E16	54	Implement recommendations from the City's Watershed Protection Master Plan for Blunn Creek to prevent flooding and erosion problems and improve water quality.	# 2 St. Edwards, FY 2016-17	Ongoing	8/2019 (WPD): WPD has implemented multiple projects in the Blunn Creek watershed to implement the Watershed Protection Master Plan, including water quality retrofits, stream restoration, and storm drain improvements. Additional enhancements within Little Stacy Park are planned for later in 2019. 4/2018 (WPD) WPD action is to vacate the ROW along Sunset Lane/Eastside Dr in Little Stacy Park so that it is not a through-street. WPD plans to remove most of the asphalt road and convert to a grow zone, leaving enough pavement for PARD maintenance vehicles. 5/2015 (PAZ): Recently, PARD planted 900 seedlings along Blunn Creek. 8/2014 (WPD): Monroe Bridge Phase 2 is complete. Streambank stabilization for Little Stacy Park is proposed by WPD crews for 2015. Long Bow Storm Drain project (5789.019) is complete. 3/2014 (PDRD): The water quality pond in the upper part of the watershed is complete. 9/2011 (WPD): The Rain gardens in Stacy Park are complete, as is the streambank restoration near the Elementary School for Stacy Park. The Long Bow Storm Drain project is in the final stages of construction. The Phase 2 Stacey Park streambank stabilization is targeted for late 2012 to early 2013. The Little Stacey project should follow shortly thereafter in 2013/2014. 2/2010 (WPD): Implementation is underway. WQ pond in upper Blunn Creek is under construction (5282.030). Rain gardens in Stacy Park are in post construction (5282.014), streambank restoration in Stacy Park near Travis Heights Elementary is complete; streambank stabilization of Monroe Bridge Phase 1 is complete and Phase 2 is scheduled for 2010; streambank stabilization for Little Stacy Park is proposed by WPD crews for 2011. Construction is underway for the Long Bow Storm Drain project (5789.019). WPD crew projects should be completed within 5 year CIP planning horizon.	8/2012: St. Edward's #2 priority for FY 2013-14. 10/2008: St. Edward's #9 priority for FY 2009-10.	Watershed Protection Department	
F1	57	Provide a pedestrian/bicycle connection from the Blunn Creek Greenbelt to Town Lake Trail	# Not Ranked	Not Yet Initiated	2/2016 (PAZ): This project is recommended in PARD's Long Range Master Plan.		Public Works	PARD

Action Item/ Rec #	Plan page #	Action Item/ Recommendation	Priority Ranking and Fiscal Year	Status	Staff Comments	Contact Team Comments	Primary Resource	Secondary Resource
B2	44	Limit the number of curb cuts taking access onto Long Bow and Oltorf from the Beall's Shopping Center in an effort to limit traffic from cutting through the neighborhood and to improve traffic flows and safety.	# Not Ranked	Not Yet Initiated			Development Services Department	Austin Transportation Department
B3	44	Whenever possible, encourage new development or redevelopment in the Woodward industrial district to develop with attributes of an office and industrial park, including unified development, better interface between the building and the street, and ample landscaping and open space.	# Not Ranked	Unknown			Development Services Department	Planning & Zoning Department
B4	44	Ensure that all commercial and industrial uses comply with all local, state, and federal permitting requirements, especially in regards to hazardous materials, industrial pre-treatment, and stormwater discharge permits.	# 5 South River City, FY 2016-17	Ongoing	8/2019 (WPD): WPD regulates stormwater discharge permits. The Austin Fire Department administers the Hazardous Materials permit. Austin Water regulates industrial pre-treatment through the Industrial Waste Discharge Permit.4/2018 (WPD): No change. Note: WPD regulates stormwater discharge; AFD administers the Hazardous Materials permit; AWU regulates industrial pre-treatment through the Industrial Waste Discharge Permit. Unknown date: All facilities in Oak Hill that are required to be inspected by the SDPP are visited regularly; most are visited annually. City staff work with inspected businesses to ensure adequate site practices for water quality (e.g., maintain clean, orderly site; proper storage of materials, etc.). No significant problems have been documented in recent years to suggest that greater inspection frequency is required. However, citizens are encouraged to call in any potential or actual problems by calling the Spills Hotline at 974-2550; program staff respond to citizen pollution complaints and spills that threaten our creeks or water bodies, 24 hours a day, seven days a week.		Watershed Protection Department	Austin Water Utility

E14	54	Explore ways to stabilize the trees along Blunn Creek to prevent them from collapsing into the creek until detention ponds or other erosion measures are implemented.	# Not Ranked	Underway	8/2019 (WPD): Additional ROW vacation and removal of asphalt for the portion of Sunset Lane within Little Stacy Park is planned for later in 2019. This project will also include small conveyance improvements, riparian restoration, and a nature trail. 4/2018 (WPD): WPD action is to vacate the ROW along Sunset Lane/Eastside Dr in Little Stacy Park so that it is not a through-street. WPD plans to remove most of the asphalt road and convert to a grow zone, leaving enough pavement for PARD maintenance vehicles. 5/2015 (PZD): The Little Stacy Park Improvement Project, which will kick-off in Summer 2015, will include measures to correct erosion issues. 8/2014 (WPD) This is solved by Action Item E16. The Water Quality pond in upper Blunn Creek is complete. Monroe Bridge Phase 2 is complete. Streambank stabilization for Little Stacy Park is proposed by WPD crews for 2015. Long Bow Storm Drain project (5789.019) is complete. 3/2014 (PDRD): Watershed Protection and Public Works completed a streambank stabilization project along Blunn Creek from Woodland to Live Oak in 2009 that will help prevent further erosion and stabilize trees. 12/2010 (PARD): This is a Watershed recommendation due to the nature of stabilizing creeks.		Watershed Protection Department	PARD
E19	55	Notify the neighborhood association prior to conducting dye testing in Blunn Creek to explain the reason for the testing and how to obtain results of the testing upon its conclusion.	# Not Ranked	Ongoing	8/2019 (WPD): It is highly unlikely that a dye trace study would be done in Blunn Creek by Watershed Protection. If conducted, WPD notifies the neighborhood in advance. 4/2018 (WPD) It is highly unlikely that a dye trace study would be done in Blunn Creek by Watershed Protection. We would notify the neighborhood if done. There may be studies done by other departments/entities (possibly Austin Water or UT Austin).		Watershed Protection Department	Public Information Office

E20	55	Close Sunset Lane between East Side Dr. and Alameda Ave., remove the pavement and extend Little Stacy Park to mitigate the increasing erosion problem in the area.	# Not Ranked	Not Currently Feasible or Recommended	8/2018: Final design includes hill stabilization to address erosion. Design shows two way traffic on Sunset Drive. 12/2015 (WPD): SRCC Neighborhood Association provided letter of support for road closure. WPD is pursuing the ROW vacation process, which will require Council approval. Design and construction to be completed in 2016. 8/2015 (PAZ): The initial public input meeting will be held Sat., August 29, 9-11 AM at Little Stacy Park. 5/2015 (PAZ): The Little Stacy Park Improvement Project, which will kick-off in Summer 2015, may include partial road closure. 4/2015 (WPD): Closure of the road is dependent upon the support of the neighborhood. 8/2014 (WPD) This is associated with the Little Stacy Streambank Restoration.		Austin Transportation Department	PARD
E21	56	Work with faculty and students at Travis High School and St. Edward's University to develop a Blunn Creek research project.	# Not Ranked	Ongoing	1/2017 (WPD) WPD Education has a variety of programs (including Hydrofiles for high school students) Each program has contact information on its website. For a list, please see the Watershed Youth Education website: <a href="http://www.austintexas.gov/Watershed/YouthEd">http://www.austintexas.gov/Watershed/YouthEd</a> . To speak with someone, please contact: Watershed Education Manager – 512-974-2446; Watershed Youth Education – 512-974-6571; Grow Green – 512-974-2581		Contact Team	Watershed Protection Department
E22	57	Collect survey information indicating location and size of trees along the Blunn Creek Greenbelt.	# Not Ranked	Underway	1/2016 (PAZ): A survey of trees near Little Stacy Park will be conducted as part of the park improvement project now underway. A tree preservation plan for the park will be prepared.		Contact Team	Property Owners
E23	57	Create a volunteer water quality testing program.	# Not Ranked	Ongoing	4/2018 (WPD): WPD staff trains Austin River Watch staff and provides equipment for volunteer training. 8/2014 (WPD) Two monitoring stations, but no volunteer activity. 4/2014 (PDRD): The Watershed Protection Department monitors water quality.		Contact Team	Watershed Protection Department
E24	57	Find and index historical photos of Blunn Creek and park to track changes over time.	# Not Ranked	Partially Complete	8/2014 (WPD): The Watershed Protection Department has these photos and can provide to citizens as needed. They are not georeferenced.		Contact Team	Watershed Protection Department
E26	57	Monitor for the spread of oak wilt and implement strategies as needed to prevent further contamination.	# Not Ranked	Ongoing	5/2014 (PDRD): City of Austin Urban Forest Grants were awarded in 2009 and 2010 for oak wilt suppression on Newning. 12/2010 (PARD): Oak Wilt Program is with the City Arborist. This is a joint effort with PARD and City Arborist.		Development Services Department	PARD

G3	59	Address problems with automobile break-ins and vandalism in the southern portion of the Travis Heights neighborhood near Oltorf and IH-35.	# Not Ranked	Unknown	10/2008 (PDRD): The NPCT will have to initiate a plan amendment to request to amend this recommendation.	10/2008 (NPCT): Amend the plan to include the entire neighborhood. The problem area has expanded. South River City's #10 priority for FY 2009-10.	APD	
G4	59	Address the problems with loitering and consumption of alcohol in the "Triangle" Park on South Congress and E. Live Oak.	# Not Ranked	Unknown			APD	
H1	60	Use planning process to build community, promote youth projects, and avoid typical land use conflicts.	# Not Ranked	Unknown			Contact Team	Planning & Zoning Department

## COMPLETE

### Capital Improvement Project

D1a	48	Construct the following priority sidewalks in the South River City planning area (listed in order of priority): #1. Annie St./Woodland Ave. between S. Congress Ave. and IH-35.	# Not Ranked	Complete	1/2016 (PAZ): The sidewalk is now complete on the north side. 4/2015 (PZD): This sidewalk is scheduled for construction this year, funded by 2012 bonds and fees received from developers in lieu of sidewalk construction. 5/2009 (Public Works): 8,100 linear feet @ \$24/SF or \$120 lineal foot for the average 5' sidewalk. Sidewalk matrix score: Low/Medium/High.	8/2012: South River City's #1 priority for FY 2013-14. 10/2008: South River City's #6 priority for FY 2009-10.	Public Works	
D1c	48	Construct the following priority sidewalks in the South River City planning area (listed in order of priority) (PW): #3. Travis Heights Blvd. between Riverside Dr. and E. Live Oak St.	# 2 South River City, FY 2016-17	Complete	10/2016: Sidewalk on west side of street is complete. 1/2016 (PAZ): This sidewalk is under construction. Several ramps have already been installed. 4/2015 (PZD): This sidewalk is scheduled for construction this year, funded by 2012 bonds and fees received from developers in lieu of sidewalk construction. 2/2011 (Public Works): No funding available. 5/2009 (Public Works): Sidewalk matrix score: Low/Medium/High.	8/2012: South River City's #2 priority for FY 2013-14. 10/2008: South River City's #8 priority for FY 2009-10.	Public Works	
D3g	48	Construct sidewalks on the following additional streets in the South River City planning area: S. Congress Ave. between Academy Dr. and Elizabeth St.	# Not Ranked	Complete	1/2014 (PDRD): There are sidewalks on both sides of South Congress in this location, as seen in Google Streetview. Sidewalks were installed on the east side south of Gibson Street in 2008-2009.		Public Works

Action Item/ Rec #	Plan page #	Action Item/ Recommendation	Priority Ranking and Fiscal Year	Status	Staff Comments	Contact Team Comments	Primary Resource	Secondary Resource
D6e	51	Construct curb and gutter on the following streets: Payload Pass	# Not Ranked	Complete	5/2013 (PDRD): A visual confirmation with Google Maps shows that curb and gutter exists entirely along Payload Pass. Improvements were installed in 2005-2007 concurrent with redevelopment.		Austin Transportation Department	
D8	51	Amend the Austin Bicycle Plan to designate Live Oak St. from Oltorf St. to S. Congress Ave. and an alternate to Oltorf St.	# Not Ranked	Complete	2/2015 (PDRD): Bike lanes on East Live Oak Street were improved in October 2014; on-street parking was modified for greater safety and comfort of cyclists. 1/2012 (Public Works): Live Oak is listed on the bicycle map as the east/west bicycle corridor for the area.		Austin Transportation Department	
D13	51	Conduct a traffic calming study in the Sherwood Oaks subdivision (within the St. Edward's Neighborhood Planning Area), particularly on Long Bow Ln. and St. Edwards Dr.	# Not Ranked	Complete	01/2019 (PAZ): A speed study is complete and ATD is coordinating with PWD and under evaluation. Several speed humps proposed for St. Edwards Dr. from I-35 to Cararvon St. 10/2014 (PDRD): Requests 14A-0018 and 14A-0028 were combined into Request 14A-0040, which is eligible for traffic calming but currently unfunded. 3/2014 (PDRD): Speed mitigation requests 14A-018 and 14A-0028 for St. Edwards Drive from Carnarvon to IH-35 has been accepted into the Local Area Traffic Management Program. A traffic study will be conducted to determine eligibility for traffic calming.		Austin Transportation Department	
D25	52	Develop and implement actions to discourage motorists and delivery trucks from cutting through the neighborhood on local streets and speeding through as an alternate route to the arterial roadways between S. Congress Ave. and IH-35.	# Not Ranked	Complete	3/2014 (PDRD): Speed humps are in place along East Annie Street, East Live Oak Street, East Monroe Street, Kenwood Avenue, Travis Heights Boulevard, East Side Drive, Algarita Avenue, Alta Vista Avenue, Rebel Road, and Newning Avenue.		Austin Transportation Department	
E10	54	Explore the possibilities of constructing regional detention and water quality ponds or other measures on privately owned properties, particularly the Austin Independent School District property off Alpine Rd. and the St. Edward's University property near the Woodward/IH-35 intersection, in order to control downstream flooding and resulting erosion of the stream banks.	# Not Ranked	Complete	5/2015 (WPD): There is no funding programmed in the 5-year plan for creek flood hazard mitigation projects in this area. 5/2014 (WPD): Completed Warehouse Row Regional Ponds in 2011. We have 2 raingardens in Big Stacy Park built in 2008.		Watershed Protection Department

Action Item/ Rec #	Plan page #	Action Item/ Recommendation	Priority Ranking and Fiscal Year	Status	Staff Comments	Contact Team Comments	Primary Resource	Secondary Resource
E13	54	Encourage the City to acquire and maintain the property located on Alpine Drive (identified as Tract 120 in the neighborhood plan rezoning ordinance) as a conservation easement.	# Not Ranked	Complete	5/2014 (PDRD): The City acquired this property, located in the 500 block of E. Alpine Road, in 2006. A biofiltration pond was constructed on the property in 2011, and it improves the quality of stormwater runoff from the upstream residential area.		Watershed Protection Department	
F7	58	Make repairs as needed to the footbridges crossing Blunn Creek, in particular the bridge near Travis Heights Elementary School and Big Stacy Park.	# Not Ranked	Complete	1/2016 (PAZ): The railing has been repaired and is in good condition.		PARD	Public Works
F12	58	Extend Town Lake Trail east of the Austin American-Statesman property to IH-35.	# Not Ranked	Complete	6/2014 (PDRD): The boardwalk grand opening will be on June 7, 2014. 1/2014 (PDRD): Construction of the boardwalk trail is 85% complete. The Trail Foundation contributed \$3 million to the project, and the remaining costs are funded by 2010 and 2012 bonds. 11/2013 (PDRD): Construction of the boardwalk is 75% complete.		Public Works	PARD
F16	59	Enhance Norwood Park to include park space and a fenced leash-free area for dogs.	# Not Ranked	Complete	10/2008 (M. Laursen, PDR): NPCT will have to initiate a plan amendment to request to remove this recommendation from the neighborhood plan.	10/2008 (NPCT): recommends removing this item from the plan.	PARD	
F20	59	Install lower, smaller-scale, dark-sky compatible park lighting, particularly in the area near Little Stacy Park.	# Not Ranked	Complete	4/2017: Additional lights installed in the tennis courts at Little Stacy Park. 1/2016 (PAZ): Preparing a lighting plan and selecting fixtures are included in the scope of work for the current park improvement project. 5/2015 (PZD): PARD supports using this type of lighting in parks.		PARD	Austin Energy
<b>Non-Capital Improvement Project</b>								
A2	35	Design tools should be applied where needed to promote new development that is in character with existing single-family houses.	# Not Ranked	Complete	12/2013 (PDR): Impervious cover and parking placement restrictions, garage placement restrictions, front porch placement, and front or side yard parking restrictions were applied at the time of plan adoption.		Planning & Zoning Department	
B1	44	Add the "Neighborhood Urban Center" special use to the Twin Oaks and Beall's shopping centers.	# Not Ranked	Complete	8/2013 (PDRD): The Neighborhood Urban Center was applied to these sites at the time of plan adoption.		Planning & Zoning Department

Action Item/ Rec #	Plan page #	Action Item/ Recommendation	Priority Ranking and Fiscal Year	Status	Staff Comments	Contact Team Comments	Primary Resource	Secondary Resource
E3	53	Encourage the City to adopt greater water quality protections for urban watersheds consistent with the proposed Headwaters Protection Ordinance developed by Watershed Protection and Development Review staff.	# Not Ranked	Complete	12/2013 (WPD): The Watershed Protection Ordinance, passed 10/17/2013, provides headwater protection for all creeks beginning at 64 acres of drainage; increases development setbacks for creeks in previously unprotected or less-protected eastern (Suburban) watersheds; provides additional protection for critical environmental features; and requires development to be outside of an erosion hazard zone to keep buildings, roadways and utilities from being constructed in harms way. 2/2010 (WPD): With few remaining undeveloped tracts within the planning area, regulatory changes will not provide a measurable level of protection. Other strategies, such as monitoring of "hot spot" businesses that can disproportionately pollute, retrofitting of structural controls, and many other strategies are therefore more advisable to this and other urbanized areas.	10/2008: South River City's #5 priority for FY 2009-10.	Watershed Protection Department	Contact Team
E15	54	Explore and implement methods to capture and release the run-off from the Travis Heights Elementary School site in a more effective manner.	# Not Ranked	Complete	8/2013 (WPD) Several projects addressing this issue have already been completed.		Watershed Protection Department	
E18	55	Compile and make available to the public the results of previous studies and inventories measuring the base flows and water quality of Blunn Creek.	# Not Ranked	Complete	12/2015 (WPD): The Environmental Integrity Index program continuously monitors and assess the chemical, biological, and physical integrity of Austin's creeks and streams. Environmental Integrity Index reports are available ( <a href="https://austintexas.gov/department/environmental-integrity-index">https://austintexas.gov/department/environmental-integrity-index</a> ), and all data may be accessed ( <a href="https://data.austintexas.gov/Environmental/Water-Quality-Sampling-Data/5tye-7ray">https://data.austintexas.gov/Environmental/Water-Quality-Sampling-Data/5tye-7ray</a> ).		Watershed Protection Department	Public Information Office
E25	57	Resolve the localized flooding problems on St. Edwards Drive between Sherwood Lane and Friar Tuck Lane.	# Not Ranked	Complete	5/1/2015 (WPD) Long Bow SDI (5789.019) Improved flooding solution.		Watershed Protection Department	
F11	58	Create a Citywide bird watching location list, including recognition and protection of Blunn Creek as prime site.	# Not Ranked	Complete	5/2014 (PDRD): Texas Parks and Wildlife offers such a guide online. Blunn Creek Preserve is featured on the following webpage: <a href="http://www.tpwd.state.tx.us/publications/pwdpubs/pwd_br_w7000_0328/south/">http://www.tpwd.state.tx.us/publications/pwdpubs/pwd_br_w7000_0328/south/</a>		Contact Team
