement

- An improved quality of life in the community.
- Transportation options that allow residents to move easily and efficiently throughout the community.
- Services and amenities that accommodate the diverse needs of St. John/Coronado Hills residents.
- Land use patterns that respect existing neighborhood character.
- Environmental amenities, such as parks and tree canopy, which enhance the beauty of the community and provide recreational opportunities.
- Opportunities for physical recreation through additional parkland and an improved pedestrian and bicycle environment.

(2) Goals

Community Life Goal: Promote a community of involved citizens that strives to achieve a safe, healthy, well-maintained and livable neighborhood for all.

Parks, Trees, and Environment Goal: Increase and enhance recreational opportunities in the St. John/Coronado Hills Combined Neighborhood Plan Area ("SJCHCNPA") by acquiring new parkland, adding amenities to existing parks, creating community gardens, planting trees and protecting the ecological assets of the community.

Transportation Goal: Improve the existing transportation system to provide pedestrians, motorists, transit users, and bicyclists of all ages and physical abilities the opportunity to travel safely and efficiently throughout the SJCHCNPA and to the rest of the City.

Land Use Goal: Promote a land use pattern that benefits everybody in the SJCHCNPA by enhancing neighborhood character, sense of community, pedestrian-friendliness and connectivity to neighborhood-serving amenities.

- (E) The St. John/Coronado Hills Combined Neighborhood Plan goals are further described in the Plan Summary Chapter of the Plan.
- (F) On January 24, 2012, the Planning Commission held a public hearing on the St. John/Coronado Hills Combined Neighborhood Plan, and recommended adoption of the plan by the City Council.
- (G) The St. John/Coronado Hills Combined Neighborhood Plan is appropriate for adoption as an element of the Austin Tomorrow Comprehensive Plan. The St. John/Coronado Hills Combined Neighborhood Plan furthers the City Council's goal of achieving appropriate, compatible development within the area. The St. John/Coronado Hills Combined Neighborhood Plan is necessary and desirable to establish and implement policies for growth, development, and beautification in the area.

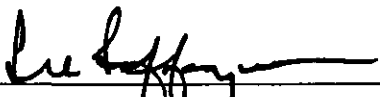

PART 2. ADOPTION AND DIRECTION.

- (A) Chapter 5 of the Austin Tomorrow Comprehensive Plan is amended to add the St. John/Coronado Hills Combined Neighborhood Plan as Section 5-32 of the Comprehensive Plan, as set forth in Exhibit A to this ordinance, which is incorporated as part of this ordinance.
- (B) The city manager shall prepare zoning cases consistent with the land use recommendations in the Plan.
- (C) The city manager shall provide periodic updates to the City Council on the status of the implementation of the St. John/Coronado Hills Combined Neighborhood Plan.
- (D) The specific provisions of the St. John/Coronado Hills Combined Neighborhood Plan take precedence over any conflicting general provision in the Austin Tomorrow Comprehensive Plan.

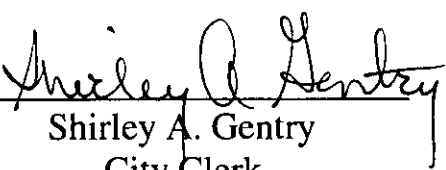

PART 3. EFFECTIVE DATE.

This ordinance takes effect on May 7, 2012.
