

MEMORANDUM

TO: Parks and Recreation Board

FROM: Kimberly McNeeley, CPRP
Director, Austin Parks and Recreation Department

DATE: June 15, 2022

SUBJECT: Renaming Proposal for Pan American Neighborhood Park

This memorandum serves as the Austin Parks and Recreation Department's (Department) conclusion to the 90-day community engagement period following an application to rename Pan American Neighborhood Park to Tony Castillo Neighborhood Park. This memo, the attached application (Attachment A) and community input report (Attachment C) are being submitted in accordance with Austin City Code of Ordinances.

Process for Renaming a Park

The process for naming or renaming a park can be found in Austin City Code of Ordinances section [14-1-36](#), section [14-1-37](#), and section [14-1-39](#). On March 7, 2022, the Parks and Recreation Department director notified the Parks and Recreation Board, City Manager, and City Council of an application (Attachment A) to rename Pan American Neighborhood Park to Tony Castillo Pan American Neighborhood Park, which began a 90-day period to receive public comment. The 90-day period ended on June 5, 2022. During that time, the department's Communications and Engagement Unit:

- Notified the community of the naming proposal through
 - email notification
 - social media notification
 - flyers at the Oswaldo "A.B." Cantu Pan American Recreation Center
 - flyer at local business
- Facilitated 5 community meetings (3 virtual, 2 in-person) (Attachment F).

Following the 90-day period, the Director is required to submit the application and any other nominations or endorsements to the Parks and Recreation Board.

This memorandum is the submission of the completed nominations and endorsements to the chair of the Parks and Recreation Board according to subsection [14-1-39\(F\)](#).

Pan American Neighborhood Park Background

The Pan American Neighborhood Park is tied deeply to East Austin's Mexican American and Chicano roots. In 1940, the National Youth Administration opened a community center in what is now Comal Park on 3rd and Comal in East Austin. In 1946, the Parks and Recreation Department took over management of this community center. In 1956, the center relocated to the current location on East 3rd and Chicon Street next to Zavala Elementary. A contest was held to decide the name of the center, and Dr. George I. Sanchez submitted the name "Pan American." Through the community engagement meetings, community elders shared that the Pan American name was to honor unity across North and South America, and it was significantly supported by Korean War veterans returning to East Austin at the time. The name given to the recreation center was also given to the surrounding park.

Since moving to the current location, the recreation center, park, ballfield, Hillside Theatre (opened in 1958), along with the school and neighborhood, have been intricately connected through programming and community. The Pan American Recreation Center's name was changed in 1996 to "Oswaldo 'A.B.' Cantu Pan American Recreation Center" in honor of Cantu's efforts to bring boxing, cooking classes, art classes and other activities to the community, as well as his work to keep kids away from drugs and gangs. The neighborhood park retained the name Pan American Neighborhood Park.

Augustine "Tony" Castillo Background

Coach Augustine "Tony" Castillo is a product of East Austin who served the community at Pan Am Park for 65 years. He attended school at Zavala Elementary, next to Pan Am Park, before attending Allan Middle School and graduating in the first class at Johnston High School. His involvement in the community dates back to his teenage years in the 1950s when he was among the founders of the Jokers softball team, a well-known group in East Austin. He continued his efforts by organizing a Jokers basketball team and hosting league tournaments for neighborhood youth. He coached sports at his alma mater Johnston High School before moving to Akins High prior to retirement.

In addition to sports, Castillo played an important role in expanding the community's political voice. His membership in LUCHA was significant in the election of first-time Latino office holders from East Austin that included Richard Moya, John Treviño, and Gonzalo Barrientos. Castillo also served on the Pan American Community Advisory Board.

In his approach of "leading by example," Castillo completed his studies at the University of Texas, taught in the classrooms of Austin ISD, and became head coach of the former Johnston High School Rams, leading the team to a historic "Final Four" state tournament appearance at the University of Texas in 1986.

In 1994, the East Austin Youth Association honored Castillo's dedication to the group and fundraising efforts to keep the association afloat by naming one of the little league fields after him. This field is located within Edward Rendon Sr. Metropolitan Park at Festival Beach, near Lorraine "Grandma" Camacho Activity Center. In addition, for Coach Castillo's 30 years of service at Johnston High School (now Eastside Early College High School), the student body initiated an effort to name the baseball field after him in 2000.

Community Engagement

Pan American Neighborhood Park is embedded within a neighborhood. The renaming ordinance requires PARD to “take reasonable steps to inform persons who are likely to have an interest . . . consider[ing] the nature and location of the facility and whether a particular community is likely to be especially interested in the process.”

To achieve this, the Department focused on the geographic area of the recreation center as well as connecting to the Oswaldo “A.B.” Cantu Pan American Recreation Center’s visitors and patrons. The team placed flyers (Attachment E) at local businesses, reached out to people connected to the park and Hillside Theatre, sent focused messages on Nextdoor to the area around the park, and sent general notices across the city through Facebook and Twitter. In addition, media notices were sent to local media outlets, and stories were published by KXAN ([May 2](#)), *Austin Monitor* ([March 31](#) and [May 5](#)), and *Austin Chronicle* [calendar of events](#).

Community comments were collected online and in-person using a short survey tool (Attachment B) that ran from March 30 through June 5, 2022. In addition, the Department increased the number of planned community meetings from two to five (three virtual, two in-person). Those meetings took place on April 28, 30, May 19, June 2 and 4, and included a presentation (Attachment D) about the process, the history of the park and the background of Coach Castillo himself. These meetings allowed participants to share additional information and perspective on why the park’s name should or should not be changed.

As with all community engagement processes, these tools and methods are used to identify community consensus when possible. In this case, because complete consensus was not possible, the tools and methods helped the Department identify leanings or preferences as well as dissent and frustrations.

Community Discussions and Survey Results

There were more than 100 participants across the five community meetings, and many of them attended multiple meetings. At each meeting, supporters of the name change proposal voiced their opinions and shared why Castillo should be honored. Many attendees, while expressing a graciousness to the service of Coach Castillo, shared a concern about renaming a space for one person when so many have made positive contributions to both the park and the community. Several community members shared concerns that Coach Castillo already has ballfields named in his honor (one associated with AISD and one within the PARD complex utilized by the Central Austin Youth League), and that additional recognition through this park renaming would be excessive.

The survey tool had 1,575 views with 382 participants. Overall results showed significant support for renaming the park with 79% of respondents supporting renaming and 19% not in support. Recognizing that this is a neighborhood park, when exploring the data of people who identified their homes as being in City Council District 3, the results change: 51% not in favor of renaming and 49% in favor (35 participants identified their home as District 3).

Reading through the 200 comments on the survey, they are overwhelmingly in support of the renaming, identifying many of the great qualities of Castillo and the ways he influenced people’s lives. When exploring the comments from District 3 participants, again, it becomes much more mixed.

Next Steps

According to section [14-1-39\(H\)](#), after receiving this memorandum, which includes the nomination and endorsement for the renaming, the Parks and Recreation Board shall schedule and conduct a public hearing on renaming Pan American Neighborhood Park. The Board shall make a written recommendation to City Council not later than the 45th day after receiving this memorandum, which will be July 29th. If the board does not meet the deadline, the Board will be deemed to have made no recommendation.

City Council will make the final decision thereafter.

Conclusion

Even those who did not support the renaming of the park acknowledged the tremendous life of service Mr. Castillo has given to the visitors of the park and East Austin. Based on the community feedback and the life accomplishments of Mr. Castillo, I find this application to have appropriate justification, and I thereby submit the nomination and all community comments to the Parks and Recreation Board

In accordance with Austin City Code, renaming the park to the Tony Castillo Pan American Neighborhood Park is achieved through approval of the City Council and memorialized via the fabrication of a standard park sign. Alternatively, the Parks and Recreation Board may choose to apply Austin City Code section [14-1-37](#), which allows for a plaque to be placed in the park, recognizing the contributions of Tony Castillo at Pan American Neighborhood Park without renaming the park

65 years of service to
Pan Am and East Austin

A Life of Service and Dedication

There's no doubt about it. Tony Castillo grew up at Pan Am. From an early age, he participated in youth sports programs and spent most of his summers on Pan Am's fields and playgrounds. The park and Zavala Elementary, next door, was not just his "home away from home," it WAS his home. The park's programs were a refuge for Tony. As one of 11 children, it was often easier to live at the park where there was supervision, games, fun and sometimes food! He was there all the time! As proof, when Pan Am celebrated its 25th anniversary in 1971, the Pan Am Advisory Board awarded Tony with the "Outstanding Male Participant" Award.

As an adult, Tony gave back to Pan Am in numerous ways. He organized and directed a Christmas toy drive for the underprivileged of East Austin, he coached in youth leagues, and he umpired hundreds of games. He also served on the Pan Am Recreation Center Advisory Board for seven years with four of those years as president. In addition, he served on the Austin Parks and Recreation Department Advisory Board in the mid 1970s. Through all his efforts, Tony's goal was to advocate for the children and residents of East Austin. He wanted to make sure the families in his neighborhood were afforded the same or better recreational opportunities than himself.

In 1961, Tony helped establish the Jokers Athletic Club and their home field was Pan Am. The Jokers would play fastpitch softball at Pan Am. Through many decades, the team would host tournaments featuring fastpitch teams from around the country. Often, Tony would recruit local celebrities to hand out trophies to the winning teams. On several occasions, he brought in Heisman Trophy winner, Earl Campbell and former Texas football coach Darrell Royal to deliver the awards. Seeing these two icons at Pan Am was a treat for the local fans. The tournaments were well attended with hundreds in the bleachers, especially for the championship games.

Perhaps, Tony's greatest contribution to East Austin was his 33 years of teaching and coaching at Johnston High School. His roots there go almost as deep as they do at Pan Am. Johnston was Tony's alma mater and he served as the school's very first senior class president. Later, as an educator, he taught history and government and helped to ignite civic pride and duty in his students. As a coach, he taught young men and women the value of teamwork, perseverance, and hard work. The highlight of his coaching career came in 1986, when his varsity basketball team advanced to the State Semifinals at a sold-out Erwin Center.

Tony was also on the ground floor of desegregation in Austin schools. Tony welcomed kids from affluent neighborhoods to Johnston and helped them assimilate. The thousands of Johnston graduates during that time will tell you, Coach Castillo or "TC," was a popular teacher who knew how to bring kids of all races and different economic backgrounds together.

We believe that this "paints a picture" of Tony's dedication to Pan Am and to East Austin. We strongly believe that because of his decades of community service and his life-long commitment to athletics and recreation, the Pan Am softball field and/or the Pan Am Park/Complex should be renamed in his honor.

EDUCATOR. COACH. COMMUNITY LEADER.

SUMMARY

A teacher, coach, mentor and community leader, Tony Castillo, is worthy of recognition for his many decades of service to East Austin and to the Pan Am Recreation Center. We recommend the Pan Am softball field and/or complex be re-named in his honor.

TO WHOM IT MAY CONCERN:

Naming a park, school, or other public facility that honors or memorializes the work and contributing services of civic-conscious individuals is always an important means of acknowledging extended community service. It becomes even more relevant when individuals selected for these honors also reflect the history and culture of the community involved. East Austin has its own unique relevance and presence in Austin community life. It also has a strong sense of knowing individuals from the community who through time have influenced and changed the lives of others.

As consideration is given to renaming Pan American Park's softball field, Tony "TC" Castillo should rank among the top candidates for selection. A product of East Austin, his involvement in the community dates back to his teenage years as far back as the 1950's when he was among the founders of the Jokers softball team. He continued his efforts by also organizing a Jokers basketball team that also hosted league tournaments for younger age youth. In addition to sports, TC also played important roles in expanding the community's political voice. His membership in LUCHA was significant in the election of fist-time Latino office holders from East Austin that included Richard Moya, John Trevino, and Gonzalo Barrientos.

In his approach of "leading by example," TC completed his studies at the University of Texas, taught in the classrooms of the AISD, and became head coach of the former Johnston High School Rams, leading the team to a historic "Final Four" state tournament appearance at the University of Texas in 1986.

In considering other candidates, there will certainly be those who were successful in business, the political scene or other worthy endeavors. There are few, on the other hand, who took the hand dealt to them in life and not only transformed themselves, but hundreds of others in the process. Re-naming the Pan American softball field and/or the Pan American Park/Complex in honor of Tony Castillo will be a living testimony to his East Austin roots and his life's work.

To Whom it may Concern,

I am writing this letter of endorsement for the Pan American Sports and Recreation Complex to be re-named after Coach Tony Castillo.

I met Coach Castillo in 1980 when I was bussed to Johnston High School for my Junior year of school. Immediately, it was easy to see his love and devotion for East Austin, Johnston High, and all of the students (no matter their race) that crossed his path. It was also equally as easy to see the respect that ALL of the students, fellow educators and staff members had for him.

Prior to writing this letter, I wanted to do a little bit of research on Coach Castillo. I'm glad that I did. I am now even MORE IMPRESSED with all that he has done for the entire East Austin Community, to include the people, kids of all ages, the school and the Pan American Complex. Coach Castillo's roots to the Pan Am Complex and East Austin run more true and deep than anyone else that I know. SIXTY FIVE YEARS worth of dedication and devotion. I don't know how that can be topped!

Coach Castillo has touched the lives of countless children and families of East Austin and The Pan American Complex in such a positive and genuine way. He has spent an ENTIRE LIFETIME giving of himself to the Pan Am Complex and East Austin Community. I cannot imagine a better or more deserving person to receive this honor. And with all due respect to any other possible nominees, I cannot imagine the Pan Am Complex could be more honored or proud to have any name associated with it other than that of Tony Castillo.

Sincerely,

To Whom it May Concern:

Dear Friends,

It is with great pleasure that I write this letter recommending the naming of the Pan Am softball field in honor of Mr. Augustine "Tony" Castillo. As the CEO of the American GI Forum of Texas, Inc. (AGIF), a congressionally chartered veterans organization, I became aware of Mr. Castillo's lifelong community work with the Pan American Recreation Center and the surrounding Hispanic community. As a teacher and a coach, Mr. Castillo has a stellar reputation for his decades of work with young people. He has used his vast knowledge of sports and his solid work ethic to help our youth become better citizens. His professional experience as a coach and educator has made him a consummate professional mentor to many and he has dedicated his career and much of his life to public service.

His work with young Hispanics and other minority youth makes this re-naming a well-deserved honor for Mr. Castillo and the entire East Austin community. I believe it is indeed proper to name a part of the park in his honor.

I am available and happy to discuss any other questions you may have during this process.

Respectfully,

Gilbert Rodriguez, CEO

Subject: Naming Pan Am Park/Complex and/or the Softball field in the Honor of
Augustine (Tony TC) Castillo

To: Austin Parks and Recreation Board

How important is it to retain the history of someone who has continued to be an integral part of the Pan Am Recreation Center and the Austin Latino community? I believe it is very important and we have that opportunity by renaming the Pan Am Softball Field and/or park complex in honor of Tony "TC" Castillo.

We know that Tony is a product of having attained a high level of success at the Pan Am Center. He has intimately been involved in Pan Am throughout his life. First as a young participant, then as a volunteer, an employee and also his many years on the Pan Am Advisory Board, including several years as president. Tony has also served on the Austin LULAC National Education Advisory Board (LNEAC).

This year we were honored to have Tony award the fall scholarships to the participating students from the Austin Independent School District. Over the many years as an activist, I have personally met with leaders here in Austin, I can say without hesitation that Tony is a beacon in the Austin Latino community and is a dedicated leader. Please honor his work and legacy by renaming the Pan Am softball field and/or complex in his honor.

RE: Naming of Softball field and/or Pan Am Park/Complex

TO WHOM THIS MAY CONCERN:

I, and on behalf of many of our Friends would like to provide our most enthusiastic support of the naming of the softball field and/or Pan Am Park/Complex in Honor of Augustine "Tony" Castillo, Jr.

If I may, I would like to refer to him as "Tony", as he is affectionately and widely known. Tony grew up in East Austin, attended Allan Jr. High, and was in the first graduating Class of A.S. Johnston Hi School. Coincidentally, Tony attended Zavala Elementary School, which is located adjacent to Pan Am Recreation Center which adjoins the softball field we speak of, to name in his Honor. After his graduation from The University of Texas, Tony went back to his ole Alma Mater as a Teacher and Athletic coach.

I've known Tony almost my entire life. Most recently from our weekly group of golfers who've managed to continue playing. As is with most sports which have surrounded him, he's been instrumental in our group's formation.

One of the many reasons for the naming of the softball field in his name is a fact that he has never forgotten his East Austin roots. He has been instrumental in helping east Austin boys and girls mature into fine, respectable men and women, not only through sports but also by being a prime example of what it is to reach back into the community he grew up in, to help those who still look to him for help and guidance.

I can think of no other name or person, who is as well suited, and deserving of such an Honor. It is a fitting tribute to someone who cares enough to have done so much for our East Austin, especially our youth. We are so proud of Tony.

I strongly support the renaming of the Pan American softball field and/or the Pan American Park/Complex, in Honor of Tony Castillo.

Sincerely,

Herbert C. Martinez, Pres/CEO
Real Estate Executives of Austin, LLC

AUGUSTINE ' TONY ' CASTILLO SOFTBALL FIELD COMPLEX

Having grown up in east Austin, I am reminded of the many opportunities that were afforded us in communities like the Pan American Center which allowed us to unite and participate in organized sports. The Pan American Center softball field was an integral part of the community. Many young men competed in fast pitch softball at this field. Most notably, one of the teams referred to as the Jokers Athletic Club was organized by Tony Castillo, a lifelong resident of east Austin and educator and successful head basketball coach of Johnston High School, and with his leadership it became a tremendous organization that produced generation after generation of young softball players. Tony Castillo was able to take the Joker team beyond Austin into many tournaments throughout the state where they were able to represent Austin and win many tournaments. He played for this team for 37 years. Tony epitomizes a young man's dream of using sports like softball, football and basketball to achieve success. He has given decades of service to this community of the Pan American Recreation center and as a teacher for 30 years at A.S. Johnston HS where he educated thousands of young students in achieving their educational goals. I strongly support the renaming of the Pan American softball field and/or the Pan American Park/complex in honor of Tony Castillo.

To P.A.R.D. Board Members and Staff

I am writing in support of naming the Pan American athletic field and/or the Pan Am Park/ Complex in the name of Tony Castillo.

Tony is a well respected long time leader, sponsor of softball and other sports at the Pan Am Center. Having been a witness over several decades of Tony's (affectionately called T. C. by his friends, softball players, and former students) participation and contributions to youth and adults in our community deems recognition.

Tony Castillo has contributed to Little League baseball, coaching high school basketball and girls high school softball. He is the co-founder, participant and coach of a men's softball team known as the Jokers. Tony played many a game at the field over the decades and sponsored many softball tournaments for teams from Austin and other cities in Texas. His reputation as a coach and player is known and recognized by many softball players in Austin and other Texas cities.

Tony should also be recognized for his other contributions to our community for the following:

- Being an AISD product and UT Austin graduate
- Head basketball coach for many years at A.S Johnston H.S. and later girls softball coach at Akins H.S. before retiring from AISD.
- Having served as staff (Activity Leader) at the Oswaldo Cantu Recreation Center and also on the Advisory Board of the center for several years with notables Teresa Long, Edith Royal and former Travis County Commissioner Richard Moya
- Supporter and holding baseball clinics for little league youth at the league fields in East Austin

He continues to support softball and other programs in the East Austin community.

These are but a few of Tony Castillo's contributions to our community that warrant your consideration for naming the softball field and/or Pam Am Park/complex in his name.

Also thank you for your citizenship contributions as board members and staff.

Sincerely,

Arturo R. Gil , Former teammate former PARD lifeguard and playground activity leader and former Pan Am Board member

Pan American Neighborhood Park Renaming Proposal

The Austin Parks and Recreation Department has received an application for renaming Pan American Neighborhood Park to Tony Castillo Pan American Neighborhood Park. As outlined by Austin Code of Ordinances sec. 14-1-39, the Department has opened a 90-day period for community comments on the proposed renaming.

The questions below are intended to assess community interest in the renaming of the park. For more information, visit the project webpage: <https://www.austintexas.gov/department/pan-american-neighborhood-park-renaming>.

Please note: The application for renaming the park will not affect the Oswaldo A.B. Cantu Pan American Recreation Center, the Hillside Theater, or any other individual areas, such as the ballfield named after Rosalio "Rabbit" Duran.

Background of Tony Castillo

Coach Augustine "Tony" Castillo is a product of East Austin who served the community at Pan Am Park for 65 years. He attended elementary school at Zavala Elementary School, next to Pan Am Park, before attending Allan Middle School and graduating in the first class at Johnston High School. His involvement in the community dates back to his teenage years in the 1950s when he was among the founders of the Jokers softball team. He continued his efforts by organizing a Jokers basketball team and hosted league tournaments for neighborhood youth. He coached sports at his Alma mater Johnston High School, before moving to Akins High prior to retirement.

In addition to sports, Castillo played important roles in expanding the community's political voice. His membership in LUCHA was significant in the election of first Latino office holders from East Austin that included Richard Moya, John Treviño, and Gonzalo Barrientos.

In his approach of "leading by example," Castillo completed his studies at the University of Texas, taught in the classrooms of Austin ISD, and became head coach of the former Johnston High School Rams, leading the team to a historic "Final Four" state tournament appearance at the University of Texas in 1986.

Please write any comments about the Pan American Neighborhood Park renaming proposal in the section below.

Coach Castillo was my basketball coach at Johnston High to include the 1986 Final Four team. Coach Castillo was the shortest coach I had , but had the biggest personality and leadership ability to lead young men. Coach Castillo took time to write a character reference letter which helped me get into Texas State university. The young and old have been touched by Coach.

Pan-Am neighborhood Park needs to remain the same and not changed. There are many other citizens who worked or volunteered at Pan-AM throughout its History, Lalo Ancira, Janie Lopez, Florentina Chapa Serrano, a community arts and Crafts instructor, Rudy "Sub ", Zapata, Louie Maurilio, Marcelo Tafoya etc . please leave the name the same Pan-AM Neighborhood Park and create a walk of Fame sidewalk with bricks with individuals names on the Park mentioning any and all. Pan Am park: It's a major gathering point for American Mexicans and their families and has been so for decades upon decades. Mr. Tony Castillo himself was raised in the nearby neighborhood and he played at the ballpark there for many years. He taught an adult career at nearby A.S. Johnston High school [Eastside Memorial High school] , where he himself graduated from. His involvement with Pan Am Neighborhood Park is testament to a lifetime unwavering service to his community, as well as to throngs of high school students throughout Austin, Texas. Tony Castillo needs no introductions in East Austin, and he has always been a supportive friend to everyone that he encounters!

When people in our community, give back to our community and make a difference in that same community, they become our hero's. We need to honor more people like Mr. Castillo who do more for the people of our city by leading by example and not just someone who writes a big check, as these are the true hero's we need. I'm very proud to see our city taking these kinds of actions.

I support the renaming of the park to Tony Castillo. I have known Tony my entire life (61 yrs) and know fully the numerous contributions to the east side of Austin and Pan Am. I grew up at Pan Am as my father Rene Ramirez and Tony Castillo played with the fast pitch team, Austin Jokers, at Pan Am, since 1961. His service to others is impeccable, and his dedication to the community of east Austin is evident through his numerous acts of service towards others. Tony Castillo is lost deserving of this honor. His words, actions and dedication speak for itself.

Tony has given a lot of his personal time at the Center. He spent many hours there as a youngster and as an adult He has been very involved with both kids and adult athletics. In 1960 Tony started the Joker Fastpitch Athletic Club which is still going strong to this day. He participated in Basketball programs and Flag Football programs. He coached and umpired kids baseball and basketball programs. He truly has been an inspiration to the young men of the Eastside. There is no one who deserves this honor more than Tony Castillo.

There is no doubt that their are countless people who have contributed to the growth of this park and facility . Tony is one of those folks who has given decades of his time to have both children and adult participation at Pan Am. The additional naming of this facility will not take away the name of A.B. who was a much needed leader in his time. A.B along with Roy Guerrero met so much to us who grew up in the East Side in the fifties and sixties. These great leaders are still remembered for us who grew up in that era. Tony took the reins in his time following their accomplishment's. I feel that A.B. and Roy would not have a problem because Tony continued their great work.

Coach Castillo cared about the East Community. He never met a stranger, he embraced all those that came to him. He coached, he taught, he counseled so many. Though he may not remember me, I remember him because if who he was, he was real! Thank you Coach for caring for those of us unprivileged youth. We made out just fine. I agree that his name needs to be carried on at this Park.

Naming a local east austin Park after someone you know and care about and admire for his work would be so great! He is a hero to so many, for his love of teaching kids in Austin, his compassion for kids, and passion for life, he is role model for so many of his former students, his dedication to community, family and friends, for all these years makes him an all around great guy to have on your side. HALL OF FAME or WALK OF FAME!

DO NOT ERASE HISTORY: INSTEAD, _ADD_ TO IT !!!

Please allow other future community members to have the opportunity to be recognized!

If you rename this park, are you preparing future generations to rename it for THEIR favorite community member? Just think: if it's renamed this year, it may be renamed in the next/same # of years from now. With every renaming, a piece of history is lost to far-reaching archives (or deleted/edited for content).

Hall of Fames are forever, at least as it is so this far. Plaques/buy-a-brick, etc are historically preserved. I will absolutely know the entire heart of Austin after this vote! Is the current city council supportive of the destructive gentrification and Californication of Austin, or is there anyone left who cares anything about about how Austin used to be?

Whoops, I answered my question, based on what's happened over the past 5 years.

I have no doubt that Austin will rename this park. It's gone downhill since Watson and Leffingwell, and it's made a serious nose-dive since Adler.

I miss Austin. I'm so so sad that you've been destroyed, and bye-bye to yet another piece of it's history in lieu of something that'll ultimately restrict future honorees (or another debate will rise).

Summary/hashtags: short-sighted, disappointing, gentrification, cancel culture, contributor to the death of Austin

By renaming the park to Tony Castillo Pan American Neighborhood Park, this IS an opportunity to ADD to history. We name public facilities in honor of those who have made a difference. By changing the name we are honoring a deserving individual who has given decades of his life to the people of East Austin. We are also honoring one of our own.

No,no, no! Why wasn't he honored by changing Johnston to Tony Castillo?? Or put his name on that new school built across from ACC?? This just another act to remove minorities out of Eastside but having names to distract from the BIG plan!!

I do not support the renaming because it would take away from the history of Oswald AB Cantu/Pan American Park. Honor him in a different way.

This renaming would NOT change the game of the AB Cantu Recreation Center or the Duran softball field or the Hillside. This would ADD the name of a stalwart of the East Austin community.

Although Coach TC has definitely had a positive impact on the community, he already has two ball fields in the community named after him. In addition, he was asked to share a third named field at Pan Am Park with another individual, which you can see here <https://austintx.new.swagit.com/videos/142366>. Sounds like he turned that opportunity down. I like the Pan American Park name as it already is, don't change it.

But the "Atomic Bomb" Cantu, was a great man and mentor in my life.

In fact from the original old school of my brothers and myself.

In fact I still think about him often always reaching out to the kids in and around Pan American Recreation Center/playground.

I was blessed to see AB's daughter still working the Boxing Ringside.

I can think of no other person who is more deserving than Tony Castillo. He went to school next door at Zavala Elementary. Later when the recreation center was built, Tony participated in all that Pan Am had to offer. Even at such a young age, Tony could see the benefit of sports and how it would keep young kids off the street. He went on to Allan Jr. High, then on to graduate in the first Class of A.S. Johnston High School (now known as Eastside Memorial). As a departing graduate of Johnston High, that would not be the last time that Tony would walk the halls. Tony married his high school sweetheart, went to work and together started their family, all while taking on his desire for a college education. Tony attended and graduated from the University of Texas, then decided to go back to his Alma Mater to become a teacher and Coach. Now at Johnston High, Tony was instrumental in helping to mold the lives of many by enlisting them to participate in sports as he himself had done throughout his junior high and high school days. Tony influence and participation would not be limited to his high school. Tony was instrumental in starting and participating in sports at Pan Am recreation center. Even at his senior age, you will find Tony playing softball at Pan Am, continuing to participate in the softball league that he helped found. As someone who was also born and raised in east Austin, I would love to see the naming of the recreation center to include the name of Tony Castillo. It would be a tribute to all the people of east Austin who have lived and worked to see a day, no better than today, to Honor someone who has meant so much to the young people who lived and grew up in East Austin.

[1 Agree](#)

The proposed renaming of the park would not change the name of the Cantu Recreation Center, the Duran softball field or the Hillside. Why was it OK to rename the rec center and softball field after deserving East Austinites and not the park? That doesn't make sense. Let's honor Mr. Castillo for all that he has done.

27 days ago

[2 Agree](#)

Pan Am Community Park does not need to be renamed. This park represents so many in the community, many of whom have gone on to hold elected office and be community leaders advocates. If this community wanted the Pan Am Neighborhood Park to be renamed, they would have initiated this process on behalf of the community. Mr Castillo played ball there but so did many others who played instrumental roles in the community. The Pan Am Center Advisory Board has voted and advised City staff it does not believe the name should be changed and cited many compelling reasons to leave the name as is. Not everything needs to be renamed. The Pan Am Neighborhood Park name identifies this community, is it's legacy and is a cornerstone of this community named as it is. I truly believe this neighborhood park does not need to be renamed and should remain Pan American Community Park.

The current name of the park is a part of the East Austin community and has been what 4-5 generations of East Austinites have known since 1956- <https://texashistory.unt.edu/ark:/67531/metaph124545/#description-content-main>. It was named by an executive committee through a contest. The City is providing residents with the opportunity to share their opinions, provide additional information or recommendations, and be part of new process. While change is hard, especially when the rec center has been known as Pan Am for 66 years, this is also the opportunity for the Latino community to promote a legacy for a man who has served thousands of residents (children and adults) as an educator, mentor, and civically engaged leader.

1940: National Youth Association's Latin American Community Center near today's Comal Park in 1940.

1942: PARD began management under Raul "Roy" Guerrero.

1956: Moved to present-day location. Naming competition held, naming Center and surrounding park "Pan American" Recreation Center and Park.

1958: Iconic Hillside Theater added with many notable concerts over the years.

1996: Rec Center added Cantu's name to become Oswaldo A.B. Cantu / Pan American Recreation Center.

Discussion in small groups

- What additional information would you like people to know about Coach Castillo? What information would you like to know about Coach Castillo?
- What does it mean to “honor the history” of the community?
- How are you deciding whether you want to support the name change or not? What process?

Community Sharing

What would you like to share with the group as a whole?

- What was shared in your group?
- What other questions do you have?
- What additional comments would you like to share?

Next Steps

- Complete feedback form (survey) by June 4, 2022.
- All comments and feedback will be shared with the Parks and Recreation Board (PARB) at their June meeting.
- PARB meeting will also be a public hearing where community members can also speak.
- PARB will then pass on their recommendation (if they have one).
- City Council will make final decision.

Add Cristo Rey Jamaica – from East Austin

Can the name of Tony Castillo be in a hall of fame or have statues instead of renaming the park in case the recommendation does not pass?

Why is the entire park changing the name?

Does the 90-day window also allow other candidates to be nominated as candidate in the park renaming process?

The Pan Am Park Advisory Board members in attendance stated their opposition towards the renaming proposal and were concerned about not being notified ahead of time.

The Board stated the renaming of the park would dilute and disrespect the community.

The Board stated they were disappointed and sad about the ongoing efforts to rename the park.

The Board stated the park should keep the same name.

Several community members suggested the neighborhood should be notified about the renaming process.

East Town Lake Citizens Neighborhood Association stated their opposition towards park renaming proposal.

One community member suggested people will fight the renaming proposal because they feel like the park is their home.

Please share any questions or comments you have regarding renaming the application or process.

I first heard about Tony Castillo around 1954 when we were both playing little league baseball here in East Austin. The only little league park that was there in the East Austin side. Little did I know we would play on opposite teams, and we did not play on the same team until we got into Johnston High School. I was privileged to play with him and be his teammate in those years. He was the first graduating class at Johnston High School, and I was in the second graduating class. Tony's leadership manifested itself, not only at Johnston High School, but way before at Allen Junior High School, which we both attended around the same time. However, I also want to add that Tony has not only been working in the community and at the schools, but he worked at the Pan Am with contemporary people such as, Oswaldo Cantu. Also, he was there to benefit from the services that Roy Guerrero provided at the original Pan Am Park site on Comal. He also worked with the Pan Am directors such as, Manuel Garza, Jim Coke, and Michael Garza. I had the pleasure, a few of those years, working with Tony at Pan Am and was very aware of all the things he contributed while he was not only employed there but also did volunteer work there. I also want to share with everybody listening that he had the fortune of working with Mr. Bryan Manly, who is a former police chief here in Austin. I was at the swearing in ceremony when Bryan Manly was sworn in as our chief of police. A lot of people, including ourselves, were behind the line with Tony. And I just remember seeing Bryan Manly hugging Tony and call him by the name that was provided to him by a lot of his students and people who knew him as TC. He gave Tony a hug and said, "TC thank you for coming!" So, he was there. It just shows some of the sentiment that not only the people around the Pan Am that knew he was working there but also some of the sentiment that goes to Tony for the work he did at Johnston High School. – Arturo

I have known Tony Castillo for a long time. I heard about him while I was still in high school back then, and he was coaching the Johnston High School Rams. As a person who has gotten to know Tony Castillo around the Eastside, he is a dedicated person to the Pan Am Recreation Center. He has been a mentor to a lot of young people. I am 67 and he used to mentor me too. I got to know him as a friend, person, and fellow softball player. He and I were both around when fast pitch softball started back up at Pan Am. There is so many people that know him personally and know of him and his dedication and his work ethic and his abilities to work with young people. Even now at Pan Am we recruit young guys, and I say we because him and I are big on trying to bring in people, to try to play fast pitch softball. Renaming the park after Tony Castillo would be a big, big, big thing for the Eastside. Things have changed a lot in Eastside, gentrification is an example of what is going on there now, that is why I moved out. Quite frankly, it has gotten expensive to live in the Eastside. A lot of people don't know this, but my family used to own the area that is now called Fiesta Gardens. The way things are, you know, technically, it was taken from us. So, to honor someone like Tony by putting his name on Pan Am field... I learned how to play softball and baseball because of him. – Ray Saldana

Can you reiterate what will be renamed in the park? There is a lot of misconception of what will be renamed.

26 days ago

Could someone please clarify if there are other PARD facilities named for Mr. Tony Castillo?

26 days ago

Is the window open for other candidates to be nominated in renaming the park? What is the deadline for other candidate names to be submitted?

26 days ago

Is the Roy Velazquez Complex property of Austin?

26 days ago

The Pan American Advisory Board opposes the renaming of the neighborhood park for many reasons. We think Tony Castillo has done a tremendous job at Pan Am all the time and efforts he's put into our children and our families; I applaud him for that. But we have at Pan Am, so many people to thank for all the contributions and all the hard work that has made Pan Am for what it is today. For example, Roy Guerrero, Lalo Campos, Jose Jaime Garcia, David Capuccino. I could name a hundred names of all the people we could recognize, all of them I think we should. And one way of doing that is to have a wall of fame to put all these people's names on there. We have Manuel Donley and Ruben Ramos, musicians who have actually played on the Hill. We have people that have contributed like Richard Moya, Gonzalo Barrientos, Rocky Medrano, we have so many people that have contributed to Pan Am. I just want to make sure that we identify all of them. All of them. Because this Pan Am was not just honored by one person by what they have done for Pan Am. Or another way of making sure that we get everyone recognized is by having bricks laid of everyone's name. There is so many names that we can recognize all over Pan Am. On the sidewalks, on the stage. I mean, we can do so many things. I am not against having Tony's name on the wall or the sidewalk, I just think we need to recognize everyone that has been there for Pan Am. I just want you to think about that because there are just too many people. I think that what City Council has done as far as allowing different names to rename centers and so forth has just put a big divide in our community. A big divide. I don't feel that is the right thing to do. Because we all, all these people are important. Everyone in our community is important. We are here to serve, and I am sure that everyone that has shared with Pan Am their time and efforts they all think about the families. They all think about our children, they all think about our neighborhood. Which you cannot even recognize Pan Am anymore because of gentrification. I ask that you think about what we can do in a greater way to really, really place a history down so that we won't be forgotten at all by this city and the barrio. If we have to do a sidewalk all the way to the capitol with names of people that have served Pan Am, lets do it. But I think we need to recognize everyone that has contributed to this amazing recreation center that serves families who cannot afford with Hillside, who cannot afford \$200, \$100, \$600 tickets to go see a band play. Think about it. For the first time we are actually getting funding from the City of Austin to put on Hillside. For our 60th anniversary, that was the first time that all the efforts the advisory board has done to make sure that we bring our families together to enjoy each other and the community, we raised all that money all these years. Thank God to our community partners, but the advisory board does nothing by itself. We are about community and that's what we want to continue to do and to make sure that all our families can come together and recognize those who have helped us till where we are today. – Ana Maciel

26 days ago

I went to Martin Junior High and Johnston High School during Bussie times in the mid-80s. there was a Bussie initiative and Johnston was such a great place to go to because it truly represented massive levels of diversity from East Austin, Northwest Hills, West Austin. It was a great place, and without doubt, TC was one of the pillars. When I heard about the proposal, he was my basketball coach and more than my basketball coach he was a mentor to me. This is a gentleman who in East Austin was the first one who got a lot of girls to play softball. He was constantly working and highly involved in the athletic community. There is so many amazing people out there. The challenge is that you take all those people and you put everybody up at a certain level you are watering everything down. Richard Moya already has a thing named after him. Gonzalo Barrientos is stellar and well known. In this specific instance, someone who was involved with sports his entire life and contributed to the community through the ways he knew how which was sports and mentorship and life coaching in a lot of places; he had more than enough conversations with me to get myself together. I owe him a lot which is why Brian, who was in my graduating class, he is in support of renaming Pan Am. To me, renaming the Pan Am Park to Tony Castillo Pan Am Park gives this park the opportunity to build core values, not just a generic name, but a name that you can actually build a personality around. It is not just happening here in Austin; it is happening all around the country where everybody is going through the process of renaming things. Lastly, I would also like to say, as a Hispanic, I do not want to believe that we do not have role models. I disagree with that. I think we have amazing role models. We just don't do a good enough job at highlighting those role models and who they are and promoting their core values and what they have done. To me, this is a no brainer, there is a great leader who has actively been involved in the East Side of Austin for 50-60 years. Let's give a face to that leader and get his name out there and his contributions so we are setting the tone for the next generation of young people coming after him. – Roy Nieto

26 days ago

I am like Roy. I have not been here all my entire life, but I have been here for 20 plus years. Frankly, I would like to echo what Ana just said. It really is about keeping together the multitude of people that have influenced the area. My time being here, I mean I have had those interactions with Gonzalo Barrientos, and I appreciate that. I have had interactions with several people and have been introduced to him by my better half and her family. The truth is, there are so many impactful people that have influenced the lives of East Side people. In general, I think that should be kept within the culture because what's also true is gentrification. Its accurate, very, very real and it is purging out the stories and pushing out those that knew the essence of the East Side. Frankly, we need to start doing something. Not only this one little park or this other monument, but we also need to start doing this as a collective with everyone where we help preserve our history to whatever involvement you have been part of it. But singling out, not to mention also already having things named after you, I mean at some point it starts becoming hubris. So however much he has given to the community, how many times should he be recognized. – Pedro Solis

26 days ago

I am a former music commissioner for District 3 there in the neighborhood. I am born in raised in East Austin just blocks away Second and Navasota and my family is from Austin as well, fourth generation. I am also on the Pan Am Advisory Board and I have a long history with the park. Just providing community service and as a younger child or kid I remember the field and the guys that were playing and the Jokers and things. I just wanted to give my input today. First and foremost, I do believe TC is a community leader and he has done a great job in just keeping things going there and supporting the community in East Austin. I am curious about understanding the grand plan because from what I am aware, and we've discussed today, there are other fields and locations with Mr. Castillo's name. I will echo Ana and I think that there's a lot of worthy people not so much liking the idea of renaming the park in general at all because of history and memories that we have as children. What's next for the Castillo family or what makes this so special to complete what they are doing? If they can share with us maybe what the plan is and what is after the park. Because there's already centers named. That is my question. Again, I oppose the idea of renaming the park so soon. – Alex Duarte

26 days ago

Alex, thanks for your comments. You asked what is next. There is nothing next. I will be honest, and I know you were part of the process for getting Mr. Duran's name on the softball field. I think with that experience you would understand how important it is to honor individuals who have contributed greatly to the community. I think there is no doubt, no one has said a bad word about my father and what he has done for the community. There is nothing next. I mean, frankly, I'll be honest we thought he deserved his name on the softball field but so did Mr. Duran. Mr. Duran's name was given to the city and its past and it is Duran Field. But, when you look at the whole entity of the park, my dad worked on the softball fields, he worked on the playground, he worked in the recreation center. He's all over the park he had boots on the ground so to speak. He did not give money, but he was also the president of the Pan Am Board for a while. I mean he's been in a lot of facets of the community and of Pan Am Park. One of the things I wanted to talk about as well is, Pedro had mentioned we need to help preserve history. In my opinion, when we talk about history we talk about individuals. We talk about folks who have made an impact in the community. I do not think there is anybody in the community who has made the most impact than my father partly because and mainly because he helped educate folks men and women at Johnston High School. Young men at Pan Am throughout the years. When you mold minds, you create history. I don't want anybody to forget about that that is why the family and myself decided to move forward with this. We have gotten a lot of support there is a lot of folks who want to see this happen. I will reiterate too that if my dad's name is put forward and it does pass and it is the Tony Castillo Pan American Neighborhood Park, the Pan Am name is still there. The history is still there the memories many of us have will not go away they are still there. What we are doing is adding to history. We are adding two words: Tony Castillo. So that when folks drive by, and their kids say who is Tony Castillo, there will be a place online that they can find out that information, maybe the parents know that answer. Same way with AB Cantu, so that is why we do it. We honor people because of their work and their service to the community and we also honor them to preserve history. – Derek Castillo

26 days ago

I would like to make a couple of comments on the last two items on the discussion in the small groups slide. To me the history is already set at Pan Am. I grew up and I still own property across the street. To me, it is very, very personal that this does not change and that it remains the same. How are you deciding whether you want to support the name or not? The way I am deciding is that I think that Pan Am Hillside Park or whatever needs to remain. That's the only thing that legitimate remains out there is Pan Am. They have renamed through other properties and I hope people that are wanting to do this understand that those of us that still live in the barrio, that did not leave, we did not run from the barrio that you know we feel that this is a kind of like a disrespect of not even coming to us and asking the neighborhood association. I am president of Barrio Unido Neighborhood Association. That is why in talking to people in the community and getting feedback I have already emailed Council and I am going to be following up that is why I asked you the deadline to submit another name for this facility to entertain the process. But the other thing that I am going to be doing as a name is what the neighborhood has suggested and that is what I am going to fully start creating, a walk of fame. A walk of fame where we'll have bricks all over in or around the park where we will be able to honor all these people that are being mentioned that have contributed to Pan Am. The other thing that steps in here, again, I grew up and I know who lived, comes and goes to Pan Am every day because I lived there. There are no women you already don't talk about no women. There were a lot of women that participated and contributed to Pan Am. Ms. Janie Lopez and Nicki Estrada. This does not even include women to be honored and recognized for their contributions to Pan Am. That is why I am opposed to this. I think it's already been mentioned, a walk of fame will be more appropriate to be able to honor more people that have come through the community and the barrio and that are no longer with us and that were volunteers. When I was working with parks, that is one thing I always regretted is that we would always honor and give gratitude to employees. I said wait a minute you get a paycheck every 2 weeks, you can't tell me just because you work you are contributing and honoring. No. That is my personal opinion, but I will be submitting that proposal, and I don't know if it's in the process of a name change or not, but the walk of fame to be able to recognize many other people that come and continue to participate in Pan Am. That is a recommendation from Barrio Unido Neighborhood Association. – Gavino Fernandez

26 days ago

I just want to clarify. There was outreach to the Pan Am Board previously for this, so this is not out of the blue that this came up. There were phone calls made to let some folks on the board know that this is what we were pursuing. It happened. Gavino, that is why we have this process so the public can make comments and that's what we are doing. It's happening. Second of all, my dad was employed by Pan Am, I want to say a little bit in his 20's for 1 or 2 years, but that is the only paycheck he got from the city of Austin and from Pan Am. The rest was as Gavino mentioning, he was a volunteer. And he has volunteered many hours at the softball field to promote fast pitch softball. This is a chance to honor a super volunteer in my estimation. – Derek Castillo

26 days ago

I just want to verify and to make sure with Derek. Let's set this straight. The first time I heard from TC is when he also wanted the baseball field named in his name. That's the first time that I heard from Tony. He had gone to the Parks and Recreation Board to hear him and his voice to why it should be named after his name as well as the Duran family. The Duran family was awarded that decision. The next time I heard from Tony is when he called me, and I told Tony that because he wanted me to support him, and why I am saying this, is because I don't support anyone with anything that has to do with PARD. – Ana Maciel

26 days ago

I just wanted to give my comments and my perspective. I do oppose the name change for Pan Am Park. I am born and raised Austinite and I lived here most of my life. My family grew up on Santa Rita and my father attended Johnston High School and he was also part of the first graduating class. I think based on the information that I have read and heard. First of all, I am so impressed with the contribution of Mr. Tony Castillo and I think that they are incredible and I don't pretend to debate the merits of those contributions, and I don't necessarily think this conversation should be about the merit of the person, I think it should be about where is the right place to honor that person. And from what I have heard, and I can only rely on the information that was shared here, that there are already two other locations, where they are PARD or wherever they are, there is already two other locations that honor this person's contributions. And I feel like adding a third would be a bit excessive and I think that I agree with some of the other comments that there are so many people who have contributed and continue to contribute to the success and the community engagement that exists at Pan Am today. For that reason, I feel like we should not be naming a third facility after the same person. I think that it also excludes others that have made so many large contributions. If other facilities have already been named and honored for that person I respect them, and like I said, all of the contributions that Mr. Castillo has made are incredible but it's not really about the merit of the person it's about where should we honor that. And it sounds like they have already been honored. I would go back to echo Mr. Duarte's question about what's next. So why would there be only three why shouldn't there be four or five facilities named after the same person. I just don't think it's the right message to the community to have multiple facilities named after the same person. Based on just conversations from the neighborhood and things that I've read online I think there is quite a lot of opposition to the name change. – Veronica

Just a question for the Castillo family, again, I don't know Mr. Castillo very well. I don't know him at all, but I have read, and I have heard a lot and I am sure that everything that's been said is exactly in line with what he's done, and I know that he's a very admired person. Not to keep a conversation just going on and on, but I just would like to know, since there are other parks named after him how would they feel if those parks were to be renamed after someone else the way that they're asking for Pan Am to be renamed. It's just a question and I don't think the intent would be to... I think someone mentioned before, to water down like what he's done, but you know, again I just think that you know like how many more parks would have to be named after him. – Christina Rosas

Pan Am is the heart of East Austin for many that live there. Especially the families and children who utilize our facility, especially those in low-income housing facilities that are around us like Chalmers and Santa Rita. And Tony has taught many of these children as well. I can't say enough about Tony, but the important thing is that for the first time Pan Am has been recognized because when I went to the history center, they had no information about Pan Am as far as just maybe 6-7 pictures when we celebrated our 60th anniversary. Pan Am brings people in the community together and people know it as Pan Am. We never use the name neighborhood park, but like I said, Pan Am is a central point for many of these children. I think we should keep some kind of dignity and make sure we do other things to honor other people at Pan Am. I agree with that 100%. I think everyone should think about how Pan Am has impacted other families. Everyone that has talked probably has been impacted by Pan Am in some way or the other and we continue to other people at Hillside and Thanksgiving Dinners. Let's just make sure that we do what is right for the community and honor everyone who needs to be honored for making Pan Am what it is today. – Ana Maciel

Pan American Neighborhood Park Renaming Proposal

Community Meeting #3

May 19, 2022

Zoom Meeting Chat

18:49:03 From PARD Community Engagement to Waiting Room Participants:

Thank you for joining us this evening. We will open up the meeting right at 7 and plan to start at a few minutes after.

18:52:31 From PARD Justin Schneider (he/him) to Waiting Room Participants:

Thank you for joining us this evening. We will open up the meeting right at 7 and plan to start at a few minutes after.

18:56:34 From PARD Justin Schneider (he/him) to Waiting Room Participants:

Thank you for joining us this evening. We will open up the meeting right at 7 and plan to start at a few minutes after.

19:11:29 From PARD Justin Schneider (he/him) to Everyone:

Project webpage: <https://www.austintexas.gov/panampark-proposal>

19:15:20 From Verónica Rosas Fernández to Everyone:

Could someone please clarify if there are other PARD facilities named for Mr. Tony Castillo?

19:18:28 From Verónica Rosas Fernández to Everyone:

So to clarify, there are currently two other facilities already named for Mr. Tony Castillo?

19:23:12 From PARD Justin Schneider (he/him) to Everyone:

Veronica, I believe that is correct. One is a Parks and Recreation field. The other may not be.

19:23:55 From Verónica Rosas Fernández to Everyone:

Thank you. Is the proposal to re-name the baseball field? Or the park?

19:24:07 From PARD Justin Schneider (he/him) to Everyone:

It is for the park.

19:24:11 From GAVINO FERNANDEZ to Everyone:

can we set a time limit so others may speak

19:24:29 From Derek Castillo to Everyone:

@justin. Are you sure about that? I believe one is a little league field. (Does PARD own those fields)? The other is a field at the high school

19:25:10 From Derek Castillo to Everyone:

Either way, I know the little league field was not a city-owned field back when the various fields were named after supporters.

19:25:34 From Melissa C to Everyone:

I was born & raised on St Rita St & went to Zavala & I'd never heard Mr Castillo's name btw

19:25:35 From Derek Castillo to Everyone:

@justin Let's ask Ray to go on mute

19:26:27 From PARD Justin Schneider (he/him) to Everyone:

Thank you, Derek. I can find the answers after the meeting. My apologies for not knowing that more fully ahead of time.

19:35:55 From Derek Castillo to PARD Justin Schneider (he/him)(Direct Message):

We have some folks with their hands up. With respect to Ana, she has had a lot of time to speak.

19:44:37 From Ana MACIEL to Everyone:

My comments are for those individuals in our community who have given their contributions to Pan Am. Preserving PAN AM history and musicians is very important to our community.

19:46:42 From Melissa C to Everyone:

Is he still alive?

19:47:32 From Roy Nieto to Everyone:

Haha! Yes, TC is still alive. He is still coaching and mentoring kids today.

19:48:11 From Melissa C to Everyone:

Thanks Roy Nieto

19:51:39 From Melissa C to Everyone:

No problema! I also questioned what you were referring to when you said TC. I too chuckled when I realized who it was, my 1st guess was Taco Cabana! 🤔

19:51:57 From arturo gil to Everyone:

We can still rename it and add the walk of fame.

19:52:25 From Ana MACIEL to Everyone:

THANK YOU GAVINO FOR INCLUDING WOMEN TO BE INCLUDED

19:53:09 From Nevaeh Cortez to Everyone:

THANK YOUUU GAVINO 🙌🙌🙌

19:54:58 From Derek Castillo to Everyone:

Let's clarify.... it is a "softball" field

20:00:42 From Derek Castillo to Everyone:

Happy to answer that

20:01:37 From Derek Castillo to Everyone:

Thanks Justin. That is correct.

Derek Castillo

Lanny Ledesma

Lorraine Sanchez

Bernice Castillo

Roy Nieto

Hector Baltierra

Herb Torres

Bertha Delgado

Elisa Montoya

Mary Alice Andrada

JoAnn Tamez

Please share any questions or comments you have regarding renaming the application or process.

Bertha Delgado "We have had a lot of community members voice out – on social media – on zoom, it was not the best – I did not get a notification about this Parks meeting"

"I really think this process has divided our community"

"I played softball at Pan Am, I believe that there are so many great leaders that still need to be recognized"

"There have already been sites named after Mr Castillo"

"My question was: are we going to be renaming 4,5 different parks names after people?"

"How many are named after one person?"

"So many people have left East Austin – but what about the people that are left from East Austin?"

"I am in opposition due to the massive complaints we have received in our community"

12 days ago

Elisa Montoya – "I am a landowner in East Austin – I am also a neighborhood organizer and have been working with ppl – 5th generation of Edward Rendon Sr – "We all know it as Oswaldo – He fought for many years – his family has also worked to preserve

"Mr Castillo we knew him –

"As a land owner – I am totally against changing the park name – Mr Castillo has already had the opportunity to be historically named"

12 days ago

Lanny Ledesma – 6 generation Austinite – grew up 21 east 2nd street – Santa maria area family – "When I think of east Austin I think of many things – my family first, the east side & Tony after that" "I've known Tony my whole life "When I think of Tony I think of him as fun, passionate and as a local hero" "It will give the younger students an opportunity to ask where they come from, what they're doing"

ATTACHMENT F - COMBINED COMMUNITY MEETING REPORTS AND CHAT LOGS

ADAM GONZALEZ -

Owner of Adam's Canopy Services

(22:19) "I was born and raised in Austin and I've been playing fast pitch since I was the age of 18, for over 40 years"

Relation to Tony Castillo - involvement in fastpitch, played for Austin Jokers

(24:04) "Over the past 8 years, I've been able to get more information and knowledge of Tony, who he was, what he represented to the community"

(24:50) "As Roy just mentioned, over the past few decades, other people started getting involved. AB was a legend, he will always be a legend, you can never substitute that name for another.

(25:00) "But as generations passed, it is now time to pass the torch to someone else that was just as much knowledgeable, reputable, and gave back to the community as much as he, and that is Mr. Tony Castillo"

(25:20) "I think it's time to actually name the park in someone else's honor who has given back just as much. I'm speaking in behalf of Tony Castillo and I think it'll be ideal to rename the park"

12 days ago

Roy Nieto (13:40) -

Relation to Tony Castillo "TC" as his former basketball coach, BACK IN THE MID 80S

Relation to Ernesto Nieto, Santos Ernesto Park in Houston

TC - One of the founding members of the Jokers

"TC even back in the day already at a state level, specifically in the Hispanic community, was already someone who was a 'mover and shaker'

"My dad actually founded Lucha, and when he did that, the first thing he did was call TC to say hey lets get involved AND LETS HELP in East Austin people running for office in Austin

"They supported - Gonzalo Barrientos, Richard Moya, Gus Garcia - some really prominent individuals"

"So for 50 years, he has been highly involved in East Austin.

"Specifically at Pan American - Organizing baseball tournaments"

"He was one of the first to organize women's fast pitch softball when Hispanic females didn't have a place to play"

(16:16) "And the reason my grandparents knew him from Houston, was because my grandparents were doing the same thing in Houston. So Pan American Park became a staple PLACE where they would used to play, and TC organized it all which was really really cool"

(17:12) "When I think about Pan American as a park that represents basketball or softball, there is not an individual in East Austin who has done more to contribute to sports than Tony Castillo"

"Hands down Tony Castillo is like the Mount Freakin' Rushmore of East Austin in sports"

"That's why to name a park after him, to me makes 100 percent sense, because that's what we do in Austin"

(18:02) "You can tell a story around a person, you can build values around a person"

"I played basketball under TC - My senior year in 1996, I went to Johnston when there was bussing - But TC, very strategically my senior year when we went to the final four, he placed the starting lineup - we had two people who were from the local neighborhood in East Austin, we had me who came from South Austin, Cedrick who came from West Austin and Jeff who came from Northwest Hills - "When I talked to TC later, I found that was intentional - due to the racial strikes in Austin -

"He built a team where no matter where you were in Austin, you had someone to root for. "And when we made it to the final four, we broke all attendance records - "That's reflective of who TC was = "A great human being with thousands of hours of volunteerism at Pan American"

(19:29) "And when I hear people say Who is TC? I go, who is this person that scares me as an Austinite - Because my concern is that we're going to lose the story of the people that built East Austin"

(19:44) "And while I can appreciate the name and the history of Pan American, it is an historic place" "I think we can do it more justice and more opportunity to commemorate it by building a person and personality around it." "I can fundraise around that, I can market, I can have core values, and that's a big deal"

(20:05) "So, to me, TC is a no brainer and the number one person in East Austin who has brought sports and equity and opportunity to people"

12 days ago

"This means a lot to me because this is my community park."

President of the Oswaldo AB Cantu Pan American Recreation Center

"Pan Am is more than just a recreation center for our community - It is a place for family and friends to come together"

"It's important even more now, due to the gentrification in our community"

"As the advisory board, we've had to raise money on our own. Up to now, the City has assisted us in putting the hillside part of it for the past 4 years" "But for the past 60 years, we did not get not one penny from the City of Austin for our bands to play at Pan Am." (08.35)

"I just want to make sure that everyone who is here tonight remembers that this is our community park and our mural is a great example of what we represent. We have a history"

12 days ago

Gabino Fernandez - "I am also a long term native Austinite - across from Pan American Park"

"Barrio Neighborhood Association is opposed to renaming Neighborhood park - I just want to share with you all that for those who haven't been in the "barrio" recently -

"This process isn't about the candidate - it's about the East Austin community"

"Every time I look around, there are things changing" "We are a poor community - we don't have the money to promote a name with that money - 400 dollars for new name submission"

12 days ago

Derek Castillo (46:17)

"Just a couple of clarifications on the other two entities named after my father -

"For some background, in 1994 the East Austin Youth Associations, which was where those little league fields were - They were in dire needs of funds to keep things going. So, my father and a couple of other individuals got together and raised about \$12,000."

(46:42)"My dad was also apart of the Willie Nelson Friends of East Austin fund and helped raise money to help the fields keep going, and to keep the kids playing"

"And so after that, the East Austin Youth Association decided to honor and express their gratitude to my father and several others - there were about 4 fields named after, and my father was one of those, so that's the background on that one"

(47:02) "For the Johnston HS Baseball field, that was named after my father May 2000. The athletic department at Johnston HS and the student body, initiated the effort to name the baseball field after my father"

"They also named the softball field after Coach Montreal who was a legendary coach there as well

"Again, those were not solicited, but bestowed upon my father for his hard work at Johnston High School and in the neighborhood"

"I just want to reiterate, this is not about taking any culture, this is not about taking any history. This is about ADDING history"

"If it goes through, the park will be called the Tony Castillo Pan American Park. The Pan American name will stay"

12 days ago

(49:50) Anna Maciel

"There cannot be a disconnect when there comes to community, Kimberly"

"This conversation about naming this park Tony Castillo, is a community decision.

It should not be PARD's"

"I want to make sure that happens, because you have a lot of different opinions here"

"There's just so many people we need to recognize"

"I can't thank enough Tony Castillo and the work he has done for our kids, or families, for everyone he coached at Johnston. I can't say enough about you Tony or to the Castillo family"

"I just want to make sure that everyone understands that we have 2 low income centers that are on each side of PAN AM -

"This whole conversation is not about me - it is about pan am" - "it is about so many people that have contributed to make this center what it is today"

"And I hope we can respect all those other people that we need to include"

Pan American Neighborhood Park Renaming Proposal

Community Meeting #4

June 2, 2022

Zoom Meeting Chat

00:54:33 bertha delgado: Can we clarify if the field at Pan Am was the application to start and the it was changed to the park? I think so many are confused on this question? Has a new application been filed for this Park.

01:01:11 bertha delgado: Can we clarify a question that many community members have brought to out, does Tony Castillo has two softball fields honored in his name? We believe in East Austin. The first one is Velsaquez Field & Johnston High School. Is this legal to give another parks field or park ? How many are allowed per person?

01:02:26 bertha delgado: Can I please get these questions clarified! Thank you City of Ausitn Parks Department

01:06:41 Suzanne Piper: Yes a separate application was submitted for the naming of the park

01:09:40 Suzanne Piper: For clarification, the application for renaming is for the Pan American Neighborhood Park. The Recreation Center will continue to have the name A.B. Cantu Pan American Recreation Center

01:10:25 Lanny Ledesma: that seems to be a big part of the miss understanding from what I'm seeing

01:15:40 bertha delgado: Thank you everyone

01:17:29 bertha delgado: I have to log off to attended another meeting Thank you so much I will see you all Saturday!

Please share any questions or comments you have regarding renaming the application or process.

Kimberly McNeeley needs to be held accountable for the gentrification of the community and parks. We've been disrespected by every official when we bring our concerns to them.

9 days ago

The mural painted by Raul Valdez on the stage -- Mother Earth breaking the chains -- is our history.

9 days ago

You can't divide the different aspects of the space: park, recreation center, theater, school, neighborhood. You have to take in everything. Naming each individual aspect doesn't honor the way it is viewed or used.

9 days ago

Preservation Austin has identified space as place to be honored as of March 2022.

9 days ago

Why is a plaque as a way of honoring person not an option on the application? This was also prescribed by PARB.

9 days ago

This park was named through a competitive process and should not be able to be renamed. PARB created policy preventing this.

9 days ago

We've all contributed [to this park]. This is a process that is slapping the community in the face. Whatever we can do to honor all the people in this park who have contributed is what we should do.

9 days ago

Where is the director? Where is our City Council representative? Where is our Parks Board representative? Why aren't they here?

9 days ago

The Parks Department is good at hearing, but they don't listen. I'll ask, "Is this a done deal?" And they say, "No, no." But when it is finished, they haven't listened to us at all.

9 days ago

Understand the fact that we are being insulted every day.

9 days ago

We are proposing a wall of fame to honor all of those who have contributed. The Parks Department needs to make sure that happens.

9 days ago

We have an opportunity today to honor somebody who gave back to the community. If we wait until everything is perfect and it's the perfect opportunity, then we will just keep waiting. We should take this opportunity now to honor Tony Castillo and our history.

9 days ago

What steps will follow if a another candidate's application is submitted to rename the park within this current 90 day period? Will this extend the renaming process? Can the application fee be reconsidered to reduce the amount?

10 days ago

Why is the survey available to be viewed and answered by the entire city? The survey should only be available for people living in District 3.

10 days ago

In order to move forward with the process we have to have the decisionmakers present at these meetings.

10 days ago

The history of the park and community should be expanded. We need to look at history as a whole when thinking about renaming the park.

10 days ago

Only so any parks exist in the Eastern crescent of Austin. Does naming multiple parks in the community after the same person lead to creating inequity of the people? Please give other people an opportunity to have a park renamed after them. We have a division here.

10 days ago

For the first time after 60 years we (Pan Am) received money from PARD. I said, "we get to pay musicians!" We have to educate the community on what's going on because they don't know what's going on.

10 days ago

The name of the park should not be changed. If it is changed it should be changed to someone else's name. People should be united more instead of divided. That's why I don't support the name change.

10 days ago

Who decides the fee for a park facility renaming application?

10 days ago

The people we have mentioned that deserve to be honored should be in our books. How many people are here that not to mentioned? The history of the park and the meetings that are being held to rename it should be documented and become a part of our curriculum.

10 days ago

Mr. Castillo deserves a monument or statue. We don't want this to be a dividing issue. It already it, but there should be a monument here at Pan Am.

10 days ago

This park was renamed to Pan American Park. What is not understood that it already happened? Our policies put in paper are ignored. This should count towards it. Small pieces from the community that make the big picture.

10 days ago

What does Pan American mean? Don't erase what was here before.

10 days ago

I've known Tony Castillo for many years and he deserve a plaque. TC is a great man and A.B. was also a man.

10 days ago

What additional information would you like people to know about Coach Castillo? What information would you like to know about Coach Castillo?

We would like a monument for Castillo! Pan Am is named historically!

9 days ago

I'd like to know what did Mr. Castillo do for the kids who came to Pan Am.

9 days ago

- continues to volunteer at Pan Am (Fastpitch Softball Hall of Fame)
- served on Pan Am board, was preesident, and PARD Board
- born and raised in E. Austin. Went to UT and came back to teach/coach in E. Austin

9 days ago

None

9 days ago

What does it mean to "honor the history" of the community?

Knowing where we come from

9 days ago

Keep names that are historical! Don't change our names in East Austin!

9 days ago

I am very proud of where I grew up and I want to keep the history of how I know Pan Am. I played at Pan Am every summer and have wonderful memories it probably saved my life and helped make me the person I am today.

9 days ago

To permanently honor accomplishments and service to the community--this is an opportunity to do just that--renaming park to Tony Castillo Pan American Neighborhood Park.

9 days ago

Need to be respected.

9 days ago

How are you deciding whether you want to support the name change or not? What process?

Do not want name change!

9 days ago

We need to preserve the history legacy of Pan Am! We do not support this renaming. He has two softball fields!

9 days ago

Not wanting the name change. We can't erase the past and history.

9 days ago

History and service (Tony has done that for this community)

9 days ago

I cannot support the naming of Tony Castillo Park. Thank you.
