

ALLIANCE CHILDREN'S GARDEN PUBLIC MEETING

About the Project

The Austin Parks and Recreation Department, in partnership with its design consultant TBG Partners, will hold the first of a series of stakeholder and community engagement meetings to discuss and collect feedback regarding program elements for the proposed Alliance Children's Garden in Butler Park. The meeting format will be family friendly, with activities for children including:

- Dougherty Arts Center's Choose Your Own Adventure Presents: "Little Red Riding Hoodie" (11:00AM-11:30AM)
- Pop-up Make Space by Dougherty Art Center's Lending Library: Build your own Parkland Playscape Art Activity (11:30AM-1:00pm)
- Vote for your favorite type of play
- Popcorn and other refreshments!

The intent of the Alliance Children's Garden community engagement is to inform, consult, involve, collaborate and empower stakeholders along with educating them on the original Town Lake Park (Butler Park) Master Plan and background materials. This project will further enhance Butler Park and provide an imaginative play and recreational environment for visitors of all ages. It will be a place that speaks to the rich cultural and natural setting that makes Austin so unique.
