

# 2016 Mobility Bond: Intersection Safety/Vision Zero

## Planned Intersection Safety Improvements

North Lamar Boulevard & West St. Johns Avenue

### OVERVIEW

The planned improvements to North Lamar Boulevard at West St. Johns Avenue are designed to increase safety and improve mobility by adding raised medians on N Lamar Blvd and modifying signals. The improvements will also enhance pedestrian and bicycle connectivity.

### PLANNED IMPROVEMENTS

- New raised medians on both approaches of N Lamar Blvd to improve safety by eliminating dangerous left turns in and out of driveways, including a connection to the existing median at Airport Blvd/N Lamar Blvd intersection
- Upgraded pedestrian infrastructure, including restriping of high-visibility crosswalks and new ADA-accessible curb ramps
- New shared use path on east side of W St. Johns Ave
- New northbound bicycle lane on N Lamar Blvd
- Modified signals:
  - Protected green arrow for left turns onto W St. Johns Ave from southbound N Lamar Blvd
  - Protected green arrow followed by flashing yellow arrow for left turns onto W St. Johns Ave from northbound N Lamar Blvd
  - Flashing yellow arrows for left turns onto southbound and northbound N Lamar Blvd from W St. Johns Ave
- New overhead lane assignment sign and restriping displaying the lane configuration on southbound N Lamar Blvd approaching Airport Blvd
- Increased storage space for cars waiting to turn left on N Lamar Blvd
- Driveway modifications to increase safety
- Relocated Capital Metro bus stops for easier customer access

### TIMELINE

- Anticipated construction start:  
Late 2020
  - Construction anticipated to last 6 months
- \*Barring weather delays or other unforeseen circumstances*

### FUNDING

This project is anticipated to cost \$1,330,000.
