

RENTAL HOUSING DEVELOPMENT ASSISTANCE APPLICATION

November 1, 2024

The Wedgewood

11302 Wedgewood Drive

Austin, Texas 78753

Attachment 1 - Project Narrative

BiG Opp Zone LLC (BOZ) is excited to present the Wedgewood Senior Living mixed-use multifamily development on E. Braker Lane and Wedgewood Road in Austin, Texas. This unique Affordable Housing Development covering 11 acres aims to provide affordable living options for seniors while integrating sustainable energy solutions and smart technologies to enhance their quality of life. The project is designed with the principles of Blue Zone characteristics, ensuring a holistic approach to senior living that promotes longevity and well-being.

"You never change things by fighting the existing reality.

To change something, build a new model that makes the existing model obsolete." - Buckminster Fuller

Located on 11 acres zoned GR-MU-V-CO, The Wedgewood Senior Living will be a 217-unit, Class-A, affordable multifamily community for Seniors (55+) individuals and families. This high-end Senior housing community will offer residents an affordable, attractive, comfortable, sustainable energy features, and smart technology engaging living experience designed to enhance quality of life that promotes and encourages activity, interaction, wellness, and convenience.

The Wedgwood is proposed to be a partnership with Austin Housing Finance Corporation, BIG Opp Zone Partners, and its non-profit minority limited partner, BIGAUSTIN. If AHFC were to not partner on this development, the development has other partnerships that it's presently exploring, primarily with The Housing Authority of Travis County (HATC). This is BOZ's first RHDA application for this development. The development initially came in late last year for construction funding but was not funded due to oversubscription in that particular funding cycle.

BOZ purchased the site in total 38 acres, which includes the 11 acre-tract on February 27, 2020. BOZ has already incurred approximately \$2M in predevelopment - architectural and engineering cost and expects to invest an additional \$3.85M for schematic design over the next 6 months.

The Wedgewood site, an 11-acre lush green space, will maximize the use of green infrastructure, such as parks, walkways, and trails, promoting gardening, environmental responsibility, and enhancing the quality of life for residents.

Overall, this project is a worthwhile investment due to its holistic approach, strong partnerships, and focus on community-driven solutions. It aims to create a thriving, inclusive community that addresses the diverse needs of its residents and promotes sustainable development.

The United States is experiencing a significant demographic shift, with the senior population (65 years and older) expected to surpass 80 million by 2040, up from 55.7 million in 2020. This growing population underscores the urgent need for affordable and supportive housing solutions. Currently, there are nearly 22,000 senior living units across the country, but many seniors still face challenges in accessing affordable housing. In 2019, 2.9 million seniors lived in publicly supported housing, and an additional 3.6 million likely qualified for rental assistance but did not receive it.

Finding available affordable units for seniors in Austin, Texas, and across the nation presents significant challenges. Many seniors are on fixed incomes, making it difficult to find housing options that fit their budgets. Some seniors have too much income to qualify for low-income housing but cannot afford market-rate rents. This issue is exacerbated by the rapid growth of the senior population in the Austin-Round Rock Metropolitan Area, which is home to the second-fastest growing population of adults aged 65 and older in the U.S. and the fastest-growing population of pre-seniors aged 55-64. More than 765,000 older Texans are struggling to cover housing costs, with many spending over 30% of their income on housing. This affordability crisis often leads to seniors being priced out of their longtime homes and becoming unhoused.

"The ache for Home Lives in all of us, the safe place where we can go as we are and not be questioned." - Maya Angelo

The inadequacies of available units highlight the importance of incorporating advanced and innovative technologies in multifamily senior housing. The Wedgewood focuses on a new way of developing affordable housing that supports Seniors and families whose income falls below the minimum level necessary for survival, as well as historically marginalized communities. We aim to address the underlying conditions and inequitable systems that affect these individuals and families by providing affordable housing designed to meet the quality of life needs of seniors (55+). This includes health and wellness support, better use of daily life assistance technologies, and education and training in ways to work with social service organizations and businesses in the building that supports the senior community, providing economic opportunities to residents.

As a mixed-income community, the development proposed will offer affordable units to qualifying households as well as some market units. Affordable units will be rent, and income restricted, and on average will be for households earning 60% of the Area Median Income (AMI). And affordable non-profit and business spaces for senior community support.

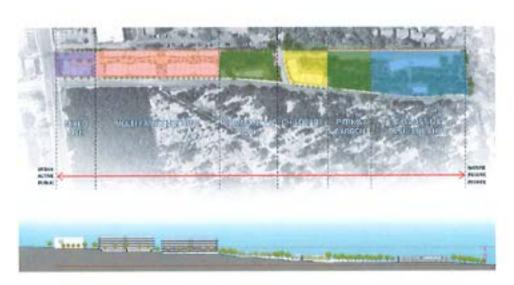

A mix of one- and two-bedroom floor plans will give residents the option to choose the unit type that best fits their individual lifestyle and preferences. With copious amenities, high-end interiors, easy access to Interstate 35, and just 9 minutes from downtown, The Wedgewood is well-positioned to become a model community for premiere Senior mixed-income residential communities in the nation.

The total development cost for The Wedgewood is \$108.5M with soft cost included. The financing structure will include a construction to permanent FHA insured 221(d)(4) mortgage. This structure anticipates the issuance of bonds which will be outstanding during the construction period. The anticipated bond collateral fund will generate bond reinvestment proceeds that will partially offset the bond interest incurred during construction, and which is shown as a source. A bridge loan will also be necessary during construction which will be provided by Texas Growth Fund (TGF). The remaining sources will be tax credit equity, a City of Austin RHDA request and deferred developer fee.

The Wedgewood senior living development will offer a comprehensive range of resident supportive services provided by partners such as BiGAUSTIN. Detailed information on these services can be found in the attached Resident Services and Support section. Key services include:

- legal assistance and crisis intervention,
- various case management services,
- career placement and job training for seniors,
- √ health screening services,
- health and nutritional courses, a wellness center,
- social events and recreation,
- community safety,
- √ self-esteem and problem-solving programs,
- income tax seminars or preparation, and
- √ transportation.

BOZ and Partners, a real estate and business development organization, specializes in mixed-use, age-restricted, faith-based, affordable, garden-style, and urban infill projects, as well as sustainable energy and smart technology initiatives for small businesses. Their mission is to build affordable, beautiful, functional, and sustainable living environments that connect people and places, enhancing the quality of life.

This project is the final component of a three-part comprehensive development of a 38-acre tract in the heart of an Opportunity Zone in Austin, Texas, between Urbana Garden Homes, Aspire at BIGAUSTIN, and The Wedgewood. It will ultimately provide almost 800 units of affordable quality housing in Northeast Austin.

The Wedgewood will be a transformative community in the Tech Ridge area, embodying the guiding principles of affordability, equity, and sustainability.

ATTN: Rental Housing Development Representative Neighborhood Housing and Community Development 1000 East 11th Street Austin, TX 78702

Re: The Wedgewood Affordable Senior Housing Development

Dear Development Representative:

Banc of America Community Development Company, LLC ("BACDC") is excited to be teaming with BiGAUSTIN and BiG Opp Zone LLC ("BOZ Team") on the development of affordable senior housing for Austin residents. The housing project envisioned would be integrated into a cohesive mixed-use development that promotes community and services for the surrounding area. BACDC shares a vision for improved opportunities and housing alternatives for the Austin community, including Austin's rapidly expanding population. We will strive to ensure that we can create the right financial solutions to enable BOZ to create strong neighborhoods and reach its goals.

Bank of America is a leader in the community development industry with the expertise and scope to deliver innovative and full-service solutions. We are proud of the work Bank of America's community development teams have completed to create sustainable and economically integrated communities. Founded in 1992, BACDC is the nation's first, largest and most productive bank-owned real estate development organization among U.S. financial institutions. Dedicated to the revitalization of urban communities, throughout its history BACDC has successfully developed, rehabilitated and/or invested in more than 30,000 affordable and mixed-income housing units within the Bank of America franchise. This includes a variety of housing types and projects that range in scale from \$5MM to \$100MM. Specifically in Texas, BACDC has or is in the process of investing in nearly 3,000 middle-income housing units totaling \$100,000,000 in BACDC equity, including collaboration with multiple public facility corporations across the state.

We are excited about this project and look forward to working with the BOZ Team on this much-needed development.

Sincerely,

Michael Kramer Senior Vice President

Senior Development Manager

Date of this notice: 02-12-2020

Exployer Identification Number: 84-4692891

Form: SS-4

Number of this notice: CP 575 B

BIG OPP ZONE LLC STACY RECOR MER 8000 CENTRE PARK DR STE 200 AUSTIN, TX 78754

For assistance you may call us at: 1-800-829-4933

IF YOU MRITE, ATTACH THE STUB AT THE END OF THIS NOTICE.

WE ASSIGNED YOU AM EMPLOYER IDENTIFICATION NUMBER

Thank you for applying for an Employer Identification Number (EIN). We assigned you EIN 84-4692891. This EIN will identify you, your business accounts, tax returns, and documents, even if you have no employees. Please keep this notice in your personent records.

When filling tax documents, payments, and related correspondence, it is very important that you use your EIN and complete name and address exactly as shown above. Any variation may cause a delay is processing, result in incorrect information in your account, or even cause you to be assigned more than one EIN. If the information is not correct as shown above, please make the correction using the attached tear off stub and return it to us.

Based on the information received from you or your representative, you must file the following form(s) by the date(u) shown.

Form 1065

03/15/2020

If you have questions about the form(s) or the due date(s) shown, you can call us at the phone number or write to us at the address shown at the top of this notice. If you need help in determining your annual accounting period (tax year), see Publication 530, Accounting Periods and Methods.

We assigned you a tax classification based on information obtained from you or your representative. It is not a legal determination of your tax classification, and is not binding on the IRG. If you want a legal determination of your tax classification, you may request a private letter ruling from the IRG under the guidelines in Revenue Procedure 2004-1, 2004-1 I.R.B. I (or superseding Revenue Procedure for the year at issue). Note: Certain tax classification elections can be requested by filing Form 8832, Entity Classification Election. See Form 8832 and its instructions for additional information.

A limited liability company (LLC) may file Form 8032, Entity Classification Election, and elect to be classified as an association taxable as a corporation. If the LLC is eligible to be treated as a corporation that meets cortain tests and it will be electing S corporation status, it must timely file Form 2553, Election by a Samil Business Corporation. The LLC will be treated as a corporation as of the effective date of the S corporation election and does not need to file Form 8832.

To obtain tax forms and publications, including those referenced in this notice, violt our Web site at www.irs.gov. If you do not have access to the Internet, call 1-800-829-3676 (TTY/TED 1-800-829-4059) or visit your local IRS office.

IMPORTANT REMINDERS:

- Keep a copy of this notice in your permanent records. This notice is issued only
 one time and the IRS will not be able to generate a duplicate copy for you. You
 may give a copy of this document to anyone anking for proof of your EIN.
- Use this EIN and your name exactly as they appear at the top of this notice on all your federal tax forms.
- Refer to this RIN on your tax-related correspondence and documents.

If you have questions about your BIN, you can call us at the phone number or write to us at the address shown at the top of this notice. If you write, please tear off the atub at the bottom of this notice and send it along with your letter. If you do not need to write us, do not complete and return the stub.

Your name control associated with this RIN is BIGO. You will need to provide this information, along with your RIN, if you file your returns electronically.

Thank you for your cooperation.

Keep this part for your records.

CP 575 B (Rev. 7-2007)

Return this part with any correspondence so we may identify your account. Please correct any errors in your name or address.

TERM SHEET BY AND BETWEEN

TEXAS GROWTH FUND PROJECT XIX, LP,

a Texas limited partnership ("Lender") AND

BiG OPP Zone, LLC

a Texas limited liability company ("Sponsor")

Dated Effective: October 31, 2024

Lender(s):

TEXAS GROWTH FUND PROJECT XIX, LP, a Texas limited partnership (the "Lender" or "TGF"), is an entity sponsored by TEXAS GROWTH FUND REGIONAL CENTER, LLC, an approved and federally-designated "regional center," authorized to raise capital from foreign investors ("EB-5 Investors") who seek to obtain permanent residency in the United States in accordance with the EB-5 Investor Visa Program of the Immigration and Nationality Act (the "EB-5 Program"). Lender, along with certain other financial institution(s) who may become parties to the transaction via direct assignment or participation, shall together with TEXAS GROWTH FUND PROJECT XIX, LP, comprise the "Lenders". Borrower shall have the right to approve additional Lenders, such approval not to be unreasonably withheld.

Administrative

Agent:

TEXAS GROWTH FUND PARTNERS XIX, LLC, the General Partner of TEXAS GROWTH FUND PROJECT XIX, LP, shall act as administrative agent (the "Agent") on behalf of the Lender or Lenders.

Borrower:

A to-be-determined single purpose entity (the "Borrower") that is the owner of the real property described in Exhibit A (the "Property").

Sponsor:

BiG OPP Zone, LLC, a Texas limited liability company.

Exhibit A

The Property

A vibrant mixed-use affordable development located at the intersection of Wedgewood Drive and East Braker Lane in Austin, focused on multi-generational living with an emphasis upon well-being (the "Project").

NEIGHBORHOOD MAP

REAL ESTATE PRICES & OVERVIEW

This neighborhood's median real estate price is \$458,756, which is more expensive than 78.3% of the neighborhoods in Texas and 62.1% of the neighborhoods in the U.S.

The average rental price in this neighborhood is currently \$1,677, based on NeighborhoodScout's exclusive analysis. Rents here are currently lower in price than 58.6% of Texas neighborhoods.

This is a suburban neighborhood (based on population density) located in Austin, Texas.

This neighborhood's real estate is primarily made up of small (studio to two bedroom) to medium sized (three or four bedroom) single-family homes and apartment complexes/high-rise apartments. Most of the residential real estate is occupied by a mixture of owners and renters. Many of the residences in this neighborhood are established but not old, having been built between 1970 and 1999. A number of residences were also built between 1940 and 1969.

In this neighborhood, the current vacancy rate is 0.7%, which is a lower rate of vacancies than 92.2% of all neighborhoods in the U.S. This means that the housing supply in this neighborhood is very tight compared to the demand for property here.

NOTABLE & UNIQUE NEIGHBORHOOD CHARACTERISTICS

The way a neighborhood looks and feels when you walk or drive around it, from its setting, its buildings, and its flavor, can make all the difference. This neighborhood has some really cool things about the way it looks and feels as revealed by NeighborhoodScout's exclusive research. This might include anything from the housing stock to the types of households living here to how people get around.

People

According to NeighborhoodScout's research, Walnut Forest is better suited for first-time home buyers than 85.0% of neighborhoods in the state. Most homes here are priced below the state's median house value, yet maintain comparably good appreciation rates over the last decade relative to other neighborhoods in Texas. Along with an exclusive multi-metric measure of neighborhood quality developed by NeighborhoodScout that scores high here in this neighborhood, this means that buying into the neighborhood is not only an accessible option but considered a decent first time home buyer choice for building equity in your first home, while being in a quality neighborhood

Diversity

Significantly, 7.2% of its residents five years old and above primarily speak Italian at home. While this may seem like a small percentage, it is higher than 96.2% of the neighborhoods in America.

Migration / Stability

Do you like to be surrounded by people from all over the country or world, with different perspectives and life experiences? Or do you instead prefer to be in a neighborhood where most residents have lived there for a long time, creating a sense of cohesiveness? NeighborhoodScout's analysis reveals that this neighborhood stands out among American neighborhoods for the uniqueness of the mobility of its residents. In the Walnut Forest neighborhood, a greater proportion of the residents living here today did not live here five years ago than is found in 95.3% of U.S. Neighborhoods. This neighborhood, more than almost any other in America, has new residents from other areas.

THE NEIGHBORS

There are two complementary measures for understanding the income of a neighborhood's residents: the average and the extremes. While a neighborhood may be relatively wealthy overall, it is equally important to understand the rate of people - particularly children - who are living at or below the federal poverty line, which is extremely low income. Some neighborhoods with a lower average income may actually have a lower childhood poverty rate than another with a higher average income, and this helps us understand the conditions and character of a neighborhood.

The neighbors in the Walnut Forest neighborhood in Austin are middle-income, making it a moderate income neighborhood. NeighborhoodScout's exclusive analysis reveals that this neighborhood has a higher income than 43.4% of the neighborhoods in America. With 18.8% of the children here below the federal poverty line, this neighborhood has a higher rate of childhood poverty than 66.8% of U.S. neighborhoods.

What we choose to do for a living reflects who we are. Each neighborhood has a different mix of occupations represented, and together these tell you about the neighborhood and help you understand if this neighborhood may fit your lifestyle.

In the Walnut Forest neighborhood, 51.5% of the working population is employed in executive, management, and professional occupations. The second most important occupational group in this neighborhood is sales and service jobs, from major sales accounts, to working in fast food restaurants, with 21.4% of the residents employed. Other residents here are employed in manufacturing and laborer occupations (13.6%), and 13.5% in clerical, assistant, and tech support occupations.

Languages

The languages spoken by people in this neighborhood are diverse. These are tabulated as the languages people preferentially speak when they are at home with their families. The most common language spoken in the Walnut Forest neighborhood is English, spoken by 69.8% of households. Other important languages spoken here include Spanish and Italian.

Ethnicity / Ancestry

Culture is the shared learned behavior of peoples. Undeniably, different ethnicities and ancestries have different cultural traditions, and as a result, neighborhoods with concentrations of residents of one or another ethnicities or ancestries will express those cultures. It is what makes the North End in Boston so fun to visit for the Italian restaurants, bakeries, culture, and charm, and similarly, why people enjoy visiting Chinatown in San Francisco.

In the Walnut Forest neighborhood in Austin, TX, residents most commonly identify their ethnicity or ancestry as Mexican (27.4%), There are also a number of people of German ancestry (9.0%), and residents who report Sub-Saharan African roots (8.0%), and some of the residents are also of English ancestry (8.0%), along with some Irish ancestry residents (6.8%), among others. In addition, 17.9% of the residents of this neighborhood were born in another country.

GETTING TO WORK

How you get to work – car, bus, train or other means – and how much of your day it takes to do so is a large quality of life and financial issue. Especially with gasoline prices rising and expected to continue doing so, the length and means of one's commute can be a financial burden. Some neighborhoods are physically located so that many residents have to drive in their own car, others are set up so many walk to work, or can take a train, bus, or bike. The greatest number of commuters in Walnut Forest neighborhood spend between 30 and 45 minutes commuting one-way to work (29.8% of working residents), which is at or a bit above the average length of a commute across all U.S. neighborhoods.

Here most residents (61.3%) drive alone in a private automobile to get to work. In addition, quite a number also carpool with coworkers, friends, or neighbors to get to work (13.9%). In a neighborhood like this, as in most of the nation, many residents find owning a car useful for getting to work.

RE: Community Engagement Plan for Wedgewood Development

Up-to-date Community Engagement Process (2020-24)

Since 2020, BiGAUSTIN has maintained direct communication with the Northeast Walnut Creek Neighborhood Association (NEWCNA), formerly known as the North Oaks Neighborhood Association. This association covers the areas of Walnut Creek, Dessau Road, East Braker Lane, and I-35, including the subdivisions of North Oaks, Hillside, and Four Seasons. Our communications have encompassed the 2021 Rezoning Process, ongoing site cleaning, and active displacement population management. Over the past three years, we

have established protocols and practices to manage the persistent homeless population, ensuring the safety and security of the surrounding community.

As we progress through each phase of development, BiG Opp Zone, LLC (BOZ) will continue to engage with the neighborhood and communicate with key stakeholders about the project, target population, and future

BiGOppZone

development plans. This open communication aims to foster a harmonious relationship between the surrounding community and future residents.

To avoid overwhelming the surrounding community, the following steps have been or will be taken in partnership with the BiGAUSTIN Aspire team to communicate with the neighborhood surrounding the proposed development at 11302 Wedgewood Drive, Austin, TX 78753:

Preliminary Research: Using the City of Austin's Community Registry site and general internet searches, BiG Opp Zone identified the following active organizations within the proposed site area:

- Northeast Walnut Creek Neighborhood Association
- TechRidge Neighbors
- Yager Community

Neighborhood Plan: The development is not located in a City of Austin neighborhood planning area.

Neighborhood Contact: Stephanie Douglass, COO of BOZ, will continue to work directly with Daniel White, President of NEWCNA, and will reach out to priority neighborhood organizations to share information on the development plans for Wedgewood. The City of Austin Housing & Planning Department (HPD) will be updated once these meetings have occurred.

Neighborhood Notification: All organizations outlined above will be notified as part of the Tax Credit and other processes that require such communications. At this time, we do not anticipate a zoning change. The team will also engage with the neighborhood publicly to discuss the development plans.

Neighborhood Engagement: The BOZ team will ensure participation, either in person or virtually, in any upcoming neighborhood meetings and will present relevant information about the project and future residents. After initial phone contact, meetings will be scheduled with any organization that requests them. BiG Opp Zone, LLC will also invite neighborhood members to volunteer events to get more involved with the project.

Implementation/Ongoing Relations: BiG Opp Zone, LLC will implement the following processes to encourage ongoing relations with neighborhood members:

 Neighborhood members will be invited to the Ground Breaking and Ribbon Cutting events for the property, with recognition given for their support.

4e. Resident Services

RESIDENT SERVICES and SUPPORT at the WEDGEWOOD

COMPREHENSIVE SUPPORT SERVICES PLAN FOR WEDGEWOOD SENIOR LIVING MULTIFAMILY COMPLEX

The Wedgewood senior living development is created with resident services and support at the forefront of design with a comprehensive range of services and support to enhance the quality of life for senior residents built into its very framework.

Below we provide a summary of the specific resident services and support that will be provided by BIGAUSTIN, St. John's Community Garden, Health and Wellness and other partners:

- Wellness Services: The development will offer health and wellness support, including access to daily life assistance technologies and education on working with social service organizations. This will ensure that residents can maintain their health and well-being effectively.
- Community Engagement: The Wedgewood will foster a strong sense of community through various initiatives. This includes creating volunteer programs that encourage residents to participate in community activities and give back to the community. Regular social events and activities will be organized to promote social engagement and interaction among residents.
- Learning Opportunities: Residents will have access to educational and training programs that
 focus on various aspects of daily life and personal development. This includes cooking classes
 and nutrition workshops to educate residents on healthy eating habits.
- 4. Exploration of Green Spaces: The development will maximize the use of green infrastructure, such as parks, walkways, and trails, to promote gardening and environmental responsibility. These green spaces will provide residents with opportunities to explore nature and engage in physical activities.

Harmonizing wellness, community, learning, exploration, and sharing into a singular living experience, crafting a vibrant, innovative space where every aspect of life is enriched by seamless design and meaningful connections, inviting residents into a journey of continuous growth and discovery.

Gotylese

Shared Work and Living Spaces: Communal spaces such as lounges, activity rooms, and gardens
will be available for residents to gather and interact. These spaces will be designed to encourage
collaboration and a sense of belonging among residents.
