34	Chlorine to much chlorine!	5/17/2016 2:10 PM
35	Pools Closed Short swim season Most of the pools near me have such a short season/limited open hours as to render them practically useless.	5/17/2016 1:12 PM
36	Pools are dirty	5/17/2016 12:54 PM
37	Type of Amenities I just moved back to Austin, but previously, 4 years ago, changing facilities at big Stacy were horrible.	5/17/2016 9:05 AM
38	Type of Amenities Kids were too young, planning on going this summer.	5/16/2016 8:23 PM
39	Pools Closed need longer hours at neighborhood pools for people who work.	5/16/2016 3:38 PM
40	Use private Swim at area YMCA	5/16/2016 3:12 PM
41	Pools Closed Short swim season You have converted pools like Bartholomew into pools which cannot be used for lap swimming. Other East Austin pools have a VERY short season. You are ignoring the need for neighborhood pools in East Austin where transportation is more limited.	5/16/2016 2:51 PM
42	Pools Closed Short swim season We NEED our 7AM lap swim back at Westenfield	5/16/2016 12:58 PM
43	Type of Amenities Most of the Austin pools that I have been to are very spartan. There just isn't much for kids to do.	5/16/2016 11:23 AM
44	Pools Closed Short swim season very limited hours	5/16/2016 10:06 AM
45	No restrictions on people swimming in dirty street clothes, pools often have mud on the bottom.	5/16/2016 10:01 AM

50	Pools Closed Short swim season Lap swim times are not convenient	5/16/2016 7:02 AM
51	Shade Shade Area needed	5/16/2016 5:50 AM
52	Short swim season The Swim Season has been shortened too much. less than 3 months. Often when we try to go to Balcones Pool it is not opened when it is supposed to be because 1. the PH balance of the water is not right or 2. no lifeguarding staff so we can't swim as it is closed.	5/15/2016 11:25 PM
53	Leisure time	5/15/2016 11:17 PM
54	personal - i use to visit often	5/15/2016 5:55 PM
55	Pools Closed Short swim season I wish more east side pools were open early -- with young kids it's hard to get there and back before their lunchtime if the pool doesn't open until 10 or later	5/15/2016 5:35 PM
56	Short swim season Season of neighborhood pools is too short	5/15/2016 4:29 PM
57	Shade lack of shady parking in summer	5/15/2016 2:37 PM
58	Use private Use a gym pool	5/15/2016 2:27 PM
59	Pools Closed Short swim season Longer hours, open more days, walking/biking accessible	5/15/2016 2:20 PM
60	No masters swim program in central Austin!!!!	5/15/2016 10:47 AM
61	Pools Closed I am often frustrated in the summers to get three young kids dressed and ready for a day at the pool only to arrive and find that the pool is understaffed due to employees not showing up for work (Westenfield and Reed specifically).	5/15/2016 10:15 AM
62	Chlorine Don't like chlorine	5/15/2016 8:30 AM
63	Water gets really warm as summer temps rise	5/15/2016 8:25 AM
64	Maintenance Pools Closed Pools are closed when they shouldn't be or splash pad broken	5/14/2016 10:37 PM
65	Maintenance Pools Closed splash pad and pools have often been closed for maintenance problems - reliability has been a big issue; pools have also been closed due to insufficient staff present	5/14/2016 10:12 PM
66	Cost	5/14/2016 7:22 PM
67	Pools Closed Shade don't use pools that don't have shade, also tried to but didn't use pool when closed due to lack of lifeguards (Brentwood)	5/14/2016 7:12 PM

87	Pools Closed We show up and the pool is closed during regular pool hours because the staff didn't show	5/14/2016 1:28 PM
88	Pools Closed Short swim season Pools and Splash pads close when it is still very hot! Lots of toddler don't go to daycare!	5/14/2016 11:44 AM
89	Not happenin	5/14/2016 11:20 AM
90	Pools Closed I would love Northwest Pool to stay open more months in the year, it's a great facility.	5/14/2016 10:11 AM
91	Maintenance Pools are not well maintained. Especially at bartholomew pool and at dick Nichols, the water quality is poor even after "maintenance days". The water quality was MUCH better at Sheffield pool and at the west end field pool. Also, the hours are not convenient. It would be good for parents with small children to have more morning hours when the sun is not beating down on the children. More shade for the children's pools too.	5/14/2016 10:08 AM
92	Convenience Nothing on your end prevents us from using, just our schedules--we go as often as we can	5/14/2016 9:34 AM
93	Pools Closed Short swim season open too late in the year and close too soon.	5/14/2016 9:25 AM

105	Short swim season A lot of these pools are only open during brief periods throughout the year.	5/13/2016 11:57 PM
106	Pools Closed I'd like to go to little Stacy or gillis but they are closed	5/13/2016 11:22 PM
107	Pools Closed Short swim season Many facilities are only open for about 30 minutes per year	5/13/2016 11:06 PM
108	Short swim season Open seasons are too short	5/13/2016 10:49 PM
109	Short swim season Open season in summer is too short	5/13/2016 10:17 PM
110	Chlorine Don't like chlorine pools	5/13/2016 10:07 PM
111	Convenience Finding time to go	5/13/2016 9:49 PM
112	Short swim season I now have my own pool, plus use the pool at the JCC. I used to use Murchison, or sometimes Northwest Pool. You close the pools down in mid-August when it is still 100! In our climate, this is ridiculous!	5/13/2016 9:48 PM
113	Pools Closed Closes at 5 PM! I have to work until 5 pm	5/13/2016 9:42 PM
114	Pools Closed Neighborhood pool is only open for a couple of months	5/13/2016 9:28 PM
115	Type of Amenities Would lap swim at Bartholomew more but the lifeguards can't keep the kids from playing in the lap lanes.	5/13/2016 8:57 PM
116	Convenience Pools Closed Short swim season We love the Canyon Vista Pool. Others are too far. We only wish it were open for a longer season (now and into September). We go several times a week when it is open.	5/13/2016 8:41 PM
117	Convenience Metz is pretty basic and not very comfortable. It is the closest to us.	5/13/2016 8:40 PM
118	Convenience was working more, but hope to get out more to Barton Springs and/or Deep Eddy	5/13/2016 8:30 PM
119	Short swim season It is only open during the summer, so 100% of use is during summer.	5/13/2016 8:27 PM
120	Shade Type of Amenities There isn't enough lawn on which people can spread out.	5/13/2016 8:25 PM
121	Short swim season They are only open in the summer	5/13/2016 8:10 PM
122	Type of Amenities Pool in my neighborhood doesn't seem inviting for diverse patrons. Ours seems more like a sports pool for children. It would be nice if it served various uses.	5/13/2016 8:08 PM
123	Pools Closed Swim team takes lap time	5/13/2016 8:06 PM
124	Convenience Pools Closed Austin traffic, pool hours not open	5/13/2016 8:06 PM
125	Shade Not enough shade while in or out of the pool.	5/13/2016 7:54 PM
126	Type of Amenities I want to swim laps, and this is often hard at pools used by families and children.	5/13/2016 7:39 PM
127	Shade Not enough shade, wading pool was frequently closed last year at Brentwood but I had an infant	5/13/2016 7:28 PM
128	I typically swim 3 times/week and run, bike on the other days	5/13/2016 6:59 PM
129	Short swim season Type of Amenities Hey why is Garrison pool open summer only for South Austin???? It needs to be year-round; plus it needs benches and a spiffed up bathroom.	5/13/2016 6:58 PM
130	Fundamentally disapprove of program. All City pools should be closed to save money and water.	5/13/2016 6:53 PM
131	Just moved here	5/13/2016 6:49 PM
132	Shade Type of Amenities I want more shade and I'd like a pool or splash pad at Wooten Park	5/13/2016 6:38 PM
133	Pools Closed Hours were limited due to poor planning (lack of guards)	5/13/2016 6:33 PM
134	Convenience Programs are too far from home	5/13/2016 6:32 PM
135	Type of Amenities Restrooms unavailable	5/13/2016 6:27 PM
136	Short swim season West Enfield Pool closes too soon	5/13/2016 6:17 PM
137	Convenience Not close enough for my kids to get there without me driving them. Would do more swimming lessons but I have to works scant take them	5/13/2016 6:13 PM
138	Use private Use Y SW	5/13/2016 6:01 PM
139	Short swim season Type of Amenities Wishing for an all year indoor pool. Katy Tx has one.	5/13/2016 5:55 PM
140	Kids pee in the pool and I don't know if you have the proper disinfection levels.	5/13/2016 5:37 PM

141	Convenience Pools Closed West Austin pool is closed the only day in the week I babysit my grandchildren (Thursday)	5/13/2016 5:35 PM
142	Pools Closed Closed due to flooding	5/13/2016 5:32 PM
143	Pools Closed Short swim season Closed. (before June and in Aug)	5/13/2016 5:29 PM
144	Convenience There is not an Austin pool closer than 25 minutes from my house. When we got annexed 17 years ago, it would have been nice to have received more City of Austin amenities...	5/13/2016 5:25 PM
145	Type of Amenities No indoor public pools at all in Austin, unbelievable .	5/13/2016 5:25 PM
146	Short swim season Need to be open in spring/fall	5/13/2016 5:23 PM
147	Type of Amenities There are no indoor or year-round options	5/13/2016 5:22 PM
148	Convenience Too many children	5/13/2016 5:19 PM
149	Safety Sometimes (at Bartholomew especially) other pool patrons act in inappropriate ways. Cussing, bullying, running, and in general just disrespectful behavior. I wish the staff would speak up when this happens. I live down the street from Bartholomew, but will drive to North West in the summer months to avoid the inappropriate behavior.	5/13/2016 5:18 PM
150	Short swim season Season for neighborhood pools is too short	5/13/2016 5:17 PM

221	Pools Closed Liz Carpenter Fountain is too often turned off	3/7/2016 6:25 PM
222	Pools Closed Type of Amenities Lifeguards rarely allow swimmers full use of the Martin pool- the deep end is routinely closed, making the remaining space incredibly crowded. My family has been using Martin pool for many years and I have yet to see the entire pool open to swimmers (despite the fact that the pool itself isn't terribly large). Why is the entire pool not available for use? Additionally, the city evidently uses Martin pool for swim team training, which limits the hours residents of our neighborhood can access it. Lastly, lifeguard staff at the Martin location are incredibly rude. We also use Metz splash pad and pool quite a bit. Sometimes Martin is often too crowded.	3/7/2016 6:11 PM

Swim 512 Survey

281	Pools Closed Lifeguards are oppressive. Won't let you swim with your kid in baby pool without a lifeguard specifically watching that pool (if one lifeguard doesn't show, you can kiss your time in the wading pool goodbye). If they think they may have heard thunder, then the pool is basically closed indefinitely. And the pools close in late August, which is way too early in Austin (the temperatures are still regularly 100 degrees).	3/4/2016 9:26 AM

319	Type of Amenities Brentwood pool is too small for our community	3/3/2016 4:42 PM
320	Pools Closed A majority of the pool at Balcones park is roped off for lane swimmers and there are very rarely any lane swimmers there. That leaves a very small and shallow area for all the people to use. At times there are way too many people in that small area with kids jumping off the sides, swimming under water, throwing toys, etc. The whole pool should be open for swimming. Lane swimmers aren't going to use this pool much due to the size.	3/3/2016 4:31 PM

341	Chlorine Pools Closed Type of Amenities Reed Pool chlorine levels frequently closed it down. Ramsey had same issues a little less frequently. These are great neighborhood pools that are in desperate need of overhauling. These are neighborhood treasures. West Enfield is fabulous, but since the redo and because of the visible easy access Mopac location, it is typically overcrowded, and has become more of a city-wide pool instead of a neighborhood pool.	3/3/2016 3:06 PM

363	Pools Closed Pools not open during advertised hours	3/3/2016 2:06 PM
364	Pools Closed Did swim lessons about 5 years ago at Gillis that was difficult because the lesson area was not separate from the open swim area & other kids who hadn't signed up interfered with the lesson	3/3/2016 2:03 PM
365	Maintenance too crowded or too dirty	3/3/2016 2:02 PM
366	Pools Closed My toddler plays in the mornings and sleeps in the afternoon. Pools are typically doing lessons and closed in the morning. We could swim for many more months of the year if the pools were open.	3/3/2016 2:00 PM
367	None	3/3/2016 1:58 PM
368	Pools Closed Keep the Pools open longer through the year and add chairs!	3/3/2016 1:58 PM
369	Pools Closed East side pools are being shut down, which is incredibly inequitable.	3/3/2016 1:56 PM
370	Pools Closed Pool is closed due to inability to maintain proper chem levels.	3/3/2016 1:53 PM
371	Maintenance Pools Closed Pools were closed due to poor water quality	3/3/2016 1:52 PM
372	Convenience Would be nice if there was efficient cap metro service from NW Austin (NcNeil/183 area) to Barton Springs pool on weekends	3/3/2016 1:51 PM
373	Type of Amenities no shallow end at brentwood pool	3/3/2016 1:50 PM
374	Type of Amenities Swim teams using lap lanes at neighborhood pools	3/3/2016 1:50 PM
375	Chlorine Maintenance Pools Closed Splash pads often do not work, pools close down due to ? staffing? chlorine?	3/3/2016 1:49 PM
376	Pools Closed Short swim season Pools should be open for a longer season	3/3/2016 1:48 PM
377	Type of Amenities Knowing there are lap lanes to use instead of kiddo free-for-all. (then again we have a kid on the way so maybe we'll prefer the kid times	3/3/2016 1:48 PM
378	Type of Amenities Just moved to Austin in August. Used the pool at the Y a couple of times in September. Will definitely use aquatic facilities this year.	3/3/2016 1:48 PM
379	Pools Closed Garrison has limited open months	3/3/2016 1:47 PM
380	Pools Closed The City pools are only open for a fraction of the 'hot days' here. We'd love it if they opened in May and stayed open through September	3/3/2016 1:46 PM

381	Pools Closed Type of Amenities Limited hours--neighborhood pool closes before school even starts in August!	3/3/2016 1:46 PM
382	i feel like i use the pools when i need them there is very good availability	3/3/2016 10:25 AM
383	Pools Closed We would use the local pools more often if they didn't close in the late summer.	3/3/2016 9:10 AM
384	Chlorine Pools Closed Brentwood pool is closed often because of broken chlorine pump.	3/3/2016 8:26 AM
385	Chlorine prefer non-chlorinated, like Barton Springs	3/2/2016 9:24 AM
386	Pools Closed Short swim season Pool open seasons are too short	3/2/2016 9:05 AM
387	Pools Closed Diving Pool closed due to insufficient guards. Staffing appears to be a huge problem for all pools	3/1/2016 10:11 PM
388	Shade would use Martin more if had shade	3/1/2016 7:58 PM
389	Maintenance Pools Closed We found multiple pools closed for unscheduled "maintenance." It was typical to have to try two or three Central Austin pools (Northwest, Shipe, Ramsey) before we found one open.	3/1/2016 7:45 PM
390	My kids are getting older. We are using the pools less.	3/1/2016 10:47 AM
391	Pools Closed unexpected closing	2/29/2016 9:26 AM
392	Chlorine chlorine bothers our eyes so we jump in creeks more often	2/29/2016 8:11 AM
393	Pools Closed Pools closed May, September, October!	2/27/2016 7:03 PM
394	So very very tired after 3 1/2 years of the city's Restore Rundberg campaign against our area.	2/27/2016 12:19 PM
395	Pools Closed West Austin Pool frequently doesn't open on time	2/27/2016 12:03 PM
396	Convenience Traffic congestion in reaching other pools	2/27/2016 11:37 AM
397	Shade no shade or tables	2/27/2016 11:23 AM
398	Pools Closed For lap/fitness swimmers, there are only THREE pools open for this city, apart from summer months. Very hard to believe.	2/27/2016 8:02 AM
399	Chlorine Pools Closed Northwest pool is always closing bc of low chlorine or not enough life guards	2/27/2016 7:26 AM
400	Maintenance Pools Closed Shade Infant swimming area is not shaded, pool is randomly closed due to maintenance issues	2/26/2016 8:01 PM
401	Pools Closed I would swim more if pools open earlier in the year and stay open later in the year.	2/26/2016 3:27 PM
402	Type of Amenities lack lap lanes when I need them	2/26/2016 2:23 PM
403	Type of Amenities No indoor pool	2/19/2016 3:32 PM

#	Other (please specify)	Date
1	Prefer Other Facilities why do we need aquatic centers at all--we are hot here a lot so outdoor pools are fine	5/19/2016 12:38 PM
2	Cost Prefer Neighborhood Pools It would depend on the location. I would not support at the expense of NW Pool being maintained. It is currently not being kept up.	5/19/2016 8:37 AM
3	Environmental impact (building splash pads when the city is on water restrictions seems irresponsible)	5/18/2016 9:52 PM
4	Proposed Areas Most likely they will not build one in a reasonable distance from my home	5/18/2016 9:15 PM
5	Cost the city simply does not have the funds--too many homeowners, at least in my neighborhood, are already having to rethink where they live because they can't afford their large property tax bills from all the bond issues that have been approved!	5/18/2016 6:33 PM

6	Crowded Bartholomew is dirty and crowded	5/18/2016 6:23 PM
7	Prefer Other Facilities Lap lanes for fitness swimming is my number one goal.	5/18/2016 12:06 PM
8	Prefer Neighborhood Pools Would be nice to have similar smaller scale models in the neighborhood in addition to small neighborhood pools	5/17/2016 7:21 PM
9	Prefer Neighborhood Pools neighborhood pool is closer and easy to use - would like to see longer hours and fee for use to justify longer hours	5/17/2016 3:34 PM
10	Lack Information I know nothing about Bartholomew pool so I can't answer. Pics would help. Never even heard of it.	5/17/2016 2:22 PM
11	Prefer Neighborhood Pools Not more government spending. I like the existing pools and bartholomew is already crowded which results in children who don't know how to swim and end up becoming baby sat and rescued multiple times by life guards.	5/17/2016 9:55 AM
12	Lack Information I'm not sure the difference	5/17/2016 9:08 AM
13	Proposed Areas I'm fine with aquatic centers but please make it easy to get to and easy to park.	5/17/2016 8:33 AM
14	Prefer Neighborhood Pools would like to see a mix of neighborhood pools and regional centers	5/16/2016 7:50 PM
15	Prefer Neighborhood Pools you will charge money and close neighborhood pools where people without money can swim for free.	5/16/2016 3:40 PM
16	Prefer Neighborhood Pools You know that lack of lifeguards??? Neighborhood pools and swim programs in lower income neighborhoods where kids NEED JOBS AND CAN GET THEMSELVES TO LESSONS AND TRAINING would be very beneficial. Also, you know those efforts to encourage non-vehicle traffic? I have no desire to sit in traffic for an hour to be able to swim. Extended hours (early or late, would make these much more easy to use).	5/16/2016 2:54 PM
17	Proposed Areas I support them in regional locations and am concerned that pools are mostly in affluent areas.	5/16/2016 2:30 PM
18	Prefer Other Facilities pool layout for lap lanes does not provide for safe use since lifeguards are unable to stop other pool users from getting inside/across lap lanes. Need dedicated lifeguard just for lap lanes or limit pool time/usage to lap lane users only.	5/16/2016 11:58 AM
19	Proposed Areas If it was too far away--traffic always an issue in Austin--	5/16/2016 10:38 AM
20	Prefer Neighborhood Pools I do like the idea of more Bartholomews but not instead of neighborhood pools.	5/16/2016 8:35 AM
21	Prefer Neighborhood Pools N/A (I do support regional aquatic centers...but also wanted to note that I still do prefer a strong network of neighborhood pools that kids can walk/bike to)	5/16/2016 7:37 AM
22	Prefer Other Facilities Prefer a more natural pool area like Barton Springs	5/16/2016 7:25 AM
23	Cost I question the funds that would go into these pools, and who would actually use them. Could we be spending money in other areas to engage kids & families to keep them safe & busy during the summer?	5/16/2016 7:05 AM
24	Prefer Neighborhood Pools I like that fact that I am in a neighborhood pool where I can feel my community building. though I think features should be added to improve our neighborhood pool	5/15/2016 11:29 PM
25	Crowded I am concerned that they get too crowded	5/15/2016 11:19 PM
26	Prefer Neighborhood Pools Love being able to walk to neighborhood pool. Builds community. Convenient. Laid back.	5/15/2016 6:12 PM
27	Prefer Other Facilities I'd really like to have more pools available through September/October -- if I got to decide what to invest in, it would be opening pools earlier in the day and keeping them open for a longer season. It's hard when it's still 95 or more outside and the pool has closed for the season	5/15/2016 5:38 PM
28	Prefer Neighborhood Pools neighborhood pools first, walkable, bike able, bus service, etc...	5/15/2016 2:23 PM
29	Prefer Neighborhood Pools Walk ability, congestion in Austin is terrible!	5/15/2016 12:43 PM
30	Cost Too costly. Instead, increase life guard pay and increase pool hours	5/15/2016 12:07 PM
31	Prefer Neighborhood Pools I'd like the pools we have to operate when they are supposed to	5/14/2016 10:40 PM
32	Cost Fees	5/14/2016 10:26 PM
33	Prefer Other Facilities I like Barton Springs because it is natural	5/14/2016 10:14 PM
34	Cost I assume aquatic centers charge a fee? I hope this doesn't displace free pools	5/14/2016 10:13 PM

36	Prefer Neighborhood Pools Visiting my neighborhood pool is an incomparable summer delight. Love walking there; prefer not to drive, if possible.	5/14/2016 6:26 PM
37	Prefer Neighborhood Pools Keep neighborhood pools	5/14/2016 5:51 PM
38	Prefer Neighborhood Pools I prefer to swim in our local neighborhood pool, Balcones.	5/14/2016 4:40 PM
39	Cost Cost to taxpayers	5/14/2016 3:45 PM
40	Prefer Other Facilities please prioritize warmer water swim options for winter	5/14/2016 3:19 PM
41	Loud and not enjoyable	5/14/2016 3:16 PM
42	Cost Cost - don't raise my property taxes. And there are enough pool options.	5/14/2016 2:33 PM
43	Prefer Other Facilities create Barton Springs Pool in the 20 Creeks we have in Austin	5/14/2016 2:28 PM
44	Staffing/Safety Crime at Bartholomew Pool: witnessed an "organized" crime ring (moms hiding stolen belongings that kids pilfered! Primary reason for never returning to this awesome place!)	5/14/2016 2:25 PM
45	Proposed Areas traffic congestion to and from	5/14/2016 2:23 PM
46	none	5/14/2016 1:51 PM
47	Cost There are already great pools, they just need to be staffed regularly. I don't go to Bartholomew because it costs money and the others nearby are free. Some people in East Austin can't afford to pay for the fancy, expensive pool.	5/14/2016 1:32 PM
48	Cost Prefer Neighborhood Pools I like the concept, but not at the expense of improving the neighborhood pools	5/14/2016 1:02 PM
49	Proposed Areas Not all parts of town are the same	5/14/2016 11:21 AM
50	Crowded The pool was rather crowded, but the main concern I had because of that was the quality of the water. It did not seem to be maintained well (lots of debris (hair, band aids) and the water felt slimy.	5/14/2016 10:11 AM
51	Prefer Neighborhood Pools Staffing/Safety It will be available only to people who live near. Why wouldn't you care for the pools we have and open them for a decent season? You say you can't afford it but you can build a suburban mega pool far away? Why do you keep doing survey after survey to ignore the broad public view against this project	5/14/2016 9:11 AM
52	Cost We are over taxed as it is, water rates are off the charts , the city of Austin just like to spend spend spend	5/14/2016 8:28 AM
53	Chlorine	5/14/2016 8:03 AM
54	Your hours end at 6:00pm !?!?	5/14/2016 7:55 AM
55	Cost Expense	5/14/2016 7:47 AM
56	Cost Cost too much to operate	5/14/2016 7:23 AM
57	NA	5/14/2016 6:06 AM
58	Prefer Other Facilities Swimming program availability	5/13/2016 11:21 PM
59	Prefer Other Facilities Seems that we have a lot of options already	5/13/2016 10:17 PM
60	if you kept the pools open thru the end of September and started mid May. We have a university with 50,000 students. Certainly you can find enough of them to be lifeguards, working around their class schedules.	5/13/2016 9:52 PM
61	Crowded Bartholomew is so crowded and understaffed it's dangerous and becomes filthy quickly.	5/13/2016 9:22 PM
62	I do support it! Maybe more awesome pools around town would mean less crowding and more lap lanes at Bartholomew! :)	5/13/2016 8:59 PM
63	Prefer Neighborhood Pools I'm not familiar with the Bartholomew pool and so can not judge it. I like the concept of the neighborhood pool with no fee.	5/13/2016 8:44 PM
64	Prefer Other Facilities We don't want Splashtown or Schiltebahn, we want an open gathering space where there happens to be a pool. Barton Springs and Deep Eddy are better models to follow than Bartholomew Pool and much more in character with our city.	5/13/2016 8:33 PM
65	Prefer Other Facilities prefer swimming in natural water, but if it gets more people away from crowded Barton Springs or Deep Eddy, I could support that!	5/13/2016 8:32 PM
66	Cost Will not pay what has been free since I was a child.	5/13/2016 8:29 PM

68	Prefer Other Facilities Pools too short	5/13/2016 7:40 PM
69	Proposed Areas Too far away	5/13/2016 7:38 PM
70	Cost Concerned about increased taxes.	5/13/2016 6:59 PM
71	Prefer Other Facilities I want lap lane pool in south austin year-round Garrison	5/13/2016 6:59 PM
72	Cost Too expensive to construct.	5/13/2016 6:54 PM
73	Prefer Neighborhood Pools I do like the Bartholomew splash pad, but it's very important to maintain a neighborhood atmosphere at the neighborhood pools	5/13/2016 6:28 PM
74	Crowded I like bartholomew pool but it is way too crowded and people do not follow rules. Life guards do not follow rules. Pool area has good wrappers all over it. Needs to have more lawn space and a designated eating area	5/13/2016 6:16 PM
75	Cost High taxes	5/13/2016 6:12 PM
76	Cost The cost and distance makes it unappealing.	5/13/2016 5:28 PM
77	Prefer Other Facilities Would like more places fit kids to train to swim	5/13/2016 5:24 PM
78	Crowded I don't like the new Bartholomew. There is a lot less actual swimming space. Half the center pool is taken up by the Lilly pad crossing and only one kid at a time can use it. The deeper pool is way to small. It's like a sardine can in the summer. I do appreciate the year round hours though and we use it once or twice a week when school is in.	5/13/2016 5:23 PM
79	Cost Will not want taxpayers to pay for it	5/13/2016 5:19 PM
80	Cost Austin taxes are already too high	5/13/2016 5:11 PM
81	Proposed Areas transportation, closeness to home	5/13/2016 5:08 PM
82	Staffing/Safety not enough life guards, drains those resources from the other pools.	5/13/2016 5:06 PM
83	Prefer Neighborhood Pools I don't support any expansion of facilities, when there is not enough staff to maintain services at existing pools.	5/10/2016 10:02 AM
84	Perhaps if they were salt water facilities	4/12/2016 7:28 PM
85	Staffing/Safety Already a lifeguard shortage truncating hours at favorite pools	4/12/2016 1:07 PM
86	concerned about chlorine levels, PARTICULARLY at Bartholomew	3/26/2016 9:52 PM
87	Cost Staffing/Safety Unsafe, Fees	3/25/2016 9:26 AM
88	Staffing/Safety Lifeguard staffing problems	3/24/2016 2:58 PM
89	Prefer Other Facilities only interested in maintaining bartons springs and deep eddy	3/24/2016 1:28 PM
90	Prefer Neighborhood Pools My family would likely have to drive to a regional aquatic center, as opposed to walking to a neighborhood pool. This increases traffic. The option to bike to a distant regional aquatic with children is unacceptable due to the unsafe and poorly designed bike routes/lanes throughout the city of Austin.	3/23/2016 3:01 PM
91	Cost Would be cost prohibitive to go to pay pool, also prefer a pool that is more low key	3/23/2016 11:37 AM
92	Crowded I hear it is crowded, so haven't traveled all the way there	3/22/2016 7:46 AM
93	Prefer Neighborhood Pools leave water park features to the commercial world	3/21/2016 9:47 PM
94	Crowded We went one time and this place was a mad house. Did not enjoy the experience and likely won't run back anytime soon.	3/16/2016 11:36 AM
95	Prefer Neighborhood Pools I like to walk/ bike to my pool	3/16/2016 11:04 AM
96	Crowded No swim space for children. Slides are nice and splash pads great	3/16/2016 10:12 AM
97	Crowded Bartholomew is not a good pool in which to teach swimming to children--too crowded.	3/15/2016 11:43 AM
98	Cost Prefer to not pay entry fee.	3/15/2016 8:11 AM
99	Staffing/Safety Unsafe	3/14/2016 8:38 PM
100	Cost It's a pay pool	3/14/2016 3:31 PM
101	Cost Because fees would rise taxes would rise and only higher class citizens would be able to attend.	3/14/2016 12:41 PM
102	Prefer Neighborhood Pools This is a tough question because the patronage levels of neighborhood pools varies widely for a number of very different reasons	3/12/2016 2:07 PM

Swim 512 Survey

103	Cost Too expensive for children and low income families	3/12/2016 1:38 PM
104	Cost Prefer Neighborhood Pools Because of Bart, we can't swim often. We have no neighborhood pool. Just a local expensive amusing park for outsiders. I would support the regional pools of a local free pool was also part of the plan for areas that get these regional pools. But overall, Bart is a negative for us. (We live 3 blocks away.)	3/12/2016 1:34 PM
105	Crowded I really like pools where SWIMMING is a main focus. When my family goes to Bartholomew, my kids end up in the overcrowded lap pool because the zero-entry pools are too shallow for fun swimming/diving. Too much space is given over to the "activities," and everybody really just wants to swim.	3/10/2016 2:31 PM
106	Prefer Neighborhood Pools Need neighborhood pools due to traffic congestion	3/10/2016 6:46 AM
107	Cost City pools should be free at least some of the time and this move towards having complexes that cost a lot per person is anti-Austin- I don't want to be Round Rock or Pflugerville	3/9/2016 9:01 AM
108	Staffing/Safety NOT SAFE AT ALL!!	3/9/2016 7:19 AM
109	cool	3/8/2016 7:45 PM
110	Cost Cost involved and what that may do to property taxes	3/8/2016 5:17 PM
111	Proposed Areas Depends on location and accessibility	3/8/2016 4:16 PM
112	Cost Cost	3/8/2016 4:15 PM
113	Prefer Neighborhood Pools I would need to know more. I would not want to divert funds from improvements (increased hours, physical repairs) for neighborhood pools, such as Ramsey Pool.	3/8/2016 2:04 PM
114	Cost Cost is a factor, especially with frequent use.	3/8/2016 10:23 AM
115	Prefer Neighborhood Pools Allandale is very concerned that you will close or change NW Pool from an Olympic-sized pool. We like our lap lanes. You could add a slide in the deep end, though.	3/8/2016 9:56 AM
116	Lack Information What does support mean?	3/8/2016 9:45 AM
117	Bartholomew is like a commercial water park and not for serious swimmers; furthermore, too many guards are required, which are already in short supply.	3/8/2016 6:43 AM
118	Cost Unsafe, Fees, Cost to the TAX PAYERS	3/8/2016 6:42 AM
119	Prefer Neighborhood Pools My kids prefer the deep end of Murchison to Bartholomew. More pools with deep areas for kids to play would be great. They also like the diving boards at NW, but they are open for only short spans of time.	3/8/2016 6:07 AM
120	Staffing/Safety Unsafe	3/8/2016 5:51 AM
121	Unsafe facility	3/8/2016 5:41 AM

137	Prefer Neighborhood Pools care for existing pools, not new ones	3/7/2016 11:20 AM
138	Prefer Other Facilities I do not like the redesigned Bartholomew. There aren't enough lap lanes and there is way to little space for the kids to goof off in actual water. The designers took away a lot of water and added concrete. The area for kids to play games like Marco Polo and "dive" for toys is extremely small. There is not enough room to actually swim. I like the slides and the lily pads, but they take up a lot of space. If features like that are going to be added it should not take up the space of lap lanes and pool space for the 3-6 feet deep recreational areas. The lily pads take up a lot of space and only one child at a time can use it. It's not practical and is a waste of space.	3/7/2016 10:27 AM

149	Proposed Areas I WOULD SUPPORT IT BUT ONLY IF IT'S IN COLONY PARK/LAKESIDE AREA,	3/4/2016 2:43 PM
150	Prefer Neighborhood Pools Please don't sacrifice the value of the great basic pools we have in Austin. Pools such as Northwest, Garrison, Mabel Davis, and Shipe, to name a few, are historically enjoyed by a wide range of the population without a lot of fancy additions that just seem to be distracting. Austin's wealth of neighborhood pools is amazing. If you want lap, deep water, or wading pool experience go to NW. If you want fountains and goodies go to Bartholemew. Cold water go to Deep Eddy. Each pool has it's niche. Maybe add a board to a deep end. Or a wading pool to an area that has room, but please think twice before remodeling a bunch of pools to fit a template. It is virtually impossible to please all the people all the time (in most anything) without diluting the quality of what's already so dear. So please stick to the original footprint of Austin's forefathers with most of these great pools. If Austin is in need of a mini "Schlitterbahn" then perhaps it's time to build one of those instead of trying to make one out of another pool. Water enjoyment has been around in families lives forever. Would be great to enhance this with "cool" waters as has been done at some pools. We bring our families to the pools to cool off in the hot texas summers. And, to learn to swim and play in the water. Keep it pure. Thanks.	3/4/2016 2:21 PM

180	Cost Costs. Water parks should be private	3/3/2016 2:09 PM
181	Cost I have a significant concern that the city will develop white-elephant, Taj Mahal-style facilities that waste money like the MetroRail and those ridiculous toll lanes on MoPac.	3/3/2016 2:06 PM
182	Prefer Neighborhood Pools I would not choose a regional pool over neighborhood pools. They both have their place.	3/3/2016 2:02 PM
183	Crowded If there are water slides at the pool I won't go because then automatically it will be CRAZY packed with kids	3/3/2016 2:02 PM
184	Prefer Neighborhood Pools The money should go to actually maintain the neighborhood pools, especially in the poor areas where people can't afford pools or A/C. Fancy aquatic centers that have to be driven to do not help the community.	3/3/2016 1:58 PM

Q12 In 2013, the City conducted an Aquatics Needs Assessment and discovered many pools were in critical need of repair to remain in operation. The City wants to have criteria in place to help determine what they should do when a pool is no longer feasible to operate in their current condition. What criteria do you feel should be most important in making the determinations? (Please select your top THREE choices.)

18	Preferred Pool Maintenance It is crazy for the City to be building new fancy facilities (say boardwalk over lake) when they could be maintaining facilities they already have. Perhaps instead of the huge expense of the boardwalk, a walk along the lake in Roy Guerrero Park might have been much cheaper, instead a big black chain link fence to keep people away from the water. The City already owns that land. The most expensive part of new facilities.	5/16/2016 2:56 PM

73	Preferred Pool Maintenan Preferred Pool Repair It isn't clear what do you mean by "critical need of repair". Without clarification, it's difficult to answer this question. However, in general I think much more of the budget should be given to Austin pools, and more equitably than has been the case. Given that Austin is the capital city, is the city that is or should be an attraction in itself. And for a number of other reasons, The city should not skimp on maintaining and improving pools. Their availability should, in fact, be advertised--in the most general sense: it's amazing how many people know extremely little about the type and availability of pools. These could greatly improve health, community spirit, and the attractiveness of Austin in general.	4/12/2016 11:56 AM

117	Preferred Pool Repair Austin needs to keep as many pools open as possible.	3/7/2016 11:15 AM
118	Preferred Pool Maintenanc There is no reason for PARD not to maintain pools. We don't need costly slides and fancy bathhouses. Maintain the pools first and if there are any additional funds then add the frilly stuff.	3/7/2016 10:35 AM

146	Preferred Pool Repair Supplemented Funding If you're asking how to help close pools, then I feel you are asking the wrong question. Austin needs more pools and aquatic facilities for training and recreation. The question you should be asking is "What is the public willing to do to save/rehab existing pools and/or create new and better facilities?"	3/3/2016 6:00 PM

151	Type of Facility Ability to remove cost for pool to increase attendance. I.e. closing 4 neighbohood pool and making 1 large municipal pool free might make sense.	3/3/2016 4:41 PM
152	Preferred Pool Repair "If you build it they will come" I stay away from my neighborhood pool because it is dirty, over crowded, old and under staffed. We'd go every day if it was improved	3/3/2016 4:34 PM
153	Preferred Pool Maintenanc Question is badly worded. I can't tell if you're asking what the criteria are to shut it down or fix it. I don't think expense should be considered. The city needs to MAINTAIN pools so these issues don't happen in the first place.	3/3/2016 4:13 PM
154	Preferred Pool Repair All pools should always be repaired and kept	3/3/2016 4:00 PM

#	Responses	Date
1	Increase Wages Increase the pay and for year round lifeguards and pools provide benefits. Comp employees for lifeguard certification, and training, flexible scheduling and a good break room.	5/19/2016 9:23 PM
2	High Schools Partnership Have city representative go to local high schools and talk about summer jobs as lifeguards.	5/19/2016 8:45 PM
3	Increase Wages Other Benefits University Partnerships Offer ACC tuition vouchers and assistance. Raise wages. Make them look cooler so little kids want to grow up and be a lifeguard.	5/19/2016 6:38 PM
4	High Schools Partnership recruit at high schools and colleges?	5/19/2016 12:53 PM
5	if the city is concerned about the shortage of lifeguards, why entertain adding more pools/regional aquatic centers/a natatorium, etc., so is there a genuine concern about recruiting workers or will job openings be created with more proposed facilities but with no plan for filling new positions to match the increased facilities Is it possible we are digging a hole and later wondering how to fill it/putting the cart before the horse?	5/19/2016 12:50 PM
6	High Schools Partnership Work with high schools across the city to recruit starting in March/April. Work with ACC to recruit. Post on Indeed.com. Sponsor targeted facebook ads that highlight pay, skills, and summer fun.	5/19/2016 11:51 AM
7	High Schools Partnership Give scholarships for certification; recruit high school kids	5/19/2016 11:41 AM
8	High Schools Partnership Go to high schools, swimming schools like Nitro, Emlers or Waterloo. Pay more per hour. Increase the hours of the swim seasons so they can have a longer steadier schedule/income.	5/19/2016 11:01 AM
9	Increase Wages pay more	5/19/2016 10:57 AM
10	High Schools Partnership Offering free training and ask high school students to volunteer for their graduation community service hours. Give them FREE training in all aspects, free swim suits, free t-shirts and ask them to volunteer for their service hours.	5/19/2016 10:47 AM
11	Other Benefits Provide dormitory lodging and bring lifeguards in from rural areas for a summer in Austin? Couple it with a leadership training type activity?	5/19/2016 10:23 AM
12	not sure.	5/19/2016 8:49 AM
13	High Schools Partnership train high school students and college students. advertise through schools and swim centers.	5/19/2016 3:43 AM
14	Swim Team Partnerships By reaching out to swim programs across the city--there are TONS of teenagers swimming and college/young adult age people coaching. Lots of these folks would love work/more work. But primarily, the city needs to streamline how the lifeguards are trained and scheduled. I have numerous friends whose teenagers waited weeks for training, and then weeks or months to be scheduled for shifts; meanwhile pools were on limited hours for a lack of lifeguards. The kids who saw that refused to even consider working for the city. Even kids can't afford to lose their summer to a "job" that never comes through, much less the college/young adult crowd.	5/18/2016 6:41 PM
15	Year Round Recruit/Jobs Advertise earlier	5/18/2016 6:32 PM
16	Target Adults hire retired individuals, lifeguards work in their own neighborhood if possible,	5/18/2016 3:15 PM
17	University Partnerships UT recruitment	5/18/2016 3:00 PM
18	Increase Wages Allow previous City of Austin trained life guards to take the review course instead of the full course even if they haven't life guarded within the last couple years. Provide a way for individuals to acquire help with funding for paying for the training course.	5/18/2016 2:59 PM

21	Increase Wages Pay them more!	5/18/2016 12:10 PM
22	No	5/18/2016 12:03 PM
23	Other Benefits Monthly membership options. The cards you can purchase aren't super cost effective. My gym is \$40 a month to swim everyday it's much higher. Consider that swimming has huge racial and economic implications. Open up pools to people who teach lessons for a license fee. Have free pool nights. Run a campaign that encourages swimming for health and fitness.	5/18/2016 9:40 AM
24	Make their jobs fun.	5/18/2016 9:07 AM
25	Increase Wages Play up the leadership qualities, and add more leadership training. Have a career track, with clearly defined perks. Raise pay. Recruit throughout the year. Recruit through AISD.	5/18/2016 7:02 AM
26	High Schools Partnership Pay better, offer lifeguard training at a reduced rate at beginning of summer when high school lets out (advertise at high schools and colleges, pay specific attention to advertising at their pools to capture swimmers), advertise jobs at those places as well and potentially include job postings in swim brochures & swim meet programs (handed out at large competitive swim meets) of local swim programs	5/18/2016 4:03 AM
27	Other Benefits Provide more interesting incentives like free transportation, local restaurant discounts, etc	5/18/2016 12:46 AM
28	Increase Wages Better pay? Scholarships? Subsidized housing? Offering free lifeguard classes?	5/18/2016 12:39 AM
29	High Schools Partnership Partner with schools to provide school credit (high school or college) for work, along with pay.	5/17/2016 11:45 PM
30	High Schools Partnership Work with high schools to develop training program that could count as PE credit.	5/17/2016 9:08 PM
31	Other Benefits offer ACL tickets/or serious discounts for ACL as retention bonuses for lifeguards who return or work the full season, etc	5/17/2016 8:49 PM
32	Hire me	5/17/2016 8:05 PM
33	Increase Wages I had a friend who worked as a life guard and swim coach at Bartholomew pool. She was fine with the pay but the office kept accidentally lowering the hourly rate; so she had to go in each time and argue her wage. Because of the disorganization, Bartholomew lost a Fantastic life guard and swim coach.	5/17/2016 8:03 PM
34	Other Benefits Lower the costs of training courses necessary to become a lifeguard.	5/17/2016 7:57 PM
35	Target Adults recruit seniors - the retired are often quite capable of carrying out the responsibilities of life-guarding.	5/17/2016 5:49 PM
36	High Schools Partnership Job fairs at high schools	5/17/2016 5:40 PM
37	Close small pools and invest in large family pools with lots of facilities for kids.	5/17/2016 4:14 PM
38	High Schools Partnership Partner with AISD to give high school students athletic credit for lifeguarding at least through mid-October after school. Open pools earlier in the spring under this same proposal. Partner with nonprofits.	5/17/2016 4:08 PM
39	High Schools Partnership College students, high school students that can get some sort of credit/ volunteer hours	5/17/2016 3:58 PM
40	High Schools Partnership School program within the high schools where kids can take lifeguard classes in exchange for PE credit. Plus decent pay... (not sure what is in place currently)	5/17/2016 3:38 PM
41	Increase Wages increase pay; flexible schedule	5/17/2016 3:36 PM
42	Increase Wages more pay	5/17/2016 3:26 PM
43	High Schools Partnership High school recruiting, ut recruiting, craigslist	5/17/2016 3:25 PM
44	High Schools Partnership Explore credit options for training with more high schools/school districts.	5/17/2016 3:22 PM
45	Other Benefits Targeted Outreach Target highschool and college students, allow it to be counted as a summer elective or something (first aid, cpr, etc. + job experience), provide them free bus cards during their tenure to address transportation issues.	5/17/2016 3:22 PM
46	Increase Wages Pay them more.	5/17/2016 3:18 PM
47	High Schools Partnership Are you recruiting at local high schools? Are you recruiting specifically with local swim and diving teams? Can working as a lifeguard be counted as community service hours in any way (not the type you have to give because of a punishment but instead, the type that helps someone look more appealing to college admissions officers)?	5/17/2016 3:12 PM

73	High Schools Partnership YES, neighborhood pools and swim programs in low income areas. These youth CANNOT get to the training areas, have not had the long season and access to swim programs (or money for) as are available in west Austin. Stop claiming you have to close a pool because you can't maintain bathrooms, etc. then build big plastic slides which will require much more maintenance. 87	Increase Wages <<Below is a letter I wrote in 2010. That summer the City began experiencing lifeguard shortages that have persisted. I reiterated the message again in 2014.>> This is a comment on the management of the City pool lifeguard program last summer, 2009. In particular, this is to emphasize how a large number of first year lifeguards who committed to work for the City last summer were deprived of the opportunity to do so for a much of the summer and, in the end, were given hours far short of reasonable expectations. I hope that some attention to the issues I raise will result in reform so that the situation is not repeated in the future. I will preface this by noting that young people are attracted to the lifeguarding jobs by hourly pay that is somewhat higher than that for other PARD programs like Playground Program Counselling or many entry level jobs in the private sector. However, this benefit is illusory for first year lifeguards, as they must complete a 40 hour training course without compensation and pay for the training (at a rate subsidized by the City). Moreover, they are responsible for purchasing their own equipment, and the bi-weekly in service trainings they are required to do result in schedule fragmentation and travel time for short stints of work. Yet the seeming attractiveness of the job draws applicants away from other opportunities, as it did my son, who had previously volunteered for two years with the Playground Program, worked as a counsellor in 2008, and had an opportunity to work full time as a counsellor in 2009. Much of the problem is rooted in slow human resources processing and scheduling that creates poor timing of events. Those completing their training on a Friday are not entered into the City's personnel system until the following Friday or the Monday after. Therefore, they cannot perform a two-hour in-service, which requires them to be official employees, until a week or two after they have completed their formal training. The in-service must be performed before they can be placed on a work schedule. Since the in-service sessions are held on weekends, but the lifeguard supervisors are required to submit their personnel schedules on a Thursday, yet another week must pass before a new employee can even be scheduled for duty. As a result, a new lifeguard who did his week of training starting the day after school is out would not be able to get his first work assignment until the first week of July. Given that most pools close in early or mid August, almost half the summer is gone before these young people can work enough hours to pay off the fees they paid to be trained. This is no hypothetical scenario. There were 152 first year lifeguards who paid \$45 for the 40-hour certification class. An undetermined number of these took their training over spring break, which is an opportunity not afforded to those whose families take spring vacations or whose school or club sports require participation during the break. But of the 152 trainees, 89 worked either 0 or just 2 hours (presumably a first in-service) in the four weeks of pay periods	5/16/2016 10:55 AM

Swim 512 Survey

through June 27, and another 11 worked less than ten hours during those periods. These 152 employees were paid for a total of only 1199 hours for the two-week pay period 5/31/09 to 6/13/09, an average of less than 7.89 hours per employee, less than 10% of full time employment. For the pay period 6/14/09 to 6/27/09, they were paid only for 2969.5 hours, 19.54 hours per employee, or 24.4% of full time. For their first full month of employment, they were given only 68.5% as many hours as they were required to donate in the course of their 40-hour training. They were almost certainly standing by, willing to work, but City procedures did not allow them to. Even thereafter, the hours given to these employees represented much less than half time work, and no doubt required inordinate travel time and fragmented days because of short shifts. But it gets worse. Each employee is required to physically check the schedule at each district where they have indicated a willingness to work. They cannot see the schedules on line, nor can they call in. Given that the City was so stingy in assigning hours in the districts of choice, many of these lifeguards offered their services in other districts, but this means driving all over town on Saturday, when the schedules are posted, to see where they will need to work, including the next day, Sunday. Failure to physically check a schedule can mean missing a Sunday shift, which results in penalties and possible dismissal. So employees must devote hours of their time, spend money on driving, and pollute the air on ozone action days just to find out whether they can work or not. If the employee was unable to do so, for example if a family took a weekend trip, they were likely to be penalized. There is no excuse for that. Furthermore, having passed their lifeguard training and being fully certified, and confronted with the City's failure to employ them, they were not allowed to use their certification to work as lifeguards at other private or public pools. The City, claiming to have subsidized their training, holds their credentials for the summer season, expecting them to serve the City as lifeguards so the City can reclaim (at the City's option) its investment. By law, these original credentials must be presented at any other place of lifeguard employment, so these young men and women were not allowed to seek the employment for which they were qualified in other places. The sad result, for my son and three of his friends who had planned on building their college savings by lifeguarding for the summer, was that they spent the vast bulk of the summer shiftless and unsupervised through the long summer days. In my son's case, he had the opportunity and invitation to work full time for PARD as a camp counsellor, but he passed by this opportunity to have his time abused by the lifeguard program. The other boys also passed on other summer employment opportunities. Not only did they miss out on potentially three or four thousand dollars of summer employment opportunity, they ended up wasting their time waiting for the occasional half shift that was made available for them. An important summer of employment was virtually lost. The Aquatics Program will plead that the problem was exacerbated last summer by the unexpected closing of one of its pools. They were aware of this closing during the training and could have informed or released some of their trainees, but they did not. A more significant factor was that they overreacted to a shortage of lifeguards that developed in 2008. The program trained more than they would have needed even if all the pools were open and furthermore failed to anticipate that the tight employment market would lead to less attrition than normal. Yet when the situation became apparent, they might have contacted their new employees and released their credentials so that they could seek employment elsewhere, but they did not. Such labor practices would not be tolerated in any environment where employees had a collective voice. They should not be tolerated anyway. It goes without saying that the four first year lifeguards I know personally will not be returning to be exploited by the program in the future. If the City believes it will retain any significant number of last year's first timers, I believe this to be delusional thinking. Very few people will put up with that kind of treatment. So my message to the City on this matter is this: Mend your ways. Train only the lifeguards you know you will need. Fix your HR methods so that once they are trained to work, they will be able to work. Let them be scheduled for hours on the presumption they will perform their in-service rather than inducing delays of more than a week by forcing them to perform in-service before they are scheduled. Alternatively, provide mid-week in-service so this duty can be performed before schedules are set. Release credentials so that if necessary, these young lifeguards can work at other venues when the City fails to utilize them. Do not force employees to make a cross-town trip to every part of town in which they wish to work, just to check their schedule. Post the schedules on line or at least let them call a central location to check in. In short, own up to your responsibility as an employer.

88	High Schools Partnership Swim Team Partnerships University Partnerships Year Round Recruit/Jobs <p>We lived in Mesa, Arizona for 15 years. They have the largest, most successful city swim program in the US. It is a partnership with the city and schools. They have an exceptional life guard training program that is so good there is a waiting list and they train so many, so well that other area cities recruit their leftovers. All my children participated and it was, literally, a life-changing opportunity for them all. I recommend you investigate what they do. It is remarkable.</p>	5/16/2016 10:48 AM
89	Social Media Marketing Targeted Outreach <p>Given the age of the average lifeguard, I would highly suggest social media as a platform. Recruiting stations outside pools would be worth a try. That's the way our son got started lifeguarding.</p>	5/16/2016 10:45 AM

94	High Schools Partnership I like your ideas of the bonus and high school class. Maybe consider a PE credit if AISD approves?	5/16/2016 8:42 AM
95	High Schools Partnership Recruit in high schools & help kids to get the necessary certifications. Not all kids can afford cert classes, nor have access to them. Consider bringing the classes to a high school. Recruit at UT, St. Ed's & Huston-Tillotson.	5/16/2016 7:12 AM
96	High Schools Partnership Other Benefits Classes offered on breaks and many more life guard classes offered. Ask students when they can come weekly biweekly etc. Strong jr lifeguard program. Contact middle schools counsellors especially low income schools. Pay small stipend for jr. Lifeguard when they work for whole summer with promise of incentive if they become a lifeguard. At each high school list who is a current lifeguard and have them be a contact for the school if students have questions. Referral service for students. Contact students via email or text. Most high schoolers need extra support to get organized to take the class.	5/16/2016 6:10 AM
97	Year Round Recruit/Jobs Start sooner in the year. And work on all media vehicles. Also keep the pools open longer in the year so you are able to keep lifeguards on staff so every summer you don't have to start from 0 and get to 600+.	5/15/2016 11:36 PM

105	Target Adults I don't know much about the current strategies, but most of the lifeguards I encounter appear to be teenagers or college students. Perhaps there are slightly older people who are still fit enough to be lifeguards and might be interested in seasonal work (artists, teachers, etc.?)	5/15/2016 5:45 PM
106	Improve Management Relax rules for uniforms, improve break areas for guards by providing fans, mini fridge, etc.	5/15/2016 4:38 PM
107	Targeted Outreach Reach out directly to schools and kids near the end of the Spring semester. Nowadays there are too many music festivals and other ways for kids to feel like young adults, at least more fun ways than working all summer. You need to entice/hook them early by reaching out to them via school.	5/15/2016 3:38 PM
108	High Schools Partnership Develop a life savings program with the ymca or AISD	5/15/2016 3:25 PM
109	Increase Wages Pay more	5/15/2016 3:20 PM

125	High Schools Partnership Actively and directly reach out to prior lifeguard employees as soon as application opens. Reduce the amount of time between application for employment and when employee is placed on payroll. Add satellite locations for initial orientation. Keep pools that are part of a school open all year round (or longer into the fall and open by April) and seek to employ lifeguards who are in high school to be able to open the pools after school lets out (perhaps 5-8pm). This would help keep lifeguard training beyond just the summer, permit community members keep up with their swimming skills, keep lifeguard staff motivated to continue working w/o the need to travel longer distances to work. Engage more with community groups like BSA to help swim check kids in scouting and in the community soon before the swimming season opens. Start swim lessons in April. It is Texas and pools don't need to wait to open until May.	5/15/2016 9:20 AM

165	Increase Wages #1: College kids (local students or those who remain in Austin over the summer). #2: Some way to solicit "stay at home" moms/dads as a part-time job? #3: don't know the pay rate; but if ya'll are having difficulties, it may be low? A tiering structure to "elevate" and attract stay-at-home parents as lifeguards? Pool fees likely would need to be assessed to offset the tiered rates.	5/14/2016 2:40 PM
166	Social Media Marketing Targeted Outreach University Partnerships We have a large youth population. Use social media to advertise the positions, target universities and community colleges for these positions and other City seasonal jobs.	5/14/2016 2:39 PM

191	Targeted Outreach Advertisement at schools and have lifeguards talk ad guest speakers	5/14/2016 9:21 AM
192	Ques 13 and 16 are so leading. No option is appropriate. I don't want a mega pool. I want you to take care of pools as is your task. These pools belong to the public with PARD as their caretaker. That you have failed for so long is not an excuse for ruining then closing these precious neighborhood resources. AND put a splash pad in the Hostel park of Lakeshore in 78741. There is ZERO interest in serving neighborhood kids there. Put it near the road to respect riparian interests and show that you don't want that park to be only a "Round Rock tourist" destination	5/14/2016 9:16 AM
193	High Schools Partnership Make the training a high school or college credit.	5/14/2016 8:52 AM
194	Increase Wages Pay them well and offer additional benefits	5/14/2016 8:47 AM
195	High Schools Partnership Since intensive training and certification is required, perhaps find an incentive towards high school credit and/or future college credit?	5/14/2016 8:17 AM
196	High Schools Partnership Recruit in high schools and local colleges. Provide all necessary training and offer flexible hours.	5/14/2016 8:14 AM
197	High Schools Partnership Recruit from swim teams and at high schools and at UT and ACC.	5/14/2016 8:11 AM
198	Swim Team Partnerships recruit at swim teams	5/14/2016 8:10 AM
199	Increase Wages Higher pay, benefits, long term program that earns some kind of certification/credit/hours?	5/14/2016 8:03 AM
200	Other Benefits Targeted Outreach Work with CapMetro to give lifeguards free bus passes. Recruit in lower-income areas. Recruit from Girl Scouts, Boy Scouts, Explorer Scouts and Campfire Kids. Work with the Y to develop a swim program that encourages older kids who are enrolled in advanced swim classes to become lifeguards and includes rescue and CPR training as part of the course.	5/14/2016 8:00 AM
201	High Schools Partnership University Partnerships Year Round Recruit/Jobs Run training classes more often; recruit HS, ACC and UT students.	5/14/2016 7:59 AM

204	Other Benefits Having a sign on bonus is an added plus to recruit life guards. Keeping the guards at a home pool is of benefit to the community guest and guard	5/14/2016 7:52 AM
205	Increase Wages better pay?	5/14/2016 7:42 AM
206	Targeted Outreach Job postings through neighborhood sites like Nextdoor.	5/14/2016 7:34 AM
207	High Schools Partnership Increase pay, recruit at high schools and colleges	5/14/2016 7:32 AM
208	Targeted Outreach University Partnerships Approach various colleges, community colleges and teachers (some are often looking for summer part-time jobs).	5/14/2016 7:32 AM
209	Targeted Outreach Year Round Recruit/Jobs Heat pools in south, north, east, central and do the hiring and trainings in those sites! Not at the Aquatic Main Office.	5/14/2016 7:28 AM
210	High Schools Partnership Recruit at area High Schools.	5/14/2016 7:20 AM
211	Increase Wages increase pay	5/14/2016 7:01 AM
212	Improve Management A friend's daughter had a terrible sexual harassment experience - better screening, training, and supervision of supervisors.	5/14/2016 6:59 AM
213	Increase Wages Ask high tech companies to sponsor programs and pools. Give freebies and other incentives to lifeguards. Pay more.	5/14/2016 6:48 AM
214	Improve Management Do Jr Life Saving programs for Kids ages 13-15yrs. Like a intern program. they will learn lifeguarding, cashier, water safety, first aid and insrtucting swim lessons. then when they are old enough to you can hire them.	5/14/2016 6:30 AM
215	Other Benefits Highlight benefits of extracurricular activities for youths on future resumes.	5/14/2016 6:12 AM
216	Increase Wages Pay them more per hour.	5/14/2016 6:11 AM
217	Increase Wages Pay more.	5/14/2016 5:40 AM
218	High Schools Partnership Recruit from area high schools with an emphasis on athletes. My swimmers in Hays County hear about these jobs from me, their coach. Get it out in January...	5/14/2016 5:22 AM
219	Increase Wages Pay more	5/14/2016 2:14 AM
220	Other Benefits Sign on bonus	5/14/2016 1:53 AM
221	University Partnerships Work with local universities to recruit college students	5/14/2016 12:29 AM
222	Improve Management Have a jr lifeguard program and flexible shifts	5/14/2016 12:17 AM
223	High Schools Partnership Offer it as high school credit of some sort.	5/13/2016 11:58 PM
224	Increase Wages Pay better wages	5/13/2016 11:42 PM
225	High Schools Partnership Make it part of pe in high school to train as a lifeguard and the actual pursuit of the job would be optional.	5/13/2016 11:40 PM
226	High Schools Partnership Other Benefits University Partnerships Can you get high shook or college credit for working/training to be a lifeguard/teaching lessons? If not, that could be a big draw. Get paid & get credit.	5/13/2016 11:29 PM
227	Year Round Recruit/Jobs If they had more work instead of seasonal maybe they would stay longer.	5/13/2016 11:29 PM
228	Increase Wages Increase pay. Duh.	5/13/2016 11:24 PM
229	Increase Wages Increase pay? Work with UT, A&M and the TSU systems to give an academic credit for life guarding?	5/13/2016 11:12 PM
230	Increase Wages Increase pay and inservice training	5/13/2016 11:12 PM
231	High Schools Partnership Reach out to high school swim team members. Offer higher pay.	5/13/2016 11:08 PM
232	High Schools Partnership Other Benefits Offer free training through Austin isd to give more teenagers the opportunity to become lifeguards who may not be able to afford the initial cost.	5/13/2016 11:08 PM
233	Increase Wages Pay more or offer creative freebies (free entrance to Barton springs or hamiltons pool). Also kids love parties. Have maybe 2 Summer parties for the lifeguards. I think this will encourage more teenagers to join.	5/13/2016 10:57 PM
234	Other Benefits Bonuses and benefits.	5/13/2016 10:53 PM
235	Other Benefits scholarships, student loan forgiveness, tuition discounts, college credits, public transportation discounts, utility discounts	5/13/2016 10:50 PM

Swim 512 Survey

236	Other Benefits University Partnerships Get colleges/universities to count seasons worked for college credit.	5/13/2016 10:33 PM
237	High Schools Partnership High school pe credit High school honor society	5/13/2016 10:29 PM
238	Other Benefits Offer to train/certify candidates	5/13/2016 10:28 PM
239	Increase Wages Pay more or give collage credit for job i.e. First responder degree	5/13/2016 10:27 PM
240	Improve Management Year Round Recruit/Jobs I have a 16 year old that was considering the position of life guard for this summer. With school demands as the priority, there has not been time to pursue it. We were out of town during spring break when you offered a training/informative session. I think if you were to advertise the amount of hours per week that was expected or that they are able to have a flexible schedule, more kids would consider the job.	5/13/2016 10:25 PM
241	High Schools Partnership Teach lifeguarding class for free at each local high school and/or public pool	5/13/2016 10:18 PM
242	University Partnerships Put signs up at U.T. and the other colleges in town.	5/13/2016 9:59 PM
243	High Schools Partnership work with local high schools to have training programs and promote jobs for students	5/13/2016 9:55 PM
244	Allow for part-time, hourly life guards who may have other jobs	5/13/2016 9:54 PM
245	Increase Wages Year round positions? higher pay:longer shifts to get more consistent lifeguards? Disignate lifeguards to specific pools? Would pay fee for year round swimming and consistent lifeguard.	5/13/2016 9:43 PM
246	High Schools Partnership --better pay --incentives (such as high school credit hours)	5/13/2016 9:40 PM
247	High Schools Partnership Reach out to high schools that have Red Cross swim certifications as part of their curricula.	5/13/2016 9:34 PM
248	Increase Wages Pay them more.	5/13/2016 9:32 PM
249	High Schools Partnership Other Benefits Work out a plan that serving as a lifeguard meets a school semester phys ed requirement or graduation service requirement.	5/13/2016 9:25 PM
250	Increase Wages Pay scale. Support for college tuition. Resume priority hiring for city full time jobs.	5/13/2016 9:17 PM
251	High Schools Partnership Tie it into AISDs participation in the National Honor society which requires and rewards high school students for participation in causes such as this.	5/13/2016 9:15 PM
252	Target Adults If this is something retirees or adults who need a second job could do part time, why not reach out to those populations? I think everyone assumes this is a young person's job, but if people are physically able to guard there's no reason why it should be limited to college kids.	5/13/2016 9:09 PM
253	Improve Management No specific recommendations. Challenging problem, as the requirements (3+ life guards, rotations, etc.) mandate an expense. If there is no way to permit "at own risk" swimming to reduce costs then it is a challenge to raise more revenue for this specific task.	5/13/2016 9:04 PM
254	Increase Wages I know I am a lifeguard certifies adult. I have three kids though and the pay isn't good enough to be able to afford child care. Maybe if you did short time slots where parents would life guard while their kids did lessons or swim team.	5/13/2016 8:56 PM
255	Targeted Outreach Radio ads	5/13/2016 8:53 PM
256	High Schools Partnership High school recruitment and find funds to pay for their training	5/13/2016 8:48 PM
257	Increase Wages Pay more	5/13/2016 8:43 PM
258	Increase Wages If you raise their pay it will be easier to find lifeguards.	5/13/2016 8:42 PM
259	High Schools Partnership Boy Scouts, Girl Scouts, and High School swim teams all have trained swimmers (the former two may also have some lifesaving training) who need community service hours for various reasons. Lean on the schools to collect such students. Make it an extracurricular elective credit, or an additional gym credit. If taking a poorly paid part time job at a pool meant you didn't have to do PE in the fall, I think you could net a few people.	5/13/2016 8:37 PM
260	Increase Wages Increased pay	5/13/2016 8:30 PM
261	Targeted Outreach Work with local scouting groups maybe. Start a junior life gaurd program that starts kids at 11 or 12 to train and pair with older life gaurds to get them excited about doing it.	5/13/2016 8:29 PM
262	Improve Management Other Benefits Provide better amenities for lifeguards, more available training/certifications (first aid, CPR, open water rescue, etc). Provide soda's/snacks for on duty guards, maybe contribute to scholarship funds so teens could work each summer in HS/community college and earn credit for college \$ for each full season of employment? Appeal to low SES teens more.	5/13/2016 8:27 PM
263	Increase Wages Competitive pay.	5/13/2016 8:22 PM

Swim 512 Survey

264	Increase Wages Better pay, good training, benefits,	5/13/2016 8:20 PM
265	High Schools Partnership Pay them more. Better organization. I assisted recruitment at a local high school and my son worked the front desk at a municipal pool. Not a supportive environment in his opinion.	5/13/2016 8:19 PM
266	High Schools Partnership Increase pay. Recruit in high schools	5/13/2016 8:17 PM
267	High Schools Partnership Do more work with middle and high schools to get kids interested. Offer ut scholarship for lifeguards. Make summer lifeguards fast track for police, firefighter, or EMT positions.	5/13/2016 8:13 PM
268	Stop worrying about a natatorium if there is no money for the pools we have (!)	5/13/2016 8:11 PM
269	High Schools Partnership Recruit lifeguards from AISD High school swim teams and student bodies. If lifeguard certification is problematic, Maybe AISD could offer students a swim elective during school hours that not only counts as an elective but also provides lifeguard certification at completion of the class. Or perhaps work with UT in order to train students so the city can hire them.	5/13/2016 8:08 PM
270	High Schools Partnership High school credit; college credit through ACC; Add requirement for cross training/serving with fire department, police, and EMTs; Eagle Scouts?; more clearly communicate the communal and heroic value they have.	5/13/2016 7:48 PM
271	Social Media Marketing Post videos on social media showing actual lifeguards talking about why they like their job	5/13/2016 7:45 PM
272	Increase Wages Target Adults Pay a living wage and recruit adult lifeguards.	5/13/2016 7:44 PM
273	High Schools Partnership Recruit in high schools. Encourage more schools to have swim teams.	5/13/2016 7:42 PM
274	High Schools Partnership Go to high schools and universities. This age wants jobs!	5/13/2016 7:41 PM
275	High Schools Partnership advertise earlier at the high schools and provide training at the AISD high schools. Also, give life guards their number after one year so they can work in the winter.	5/13/2016 7:41 PM
276	High Schools Partnership Start training lifeguards earlier - recruit at UT and local high schools	5/13/2016 7:40 PM
277	Increase Wages Make pay competitive. Run 20 minute shifts to manage time in the sun	5/13/2016 7:39 PM
278	High Schools Partnership Visit high schools to share about job openings	5/13/2016 7:33 PM
279	Other Benefits offer free trainings to youth	5/13/2016 7:31 PM
280	High Schools Partnership Go to high schools and local colleges and offer info on how to get certified or sponsor certification classes.	5/13/2016 7:21 PM
281	High Schools Partnership Contact and work with the all the High School counsellors to create a direct recruiting pipeline for kids looking for summer jobs.	5/13/2016 7:16 PM
282	Increase Wages Better pay for certified lifeguards.	5/13/2016 7:15 PM
283	Year Round Recruit/Jobs start NOW	5/13/2016 7:06 PM
284	High Schools Partnership Notify high schools about jobs	5/13/2016 7:03 PM
285	Increase Wages Increase pay; recruit biology and kinesiology and nurse study college students; provide paid lifeguard training lessons at convenient times;	5/13/2016 7:03 PM
286	Other Benefits Other Funding Increase entrance fees for daily usage, and only offer price breaks for season passes or punch cards.	5/13/2016 6:56 PM
287	Close the pools.	5/13/2016 6:56 PM
288	High Schools Partnership Invest in free classes at the local high schools and colleges for more trained LG	5/13/2016 6:55 PM
289	Don't know	5/13/2016 6:52 PM
290	High Schools Partnership Offer free lifeguard training through AISD and Eanes ISD high schools, offer a referral bonus if a referral is hired, increase pay & perks	5/13/2016 6:51 PM
291	Increase Wages Offer them higher pay in addition to free parking downtown or something that the city can provide without dipping into cash reserves.	5/13/2016 6:48 PM
292	Increase Wages Targeted Outreach You average lifeguard is a highschool kid with CPR training. There are many Veterans in Austin that are unemployed and they have been trained how to swim and most are at least BLS certified. The wage needs to be fair though 9 bucks an hour is not fair. We live in Austin where one can swim almost year round. Hire more Veterans	5/13/2016 6:48 PM
293	Improve Management Shorter rotations	5/13/2016 6:47 PM

Swim 512 Survey

294	High Schools Partnership Increase Wages Other Benefits Increase the salary of lifeguards. Provide more accessible training for lifeguards. Not sure if this exists, but provide Physical Education credit for lifeguard training, if the student agrees to be a lifeguard.	5/13/2016 6:46 PM
295	High Schools Partnership Other Benefits Provide school credit?	5/13/2016 6:45 PM
296	Improve Management It would be nice if kids could have the chance to lifeguard in their neighborhood.	5/13/2016 6:42 PM
297	Targeted Outreach Uber/Lyft drivers need jobs.	5/13/2016 6:41 PM
298	N/A	5/13/2016 6:39 PM
299	Increase Wages Depends on what they are paid. Way above minimum wage is a start.	5/13/2016 6:35 PM
300	Improve Management I have two lifeguards in my household that lifeguard at private facilities nearby. The key is proximity because it doesn't place a burden on the parent to constantly drive and pickup. Also alot of the City pools have no shading.	5/13/2016 6:35 PM
301	13 & 16 don't give the options I would have selected. You seem to be driving the discussion away from pools supporting people in the area (I.e. walking distance) for more regional hyper complexes. I don't agree with on many levels. Additional driving (I.e. air pollution) and it causes families to schedule outings as opposed to kids being able (based on age) to go there on their own. Best regards	5/13/2016 6:33 PM
302	High Schools Partnership Pay \$1.50 more per hour. Market to high schools in February.	5/13/2016 6:32 PM
303	Increase Wages Pay more and train well. We are putting our lives in their hands. Provide opportunities for management experience. Reward employees who return each summer. Provide scholarship money to Texas colleges.	5/13/2016 6:30 PM
304	Increase Wages Better pay, mentor ship with older guards	5/13/2016 6:29 PM
305	High Schools Partnership Targeted Outreach Churches and Schools	5/13/2016 6:28 PM
306	Increase Wages That's a tough one. Maybe pay them more & start charging fees at the neighborhood pools earmarked for lifeguard pay.	5/13/2016 6:26 PM
307	Increase Wages You would have to pay enough to get good ppl. Otherwise they will take other jobs.	5/13/2016 6:22 PM
308	No	5/13/2016 6:18 PM
309	Increase Wages Increase pay	5/13/2016 6:18 PM
310	Other Benefits Targeted Outreach Make it part of outreach into poverty areas, give them free bus passes and meals. Sponsor a progressive series of competitions--backed by, park using, event promoters--where winning lifeguards get VIP passes or meet bands or something. Promote these competitions, make them stars, make it cool and desirable to be a lifeguard. Make it hard to earn, and a mark of distinction. Have demonstrations where they can show their skills. People will fight for the honor to be numbered among the select few. I recently watched them testing or something at Barton Springs, it was cool. They looked cool. Promote that. Some of this costs nothing more than changing management attitudes. Get someone to back some scholarships, this should be doable, who doesn't like lifeguards? Every time a lifeguard makes a save their picture should be displayed at the pool when you walk in. Encourage people to give the thumbs up when they see that lifeguard.	5/13/2016 6:17 PM
311	Increase Wages Other Funding Offer more money by having pools in affluent areas charge nominal admission (\$1).	5/13/2016 6:16 PM
312	Increase Wages Pay competitively See if there's some kind of perk that young people would really like that you could offer (maybe in trade with another organization that works with the City of Austin) -- like discounts on ACL Fest tickets, discounts to Schlitterbahn... be creative!	5/13/2016 6:11 PM
313	Other Benefits Offer Red Cross certification.	5/13/2016 6:07 PM
314	High Schools Partnership Increase Wages Recruit in the schools. Offer free training. Make sure the wage is excellent. They deserve to be paid well! They are saving lives!	5/13/2016 6:07 PM
315	Increase Wages PAY THEM MORE MONEY!	5/13/2016 6:05 PM
316	Increase Wages Provide pay incentives and look to areas with competitive swim groups to recruit people.	5/13/2016 6:03 PM
317	High Schools Partnership High school organizations	5/13/2016 6:03 PM
318	High Schools Partnership Reach out to parents of High School kids. Contact them directly that there are jobs available to to their teens! They will supply the necessary encouragement. Additionally - the neighborhoods that don't have any pools probably have the most young adults that could use jobs. They likely don't have transportation to areas that have pools and if they do - they might not feel encouraged or even know there are lifeguard jobs available to them in nice areas that have pools. See what I am getting at here?	5/13/2016 5:52 PM

319	Increase Wages Not sure of current pay or benefits but more incentives and flexible hours especially if the season is extended.	5/13/2016 5:52 PM
320	Increase Wages raise the pay level.	5/13/2016 5:52 PM
321	Increase Wages Pay more	5/13/2016 5:51 PM
322	High Schools Partnership Have local businesses offer discounts to lifeguards (p. Terry's, pizza places, Alamo drafthouse, etc), collaborate with high schools to promote lifeguarding, provide free and accessible lifeguard training, set up a program to write recommendation letters for lifeguards who are reliable and dependable, provide free cap metro transportation for lifeguards	5/13/2016 5:50 PM
323	Improve Management Better retention of existing lifeguards	5/13/2016 5:49 PM
324	High Schools Partnership Maybe have a high school program training program were kids of working age can train before or after school/commit to summer work.	5/13/2016 5:48 PM
325	High Schools Partnership Recruit from within the park. I swam at Shipe for years and was never mentored or recruited to help until old enough to be a life guard. Provide shade. Limit the number of swimmers so lifeguarding is manageable. Recruit from colleges and high schools.	5/13/2016 5:46 PM
326	High Schools Partnership job fairs at high schools and acc	5/13/2016 5:45 PM
327	Have a count as volunteer time if they take the training lots of kids need volunteer hours	5/13/2016 5:44 PM
328	High Schools Partnership Social Media Marketing Swim Team Partnerships Hire a creative social media manager to create a campaign to attract students. Work with schools to create some sort of program in collaboration with swim teams?	5/13/2016 5:43 PM
329	Increase Wages Provide free training, CPR, other necessary certifications. Pay them as if they matter.	5/13/2016 5:41 PM
330	High Schools Partnership Swim Team Partnerships Recruit from swim teams (high schoolers) and offer flexible schedules that high schoolers can easily do	5/13/2016 5:41 PM

Swim 512 Survey

378	<p>High Schools Partnership First, I think every effort should be made to retain experienced, mature lifeguards, and not discouraging some of the best from continuing because you require them to take time off (is it the 1040 rule?-- something like that). This is critical, because many 15 and 16-year-olds might be physically competent to do all required rescues, but shaky in terms of understanding and exercising their authority (this also goes for some of the lifeguards who are older, and not brand new; but among newly-recruited lifeguards, this problem is rampant). Again, this isn't limited to 15- and 16-year-olds, but may be more prevalent: maturity and knowing how to exercise discretion in running the pool, which is extremely important in a pool like Stacy where, fairly often, no one is present except a couple of very young life guards who may be more hesitant to express authority over older adults, or uncertain about what their authority actually is. At the very least, do more training of lifeguards not just about rescues, but about anticipating dangerous situations that may not be covered by the written rules. About having the discretion to politely point out to a lap swimmer that there's plenty of room in the part of the pool designated for lap swimmers. I've seen lifeguards do this with never any problem. But some of the lifeguards are reluctant to do this, even when it's clear that the only reason a lap swimmer has come into the other part of the pool is because they act aggressive, just start swimming right at you in a lane where you already are, and is generally not difficult to herd, or bully, people who are not lap swimmers into a smaller space so that they can have the equivalent of a whole, unshared lane by themselves. Your survey question should make clear, or allow for, the fact that there's a difference between recruiting "lifeguards" who are seasonal employees--getting a lot of kids for the summer--and lifeguards who will continue to give expertise and experience to Aquatics for longer periods of time. Make every effort to retain more experienced lifeguards. Sometimes it seems that younger, beginning lifeguards feel more comfortable in that context. Pay (especially seasoned lifeguards) a little more. Also, try recruiting more actively (at the very least, more posters). I taught at UT for years, never saw notices/posters recruiting lifeguards (maybe there are some in the pool facilities there, which I never used--I prefer the outdoors pools--but more widely at athletic facilities. And elsewhere on campuses of colleges, not just of high schools: there are plenty of students, and maybe some staff, who might be interested, but who don't get to see those postings. Don't know if you have an informal talk and Q&A session a couple of times a year. If not, you should.</p>	4/12/2016 3:39 PM
379	<p>High Schools Partnership Other Benefits Offer training at high schools with bonuses to hire lifeguards.</p>	4/12/2016 2:31 PM
380	<p>Increase Wages University Partnerships Pay them competitively. Pay them more. More flexible hours. Focus on finding applicants from colleges well in advance.</p>	4/12/2016 1:13 PM
381	<p>Other Benefits Offer some kind of college tuition help?</p>	4/12/2016 11:15 AM
382	<p>Other Benefits Incentives, marketing, remind kids it's a great job with responsibility</p>	4/12/2016 10:58 AM
383	<p>Increase Wages Unfortunately no. Maybe a tad bit more wages.</p>	4/12/2016 10:46 AM
384	<p>High Schools Partnership Other Benefits make an optional class in the public middle school, integrate with PE or sports programs</p>	4/10/2016 9:39 AM
385	<p>High Schools Partnership Other Benefits Offer some type of school credit perhaps? I.e. High School or College Students could receive some type of physical activity credit or credit for public service.</p>	4/4/2016 9:02 PM
386	<p>Improve Management The Big Stacy pool lifeguards are useless at getting the homeless to keeping their showers down to two minutes as posted.</p>	4/2/2016 11:19 AM
387	<p>Target Adults Targeted Outreach YES! Whenever I go swimming I hear older adults (55-65) talking about how they would do it- they are good swimmers and good workers - I think the youthful orientation for the outreach is unnecessary. If a 120lb 16 year old can do the job a 60 year in good health can.</p>	3/31/2016 4:06 PM
388	<p>High Schools Partnership Targeted Outreach Could you go into the high schools with at table at lunch time to recruit?</p>	3/29/2016 1:43 PM
389	<p>Increase Wages Other Benefits Target Adults Two issues: 1) Swimming tends to be an elite sport. If you need employees to possess a valuable skill, you need to either provide training at your expense or provide wages and benefits that recognize the years of effort and expense that go into developing that skill. 2) Lifeguards do not have to be high school students. Treat it like a real job and prospective employees will too. You can have a permanent, seasonal workforce if you're willing to provide training and pay a living wage and provide the same benefits other city employees get. If you can rotate those people through other seasonal employment the rest of the year, it starts looking like a really good job that someone doesn't want to blow off the last 2 weeks of summer because, "OMG I need to go shopping and have some fun before school starts again."</p>	3/26/2016 10:54 PM
390	<p>Increase Wages Other Benefits increase the pay (though i have no idea what it is) maybe make the training class free IF they pass the final test? reimburse transportation costs</p>	3/26/2016 8:10 PM
391	<p>Improve Management HIRE NEW MANAGEMENT OVER PARKS AND RECREATION DEPARTMENT-- THIS WAS NOT AN ISSUE IN THE PAST UNTIL THE AQUATIC DIVISION MANAGEMENT WAS CHANGED!</p>	3/25/2016 9:30 AM
392	<p>No I don't. Try to minimize the pool features that require additional lifeguards.</p>	3/24/2016 3:01 PM
393	<p>Increase Wages Other Benefits pay more, make training available</p>	3/24/2016 1:34 PM

Swim 512 Survey

394	I am too unfamiliar with current processes to make a good suggestion	3/24/2016 9:21 AM
395	Other Benefits Incentive to return guards. Incentive to guards that recruit. Guard parties. More guarding contests.	3/24/2016 8:34 AM
396	High Schools Partnership Other Benefits Swim Team Partnerships University Partnerships Free lifeguard training and more advertising to high schools and colleges especially to swim teams and advanced swim classes.	3/24/2016 8:11 AM
397	Improve Management Besides having the necessary lifesaving skills, please make sure that lifeguards have common sense and are smart. Otherwise, poor decisions can be made re. regular, everyday operations, which affect our swimming experience. Thank you.	3/23/2016 4:04 PM
398	High Schools Partnership Other Benefits University Partnerships Offer lifeguard training for area high school and college students at their campuses	3/23/2016 3:11 PM
399	Other Benefits Don't add water features. These are too difficult to monitor. Continue gym class credits for learning life guard skills.	3/23/2016 2:18 PM
400	No ideas on lifeguards. Just wish this survey offered options for choosing to maintain ALL pools, not close pools. Austin's population is growing, and there's a growing need for access to free neighborhood pools as well.	3/23/2016 11:39 AM
401	Social Media Marketing Advertise on social media.	3/23/2016 9:53 AM
402	High Schools Partnership Increase Wages Increase salary as needed. Go into schools to recruit.	3/23/2016 9:47 AM
403	High Schools Partnership Other Benefits Partner with AISD to provide lifeguard training for students and job placement.	3/23/2016 1:14 AM
404	High Schools Partnership University Partnerships Recruit at the high schools and universities - work with administrators to get the job posting in front of students who would be most likely to apply.	3/22/2016 11:51 PM
405	High Schools Partnership Other Benefits Target Adults Offer free training to high school kids to become lifeguards. Or encourage healthy retirees to become lifeguards in their spare time?	3/22/2016 11:00 PM
406	High Schools Partnership Why not do a training program thru the high schools	3/22/2016 10:35 PM
407	Other Funding Swim Team Partnerships Advertise with local swim teams; solicit local community sponsors to subsidize their salary, similar to adopt-a-highway (adopt-a-pool?)	3/22/2016 9:03 PM
408	Other Benefits University Partnerships Promote at the local universities, make hours flexible, provide a signed on bonus bonus at the completion of the summer season	3/22/2016 6:05 PM
409	Other Funding Target Adults How about stay-at-home parents who want to earn extra \$? There could be a system of job-sharing playgroups where parents take turns as lifeguards. For example, one or more parents hang out in the pool w/the kids or watch the kids elsewhere (this part could be either paid or unpaid - I'm guessing it would need to be unpaid), while one parent takes his/her turn as a paid lifeguard. I understand there would be liability issues, but with some brainstorming with the right people, there might be a way to make that work - like maybe if the groups themselves were informal and not related to the City, except for the lifeguard part? It needs thinking through, but stay-at-home parents are a large group of people who are often looking for part-time paid work for extra cash -- and for a way to get a little time away from their own kids, even if it is just to watch a bunch of other kids! :)	3/22/2016 8:56 AM
410	High Schools Partnership Increase Wages Offer lifeguard class after school to high school kids and advertise pay rate	3/22/2016 7:50 AM
411	Other Benefits More lifeguard training programs that are better advertised	3/22/2016 7:50 AM
412	I would have to know more about who you are trying to hire.	3/21/2016 9:52 PM
413	High Schools Partnership create a fun working environment, market at high schools and local colleges for qualified applicants, offer competitive salaries and benefits	3/21/2016 8:47 PM
414	Targeted Outreach University Partnerships Homeschooling community, UT students,	3/21/2016 7:46 PM
415	High Schools Partnership University Partnerships Job fair at high schools, community colleges.	3/21/2016 6:23 PM
416	Increase Wages Adequate pay and benefits usually attracts needed employees.	3/21/2016 5:58 PM
417	Swim Team Partnerships I am a former lifeguard who has a child in swim team. I asked if I could guard during swim practice. I was told that guard schedules couldn't accommodate specific pools/times. If someone could schedule better, it would free up guards to work at other times/locations if you could accommodate scheduling for parent guards. (I understand that guarding means more than just watching people swim...cleaning etc is also required of guards).	3/19/2016 8:51 AM
418	High Schools Partnership Targeted Outreach Reach out to high school kids and people in the neighborhoods where the pools reside.	3/16/2016 1:10 PM

Swim 512 Survey

419	High Schools Partnership Reach out to public, private and charter high schools for and ask for a chunk of time to teach water safety, CPR to kids; recruit as a side effect of this benefit to the community	3/16/2016 11:44 AM
420	Increase Wages More competitive pay. recruit from neighborhood the pools are in.	3/16/2016 11:10 AM
421	Increase Wages Pay a living wage :/	3/16/2016 11:01 AM
422	Targeted Outreach More advertisement before summer time.	3/16/2016 9:06 AM
423	Target Adults Recruit senior citizens. These jobs are not that rigorous, lots of sitting, many citizens have good swimming/life-saving experience.	3/15/2016 11:47 AM
424	Other Benefits Signing bonus?	3/14/2016 4:16 PM
425	Increase Wages Other Benefits Higher Pay, City should pay for certifications	3/14/2016 3:34 PM
426	High Schools Partnership Advertise to all high school in Austin giving teens an opportunity to stay out of trouble.	3/14/2016 12:49 PM
427	Social Media Marketing Targeted Outreach As I have no idea where kids would even learn about this opportunity, perhaps more avertising	3/13/2016 3:17 PM
428	Improve Management When our kids were lifeguards, the level of job satisfaction was tied to their area pool manager. (Not sure if that is the actual title). If that person was organized, communicated well and a good manager, they loved their job. When they had ineffective managers (over scheduling them, then writing them up for having too many hours when they couldn't find someone to take the hours) my kids hated it and quit. So - high functioning and reasonably paid middle managers might help.	3/12/2016 2:23 PM
429	Increase Wages provide more career track opportunities within PARD, possibly tied to higher education/certifications. Pay often helps. This will take a big rethink on the part of CoA leadership	3/12/2016 2:22 PM
430	Increase Wages pay lifeguards minimum wage or higher reduce cost to take lifeguard certification class rotate their assignments to pools	3/12/2016 1:52 PM
431	Increase Wages Raise pay. work with UT to provide housing for college student or high schoolers from out of town who come to stay the summer to life guard.	3/12/2016 1:44 PM
432	High Schools Partnership Increase Wages recruit at high schools and local colleges? Pay them a little more?	3/11/2016 8:47 AM
433	Improve Management Flexibility with schedules. Ask local American Red Cross Aquatic Specialist to assits in training	3/11/2016 8:06 AM
434	High Schools Partnership Offer swimming in middle school and high school students could get certified basic swimming	3/10/2016 10:19 PM
435	Other Benefits Other Funding I am not supportive of increasing the number of lifeguards, however if you must, then how about offering free lifeguard training? How about offering lap swimmers free admission for the year if they volunteer to lifeguard 1-2x/month during the swim season?	3/10/2016 3:07 PM
436	Increase Wages Pay better.	3/10/2016 2:35 PM
437	Increase Wages Pay them a higher wage	3/10/2016 2:12 PM
438	High Schools Partnership If they don't already exist, add more training programs in local high schools	3/10/2016 8:59 AM
439	Increase Wages Pay more, offer shorter shifts, don't tie card to full summer employment accommodate part of summer workers so teens can work and still do school camp etc.	3/9/2016 11:08 PM
440	Other Benefits University Partnerships provide a small scholarship to ACC for lifeguards who work through the whole summer. it will benefit the community plus provide incentive to work for the COA	3/9/2016 12:03 PM
441	Increase Wages Better pay. Transitions to off season work.	3/9/2016 11:55 AM
442	Increase Wages Better pay,	3/9/2016 10:54 AM
443	High Schools Partnership University Partnerships seasonal workers are hard to recruit. maybe reach out to area high schools and colleges as recruiting options.	3/9/2016 10:44 AM
444	Other Benefits University Partnerships Offer flexible shifts or shift sharing if you don't already. Offer an end of summer bonus if they work the whole summer. Recruit at UT. Recruit retirees. Emphasize service to the community.	3/9/2016 10:34 AM
445	Increase Wages Find more money for the parks and pay them more	3/9/2016 10:34 AM
446	Other Benefits Not sure. But it's critical that the lifeguards get the training and support to enforce rules (especially inappropriate use of language or excessive public display of affection).	3/9/2016 9:49 AM
447	Increase Wages pay more	3/9/2016 9:41 AM

Swim 512 Survey

448	High Schools Partnership Increase Wages Partner with AISD to get word out to their high school students about the training and allow needs based training cost deferment out of new guards first couple of pay checks	3/9/2016 9:05 AM
449	Targeted Outreach weekend recruitment instead of weekday 4:30 pm	3/9/2016 7:23 AM
450	High Schools Partnership Targeted Outreach recruit at highschoools	3/8/2016 11:15 PM
451	High Schools Partnership Reach out to high school and college students with on campus events and classroom visits & presentations.	3/8/2016 9:39 PM
452	Other Benefits Targeted Outreach Do a better job of advertising at schools, churches and other places potential lifeguards go for entertainment. Offer incentives/rewards for working multiple weeks, months or years. Offer lifeguard discounts at other city events. Recruit local businesses to subsidize lifeguard salaries and/or provide incentives (gift cards etc), or to sponsor specific pools (neighborhood businesses sponsor nearby pools).	3/8/2016 8:30 PM
453	my idea is to ask all the residents to ask their order sibblings to work there.	3/8/2016 8:23 PM
454	H	3/8/2016 8:16 PM
455	Add more water slides and kanoing and tubes family slides.	3/8/2016 7:56 PM
456	Increase Wages Better pay for them	3/8/2016 7:36 PM
457	Other Benefits Provide incentive	3/8/2016 6:17 PM
458	High Schools Partnership Provide more lifeguard training programs for the city's local youth in conjunction with local high schools.	3/8/2016 5:58 PM
459	Increase Wages Other Benefits Year Round Recruit/Jobs Increase swim season, increase pay, provide benefits.	3/8/2016 5:57 PM
460	Increase Wages increase pay, be more flexible on time needed off.	3/8/2016 5:26 PM
461	High Schools Partnership Go to the high schools. Recruit the teenagers. Let them select which pools they are willing to work so they can choose ones near their homes.	3/8/2016 5:23 PM
462	Other Benefits Continue to incentivize! Make training options easy for kids to complete and reward great work ethic and customer service. Make it fun!	3/8/2016 5:04 PM
463	Other Benefits Offer more training classes	3/8/2016 4:20 PM
464	Increase Wages Other Benefits Pay them more; in the absence of increased pay rate, maybe a trade off/other benefit for the lifeguards - don't know what that might be - just a thought.	3/8/2016 4:02 PM
465	Increase Wages Other Funding Maybe we should build a dorm & invite college students from around the country- you could fill the spots then! Also, I would pay a fee- I don't care- but I am passionate about poor kids getting access to water play. I use all the pools- and we just can't charge east side kids to get into the pool. It is unethical.	3/8/2016 3:47 PM
466	High Schools Partnership Targeted Outreach I'm not sure what is being done currently, but I assume there is outreach to schools since the minimum age requirement is 15? Maybe enlist the help of AISD staff to identify students who would be good candidates for this very important job.	3/8/2016 2:34 PM
467	Swim Team Partnerships If you have more competitive swimming teams (not affiliated with schools), you're more likely to get teenage guards. I was on a swim team all my life and everyone became a guard once we got old enough.	3/8/2016 2:32 PM
468	High Schools Partnership Targeted Outreach University Partnerships More recruitment and free training/certification sessions targeted at local high schools and colleges.	3/8/2016 2:24 PM
469	Targeted Outreach Target ex-offenders for hiring priority, supply training. They need work.	3/8/2016 2:18 PM
470	High Schools Partnership University Partnerships Market these positions at high schools/colleges/universities. Explore options for offering high school orcollege PE credit.	3/8/2016 2:10 PM
471	High Schools Partnership Work with local high schools on lifeguard training and jobs promotion.	3/8/2016 1:56 PM
472	Social Media Marketing More advertising. Twitter, Facebook, etc.	3/8/2016 12:21 PM
473	Increase Wages You need to pay them more. Lifeguarding is a first responder public safety job that requires a significant amount of training. The pay ought to reflect that.	3/8/2016 12:18 PM
474	High Schools Partnership Other Benefits Could you make it count for school PE credit?	3/8/2016 12:03 PM
475	Increase Wages Budget consideration that allows lifeguards to earn a competitive wage. Fast food pays more, and fast food workers are never required to administer CPR.	3/8/2016 11:35 AM

Swim 512 Survey

476	Swim Team Partnerships It's starts with having more swim lessons. I have a 12 year old who can't seem to finish his swimming lessons cause they're never offered for older kids. It's just little kid lessons available. Then guess what? Not finishing swim lessons means you're not ready to be a lifeguard. Or, have free lifeguard sessions once or twice a year.	3/8/2016 11:20 AM
477	High Schools Partnership Does the city recruit in high schools?	3/8/2016 11:15 AM
478	High Schools Partnership Swim Team Partnerships University Partnerships Contact high school and college swim coaches	3/8/2016 11:10 AM
479	High Schools Partnership Other Benefits University Partnerships Recruit within the neighborhood schools, public and charter, and within libraries. Partner with Cap Metro to offer bus passes for lifeguards to get to and from work. Partner with ACC to offer course credit for lifeguard work, particularly in health care courses (CPR training, First Aid, etc.)	3/8/2016 10:56 AM

481	High Schools Partnership Other Benefits Go into the high schools and create programs to make your own lifeguards! Can be an after school activity, but give them the training necessary and then hire them!	3/8/2016 10:46 AM
482	Increase Wages Better training? Higher wages? I do not have enough information to comment intelligently.	3/8/2016 10:04 AM
483	High Schools Partnership Increase Wages recruit at high schools in areas that might not normally see job postings for these positions, having longer seasons might incentives longer term positions holders to stay on and reduce turn-over. Pay more and think about transportation options for people to get to work.	3/8/2016 9:56 AM
484	Target Adults Targeted Outreach Recruit teachers, offer flexible schedules, offer requests for location, recruit in neighborhoods with pools	3/8/2016 9:55 AM
485	Increase Wages No! I think you do everything possible, I guess you could pay a livable wage... 13.00+ per hour	3/8/2016 9:23 AM
486	Targeted Outreach Better looking female lifeguards would help in recruiting male lifeguards.	3/8/2016 9:08 AM

494	High Schools Partnership Provide convenient training. How about a training/swim class that counts as high school credit for PE?	3/8/2016 6:17 AM
495	Targeted Outreach Do recruitments in neighborhoods	3/8/2016 5:54 AM
496	Targeted Outreach Have recruitments in different parts of town instead of downtown Austin.	3/8/2016 5:45 AM
497	Improve Management Work on better scheduling - prioritize scheduling at close to home pools, get schedule out every week a bit earlier etc.	3/8/2016 5:43 AM
498	High Schools Partnership Consider giving the lifeguards a set number of week(s) off each summer. Many lifeguard candidates are older high school students, and they may needs to make college visits. Likewise, college students and high school students may have legitimate reasons for taking off a week or two each summer as a break, and inflexibility with shift scheduling is a drawback.	3/8/2016 1:03 AM
499	High Schools Partnership High school course for credit in lifeguarding	3/8/2016 12:25 AM
500	Increase Wages Pay them more? With Austin's growth and prosperity, hard to understand how this isn't a solvable problem. Why are our resources for pools so limited?	3/7/2016 11:09 PM

507	Other Benefits allow part-time or on-demand work	3/7/2016 8:05 PM
508	Other Benefits Offer more training opportunities	3/7/2016 7:51 PM
509	Increase Wages The city may want to consider paying for lifeguard and WSI training if you don't already.	3/7/2016 7:43 PM
510	not at the moment	3/7/2016 7:32 PM
511	Maybe	3/7/2016 7:27 PM
512	Other Benefits Free lessons	3/7/2016 7:12 PM
513	Increase Wages Other Benefits Schedule certification workflow so lifeguards can start work immediately after finishing training. Commit to providing the hours desired by the lifeguards (primarily the number of hours, but also the scheduling). I have seen SOOOO many first and second year lifeguards waste their summers because they cannot commence work for many weeks after training and then can get only scraps of hours. Word gets around. The word is if you want to work and make money, find something else -- the City hires, holds credentials, and then does not utilize lifeguards willing and needing to work. Also, provide lifeguard credentials so that City lifeguards can work at other lifeguarding jobs during off hours.	3/7/2016 6:39 PM
514	Other Benefits In response to question number 12 (which amenities would I support), I believe it is crucially important to fix the basics and provide basic pool services before adding any unnecessary bells and whistles such as wifi, fancy landscaping, etc. All of that is great IF it doesn't come at the expense of neighborhood pools that need attention. Too often, this City focuses on aesthetics or non-critical amenities at the expense of major needs, especially in terms of maintaining East Austin pools that residents need access to in hot summer months. To recruit more lifeguards, the City might consider a apprenticeship training program of sorts that helps young people advance their careers if they stick with the aquatics division- they'd start as lifeguards and work their way up into different positions within Aquatics or the city. A l/t professional program to retain entry level employees and help them advance. This could appeal quite a bit to kids who may not be college bound, but still want good jobs.	3/7/2016 6:22 PM

519	Increase Wages Pay them more.	3/7/2016 5:49 PM
520	Improve Management The City policy for # of lifeguards at one time needs to be re-evaluated. At my neighborhood pool there are 2 lifeguards watching a pool that one could easily watch. Then there are 2 sitting in the storage room playing games on their iphone. The city is wasting these resources and claiming a shortage in lifeguards. The problem is right before the city's face. They have plenty of lifeguards, they just dont know how to use them efficiently.	3/7/2016 5:02 PM
521	High Schools Partnership University Partnerships For high school kids, work with AISD to allow credit hours for service. Similar for ACC. Also senior rec centers.	3/7/2016 4:05 PM
522	High Schools Partnership Swim Team Partnerships University Partnerships Look into recruiting members of swim teams at Austin area high schools as well as colleges/universities. Partner with school administrations to achieve this.	3/7/2016 3:47 PM
523	Increase Wages Year Round Recruit/Jobs Pay guards more and don't make them seasonal. Allow the good ones each summer that wish to stay to work at the pools open in the winter so they are year round employees. The YMCA has a much bettersituation for guards.	3/7/2016 3:26 PM
524	High Schools Partnership Other Benefits Class as alternative to PE in high school	3/7/2016 3:26 PM

539	Other Benefits Targeted Outreach Enlist area businesses to provide discounts to lifeguards. Poll current lifeguards to determine what has most appeal. Fast foods? Movies? Bus passes? etc Give credit on city websites and at pool facilities, not large signs but a small ad/thank you board at the ticket window or pool bulletin board.	3/7/2016 12:32 PM
540	Increase Wages Other Benefits Pay lifeguard for training, don't train during school testing weeks, increase hourly pay	3/7/2016 12:28 PM
541	Increase Wages Pay more. If these employees are required to save lives, we should consider their pay.	3/7/2016 12:04 PM
542	Increase Wages Other Benefits pay for their certifications/training and make sure to pay them more than minimum wage. these are the people that are trained to keep us alive if something should happen. that is worth at least 15/hr.	3/7/2016 12:03 PM
543	High Schools Partnership Go to high to hire student's as lifeguards	3/7/2016 11:37 AM
544	Increase Wages Other Benefits Pay them better! Give them more respect and appreciation. Give them benefits.	3/7/2016 11:25 AM
545	Increase Wages Other Benefits Add incentives? Scholarship money, paid leave for a week, etc.	3/7/2016 11:20 AM
546	Increase Wages Other Benefits Higher pay...the signing bonus is a good idea	3/7/2016 11:07 AM
547	High Schools Partnership Other Benefits University Partnerships Provide training through Austin area high schools and ACC.	3/7/2016 10:44 AM
548	High Schools Partnership Increase Wages Other Benefits Pay for the students tuition!!! UT and even ACC are expensive to attend, especially if the students are from out of state. Students find it very difficult to afford every cost in Austin. Tuition, books, housing, food, clothing, health care, and club dues all add up to a lot of headache for students. Students tend to favor working at places that can alleviate some of these financial burdens. A sliding scale of tuition grants would provide incentives for lifeguards to continue working in Austin over consecutive seasons. For example: First season as a lifeguard: 100 hours worked = \$100 in tuition bonus. 200 hours worked = \$200 in tuition bonus. Second consecutive season as a lifeguard: 100 hours worked = \$200 in tuition bonus. 200 hours worked = \$400 in tuition bonus. Third consecutive season as a lifeguard: 100 hours worked = \$300 in tuition bonus. 200 hours worked = \$600 in tuition bonus. To qualify for the bonus you would have to demonstrate that you are either a full or part time student, or that you are planning to enroll into a school as a full or part time student (letter of admission into college, high school transcripts, recommendation from high school teacher). My sister is a lifeguard in Kansas. She would come live with me in Austin if it was cheaper to go to school here, but as an out of state student the costs are simply too much.	3/7/2016 9:56 AM
549	Other Benefits Increase hourly wage; provide some sort of tuition benefit/stipend	3/7/2016 8:59 AM
550	High Schools Partnership Other Benefits Targeted Outreach University Partnerships Workshops at the colleges and schools as well as Lifeworks and Goodwill.	3/7/2016 8:36 AM

Swim 512 Survey

551	High Schools Partnership Other Benefits Swim Team Partnerships Lifeguarding was offered in highschool as a PE option. The class included first aid and cpr and used the highschool pool. Literally every kid wanted to take the class and I can't think of a friend who wasn't a lifeguard 20+ years ago. It was the job to have and easy to get trained in school. And this was in Michigan where there were more pools and everyone swam in a team. Austin is WAY behind in the swimming department. Weird since Austin is hot...	3/7/2016 6:15 AM
552	High Schools Partnership Advertising at all high school campuses, ACC job board, libraries, churches, etc.	3/7/2016 3:36 AM
553	High Schools Partnership Other Benefits Add lifeguard training/certification to the EMT (or another CTE class) course offered by AISD. Kids can get certified at school in an elective they get credit for and even apply for lifeguard jobs once certified through their classes. Would provide the lifeguards the city is always short of and jobs for teens in their neighborhoods.	3/6/2016 9:39 PM
554	Swim Team Partnerships Targeted Outreach More programing to get kids involved in swimming so they can eventually be lifeguards.	3/6/2016 9:31 PM
555	High Schools Partnership Increase Wages Other Benefits Advertise lifeguard jobs at local high schools, offer required training courses at various times and locations around the city for low cost, process applicants quickly, offer flexible scheduling for all life guards. Offer pay at market rate.	3/6/2016 9:13 PM
556	Year Round Recruit/Jobs Provide 6 month contract, along with increasing swim session. May attract a more long term employee. Could possibly find by having season pass at pools that don't have them currently.	3/6/2016 8:20 PM
557	Other Benefits offer scholarships to student lifeguards who work for a certain number of seasons	3/6/2016 7:25 PM
558	Increase Wages Pay more.	3/6/2016 6:06 PM
559	High Schools Partnership Work with the high schools and start early in the year.	3/6/2016 5:01 PM
560	High Schools Partnership Increase Wages Increased pay will help, also getting current guards to provide information at austin high schools about the job	3/6/2016 3:36 PM
561	Don't know enough about wages, etc., to comment	3/6/2016 11:59 AM
562	High Schools Partnership Other Benefits UT and high school recruiting; offer course credit	3/6/2016 11:43 AM
563	Increase Wages Poll the lifeguards themselves and find out what they do and don't like about the job. Presumably it doesn't pay very well and many people who would be willing to take a low-paying job don't have the required certification.	3/6/2016 10:40 AM
564	Increase Wages Other Benefits Usually when there are not enough pp applying for jobs, something is missing, e.g. benefits and pay. I would analyze those for lifeguards.	3/6/2016 7:53 AM
565	High Schools Partnership Offer Lifeguard Training classes at High Schools and at ACC - Begin the hiring process earlier in the year - Use the sides of Cap Metro Buses to advertise for Lifeguard jobs	3/6/2016 7:00 AM

614	High Schools Partnership Go into the High Schools and encourage students.	3/4/2016 2:51 PM
615	High Schools Partnership Targeted Outreach Target high school students early enough for the students to have more choices regarding training; consider offering city-run training programs.	3/4/2016 2:49 PM
616	High Schools Partnership Other Benefits University Partnerships work with both UT and local High Schools for academic credit - work with ACC to include a couple of weeks of life guard to hands on childcare course so that out of a class there would be enough to cover the part of the season that coincides with the summer and fall semester. Hire elders for the ticket booths but keep the job to 6 hour max per day and alternate the days per week - in other words an elder over the age of 70 seldom can do 6 hours everyday for 5 or 6 days in a row, week after week. And consider having a weekly morning elder swim at some of the large and neighborhood pools.	3/4/2016 2:46 PM
617	Increase Wages Teach responsibility and ownership. Expect it. Support with incentives. Pay decently.	3/4/2016 2:28 PM
618	High Schools Partnership Other Benefits Targeted Outreach Post flyers at high schools and college campuses. Offer free lifeguard training. Reduce the required number of lifeguards per pool (one should be enough for a neighborhood pool!).	3/4/2016 2:19 PM
619	High Schools Partnership Year Round Recruit/Jobs Maybe neighborhood pools could be open during after school hours so high school kids could lifeguard. The pool could remain closed during the day and just be open evenings and weekends.	3/4/2016 2:16 PM
620	High Schools Partnership Increase Wages Increase hourly wage and advertise in high schools and collages more	3/4/2016 2:07 PM
621	High Schools Partnership Allow younger kids to be assistant lifeguards - 14 or 15 year olds in high school.	3/4/2016 2:07 PM
622	High Schools Partnership Increase Wages Swim Team Partnerships Pay a higher wage for position. Recruit from swim teams and high schools.	3/4/2016 2:04 PM
623	High Schools Partnership Swim Team Partnerships For those who want to wok year-round, provide that benefit. Recruit from the local high school swim teams, pointing out the benefits of holding a responsible job and not just a free internship that they think might fluff their resumes.	3/4/2016 2:04 PM
624	Increase Wages Other Benefits Increase pay and benefits. Allow for more flexible schedules.	3/4/2016 1:48 PM
625	Other Benefits University Partnerships Provide a discount for ACC or other area college classes. Better method to track existing lifeguard hours/payroll.	3/4/2016 1:46 PM
626	High Schools Partnership Increase Wages Swim Team Partnerships Pay more. Integrate life guarding into high schools and community colleges and local swim teams. Offer flexible scheduling for adults who might be interested in a second job. Offer Junior lifeguard camps like they do near the ocean, which are operated by lifeguards to encourage kids ages 9-14 to consider life guarding...	3/4/2016 1:38 PM
627	High Schools Partnership Year Round Recruit/Jobs Recruit in the local schools Recruit earlier in the year for jobs/positions Recruit outside of Austin in local towns	3/4/2016 1:33 PM
628	University Partnerships There is a major university in this town. Recruit at UT.	3/4/2016 1:25 PM
629	High Schools Partnership Other Benefits Swim Team Partnerships University Partnerships Offer local/neighborhood businesses to sponsor financial incentives for lifeguards (i.e. gift cards, salary bonuses). Offer some kind of credit for high school/college swim team members to become lifeguards	3/4/2016 1:24 PM
630	Improve Management Be more flexible on the schedules; Train the pool supervisors in proper, respectful dialogue when talking with other lifeguards Adhere to the policies for how long a lifeguard stays on stand on very hot days, ensure the lifeguards rotation schedule is also maintained of they are shot on lifeguards then the supervisor should be just as responsible for being on the lifeguard stands while ensuring the rotation and times on stand are adheredr	3/4/2016 1:10 PM

Or just send emails to the folks who distribute weekly emails to parents and students so that they can share job announcements (macknightly@yahoo.com for McCallum).	3/4/2016 11:25 AM
634	Social Media Marketing Advertise more.	3/4/2016 11:09 AM
635	Other Benefits Year Round Recruit/Jobs Give full time COA employee status to those who consistently work more than 20 hours a week and have to be laid off to come back as "temps" because they go over the "temp" hours. It's a real job, treat it like one.	3/4/2016 10:45 AM
636	High Schools Partnership Attend high school job fairs, especially those that have a strong swim program.	3/4/2016 10:11 AM
637	Other Benefits Other Funding What about offering ACC credit? Or a tuition discount? Or create a training class specifically for minority populations? Or a city wide by district competition - neighborhood pool gets additional funds for the city district that has the most lifeguards sign up for summer jobs.	3/4/2016 10:10 AM
638	Increase Wages Other Benefits -Pay them more -Flexible hours or pool assignments -Partner with area schools - Better employee benefits and facilities (free swim passes for friends/family, break rooms with games/soda, etc.)	3/4/2016 9:51 AM
639	Stop imposing regulations that require additional lifeguards, like requiring a lifeguard at the baby pool when another lifeguard is already on duty and parents are already watching their kids. And requiring lifeguard breaks all the time when a lifeguard is already constantly on break. Allow more swimming hours where people can swim without a lifeguards present, i.e. at their own risk.	3/4/2016 9:37 AM
640	Other Benefits I'm not sure if this is already an option but offer training courses to encourage the ease of attaining positions for those with interest but no experience.	3/4/2016 9:20 AM
641	Increase Wages Restore the living wage of \$13.03 as promised previously	3/4/2016 9:10 AM
642	Targeted Outreach Put up flyers in neighborhoods surrounding pools; provide perks such as free access to Barton Springs and other municipal pools.	3/4/2016 9:05 AM
643	High Schools Partnership Other Benefits University Partnerships Coordinate with local highschools, colleges etc to offer school credit for life guard services. This would allow young adults to get paid for their services and receive the added benefit of getting school credit.	3/4/2016 8:55 AM
644	High Schools Partnership Other Benefits Highschool class	3/4/2016 8:40 AM
645	High Schools Partnership Visit with PE teachers at high schools	3/4/2016 8:31 AM
646	Increase Wages Pay at least \$10/hour	3/4/2016 8:15 AM
647	High Schools Partnership Utilize the local high school and scout troops to recruit.	3/4/2016 8:14 AM
648	Targeted Outreach More outreach into the East side - unemployment is higher. There should be swim lessons over here too.	3/4/2016 8:07 AM
649	High Schools Partnership Swim Team Partnerships increase awareness of summer swim team program - when these participants are of age they are very likely to become lifeguards. advertise at high schools	3/4/2016 7:48 AM
650	Other Benefits That signing bonus I read about sounds good.	3/4/2016 7:42 AM
651	Increase Wages Other Benefits Offer to pay for their training in exchange for a commitment to guard for at least a summer. Pay them well enough to make it worth their while. Or connect their work to a program like Americorp, where they can get tuition assistance in addition.	3/4/2016 7:10 AM
652	High Schools Partnership Increase Wages Targeted Outreach Target high school and college students and pay a good summer wage	3/4/2016 6:45 AM
653	Other Benefits Offer more swim classes and lifesaving classes at indoor facilities	3/4/2016 6:34 AM
654	Targeted Outreach Try different neighborhoods where kids need something to do in the summer. Train them well. Perhaps they'll continue to swim rather than do something destructive to themselves or others.	3/4/2016 3:50 AM
655	Increase Wages Pay for training/certification. Pay more than minimum wage to lifeguards. Give the lifeguards the authority to keep rowdy kids under control, or to ban the kids from the pool.	3/4/2016 1:26 AM
656	Other Benefits University Partnerships Work with colleges that have swim programs to offer college credits for students who work as lifeguards.	3/4/2016 12:09 AM
657	High Schools Partnership Go to high schools and colleges to recruit. Offer some kind of extracurricular community service credits (National Honor Society). Partner with groups like the "Y" who teach classes	3/3/2016 11:35 PM

Swim 512 Survey

658	Other Benefits Year Round Recruit/Jobs Provide training and recruit earlier in the year.	3/3/2016 11:16 PM
659	Increase Wages Other Benefits better pay, possibly shuttles from a park and ride/central location where a shuttle makes trips 30ish minutes prior to the start of each shift. that way, employees without access to vehicles can still have a reliable, efficient way to get to work. offer some sort of certification (incentive) once their training is completed.	3/3/2016 10:49 PM
660	Year Round Recruit/Jobs start advertising positions earlier and cut red tape in rehiring lifeguard who have previous years experience and a satisfactory record.	3/3/2016 10:48 PM
661	Target Adults Recruit older adults who are still physically able to fulfill the job safely. Often I feel that swimmers are not carefully watched bc lifeguards are too young and involved in horseplay or other inappropriate behavior with each other.	3/3/2016 10:34 PM
662	High Schools Partnership Other Benefits Go to high schools during the off season and offer lifeguard training course for free. Offer the students jobs upon completion of their certification.	3/3/2016 10:33 PM
663	Increase Wages Charges fees for pools w/ lifeguards, pay lifeguards more.	3/3/2016 10:31 PM
664	High Schools Partnership Visit high schools. Put on one or more presentations at lunch to give students information, like how to get training, how to apply, etc.	3/3/2016 10:17 PM
665	High Schools Partnership Swim Team Partnerships Advertise at high schools during lunch or talk with swim coaches to see if their swimmers need summer jobs	3/3/2016 10:06 PM
666	High Schools Partnership Other Benefits work with area schools - gym credit for getting trained to be a lifeguard	3/3/2016 10:03 PM
667	Other Benefits Lots of ways to do this give them school credit for one	3/3/2016 9:44 PM
668	Increase Wages Targeted Outreach Pay more (I know) Advertise and promote through City offices [i.e. target employees children)	3/3/2016 9:37 PM
669	Increase Wages Other Benefits University Partnerships Raise wages. Work with colleges and businesses to acknowledge lifeguards are being responsible young adults deserving of accolades.	3/3/2016 9:18 PM
670	Increase Wages Offer more money.	3/3/2016 9:16 PM
671	Social Media Marketing Advertise on Next-door or social media	3/3/2016 9:10 PM
672	High Schools Partnership Swim Team Partnerships Advertising to kids in high school that Swim on the swim team. That's how I became a lifeguard in South Texas.	3/3/2016 9:03 PM
673	Increase Wages Other Benefits Year Round Recruit/Jobs Offer lifeguards alternative city jobs during the year to make the job less seasonal. Raise hourly rate of pay and offer incentives for 2-3 year commitments to allow more time for changeover. Begin advertising for lifeguard openings right after winter break/season. Provide benefits to lifeguards, such as free downtown parking?	3/3/2016 8:54 PM
674	High Schools Partnership Other Benefits Swim Team Partnerships High school recruitment -- offer PE credit, even? College recruitment Private swim lesson / teams	3/3/2016 8:49 PM
675	High Schools Partnership Other Benefits I love the idea of training high school students in collaboration with AISD. I wonder if helping people (especially younger people who may not be able to afford a car) access transportation to get to their job might help as well.	3/3/2016 8:45 PM
676	Other Benefits Offer training "camps". I'm sure kids want to lifeguard but the training is time consuming and rigorous. They need to get certified pre summer. Offer discounted certification.	3/3/2016 8:41 PM
677	I can't believe there are not kids that want to be lifeguards	3/3/2016 8:36 PM
678	Other Benefits Provide free training to prospective recruits	3/3/2016 8:32 PM
679	High Schools Partnership Other Benefits Hit up the high schools and offer class credit	3/3/2016 8:18 PM
680	Increase Wages Other Benefits Pay more per hour and/or other benefits.	3/3/2016 8:09 PM
681	High Schools Partnership Other Benefits Community service hours for high school graduation	3/3/2016 8:05 PM
682	Increase Wages Let them make the \$13.03 living wage instead of starting at \$8/hour.	3/3/2016 8:01 PM

Swim 512 Survey

714	Other Benefits Targeted Outreach Advertise with the large home school community and offer perks. Provide free/discounted services for instance the YMCA offers free memberships in addition to salary for employees so maybe swim lessons or free entrance to pools if that is not already the case.	3/3/2016 5:08 PM
715	Increase Wages pay them more. make parks & recreation the priority it should be.	3/3/2016 5:02 PM
716	Targeted Outreach Partnerships with organizations that are already working with youth.	3/3/2016 4:59 PM
717	I don't. Growing up for me it was my favorite job. I am surprised they are in such short supply.	3/3/2016 4:54 PM
718	High Schools Partnership Training high schoolers	3/3/2016 4:51 PM
719	Increase Wages Other Benefits Allow lifeguards to gain credit for their efforts, in addition to pay, for other services in the city - partner with local schools for recognition, etc	3/3/2016 4:50 PM
720	Increase Wages Other Funding How about asking neighborhood groups provide a volunteer or two for times when the pool is more crowded. For pools that charge, trade the volunteer a free pass for a day at the pool for their service. They could provide life guard support, be an extra set of eyes, monitor situations around the pools that are not part of the lifeguards area of duty. I know I would volunteer for this. I also recommend you up the cost for the pools that charge. Just thinking about NW pool, as an example, there are staff who work at the counter, life guards, showers, picnic areas, two pools (wading and larger one), etc. The cost to run the pool (water, filtration, electricity, employees, trash removal, cleanup grounds and shower/bathroom areas, etc. is much greater than the amount of money that is likely being taken in. Make the cost for morning sessions, and another for afternoon sessions (this would require asking people to exit the pool area for maybe an hour?). This would increase revenues and provide time for cleaning, break time, etc. Offer different levels of passes for the hotter months. The most expensive one could provide a reserved area for patrons to use and offer a little more luxury (better tables, lounge chairs, concessions?). I also think that neighborhood pools should be for people who live nearby primarily (give them a discount?) and not for day cares and summer camps to bring in bus loads of kids who end up overcrowding the pools. Increases the possibility for accidents and is much more taxing on the facility and staff.	3/3/2016 4:47 PM
721	Increase Wages Higher pay. Increase density around pools to allow more abundant housing which will increase the number of potential life guards.	3/3/2016 4:44 PM
722	Increase Wages Pay more. Period. Recruit at UT/St Eds and other local schools and ACC. Lifeguards make the same as I did in 1990!	3/3/2016 4:38 PM
723	High Schools Partnership Swim Team Partnerships Targeted Outreach Start advertising earlier. Work with local high schools to get ads in schools. Target ads to local swim teams, etc. Continue press releases, etc. with local media. Offer existing lifeguards referral bonuses.	3/3/2016 4:38 PM
724	Increase Wages Target Adults Pay for their training, encourage young retirees to serve	3/3/2016 4:37 PM
725	Other Benefits I like the Y's program of offering lifeguarding as a class to AISD students. But before wasting the city's and the school's \$ on it, vet students as to their desire to work as a lifeguard. Perhaps offer a signing bonus payable in part when the season starts and when the season ends based on # of hours worked. I have seen too many who go to get away from school. But I think the program is a great idea if run properly.	3/3/2016 4:35 PM
726	Increase Wages Better pay	3/3/2016 4:32 PM
727	High Schools Partnership Work with high schools to develop summer jobs for students.	3/3/2016 4:30 PM
728	Increase Wages Other Benefits Offer higher wages, maybe add benefits such as scholarship money.	3/3/2016 4:28 PM
729	Increase Wages Pay more per hour	3/3/2016 4:23 PM
730	Increase Wages Pay more	3/3/2016 4:20 PM
731	Increase Wages Pay more? Seems like a no brainer.	3/3/2016 4:17 PM
732	University Partnerships could you work with the university/colleges to provide college credit towards PE for students that work a certain # of hours?	3/3/2016 4:11 PM
733	High Schools Partnership Increase Wages University Partnerships Actively recruit in all universities, high schools, compete effectively pay.	3/3/2016 4:11 PM
734	High Schools Partnership Increase Wages Provide lifeguard training near the high schools to recruit lifeguards near each of the pools needing guards. You also need to pay better...there are too many options out there for better/safer locations at private pools	3/3/2016 4:04 PM
735	Increase Wages Pay them more money	3/3/2016 4:03 PM

739	Increase Wages Other Benefits University Partnerships UT credit? Lifeguard-only special days/parties? No idea what the pay is--better pay?	3/3/2016 3:53 PM
740	Increase Wages Other Benefits each years a lifeguard staff comes back give additional money and/or let them select the pool to work at: incentives for return. Ask SWSW TO OFFER FEE WRISTBAND/ free ACL WISTBAND	3/3/2016 3:53 PM
741	Targeted Outreach Talk about it early so that the tv stations and the schools can reach out to the teens who are looking for summer jobs.	3/3/2016 3:49 PM
742	High Schools Partnership University Partnerships Advertise in local high schools and university campuses.	3/3/2016 3:49 PM
743	Have the people at the end of the day all clap to thank the lifeguards. Seems silly, but I bet it would make a difference to these kids. Just hire a mascot to attend various pools and encourage people to clap at the end of the hour, or similar.	3/3/2016 3:48 PM
744	Increase Wages Year Round Recruit/Jobs You have to pay a prevailing wage or the YMCA, Round Rock will leave you short staffed. Also you can provide a benefit? Maybe a bounty to stay the whole season...If there's a promising young pool manager, provide a path to a good City job upon completing college/trade school?	3/3/2016 3:44 PM
745	High Schools Partnership Increase Wages Pay more; give volunteer hours or PE credits to high school students	3/3/2016 3:43 PM
746	Increase Wages Targeted Outreach Increase hourly pay and increase outreach to neighborhoods with higher unemployment rates.	3/3/2016 3:41 PM
747	Other Funding Ask Neighborhood Associations to fund the required training (such as the Hyde Park Neighborhood Association (HPNA) has recently done)	3/3/2016 3:40 PM
748	High Schools Partnership Other Benefits Other Funding Target Adults Get them from the neighborhoods - for Little stacy - I think we could get some parents/older children to do shifts if you could rally them and get more communications out on training. - Is there a community service aspect to lifeguarding? could you work a deal with the local high schools & UT and let the kids spend a couple hours a week covering shifts and get some kind of extra credit to them - can we sign a waiver of some sort where we are responsible for our own children at the little stacy pool - do we really need life guards there? - tell neighborhoods what it would cost to keep their pool open for more than a week or two in june, all of july and a week in august when it's still blistering hotmaybe there is enough funding to staff the additional life guards	3/3/2016 3:40 PM
749	Target Adults A poster with picture of David Hasselhoff in a Texas-style Uncle Sam outfit reading "I WANT YOU!" If possible, the Baywatch theme song should play anytime a viewer makes eye contact with the poster. Also, maybe recruit some older lifeguards so that we don't loose the entire workforce when school is in session and have to close pools.	3/3/2016 3:36 PM
750	Other Benefits Free sunscreen.	3/3/2016 3:31 PM
751	High Schools Partnership University Partnerships Year Round Recruit/Jobs Keep pools open more off-season so lifeguards can train more often. Partner with high schools and colleges to recruit students.	3/3/2016 3:29 PM
752	High Schools Partnership recruit at high schools?	3/3/2016 3:21 PM
753	High Schools Partnership Other Benefits University Partnerships Create a volunteer program where students receive school credit for PE and/or health-related classes.	3/3/2016 3:17 PM
754	Increase Wages Pay them more and give them more to do on the job which would build other and complementary skills. They do a lot of sitting around (because there has to be a back up) and I think many teens would like the time to count for something for their future, not just show that they could swim and show up to work.	3/3/2016 3:16 PM
755	Increase Wages Advertise the positions. Pay the lifeguards more.	3/3/2016 3:14 PM
756	Increase Wages Obviously, if you pay them more, you will get more and better lifeguards.	3/3/2016 3:14 PM

761	High Schools Partnership Targeted Outreach high school, colleges, churches, swim schools, AISD (teachers possibly looking for additional summer wages)	3/3/2016 3:08 PM
762	Increase Wages Pay more money. That's all it takes, you geniuses.	3/3/2016 3:08 PM
763	Other Benefits Target Adults Offer an free certification class for low-income teenagers and young adults who qualify.	3/3/2016 3:05 PM
764	Increase Wages Supply and demand. If these jobs paid well, you'd get better applicants and increased demand. Recruiting problem solved. Spend the money on the wages.	3/3/2016 3:05 PM
765	Increase Wages Raise the pay to make it competitive, attract highly qualified people	3/3/2016 3:03 PM
766	High Schools Partnership Other Benefits better benefits. link the job to high school curriculum so that students can receive credit towards their high school or college degree	3/3/2016 3:01 PM
767	Increase Wages Other Benefits Pay them well and train them for career in the parks program.	3/3/2016 3:01 PM
768	Targeted Outreach have multiple lifeguard fairs, maybe host them at schools in various regions. The lifeguard fair this year was at a difficult time (Friday evening), and was hard to get to (downtown during rush hour traffic).	3/3/2016 2:53 PM
769	High Schools Partnership Other Benefits Work with AISD to perhaps give credit for PE or something like that for lifeguards.	3/3/2016 2:53 PM
770	Other Benefits Offer reduced priced training over school holidays.	3/3/2016 2:52 PM
771	High Schools Partnership Increase Wages Social Media Marketing Targeted Outreach Offer high school credit and implement educational outreach/training in the schools. Ensure pay is competitive, as practical. Advertise on social media for positions (paid advertisements).	3/3/2016 2:52 PM
772	Other Benefits Improve training	3/3/2016 2:46 PM
773	High Schools Partnership Offer free advanced swimming classes to prospective guards or college credit opportunities for high school seniors or juniors...	3/3/2016 2:39 PM
774	Increase Wages Pay more.	3/3/2016 2:39 PM
775	High Schools Partnership Targeted Outreach Go directly to high school librarians. Develop a way to ID leaders and create a presentation specifically for them. Mail their parents and explain they are being chosen for their leadership skills.	3/3/2016 2:38 PM
776	High Schools Partnership Increase Wages Other Benefits Other Funding Allow collage students to pay off student loans since its a civil job like teaching. Use Americore. Make shifts shorter -since it boring and it adds flexibility. Use sororities and fraternities in exchange for giving each house an events each summer. Use high school students as civic hours volunteered for collage applications.	3/3/2016 2:36 PM
777	Increase Wages Better pay.	3/3/2016 2:36 PM
778	High Schools Partnership Other Funding Do more swim programs for high school students to get them interested in swimming. Do a life guard scholarship trust fund with private donations.	3/3/2016 2:35 PM
779	Increase Wages As a parent of two lifeguards - I can say the City needs to pay a more competitive wage. Local pools pay better and the facilities are nicer. The City pools are just not close by to NW Austin - too far for driving too. Most club swimmers/lifeguards I know - DO NOT work for the City for these very reasons.	3/3/2016 2:35 PM
780	High Schools Partnership Other Benefits Go into the high schools to recruit. Glve them some sort of benefits to increase appeal to teenagers.	3/3/2016 2:34 PM
781	Targeted Outreach Make sure the initiative reaches all areas of the city. Some who can swim and could qualify just don't know.	3/3/2016 2:33 PM
782	Other Benefits Offer paid training, free parking, some sort of other exclusive benefit from the city (doesn't have to be related to the pool), partnership with UT/ACC, show them how to use this experience on their resumes.	3/3/2016 2:27 PM
783	Do not close any pools. Make any and all repairs necessary to keep all pools open.	3/3/2016 2:24 PM
784	Targeted Outreach Try a partnership with the YMCA staff (or similar) to cover the swim months, and beyond? Stop trying to rely on not so reliable college students with unpredictable social lives, and complex work schedules. I don't know how many times I went to my local neighborhood pool with my toddler to find a delayed opening b/c a scheduled staff member (college aged) was late or a no-show.	3/3/2016 2:17 PM

791	High Schools Partnership Increase Wages Swim Team Partnerships You need to cultivate the idea at high schools that have competitive swim teams that being a lifeguard is cool and fun, and provide real-world incentives for athletic team members to become lifeguards -- such as free training including Red Cross water safety, community CPR, etc.; and consider offering high school credit as summer school classes in athletics. This would be in addition to paying above minimum wage. And -- I bet you could find a local scuba shop who'd donate scuba lessons and dive site fees to lifeguards, if the cost of lessons and rentals could be set up as a 501(C)3 charitable donation.	3/3/2016 2:13 PM

833	Targeted Outreach University Partnerships Recruit through neighborhood newsletters and Nextdoor, as well as through UT and ACC.	3/2/2016 9:12 AM
834	High Schools Partnership Other Benefits Develop a Jr. High & High School training & certification program as an elective or after school class to recruit teens for summer employment. Obviously this would need real pool practice but the rules and regs part could be classroom. Make sure low income students are included. They are less likely to be in summer camps like wealthier kids. This could be a good opportunity for skills, responsibility and earning \$&. Develop a transit plan that picks up teens from key points and takes them to pool site for intensive water training. Transportation is also an issue during summer--the city could develop transit hubs where teens could get picked up and bussed to pool assignments	3/1/2016 10:30 PM

840	High Schools Partnership Targeted Outreach I think life guard training is available in high schools as a PE option. That is a great idea. Maybe advertise with training information in the utility bill newsletter. Ask Boy Scouts, Girls Scouts and Camp Fire to get the word out among scouts in Austin. Allow it to qualify as service work for high school students even though they are getting paid?	3/1/2016 10:59 AM

843	Other Benefits Work to play with the lap swimmers...for 4 hours a week, swim all you want.	2/29/2016 8:18 AM
844	High Schools Partnership Other Benefits I heard about the idea of offering it as a class to high school seniors. Great idea! More high school advertising. More shade for the lifeguards and free hats and sunscreen and dermatologist visits as a perk.	2/28/2016 7:40 AM
845	Other Benefits First of all you need to be prepared to respond to inquiries and take care of folks who are interested in lifeguarding for the city. I hear story after story of kids trying to get on with the City and getting treated poorly or turned down or never trained. Secondly your scheduling system of making them move from pool to pool all the time is ridiculous! Let kids develop relationships at the neighborhood pools and get to know folks- hire kids from the neighborhood and let them work where they live. Quit making them run all over the city just to get to work. Offer a strong hiring bonus. Have some of Austin's young top creatives design amazing custom guard suits/t-shirts - print them and give them to guards.	2/27/2016 9:19 PM
846	Increase Wages Other Funding Collect fees for neighborhood pools; allow neighborhood park/pool associations to fund pools with memberships for extended season/hours. Use funds to increase lifeguard pay.	2/27/2016 7:18 PM
847	High Schools Partnership Increase Wages Other Benefits Pay more. Provide lifeguard training courses during school year at high schools and colleges for free. Have more reliable schedules with guaranteed income.	2/27/2016 2:30 PM
848	Year Round Recruit/Jobs Begin recruitment/training earlier in year. Don't overlook recent immigrant populations, who bring language skills as well may be looking for temporary or low-skill jobs as they get situated. Look for shared positions with AISD - provide year-round employment and benefits for their 10-month and part-time workers.	2/27/2016 12:26 PM
849	Year Round Recruit/Jobs Go back to employing more lifeguards full time so you will have a stronger foundation during summer months. Also stop decreasing the number of days and hours pools are open.	2/27/2016 11:31 AM
850	High Schools Partnership Other Benefits Offering a .5 semester class on all things related to health, cpr, swimming. Hire students directly from there.	2/27/2016 10:54 AM
851	Increase Wages Other Benefits Year Round Recruit/Jobs 1. pay more than minimum wage (or similar very low wages), and have opportunities for increased wages for seniority/longevity with the Aquatic department. 2. increase the hours available for people to USE the pool---like early hours---and therefore offer shifts other than the usual 9 to 5 or 6 that preclude many lifeguards from taking a job with you...students, people working other jobs but able to take partial shifts/early shifts/late shifts 3. offer flexible half-shifts or hours, with good managerial supervision, so that lifeguards can take on such positions. 4. Offer City employment opportunities for some guards with seniority to lifeguards who work 32 hours per week or more and need benefits, either now or perhaps in future if they choose to stay on. 5. I feel that you aren't attracting lifeguards --or lifeguards who don't quit prematurely--because (a) the pay and hours available for work can't compete with private lifeguard opportunities,(b) from what we've observed, there's poorly defined "management" or supervision of the guards at many pools and they lack direction or organization, and (c) there aren't jobs for them apart from summer, because there are very few pools open the rest of the year----even though there are thousands of Austinites who would lap swim year round if there were more facilities open. Deep Eddy is cold in the winter but it's OPEN so we utilize it regularly. (d) there aren't early hours at the pools. It's nearly impossible to either swim OR guard with you before "traditional" work hours for most people, especially in the fall, winter, and spring months when nearly every pool is closed. thank you.	2/27/2016 8:29 AM
852	High Schools Partnership Increase Wages University Partnerships Pay more, advertise at area colleges/universities and high schools, offer free admission to family members of life guards, train them well	2/27/2016 7:34 AM

1	Other Improvements Bathrooms are an absolute must at any pool or water area. I can't stress the fact that if you want more and better guards pay them better. They deserve more then your average burger slinger, they're in charge of saving your or your children's lives should the worst occur at the pool.	5/19/2016 9:25 PM
2	Prioritize Spending I think it's f*cked that this city is strapped for cash. What the hell are you doing with all the tax money?!	5/19/2016 6:38 PM
3	Other Improvements Prioritize Spending stop the obsession with Barton Springs pool, always adding amenities for it and whatever that other one is on the shore of Lady Bird Lake near MoPac Exprwy	5/19/2016 12:56 PM
4	Indoor/Heated Longer Swim Season Please improve the pools on the east side of Austin. Fund the bath house and pool at Govalle Park. And if possible, add additional options for heated pools (I would pay for that, and it would increase year round revenue).	5/19/2016 11:52 AM
5	Longer Swim Season Other Improvements Would love to see a longer season! It is Texas and it's HOT through mid-October. We love Reed pool and it could really use a facelift.	5/19/2016 11:09 AM
6	Longer Swim Season Other Improvements Support Neighborhood Pool More pools with longer hours increases the sense of community! More people will come out and less kids on screens! Awesome initiative!	5/19/2016 11:02 AM
7	Renovate/Repair Support Neighborhood Pool I don't understand what makes a pool unrepairable. If there's money to invest in building a new pool, then just use that money to repair the existing pool. The Grove needs to be required to have a new FREEE PUBLIC pool for all neighbors (specifically for Shoalmont kids with a pedestrian bridge over 45th street).	5/19/2016 10:49 AM
8	Splash Pads Thank you for asking for community opinion. Splash pads and shaded water features are awesome for families! Please keep building these.	5/19/2016 10:24 AM
9	Support Neighborhood Pool I really feel that the City should consider traffic problems when planning the location of a central aquatic facility. If it takes an hour to drive each way, we absolutely will not go. The City seems to love building great facilities (e.g. bike lanes) downtown, where they serve a very small portion of Austin's total residents. I'd hate to see the neighborhood pool program become yet another downtown showcase feature.	5/18/2016 9:20 PM
10	General Support Support Neighborhood Pool Great facilities already, let's focus on regular maintenance instead of a whole lot of changes	5/18/2016 6:32 PM
11	It's hard to answer "close pools". Also not clear on what "larger pool or facility" means. It's a case by case	5/18/2016 3:16 PM
12	Renovate/Repair Splash Pads Support Neighborhood Pool I live in the Brentwood neighborhood and would love to see a pool renovation there as well as a splash pad put in place. There is not splash pad close and there is ample space at Brentwood Park.	5/18/2016 3:01 PM
13	No	5/18/2016 2:59 PM
14	Renovate/Repair I would appreciate extended summer hours later into the evening - perhaps through 10:00 pm or later? The current hours are not all conducive to working families who may want to plan a family event to a pool or water area together. I also think when making these upgrades/repairs/changes to the existing structures, all parties involved should review the sustainability of each options, and look at what can be done to minimize the impact on the water supply and ecosystem of Austin. Stay green, and keep the long-term in mind! :)	5/18/2016 2:04 PM
15	Splash Pads PLEASE PLEASE PLEASE keep the splash pads open more days. For parents with multiple kids who don't swim they are the only option when it's a million degrees out. Please. I'm not above begging.	5/18/2016 2:00 PM
16	More lap swim options Thank you for asking. Hope more winter lap swimming will be available even if a fee is charged or rates go up. Thanks!	5/18/2016 12:13 PM
17	Renovate/Repair I would support an entrance fee for a pool that has recently been renovated/upgraded.	5/18/2016 12:10 PM
18	General Support I love the swimming lessons offered in the summer!	5/18/2016 12:04 PM

20	General Support Good work. Keep it up.	5/18/2016 7:03 AM
21	Longer Swim Season Homeschool families & people in non-traditional jobs would like at least a small window of time on at least some weekdays when they have the option of swimming in water above 70 degrees during May, August, & September. Can we keep 1-2 municipal pools which are not spring fed open through labor day at least?	5/17/2016 10:37 PM
22	Support Neighborhood Pool we love our neighborhood pool and love Deep Eddy and the splashpads too. Don't think all large pools or splashpads are the answer. You have to have the right mix.	5/17/2016 8:50 PM
23	Support Neighborhood Pool I know there is a lack of lifeguards, but please try to keep the neighborhood pools open. With so much traffic in this city, the neighborhood pools (which are already wonderful) are extra nice! I feel the city has done a great job in the recent past with all of the upgrades to the pools. THANK YOU!!	5/17/2016 8:39 PM
24	Splash Pads North Austin needs better splash pads	5/17/2016 6:32 PM
25	Longer Swim Season Other Improvements keep the pools as local and as open as possible for as long as possible. Simple is good. Lots of swim lessons!!!	5/17/2016 5:51 PM
26	Prioritize Spending Support Neighborhood Pool Invest in public facilities for families!	5/17/2016 4:20 PM
27	More lap swim options Would love to see lap swimming at Northwest pool in early morning- 6:00am to 8 or 9 am, currently begins at 7am which is too late for anyone with a job.	5/17/2016 3:52 PM
28	Support Neighborhood Pool Please please charge a fee and extend operating hours and operating season. It's a shame that Balcones pool is just sitting empty and unused. I'm sure the neighborhoods would potentially be willing to help support this effort.	5/17/2016 3:39 PM
29	Renovate/Repair If you can renovate another west central pool similar to what you did at bartholamew I think that would be the best route to go.	5/17/2016 3:26 PM
30	Other Improvements The subject matter discussed here was too broad to properly capture user feedback through a predominately likert scale survey approach. There's just too much variety in the types of swimming holes we have here to allow us the flexibility to truly express how we feel on these issues. In my opinion, the condition of swimming pools is not the main issue, it is properly advertising when swimming pools are available for use. Govalle pool, for example, has a very small window during the year that sometimes gets modified with short notice. This discourages people from thinking about using it in the future. The lifeguard item is also important to address. Please be cautious on spending too much money on infrastructure when you do not have enough set aside for the staff to operate/monitor facility use. Thanks!	5/17/2016 3:25 PM
31	Other Improvements I would really like to see the youth swim instruction program improved. We have participated in ~5 different classes and have had very uneven instruction quality - from excellent to poor. I would like to see the city offering premier swim instruction and I think many families would pay more than what classes currently cost if they knew the instruction was better.	5/17/2016 3:24 PM
32	Longer Swim Season Other Improvements The hours at Little Stacey are not good. Most children nap the hours it is open and older children who do not are not interested in such a baby pool.	5/17/2016 3:14 PM
33	General Support Can't wait for Northwest pool to reopen!!	5/17/2016 3:12 PM
34	Support Neighborhood Pool We need area parks and pools. It's clear if you review the history of cities that area parks with pools and other recreation opportunities are particularly important to low income areas. We loose an important opportunity to invest in the future, our children, if we centralize services. Having easy access to recreation areas, including pools in our hot climate, provides opportunities for community/neighborhood involvement. We must care for all our families and children across the city or we have no future. While I can afford to pay to go to a pool, I'm aware that my next door neighbor cannot do that. I wonder if a program could be developed so low income adults could be trained as life guards or some other service provider like snack bar or grounds keeping, contributing an hour of work time in return for an hour of pool time for themselves and their families.	5/17/2016 3:09 PM
35	Splash Pads Shade, zero entry, and SOUTHWEST AUSTIN HAS NO GOOD POOLS OR SPLASH PADS FOR LITTLE ONES! Dick Nichols has NO shade at all and the baby pool is always dirty. There are literally no other pools and NO splash pads in SW Austin?! How can this be?!?!	5/17/2016 2:55 PM
36	Longer Swim Season Longer swim season, it's Texas!!	5/17/2016 2:50 PM
37	Splash Pads We would use both splssh pads and big center--if it isn't too crowded and kids are well supervised	5/17/2016 2:34 PM
38	General Support Austin, needs to ensure that the people have many avenues so the people can go an enjoy	5/17/2016 2:34 PM
39	Splash Pads We love our pools, especially the natural springs, and would also love a splash pad in SW Austin	5/17/2016 1:56 PM
40	Support Neighborhood Pool Please do not close existing neighborhood pools. Unless you want every family to move out to the suburbs.	5/17/2016 12:58 PM

41	Other Improvements Splash Pads More splash pads, we travel far to nice splash pads (Brushy Creek), but would love to support one in our own city Better, cleaner bathroom facilities.	5/17/2016 10:26 AM

43	General Support Thanks for asking for feedback!	5/17/2016 9:20 AM
44	Other Improvements Smoking near the pools seems to be a continual issue. There should be ample showers available for showering before and after swimming!	5/17/2016 9:16 AM
45	Indoor/Heated Other Improvements Any pools developed need to work for multiple age groups. Deep Eddy with its zero entry and large shallow area is perfect for families. A large natatorium isn't needed because we have the YMCA all over Austin.	5/17/2016 8:44 AM
46	Other Improvements More aquatic centers with free parking, clean bathrooms and showers, and great pools/slides all for a reasonable fee or membership would be great.	5/16/2016 8:30 PM
47	Support Neighborhood Pool I would like to see more neighborhood pools offer lap lanes and free classes for adults (beginner-intermediate) on lap pool how-to add well as lap pool etiquette.	5/16/2016 8:17 PM
48	Longer Swim Season Thank you! I enjoy and appreciate Austin's pools and am excited about the efforts to improve them. The pools help me get through the hot summer season with a more pleasant demeanor. I can't imagine summer without them!	5/16/2016 8:06 PM
49	General Support I love Bartholomew but its too crowded and the time of year the interactive part of the pool is open is too limited.	5/16/2016 5:00 PM
50	Renovate/Repair Support Neighborhood Pool We like the neighborhood pools; not fond of the larger 'district' pools. Really, the larger pools to be built would end up costing more than repairing the older ones--especially since the city has a bond election in 1998 and starts building something 15 years later when the price of materials and labor are three times as much as if they had actually built it in 1998 or even 2000. It sounds like the city personnel really want to break up the single-family neighborhoods, move those people out to other cities (they are moving in droves) and move in richer, younger people who want to live in condos, without children, and don't have any ties to their neighbors. Thanks Austin.	5/16/2016 3:51 PM
51	General Support I'm always impressed with the professionalism displayed by our lifeguards. Love swimming in Austin's pools-- wish they were closer to me!	5/16/2016 3:19 PM
52	Na	5/16/2016 3:12 PM
53	Support Neighborhood Pool I am SO distressed at the direction this is going, AND the way input is taken. Not everyone has social media, not everyone has a computer at home, and now you are ignoring the first survey that said everyone wanted neighborhood pools. If you can afford new facilities, you can CERTAINLY afford to fix the old ones.	5/16/2016 3:02 PM
54	Other Improvements Support Neighborhood Pool Keep the pools open. Swimming is very important. Don't try to dilute swimming by adding other things . Increase swim lessons.	5/16/2016 2:41 PM
55	Support Neighborhood Pool I hope you are able to offer pools in areas that really need recreational options.	5/16/2016 2:37 PM
56	General Support Keep up the great work!	5/16/2016 2:30 PM
57	More lap swim options Provide an option for a seasonal/monthly pass. Create adult/lap swim only hours where adults can swim laps, and remove most lap lanes during non-lap swim hours. Looks at what works at private pools in area.	5/16/2016 1:05 PM
58	More lap swim options WE NEED OUR EARLY MORNING LAP HOUR BACK AT WESTENFIELD!!!!	5/16/2016 1:03 PM
59	Splash Pads Support Neighborhood Pool We have virtually NO pool access in my neighborhood (which is Windsor Hills/ North Oaks) East of I-35 and North of E. Braker Ln. We have lots of young families moving in to the area and would love to see a park and pool like Bartholomew in further NE or North Austin as well. We would also love to see a few neighborhood parks such as North Oaks Park with a splash pad and more covered areas. Thanks!	5/16/2016 12:55 PM

Swim 512 Survey

63	Support Neighborhood Pool Austin desperately needs neighborhood pools that people actually want to use. They are a great way to bring neighbors together, and are good way for kids to get out and get exercise. The neighborhood pools that I have been to are a pool... and only a pool. They are not well attended, and in my opinion are a poor use of funding. I would like to see our neighborhood pools improved by adding amenities that make them more interesting / fun for families. They need to be open more (not just a couple months in the summer), and there should be activities that the kids can do, and places for adults to socialize while the kids swim (tables, chairs, shade). We should have a gathering place to build community in our neighborhoods, not just a hole with water in it.	5/16/2016 11:46 AM
64	General Support Love the pools.	5/16/2016 11:45 AM
65	Fees Other Improvements Yes...swimming pools are for swimming, exercises, classes, cooling off. I do not think we need so many splash pools, play areas. They can do that on the grass/lawns in parks. Swimming pools are a huge health benefit and should be kept as such. Too much focus on toddlers, etc. Also, do you know how many groups (schools, camps, etc.) come to NW pool from ROUNDROCK and probably other suburbs. They take up the whole pool and don't allow the locals who pay the taxes to swim comfortably. I don't know how you can keep them out, but they take over the pools in our area. You can see the Round Rock buses in the parking lots. Not FAIR....	5/16/2016 11:27 AM
66	Renovate/Repair From decades of power washing, the mortar in the poolside sidewalks and pool entry stairs at Barton Springs have eroded to the point where the remaining gravel is painful to walk on. Please renovate those surfaces.	5/16/2016 10:56 AM
67	Longer Swim Season Glad to be in Austin where there is a value on public facilities that are open and accessible year-round. Keep up the good work and keep improving. Find ways to encourage swimming for kids. It is a major confidence building, health habit forming gift to anyone.	5/16/2016 10:50 AM
68	Support Neighborhood Pool I would encourage the city to spend it's limited resources on the upkeep of our cherished neighborhood pools before spending on mass aquatic centers. Those city pools were there first and provide a great service. Both of my kids learned to swim (and later become lifeguards) in a small neighborhood pool.	5/16/2016 10:47 AM
69	More lap swim options I don't like the idea of any sort of centralized swim center/natorium. Given the traffic problems in Austin, "centralized" locations are actually unusable for most of us. Regional swim centers sound great! Later hours would also be great! I need to be able to swim after work and I work most days until 5:30. Pools that close at 6 only benefit children and folks who don't have to work! ALSO shaded lap lanes would be amaaaaazing! Lots of us wanting to pursue swimming as a fitness activity are also trying not to get skin cancer!	5/16/2016 10:29 AM
70	Renovate/Repair Support Neighborhood Pool I love having a neighborhood pool that families can ride bikes to - I hope Austin works to maintain this and not make everyone have to get in a car to some major event place that is crowded. Keep it Local!	5/16/2016 9:28 AM
71	Renovate/Repair Support Neighborhood Pool There were missing options for the questions about what to do if a pool is beyond repair: If a pool is beyond repair, replace the pool and re-open. Having neighborhood pools is very important!!	5/16/2016 8:35 AM
72	Longer Swim Season Support Neighborhood Pool Please rebuild old pools in the central city (don't close them)...increase the hours/days they are open and I would go so much more often, as would others	5/16/2016 7:44 AM
73	General Support Other Improvements Although Bartholomew pool is small, I think they did a good job of integrating the pool in the natural surroundings. I would like to see more tree cover for shade than awnings at any new pools.	5/16/2016 7:29 AM
74	General Support Prioritize Spending I support advancements for the pools, but the city should be very clear on WHO will be served in the community by the updates/installations and how much it will cost. The goal should be about the people and community engagement, not just dollars & cents. There should be just as much thought put into how much things will cost to install pools as how it will help neighbors. Have you considered partnering with nonprofits to bring volunteers to teach classes or hold summer camps?	5/16/2016 7:16 AM
75	Prioritize Spending Support Neighborhood Pool Access to pools in low income areas is very important	5/16/2016 6:11 AM
76	Fees How about summer or annual pass options for all pool access?	5/16/2016 12:59 AM
77	General Support I wish we would put some effort into these resources as they are a wonderful part of people's lives and could create lasting memories and skills for youth in Austin to learn to swim and enjoy the water.	5/15/2016 11:37 PM
78	Fees Support Neighborhood Pool Austin is a hot and humid climate. Our neighborhood pools are an asset. I can pay but many residents cannot. We pay enough in taxes that there should continue to be access to pools regardless of ability to pay.	5/15/2016 11:27 PM
79	Indoor/Heated The pools are critical not for fun but for escaping the heat. We need a bare minimum so everyone has the ability to beat the heat. Special consideration should be made for low income areas that can't afford the price of private pools.	5/15/2016 9:39 PM

Swim 512 Survey

80	Prioritize Spending The City does a very good job with limited funds.	5/15/2016 8:21 PM
81	General Support Please don't close Metz!! We love it and use it all summer !!!	5/15/2016 7:19 PM
82	Support Neighborhood Pool I would like to see resources first devoted to improving pools in low-income neighborhoods, with a lot of attention and time given to community input on what is desired. I live near Barton Springs, and I am not hurting for options, but I believe that is not true for other parts of the city. Maybe the city - while updates are being made - could offer transportation to other pools, maybe starting at neighborhood centers.	5/15/2016 7:18 PM
83	Longer Swim Season Support Neighborhood Pool I love my neighborhood pool and wish they were open for a longer period of time. Beginning of May through end of September. I don't like the municipal pool model as much because of the packing and driving and parking and paying and crowds. My family enjoys quick trips with no hassle.	5/15/2016 6:19 PM
84	Longer Swim Season As I already mentioned, I would really like to see more pools open early stay open through September/October. I also wish there were some sort of paid membership option for non-residents at Mueller, since it does open early and stay open longer for residents.	5/15/2016 5:47 PM
85	More lap swim options Support Neighborhood Pool I very strongly feel that the neighborhood pools are the best thing the department can offer. I have frequented and lifeguarded at neighborhood pools for my whole life, swim laps many times a week when the pools are open, and very much look forward to spending time at our local neighborhood pool (Martin) with my newborn daughter. I would be extremely disappointed if this wonderful fixture of my childhood weren't available for her. I am already frustrated with the very short season for 2016. Closing on August 2 leaves at least two full months of swimming weather with no neighborhood pool option.	5/15/2016 4:42 PM
86	Splash Pads many of the additional features for consideration are costly – whereas I'd rather the city put the funds into just the basics. A pool in the summer is far better than no pool. Splash pads are nice, but they only support the very young community (6 and under)	5/15/2016 3:56 PM
87	Renovate/Repair It would appear that the questionnaire was written to support closing and not rebuilding pools that need extensive repair and are trying to justify large regional pools. (Probably need and would support both but felt a bias in survey) With the increasing numbers of children in poverty, please do not add fees to swim. Also locations need to be supported by bus transportation and bus fares that disadvantage kids can have access. These needs must be considered in context of community and not isolated into swimming silo discussion	5/15/2016 3:34 PM
88	Other Improvements More shaded parking!	5/15/2016 2:49 PM
89	Support Neighborhood Pool Keep neighborhood pools open. Do not close neighborhood pools to build central centers. Not more traffic and driving and parking. Accessible by bike, walking, bus. Less parking lots and more real park features, shade trees, native and adapted landscaping. More bike parking. More features such as diving boards, waterslides, splash features, etc. Climbing walls, zip lines, exercise trails, running paths as park features surrounding pool. Nighttime movies at the pool in neighborhood parks. Keep Barton Springs and Deep Eddy fully funded !	5/15/2016 2:34 PM
90	Indoor/Heated Longer Swim Season Austin has inferior swimming facilities for such an active city and it's a joke that there are NO indoor pools or facilities open year round north of Deep Eddy.	5/15/2016 2:34 PM
91	Splash Pads I've lived in Austin for 11 months. I live in Anderson Mill/FR620 and find there are no city services out here as this part of Austin seems to be neglected by city. As demographics have probably changed since the original city facilities were put in, make sure to learn if where a pool was located near young families is still an area with young families. Don't put splash pads in where there are now either retired people or Yuppies & DINKS. Rename the NW Rec. Center as it's a good 20 min. drive to the true NW area of Austin from there.	5/15/2016 1:58 PM
92	Prioritize Spending I highly support re-allocation of funds or even bonds to invest in aquatic improvements, with a focus on increasing access to facilities and reducing long-term operations and maintenance costs.	5/15/2016 1:14 PM
93	Renovate/Repair Questions 13 and 16 don't have a replace option. As high as my taxes are, and as much growth Austin is having I can't believe we don't have funds to replace one pool every 5 or so years!	5/15/2016 12:51 PM
94	Renovate/Repair Very disappointed that there's no option to replace pools that are beyond repair. This survey seems slanted toward providing more facilities for higher-income families, rather than maintaining and improving facilities in lower-income areas. You all need to think more long term and serve the people who need it most.	5/15/2016 12:15 PM
95	no	5/15/2016 12:00 PM
96	Longer Swim Season Support Neighborhood Pool My number one concern is the length of the open season. It would be great if it were longer for neighborhood pools.	5/15/2016 11:55 AM
97	Other Improvements please add a centrally located Adult Masters Program, preferably at Deep Eddy. It could be before pool opens 7-8am to not interfere with lap swimmers	5/15/2016 11:07 AM
98	General Support I live near Bartholomew Pool. We don't use it personally because we have our own pool. However, it's a beautiful facility and it's always busy. I think it's wonderful that so many kids in my area have this pool now!	5/15/2016 10:47 AM

Swim 512 Survey

99	Prioritize Spending I grew up swimming in city pools in Austin, and went on to swim out of state at a top-level division 1 NCAA collegiate swimming program at the University of Arizona. Please contact me if you need any help creating a fundraising campaign. Maybe the Aquatics program needs a partnership akin to The Trail Foundation to bridge city funding and private money?	5/15/2016 10:23 AM
100	General Support We love Austin! Thanks for your help with this!	5/15/2016 9:26 AM
101	Fees Other Improvements Currently municipal pools don't have a higher level of facilities than free pools (in south Austin). Upgrade municipal pools to Bartholemew pool level and charge more.	5/15/2016 8:40 AM
102	General Support Thank you for your great work!	5/15/2016 8:32 AM
103	Renovate/Repair Support Neighborhood Pool My family is not in support of large aquatic centers that will be crowded and must be driven too. I want Austin to support and improve existing pool facilities.	5/15/2016 8:20 AM
104	Splash Pads FIX THE SPLASH PADS! We went to three different ones yesterday-opening day- all were broken. ??????	5/15/2016 7:27 AM
105	No.	5/14/2016 11:02 PM
106	Support Neighborhood Pool Stop trying to push extras like natoriums when the city can't even run the neighborhood pools it has. Keep people out of cars by having neighborhood pools and guards to staff them.	5/14/2016 10:47 PM
107	Prioritize Spending Stop spending money at Barton springs for anything other than more pay for lifeguards and additional support for city biologists to maintain the health of the animal and plant life at Barton Springs Pool.	5/14/2016 10:21 PM
108	Fees It feels like the survey is pushing those taking it to support big aquatic centers - it doesn't feel like it's an open-ended survey to gauge community feelings; it feels like it's a foregone conclusion. I feel like families with kids are getting priced out of Austin as it is and creating big aquatic centers that charge fees will exclude them.	5/14/2016 10:19 PM
109	Other Improvements Support Neighborhood Pool Just update our our neighborhood pools, such as Balcones pool, to have a clean bathroom, shade and seating areas. People in our neighborhood already have a big YMCA nearby so we don't want another big pool such as Bartholomew pool that we have to travel to.	5/14/2016 8:19 PM
110	General Support Support Neighborhood Pool Please make Austin a pool-friendly city, with plenty of opportunities to swim and to enjoy the water across and throughout the city. A few designated aquatic centers will only increase traffic congestion.	5/14/2016 8:16 PM
111	Longer Swim Season Allow free swim on Saturday mornings. Later in the day is too hot for very young children.	5/14/2016 8:09 PM
112	Longer Swim Season Splash Pads It's so hot here please please please extend pool and splashed dates	5/14/2016 7:38 PM
113	Other Improvements Please get adaptive swimming classes	5/14/2016 7:04 PM
114	Longer Swim Season More lap swim options Open for open swim earlier in the day	5/14/2016 6:58 PM
115	Support Neighborhood Pool I love the neighborhood pools!	5/14/2016 6:46 PM
116	Renovate/Repair I didn't like or agree with the survey options offered, nor care for the way things were phrased. I wonder why you would say a pool can't be repaired then plan to build one somewhere else which would obviously be much more expensive. Clearly, I don't know all the facts. Perhaps an honest, easily understood report could be offered to the public so we can understand exactly what's going on.	5/14/2016 6:42 PM
117	General Support Other Improvements The Bartholimew pool has been a huge boon in our area showing a clear need for this kind of feature to serve the community. More access to swimming lessons and water programs around the city would be good for everyone.	5/14/2016 6:24 PM
118	Indoor/Heated When considering where to locate new facilities, please consider where non-city facilities are; there is no need to put a city pool down the street from a YMCA. Too many parts of town have absolutely nowhere to go and exercise in the heat, especially for anyone who cannot drive.	5/14/2016 6:20 PM
119	General Support Thank you for this survey. We always tell people we love Austin because of all the great parks and free swimming.	5/14/2016 6:14 PM
120	Support Neighborhood Pool Please try to keep neighborhood pools free. Most of my neighbors cannot afford even small fees, and are dependent upon the pools for summer fun. Thank you.	5/14/2016 5:47 PM
121	Longer Swim Season Other Improvements Concerning little stacy; open schedule is extremely limited, last year often closed on days supposed to be open or opened late. Extremely inconvenient. Also seemed like they were struggling with chlorine levels often, shouldn't be that difficult.	5/14/2016 4:40 PM
122	Support Neighborhood Pool I do not want to see any of the city pools closed	5/14/2016 4:16 PM

Swim 512 Survey

123	Support Neighborhood Pool I would definitely like to see swim team programs for children at neighborhood pools be more inclusive to all swim levels. There seem to be limited options for children who are in between basic swim skills and competitive swimming.	5/14/2016 4:13 PM
124	General Support Keep up the hard work. People just forget how important swim pools are not only for fun and sports but also for safety so kids can learn to swim.	5/14/2016 4:01 PM
125	Fees Prioritize Spending Our taxes are too high. People can join a health club if they want pools and climbing walls. The rest of us shouldn't have to pay for this.	5/14/2016 3:50 PM
126	Other Improvements I heard an older lifeguard telling a newer lifeguard that he could be on his phone on the stand because it's easy to tell when a supervisor is coming and you can hide the phone in a pocket or behind a rescue tube. Remind those kids that they are liable and responsible for the lives under their watch.	5/14/2016 3:36 PM
127	Support Neighborhood Pool Open kealing pool PLEASE	5/14/2016 3:33 PM
128	Longer Swim Season Year round swimming for health is a real challenge in this community, especially for those who can't tolerate very cold water.	5/14/2016 3:31 PM
129	Fees Support Neighborhood Pool I'm opposed to more large, centralized, "amenities" that Austinites have to compete over to use (parking, crowds, special events). I don't want a festival atmosphere for my recreation every weekend; I want local, neighborhood-scale facilities that are distributed equitably across our city, so that getting there and home again isn't a major undertaking. I am more than willing to pay for this.	5/14/2016 3:30 PM
130	Renovate/Repair Support Neighborhood Pool The neighborhood pools are a tremendous vehicle for community building, please do everything you can to maintain them. It's wonderful for a family to be able to walk to the pool together instead of having to drive all over town. The YMCAs have plenty of elaborate facilities, the city does not need to duplicate those or provide facilities for competitive swimmers out of tax money. Simple pools, child-friendly, in neighborhoods are a much better use of city funds than elaborate facilities that not everyone can afford to travel to reach. Please empower lifeguards to monitor parental supervision of rambunctious kiddos, too.	5/14/2016 3:27 PM
131	Longer Swim Season Longer season!!!!!! Can not believe the short window for when the pools are open. Absolutely drives me crazy when it is 100+ degrees through September.	5/14/2016 3:06 PM
132	Support Neighborhood Pool The Colony Park/Lakeside area needs a pool. It is one of the few areas of the city that still has a large black population, and is also hugely underserved. Whether rightly or wrongly, there are lots of grumblings that we don't get services for that reason, and a pool here would be a step towards making Austin city government appear less racist.	5/14/2016 2:52 PM
133	Renovate/Repair Question 16 doesn't give an option for repairing a pool, which is slanting the survey response. Why can't existing pools be repaired?	5/14/2016 2:47 PM
134	Other Improvements Need shade at all pools and playgrounds and working drinking water fountains	5/14/2016 2:47 PM
135	Longer Swim Season Renovate/Repair Support Neighborhood Pool I love the public pools. Would like to see pools repaired and possibly added in low income areas - and to keep pools free in the lowest income areas. Also would like to see pool season extended through September (evenings and on weekends, at least).	5/14/2016 2:43 PM
136	Prioritize Spending Yeah, we do not need to increase taxes. We need to better manage existing resources and prioritize what we upgrade or build new. This survey about pools is a start, although I find it interesting there is not much focus on the COST and WHERE the money will come from to upgrade or rescue failing pools. The property tax rate is not sustainable. I hold you, the City, accountable for managing our funding just as you would your own family finances. Do NOT use our tax dollars to fund your or City Council's pet projects if we can't afford it. Be smart, Austin's citizens deserve it.	5/14/2016 2:43 PM
137	Other Improvements do away with swimming pools create Creek pools correct engineering give you a nice swimming hole and flood control unfortunately COA engineers aren't smart enough to figure it out open it up to the public	5/14/2016 2:39 PM
138	General Support Other Improvements protect and preserve deep eddy pool at all costs	5/14/2016 2:33 PM
139	General Support We love the pools! Thank you for the work that you are doing and for providing pools already!	5/14/2016 2:30 PM
140	More lap swim options Please the swim season at lap pools such as Garrison and Northwest.	5/14/2016 2:27 PM

Swim 512 Survey

141	<p>More lap swim options Support Neighborhood Pool Overall, I am satisfied with pools in my area of town, Southwest Austin. I find Dick Nichols to be crowded and way to sunny/hot. I prefer some of the smaller pools. I wouldn't utilize the pools as much if there was a fee. For families that go everyday (not mine), \$3 a day would be too much. I have enrolled my children in swim lessons on occasion, but the process is difficult and antiquated. Children in lower income areas who could benefit more from lessons probably are less able to enroll. Some of the classes are good. We liked the staff at West Enfield last summer. The staff at Dittmar was less knowledgeable about the skills they were teaching. More pools available during other parts of the year would be nice. It is hot and pool worthy weather way beyond just when the kids are out of school. Also, I tried to go to Little Stacey pool for lap swim one morning and the place was so packed that we couldn't even get in the pool. I like the added value of the aquatic center for occasional use, but I truly treasure a small shaded neighborhood pool that isn't as crowded. My favorites are Dittmar, Reed Park, and Brentwood, but I am less likely to travel the city as much as when the children were small. West Enfield is also very nice, but slightly crowded. It's a good example of a neighborhood pool. It would need to be bigger in SW Austin.</p>	5/14/2016 2:26 PM
142	<p>Longer Swim Season As a year-round lap swimmer, I'm very grateful for the availability of Bartholomew Pool!</p>	5/14/2016 2:19 PM
143	<p>Support Neighborhood Pool I don't understand why Canyon Vista pool is closed on Thursdays. This limits swim team training. Swimteam is already a short season. With swim meets on Saturday, the kids usually do not train very hard on Fridays, so having Thursday off does does not make sense.</p>	5/14/2016 2:19 PM

145	<p>Support Neighborhood Pool The far NW austin community (Canyon Vista/Balcones/Oak Knoll area) needs a better pool than the one at Canyon Vista on our side of the highway (not the one on Amherst/Duval).</p>	5/14/2016 1:44 PM
146	<p>Indoor/Heated Other Improvements Austin is in the Dark Ages when it comes to Natatoriums and swimming facilities. San Antonio is light years ahead. I strongly urge the City to start making up some ground in this area!!!!</p>	5/14/2016 1:42 PM
147	<p>Splash Pads I don't know to what degree the city supports entities liek the YMCA teaching kids to swim during school hours, but it seems very important to support kids learning to swim, and not to just resort to splash pads.</p>	5/14/2016 1:37 PM
148	<p>General Support Longer Swim Season Other Improvements People in Austin want better pools with longer hours. I think we'd approve a bond to provide money for the cause</p>	5/14/2016 1:37 PM

154	<p>Longer Swim Season I love the pools in Austin, a lovely unique feature of our city. I hope the pools such as Northwest Pool can be open more months of the year.</p>	5/14/2016 10:21 AM
155	<p>Longer Swim Season Dick Nichols pool was a year round pool when we bought our house in 2007. As it is a district park, it should be open year round again, as it was used for swim teams and competitive preparation before.</p>	5/14/2016 10:19 AM
156	<p>Renovate/Repair Support Neighborhood Pool We are so grateful for our neighborhood pool--we consider it a great asset of our residence's location that we are within walking distance of one (Rosewood)...while it may be tempting to prioritize repairs based on annual visitors, we've lived here 15 years and experienced many fluctuations in volume, age, and ethnicity of neighborhood pool visitors--to base a long-term decision on a short-term snap shot seems short-sighted. Please base decisions regarding the neighborhood pools as an investment in the ever-changing community, not on just a reflection of the current one.</p>	5/14/2016 9:52 AM
157	<p>Indoor/Heated The survey presented a built in bias by prefacing questions with "limited resources". I am not aware at any water exercise programs for the handicapped. The city needs multiple indoor pools, not a huge complex accessible only to those with cars and money.</p>	5/14/2016 9:31 AM
158	Have the animal shelters at the pools to adopt cats and dogs.	5/14/2016 9:26 AM

160	<p>General Support Other Improvements I would go to the pools more if it wasn't so crowded in the pool and easier to park. I think it's important for there to be affordable access to the pools for all areas particularly during the summer months.</p>	5/14/2016 8:51 AM

Swim 512 Survey

161	Prioritize Spending Support Neighborhood Pool There needs to be something in North East Austin - there are no swimming areas available here.	5/14/2016 8:24 AM
162	Other Improvements Please, let's not waste money on wi-fi and instead keep the money for these outdoor spaces reserved for the actual outdoor spaces!	5/14/2016 8:19 AM
163	General Support Other Improvements I'm grateful for Barton Speings & Deep Eddy and wish we had more chlorine free or low chlorine options in Austin for those of us who have chlorine allergies.	5/14/2016 8:13 AM
164	General Support Thanks for having such great pools. All city lap pools should be 100 feet long.	5/14/2016 8:01 AM
165	Longer Swim Season Splash Pads In a city as hot as Austin, and in a time where too many kids are inactive, I hope we will do whatever we can to expand access to water-based recreation here (ie. longer season, better access.) Most people who swim competitively would be motivated to find and join a club, but average citizens need nearby, low-cost options - even if it is a splash pad instead of a pool, where a lifeguard is not necessary.	5/14/2016 7:59 AM
166	Longer Swim Season You hours end at 6:00?! Who has time before 6:00?!	5/14/2016 7:59 AM
167	Can't make everyone happy...	5/14/2016 7:59 AM
168	Longer Swim Season Support Neighborhood Pool Cabyon Vista pool is the nearest pool to us. Unfortunately, the dates in which it is open is so very limited. There are times that we go and there are no public restrooms available as the guards have said that the track restrooms can't be unlocked. To me this is a huge public health concern as I would like to know what happens when kids can't go in a restroom as they might choose to go in the pool...also there is no shade at that pool and the diving board seems off limits at various points of the summer. There is a huge amount of people that show up during the summer evening hours and the guards have done a poor job of keeping the lap lane open to swimmers during that time. I don't thing that the swimmers should have to try to speak with patrons to open the lane from having walkers in it...	5/14/2016 7:57 AM
169	More lap swim options I would like to see longer hours at my pool, Balcones. The lap times are out of reach for most working people. I would like to see them reinstated to 7:00 am from late May through September, or at least through the whole month of August. It is ridiculous that the pool closes at the hottest time of the year. It seems like the swim lessons could be pushed to a later time in the morning so that lap swimmers could be accommodated. There are many loyal early morning lap swimmers at this pool or there were before the hours got so ridiculous.	5/14/2016 7:52 AM
170	Other Improvements Large aquatic recreation facilities would be used much more than small neighborhood pools, even if residents had to travel further to reach one. We enjoy visiting Richardson Heights Aquatic Center when in the Dallas area over the summer. Very well executed pool...	5/14/2016 7:36 AM
171	Renovate/Repair Support Neighborhood Pool City should not close any pools, renovation of smaller pools are much cheaper than building pools like Bartholomew that will drain the City Budget! Bad leadership over the Parks system, don't understand the purpose of the neighborhood pools.	5/14/2016 7:30 AM
172	Support Neighborhood Pool I love the pools around town! My neighborhood does not have a pool and we do not have one in our backyard so we utilize pools a lot. Especially Deep Eddy. We also like driving out to Krause Springs in Spicewood.	5/14/2016 7:21 AM
173	More lap swim options I'm a 71 year old retiree whose main exercise pleasure is swimming and once again the city has closed the two pools I use to lap swimming during the first half of the summer. I'm extremely disappointed in this action.	5/14/2016 7:16 AM
174	Indoor/Heated Longer Swim Season I'm a senior who needs daily access to a heated indoor facility year round for pool walking - please consider year round facilities centrally located	5/14/2016 7:01 AM
175	Support Neighborhood Pool Neighborhood pools are very important to the local areas for recreation, exercise, and community bonding. Support them!!!	5/14/2016 6:50 AM
176	More lap swim options Many of the pools don't open early enough for lap swim, or stay open late enough.	5/14/2016 6:47 AM

185	General Support I really appreciate aquatics and all parks and rec. thank you!!!!	5/13/2016 11:09 PM
186	Indoor/Heated Wish there were public indoor pools for winter months. Only options are expensive and crowded private gyms.	5/13/2016 10:54 PM
187	Other Improvements Austin could use a water park	5/13/2016 10:29 PM
188	Splash Pads More baby pools and splash pads need to be built.	5/13/2016 10:27 PM
189	Other Improvements More natural water or salt water pools would be wonderful.	5/13/2016 10:16 PM
190	Other Improvements Learning to swim is important. The city needs to help everybody to learn to swim.	5/13/2016 9:57 PM
191	General Support I love that Austin has so many pools open in the summer! It's an amazing community resource. Keep up the good work.	5/13/2016 9:46 PM
192	Splash Pads Would love a splash pad north of Bailey.	5/13/2016 9:44 PM
193	Other Improvements Programs to teach children from disadvantaged communities are important to public safety and well-being. Establish/expand same at low or no cost to participants.	5/13/2016 9:35 PM
194	Support Neighborhood Pool I know operating the pools is a huge expense for the city, but they are also a vital investment in fitness, fun, and civic pride. Some of Austin's best and most iconic public facilities are in the aquatics program, and our neighborhood pools are some of the few places in town where people of all backgrounds and income levels come together for recreation. I think that's something worth preserving--and expanding.	5/13/2016 9:13 PM
195	Support Neighborhood Pool We live in Texas. Having the neighborhood pool only open from memorial day to the last week in august is ridiculous. My kids want to go swimming most of the year. At least do March to October. Please!	5/13/2016 9:07 PM
196	No	5/13/2016 9:04 PM
197	More lap swim options Other Improvements Stop adding swim lanes at the expense of family/ recreational swimming	5/13/2016 9:04 PM
198	Longer Swim Season Coming from a long aquatic background and as an Austin and Texas transplant I am really impressed with the quality, accessibility, and sheer amount of facilities that are available here. I am really partial to outdoor pools and the choices here are great. I really really appreciate that there is a variety of options including free ones and pools that are open year round. It's such a waste when there is considerably warm weather year round and there aren't facilities to use. Thank you.	5/13/2016 9:01 PM
199	Support Neighborhood Pool I think Austin depends on having access to pools in the summer, and increasing that access and the attraction of pools around town will increase the livability of our city.	5/13/2016 8:48 PM
200	Renovate/Repair Support Neighborhood Pool There were two questions that mention "pools" beyond repair, and the options given for those all amount to "forget about the people that pool served and shuffle the money around elsewhere in the city". That's a rigged system. Second -- as a native Austinite, now with a native Austinite child of my own -- I have to wonder why we waive fees, give tax breaks, and spend resources for the benefit of hypothetical people we want to attract to our already overcrowded city. And how did it come to be that we now can't even maintain a level of service established decades ago? In the Balcones neighborhood we had to fight for our pool -- one of two in North Austin -- last year. We had to fight for our library after that. We just raised \$20k for our park. What existing services are we going to have to fight for next year? If the city can't hack it, then why are we even paying taxes to it?	5/13/2016 8:44 PM
201	No	5/13/2016 8:43 PM
202	General Support Thank you for giving Austin a cool place to burn off steam and build lasting memories each summer!	5/13/2016 8:28 PM
203	More lap swim options I would love a more extended season in more locations. Swim team taking over early morning lap swim in early summer is very disappointing.	5/13/2016 8:26 PM
204	Prioritize Spending Support Neighborhood Pool Central Northwest area...ie Great.Hills has limited access to city pools.	5/13/2016 8:23 PM
205	Indoor/Heated Other Improvements Create a natatorium jointly with AISD to allow high schools a covered facility for swim season with locker rooms and showers. Bid on AISD's RFP to find property. City builds. Joint use.	5/13/2016 8:20 PM

Swim 512 Survey

207	Renovate/Repair Support Neighborhood Pool Stop worrying about a natatorium until all of the neighborhood pools are fixed. There is no such thing "beyond repair" - build anew one right next to the old one. UT has the best pool in the country (!). I can't believe this survey is asking which neighborhood pools to close + do we need a natatorium and competition pools.	5/13/2016 8:14 PM
208	The parking meters in Barton Springs Pool are horrible.	5/13/2016 8:14 PM
209	Splash Pads More splash pads in North and Northwest Austin! Splash pads are awesome fun!	5/13/2016 7:46 PM
210	More lap swim options Austin is a great swimming town. I would hate to see only large swim centers. Though I'm a devoted lap swimmer, I believe that everyone should have access to water, swimmers or not.	5/13/2016 7:45 PM
211	Splash Pads Support Neighborhood Pool I hate splash pads. Don't close my pool(Balcones Park) and replace it with a lame splash pad. I like my pool in my neighborhood. I'm not driving into central Austin. I'd also rather pay a one time fee for summer swimming rather than every time I use the pool.	5/13/2016 7:44 PM
212	Splash Pads More shade at splash pads would be top of my list of desires	5/13/2016 7:33 PM
213	More lap swim options In my humble opinion, Deep Eddy experiences overcrowding of the lap lanes. Extended lap swim hours and seasons for Deep Eddy might help. Currently, during the peak season and hours there are lengthy and disorganized wait times for splitting a lane with just one other lap swimmer. Circle swimming does not work well for fitness swimmers who swim different strokes and drills at varying speeds. Circle Swimming is unfortunately how you accommodate 3 or more swimmers in one lane.	5/13/2016 7:27 PM
214	Splash Pads We love Austin but think the accessible aquatic options (pools, splash pads) is severely lacking. We appreciate that this appears to be a priority to remedy.	5/13/2016 7:22 PM
215	Other Improvements The two non-fee pools where I swim staffed with pleasant and courteous kids. The \$3 fee for Barton Springs is very reasonable. All the swimming areas in these facilities are maintained such that I am comfortable swimming there. The bathroom/locker rooms are in need of some deep cleaning.	5/13/2016 7:19 PM
216	Other Improvements Some of the locker room facilities are not well maintained when shower heads break, shower curtains tear, etc.	5/13/2016 7:04 PM
217	Longer Swim Season longer season for the lap pool lovers at Garrison. Truly! Why don't we practice what we preach to be a fit city. Why not South Austin?!	5/13/2016 7:04 PM
218	Other Improvements We need more water parks with larger attractions	5/13/2016 6:55 PM
219	General Support Keep the diving board at Barton Springs Pool or I will be very sad.	5/13/2016 6:49 PM
220	Splash Pads There needs to be more water things like pools, splash pads, and water parks in South Austin. I have to drive out to Buda/Kyle or down town to get near one of these. I live on Slaughter and I35	5/13/2016 6:49 PM
221	Other Improvements Balcones Pool has lots of ants in the grass areas surrounding the pool. Could you treat the area for ants, provide more picnic tables or concrete areas.	5/13/2016 6:48 PM
222	Other Improvements Anderson Mill Limited District does it right. You should see how they do it.	5/13/2016 6:48 PM
223	City should focus on items like this, or crime where City of Austin Water is outrageously charging neighborhood for water use. Investigations are still pending. Why hinder Uber/Lyft and put them out of business when focus should have been on true city items.	5/13/2016 6:44 PM
224	Renovate/Repair Support Neighborhood Pool The deep end of our particular pool (Ramsey) is often closed because there's a chlorine problem. If there was going to be a charge to use that pool, there would have to be some expectation that we'd be able to use the entire pool	5/13/2016 6:43 PM
225	No	5/13/2016 6:39 PM
226	Support Neighborhood Pool We need another pool on the south west side of town	5/13/2016 6:39 PM
227	Other Improvements Support Neighborhood Pool Our local AISD high school swim team Anderson HS practices in the mornings in Williamson country 30 minutes drive because we have no local Austin pools near us. This is unacceptable. To pay a private facility Waterloo on 620 for pool use when the City should be providing facilities for the high schools is ridiculous.	5/13/2016 6:37 PM
228	Support Neighborhood Pool Accessible, safe neighborhood pools are essential for our city. Everyone should have a pool in their neighborhood, and if they can't afford the fee or afford lessons, they should qualify for free lessons. Every child in Austin should know how to swim. And every adult should know basic safety rules. Schools should use the pool when it's warm enough for lessons and play.	5/13/2016 6:32 PM
229	Renovate/Repair Support Neighborhood Pool Please do not close Northwest Pool.	5/13/2016 6:32 PM

Swim 512 Survey

230	Other Improvements Bring back high-dives, install rope swings and zip-lines. I would routinely pay a premium price to swim at a pool with these features. I am planning on driving to Waco to pay \$20 for some actual danger. At least once a year I drive to Balmorhea so I can dive of a high dive again. And I am 52 years old. How is it logical that an entire lake is full of stand-up paddle boarders who can "fall-in" to a lake where it is simultaneously too dangerous to install a swimming area?	5/13/2016 6:30 PM
231	Splash Pads More splash pads in NW Austin	5/13/2016 6:29 PM
232	Longer Swim Season Renovate/Repair We love the renovations at West Enfield. It's a shame to walk by it everyday and see it closed most of the year. I think adults would pay year round to do laps there.	5/13/2016 6:28 PM
233	Support Neighborhood Pool More swimming lessons at neighborhood pools	5/13/2016 6:25 PM
234	Fees Maybe low income people could get vouchers for free swimming (ie people on welfare or food stamps) but otherwise average people could pay to use the pools.	5/13/2016 6:24 PM
235	No	5/13/2016 6:18 PM
236	Renovate/Repair Support Neighborhood Pool Please don't close pools in the poorer sides of town.	5/13/2016 6:18 PM
237	More lap swim options Support Neighborhood Pool I live near 620 and 2222 (in the City of Austin) and there is not a CoA public pool anywhere near me - I would love it if there was a good lap-swimming option. Also, the Austin area now has two back-to-back State-winning swim teams - Vandegrift HS (5A) and Westlake HS (6A), plus numerous other very talented swim teams -- despite the fact that there is no major public natatorium anywhere in the Austin area. All teams must find neighborhood pools or small municipal pools to rent for their daily practices. Other cities, including San Antonio, Corpus Christi, and cities in the DFW and Houston areas have large natatoriums that are shared by many schools. We'd love to see the same in Austin!	5/13/2016 6:15 PM
238	Prioritize Spending Austin property taxes are so high! Austin is a hot climate. Use funds already there to improve the quality of life in Austin neighborhoods. Our taxes have gone up exponentially. Come on, City Council!! Let us see some of the fruits of our property taxes. Invest in neighborhoods! WHY ISNT MORE \$ allocated to this? Poor decisions by our city council are having a negative effect on neighborhoods.	5/13/2016 6:08 PM
239	Indoor/Heated I would love an indoor pool.	5/13/2016 6:07 PM
240	General Support Other Improvements Austin neighborhoods and demographics are changing rapidly in many parts of town. Austin parks should make new and expanded partnerships with other govt bodies (AISD, ACC, Travis County, etc) and corporations to ensure equitable access to high quality parks facilities. Partnerships will be critical to Maintaining and developing parks amidst ever increasing property values.	5/13/2016 5:54 PM
241	The little Stacy pool is not filled ever. Will both Stacy pools be open?	5/13/2016 5:54 PM
242	General Support Thank you for working to improve on a city service that we love!	5/13/2016 5:53 PM
243	Renovate/Repair Demo old pools like Metz and rebuild in same location if possible, like Battholemew. Also MUCH better maintenance of existing pools.	5/13/2016 5:51 PM
244	General Support I know everyone is peeing in the water and I don't know that you have enough education, signs, or disinfection. You assume people know. I used to love to swim and jump on the diving board. I lived at Shipe and Northwest. But public swimming pools will go the way of the drive-in I guess. Last time I went to Walnut Creek it was too crowded and the diving board wasn't open. Evening hours after 4 are the best (shadows are long) because of sunburn issues during the day.	5/13/2016 5:51 PM
245	Longer Swim Season More lap swim options Add early morning hour availability for lap swimming/training 5-7 a.m. During the week. Consider year round availability for this.	5/13/2016 5:49 PM
246	Prioritize Spending I think you should make Barton Springs and Deep Eddy as special looks that are funded independently of the aquatics program and have their own source of funds. Could also try to create an endowment for these pools and use city resources to advertise these endowments. I think people may be willing to donate.	5/13/2016 5:48 PM
247	Splash Pads The pool and splash pad s are the best part of summer!	5/13/2016 5:46 PM
248	Prioritize Spending Do it right and don't get greedy. That's why CapMetro is a failure.	5/13/2016 5:42 PM
249	General Support Love city of Austin pools. They make summer bareable	5/13/2016 5:41 PM
250	General Support Keep Shipe Pool alive! It is a gem worth preserving. Thank you!!	5/13/2016 5:40 PM
251	General Support I really appreciate the city pools.	5/13/2016 5:39 PM
252	Support Neighborhood Pool Austin really needs to extend the swimming "season" it's warm enough to swim March-October. Keep the neighborhood pools running. Kids need a safe, healthy place to go.	5/13/2016 5:38 PM

Swim 512 Survey

253	Fees Please don't charge for the pools that are already free. It's the only way for some people to get out and have fun outside.	5/13/2016 5:38 PM
254	General Support Teach low-income kids (esp. kids of color) how to swim at zero cost--include their parents too. It's a tragedy that the legacy of segregation is that children of color don't learn to swim because their parents and grandparents weren't allowed to! (I'm in my 50s and when I was growing up, black kids weren't welcome in the pools we went to...) Also--more shade, please. Refreshments please. Better parking, please! How about featuring/advertising bus routes that go directly to the pool in the summertime? I would love to see a banner on a bus that said "This bus goes to Walnut Creek Pool 16 times a day!" or whatever. (Oh, and please keep pools open past Labor Day... this is Austin, not Minnesota.)	5/13/2016 5:37 PM
255	General Support Good luck!	5/13/2016 5:37 PM
256	Indoor/Heated Other Improvements I would love to see aquatic facilities such as what you see in Coppel, Valley Ranch in Irving, Carrollton, Keller and other Dallas suburbs that have amazing aquatic facilities with slides, lazy rivers, indoor pools, spraygrounds, playgrounds in the pool and snacks, locker rooms etc. they charge a fee but it's way less if you are a resident and more if you are not an area resident. Facilities are fun and clean and a great place for families to hang out all summer. They were popping up all over (the Carrollton one is like a mini waterpark!). We would always visit them, take swim lessons there etc. and when we moved here I was shocked with the lack of spraygrounds and fun water facilities. The pools all looked old and outdated and dirty tired facilities....why would I make the 20 min drive there? Especially without any cool and different features? For that we drive to cedar park or lakeway.... Austin really needs to up their game. There is nothing cool like that in Southwest austin (for non circle c resident who can't go to their pools). The shaded giant wood playground outside the Coppel aquatic center would pull people in for MILES and then when they added the aquatic facility there with slides? We gladly payed the \$\$\$. Diving boards are a plus and rare. We drive for those....charge a small fee and build something cool in the burbs!! Maybe charge a small fee in low SES areas so it's affordable but can't drop kids off without a parent until 12 to babysit!! I hated that as a lifeguard.	5/13/2016 5:36 PM
257	Other Improvements Allow people to bring in canvas, folding, shoulder carrier chairs. Allot a lap lane for people who are not master swimmers -- kids, retired people, disabled people, etc., who need exercise but cannot keep up in lanes with competitive swimmers. More water aerobics classes.	5/13/2016 5:35 PM
258	Longer Swim Season Renovate/Repair Support Neighborhood Pool Would love our neighborhood pool (Brentwood) expanded/repared. More info on programs available. Extended swimming season. Maybe a slight charge to pay for off season swimming? We got a Y membership so we could swim year round - would rather have access to community pools.	5/13/2016 5:35 PM
259	Renovate/Repair Support Neighborhood Pool Reach out to the neighborhood associations & community about forthcoming decisions on pool repairs, closures and the strategy for new pool developments.	5/13/2016 5:34 PM
260	General Support Love our Austin pools @ parks!!	5/13/2016 5:30 PM
261	Longer Swim Season Definitely need to increase the season	5/13/2016 5:30 PM
262	Indoor/Heated An indoor facility is a must. Even if it's only one and central.	5/13/2016 5:29 PM
263	Support Neighborhood Pool Some of the neighborhood pools do not have a sufficient shallow area (or Brentwood starts at 4 feet). This makes the pool impossible for families with young children, who are otherwie heavy pool users. Additionally, hours at little Stacy was very inconsistent last year due to understaffing. This was so sad when we would get the kids ready and excited and drive across town, only to find a closed pool and no explanation.	5/13/2016 5:27 PM
264	Longer Swim Season Please keep little Stacey wading pool open more	5/13/2016 5:26 PM
265	General Support the aquatic program is generally well organized, I especially like the swimming lessons part, keep up the good work	5/13/2016 5:25 PM
266	Support Neighborhood Pool The neighborhood pools are an amazing resource in the city. Please don't close pools without replacing them nearby. We should be encouraging people to drive less, get outside and active more, and make community in their neighborhoods. The regional aquatic centers won't do any of this.	5/13/2016 5:24 PM
267	Fees General Support Prioritize Spending Supportive of improvements but it should not be financed by the taxpayers.	5/13/2016 5:23 PM
268	Prioritize Spending Why can't we increase the amount of money provided to parks and libraries in the city's budget? Why are pools so under funded? this is Texas for goodness sake - it gets super hot in the summer!	5/13/2016 5:21 PM
269	Fees Prioritize Spending Be smart about this. Austin city council cant seem to balance books even with expanding tax bases. Figure out how to make the pools pay for themselves.	5/13/2016 5:17 PM
270	Other Improvements Support Neighborhood Pool Where the heck is the aeration for Northwest pool! You spent all that money this summer and we still have a bathtub by July! It was a cheap fix when the construction was going on.	5/13/2016 5:13 PM

Swim 512 Survey

271	<p>Other Improvements What would influence me most in going to the pool more often is having one close to me with ample parking and long hours, and a long open season when I can use it. Also, a clean pool is important to me. It's nice when there is a separate kiddie pool so the little ones don't pee in the big pool.</p>	5/13/2016 5:13 PM

276	<p>Support Neighborhood Pool Charging for parking at Barton springs, the heart of the city, just seems wrong! Spring fed pools such as Barton springs are the best. I support Small neighborhood pools to promote a strong community and healthy kids when paired with neighborhood swim teams.</p>	4/23/2016 1:35 AM
277	<p>Support Neighborhood Pool Increasing the season is our family's number one priority for our neighborhood pool, Balcones. It gets hot in May and is still hot in September! We would use the pool in those months, even if it was just open weekends. Thank you for your consideration.</p>	4/22/2016 10:38 AM
278	<p>Longer Swim Season Support Neighborhood Pool I have a lot of feedback and comments. First: the survey is frustratingly and sometimes misleadingly designed (designed in such a way that answers overall don't really reflect what people feel; and you don't know what's informing their answers). There should be additional space for comments following nearly every set of multiple-choice questions; otherwise, you're going to get answers that may be skewed. If I read online rankings of products, insurance companies, doctors, and so on, there is usually an overall ranking that you see--such as four out of five stars--and there's the option to read written comments. This is almost meaningless to me without reading the comments. For instance, responding to 'helpfulness of office staff' at a clinic where the staff numbers 4 or 5 people--might earn 4 out of 5 stars, because three of those people are extraordinarily helpful and pleasant. But you find out information from reading the comments--a number of them might say "I'm not giving 5 stars because even though A,B and C are wonderful, D makes a lot of mistakes and acts like answering your questions is doing you a big favor. Not a nice person. Avoid D if you can help it!" And that's worth knowing. If you truly want to know what people feel, and take seriously that responding to the community is important, you may get a lot of 'not-quite-what-I-feel' answers because of a very limited and incomplete range of multiple-choices--without providing space after the multiple-choice response to each question. Sometimes I found I would, because of this, write a comment that wasn't fully relevant to the question, because (1) context for many questions is lacking, and (2) this survey is long enough that I was afraid I'd forget everything by the end. Again (!): comments or qualifications should have been solicited all along. For example, about question #17--would I be willing to "pay a fee": the choices offered reflect current fees at municipal pools (at least, at Deep Eddy, except for the winter months when there is no fee). Furthermore, none of the questions allows for any other option than for a neighborhood pool to be charged the same as the current rate for a municipal pool. And what about other options--such as a monthly punchcard (which I believe is still available at Deep Eddy), or another sort of discounted admission for high-attendance people who would not be able to come as often as they'd like if they have to pay \$3. I am a senior, and for the past 4 years I have gone either to Stacy or to Deep Eddy nearly every day year-round (of those 4 years, the last 2 years mostly to Stacy). In the summer, I mix it more with Deep Eddy. I would be happy to pay \$1 at Stacy, as I do at Deep Eddy. For me, that would have been about \$200 over the past year (would be more, but I am periodically away from Austin). While it's not difficult for me to pay \$1 a visit, \$3 for many people 18-62 is way too much. It would effectively hamper Stacy's appeal to those who are 18-62 (at that upper age range, many are already retired, if not officially seniors). Shouldn't 18-62 be a prime age range for people to be encouraged to regularly exercise (and/or de-stress, and/or just have fun)? But at \$3 a pop? Would this be all over Austin? At pools that are currently free? All of them? That's very important to make absolutely unambiguous if you want meaningful answers. At least three or four times, a mini-survey--about a third of a standard sized sheet of paper--has been available to fill out at Stacy. Only multiple-choice, there were no comments solicited. One of the questions is about the overall satisfaction with the lifeguards. If you really want to know, that's not the way to find out. There are so many different lifeguards who cycle through there during the year--some are there most of the time, or fairly frequently; but there are plenty who are there infrequently (I'm aware that there are a few Uber-lifeguards who periodically assess several pools). And above all, the competency, common sense, attitude, responsiveness, etc, range from 'very poor' to 'excellent'--whatever two extremes you want to use. Doesn't whoever makes up this survey realize that you shouldn't ask about satisfaction with the "lifeguards" as if all of them are equally good? This puts people--and I've heard this from others--in the position of answering that, yes, they're fairly satisfied with the quality of the lifeguards, even though they may feel that a couple of lifeguards are really bad.</p>	4/12/2016 3:39 PM
279	<p>Splash Pads Support Neighborhood Pool Please fix Metz pool and others that you have to drain each time so those kiddos can play. Lots of new people in the neighborhood and it's next to the park with bball courts, etc. Millie, who's over the program has even improved the after school program and it would be great for the kids to swim when it gets hot over there. They are too old for the splash pad and I think those waste water.</p>	4/12/2016 2:32 PM

Swim 512 Survey

280	Other Improvements Our pools need more shade. Our pools need more staff and hours. I hesitate to support increasing the number of pools when we cannot pay people well enough to be a lifeguard.	4/12/2016 1:14 PM
281	Fees Please leave some pools "no cost". For some families going to the pool is the only entertainment they may have throughout the summer. Don't make it cost prohibitive. So many things in Austin are no longer family friendly when it comes to budgetary concerns.	4/12/2016 11:16 AM
282	Renovate/Repair I didn't answer the question that only allowed for "closing" pools in disrepair. Find a way to repair or renovate them.	4/12/2016 10:58 AM
283	General Support Support Neighborhood Pool We use NW pool, Ramsey and Reed pool the most. They are beautiful locations, hoping they will stay there.	4/10/2016 9:41 AM
284	Support Neighborhood Pool I feel that it is important for all families to have access to free neighborhood pools during the summer. I would be willing to pay to swim during the off season at pools that are typically closed after summer.	4/4/2016 9:03 PM
285	How not ask users of the pools how to design them. Not the architects that obviously don't know how do design a bath house.	4/2/2016 11:20 AM
286	Fees Charging for Big Stacy would be a very serious blow to the quality of life for many very long term austinites and it might be enough to make us reconsidering paying so much in taxes to live here.	3/31/2016 4:07 PM
287	Indoor/Heated Please keep fighting for more funds for pools. A centrally located indoor pool for all year would be a great addition to the city? What about the land at Northwest Rec Center? Thank you for the survey.	3/29/2016 1:45 PM
288	Renovate/Repair Splash Pads Support Neighborhood Pool I am extremely unhappy with the options provided for many of the questions. If a pool is beyond repair, the answer is NOT "close it and open a new one somewhere else." The answer may be "replace it with a new pool in the same place." It should not be a choice between repairing an older, central Austin pool and opening a brand spanking new one in the outer suburbs, or closing a pool and putting in a park or a splash pad. (you're going to guarantee a generation that doesn't know how to swim -- and no future lifeguards -- if you do that.) The older pools are well used and beloved. The newly annexed parts of the city provide lots of taxes and get NO benefits: no pools, no libraries, no rec centers, no bus service. Somehow there has to be a way to manage both, and if it means collecting user fees, then that's what it means. ALSO, as a resident with INSANE taxes that resemble a mortgage payment, I really appreciate the new fee structure that charges non-residents higher rates. I would go further and charge non-residents those same higher rates for the use of the neighborhood pools, even if they remain free for residents.	3/26/2016 11:06 PM
289	Support Neighborhood Pool thank you for caring about the amazing public pools available in Austin!!!!	3/26/2016 8:11 PM
290	Other Improvements Hire competent people to run the parks and rec department, many of these pools are part of the history of Austin. Hire people that can understand the value of these facilities in our communities not the amount of money it's generating.	3/25/2016 9:32 AM
291	Longer Swim Season Other Improvements Please have earlier winter weekend openings for big Stacy & bartholemew & open Deep Eddy before 8am in the summer. Summer Weekend Parking at Deep Eddy is impossible after 12, please increase parking. APD has taken over some of the parking in recent years.	3/24/2016 3:06 PM
292	General Support never close barton springs or deep eddy, they are the heart and soul of Austin	3/24/2016 1:35 PM
293	Renovate/Repair Support Neighborhood Pool Garrison is in such bad shape! That pool could be a community hub. It's right next to Crockett. Could be used for classroom teaching, recruitment for guards. The opportunities are endless.	3/24/2016 12:19 PM
294	Fees I've been to several cities (Denver, Toronto) and visiting their pools, and they charged for access/entry. Why not charge a nominal fee at more pools? And offer pool passes?	3/24/2016 9:47 AM
295	(Previous comment should have been put here.)	3/23/2016 4:04 PM
296	Renovate/Repair Invest in maintaining and repairing existing facilities as opposed to closing and rebuilding new, larger, more crowded ones.	3/23/2016 3:13 PM
297	Support Neighborhood Pool It seems this survey is biased toward building aqua centers. This is not a fit for Austin. We're a city of neighborhood pools.. Free pools. This is one of the things that makes neighborhoods great. It seems someone has a dream of building these huge 'regional' waterparks.. that serves a person, not the people. The right choice is to cherish the communities that make up this city. I walk to my pool. I know the families there. We don't have trouble or rudeness or a 'regional' feel. Let's not loose that.	3/23/2016 3:05 PM
298	Other Improvements Water features are not necessary. Kids will make their own fun. It doesn't need to be provided.	3/23/2016 2:18 PM
299	Support Neighborhood Pool Pool are essential to summer survival in Austin! Neighborhood pools are key. Thanks for all you do.	3/23/2016 11:57 AM

Swim 512 Survey

300	Support Neighborhood Pool This survey is poorly written and obviously slanted toward the hope that the city can slash it's parks and rec budget by closing city pools. Neighborhood pools are the life blood of many of these parks, and they are one of the only spaces where all socioeconomic/racial/ethnic divides are bridged. These are invaluable resources for teaching kids how to swim and they create a neighborhood meeting space. Patch the pools if you have to. Build new pools in their place if you have to (in the off-season of course - there are almost 9 months when you can build these pools without interfering with their use - and I've never heard of a pool taking 9 months to build!), but please please don't close these pools.	3/23/2016 11:42 AM
301	Renovate/Repair The previous questions about pools in disrepair did not give an option to close and replace the existing pool. That is my strong preference in all cases.	3/23/2016 9:48 AM
302	General Support Love the Austin pools! Keep up the great work.	3/23/2016 1:15 AM
303	General Support Other Improvements The pools are great. Austin is very hot May to October, and the pools should be open at least 5-6 months. Also, AISD needs to give ALL kids free swim lessons in elementary school.	3/22/2016 11:03 PM
304	Support Neighborhood Pool We love our neighborhood pool at Northwest. Please keep it going!	3/22/2016 9:03 PM
305	Renovate/Repair Splash Pads Support Neighborhood Pool The available choices on questions 13 and 16 are in adequate. Fix and maintain the pools. I'll never choose an answer that begins with "close pools". Replacing with splash pads is awful. Fewer bigger fee pools is awful. It's important for our neighborhood communities to have ready access to a free public swimming pool in their neighborhood. I can't overstate the quality of life benefit that this access is to our city.	3/22/2016 7:57 PM
306	Splash Pads Support Neighborhood Pool We LOVE Northwest POOL. It's a great neighborhood pool. I don't believe splash pads can ever replace swimming pools. No one (hold or adult) over the age of 7 wants to go to a splash pad.	3/22/2016 6:06 PM
307	More lap swim options Keep Northwest pool open. Open it earlier, like at 7am for lap swimming. I would pay to swim EVERY DAY if I could get in that early.	3/22/2016 10:44 AM
308	Support Neighborhood Pool As I mentioned, I live near NW Pool and would love to see it stay open and in a state of decent maintenance. I think you would get a lot of support from a LOT of the people in this neighborhood if there were anything we could do to help keep this pool running! I'd certainly go door-to-door to spread the word if it would help.	3/22/2016 8:58 AM
309	Other Improvements Northwest pool is vital to our community and has not received nearly the support of other pools in Austin. It deserves increased maintenance, similar to that seen in parks such as Clarksville and Westenfield parks.	3/22/2016 7:52 AM
310	General Support Other Improvements more pools like Bartholomew!! I drive quite a ways to go there just because it is fun for more ages.	3/22/2016 7:51 AM
311	Longer Swim Season More lap swim options Would like more options for morning and evening swim times to enjoy pools out of the burning sun.	3/21/2016 11:04 PM
312	Indoor/Heated Renovate/Repair Support Neighborhood Pool neighborhood pools are critical parts of many areas of the city and ours is in bad repair -- it would be devastating to this community for that pool to be closed. we need a safe place for people of all ages to go and cool off during the extreme heat, socialize with their neighbors (which helps make communities stronger and safer)	3/21/2016 8:48 PM
313	Support Neighborhood Pool Northwest Pool is the jewel in the crown of Allandale. It would be such a shame if it closed down. It brings together neighbors and classmates from Gullett Elementary and Lamar Middle School.	3/21/2016 8:17 PM
314	Longer Swim Season Northwest Pool should be kept open much longer, as long as temperatures are in the 80's and 90's. It's important to individuals like myself, with difficulty walking, to be able to swim.	3/21/2016 6:01 PM
315	Support Neighborhood Pool A lap/competitive pool is highly desired in the Four Points area. The only option within reasonable distance is with the River Place country club, which is far too expensive for most families.	3/20/2016 11:45 PM
316	Other Improvements Support Neighborhood Pool If neighborhood pools start charging, I would only agree with charging in wealthy parts of town. Before upgrades are made to neighborhood pools, get that community 's input. Invest in better filtration systems and cleaning. Get better at scheduling so that more guards can be hired with their preferences respected.	3/19/2016 8:57 AM
317	Support Neighborhood Pool I love the neighborhood pools! Please don't get rid of them! Off the neighborhoods to do fundraising if needed. I know the Brentwood/Crestview neighbors would be all over that!	3/16/2016 1:11 PM

Swim 512 Survey

318	<p>Renovate/Repair Support Neighborhood Pool CoA: Thanks for taking the time to gather data on opinions of Austinites regarding the future of pools. This survey biases in favor of closure of aging neighborhood pools and in favor of centralizing aquatics in Austin with Bartholomew-like centers.* And while the success of Bartholomew might be true for a certain set of the populace of Austin, it's success is not an "if-the-glove-fits" predictor of the aquatic future of Austin. I am in favor of repairing and maintaining well-attended neighborhood pools, or neighborhood pools that have a potential to be well-attended if such renovations were to take place. To gather data on which neighborhood pools are well-attended, please (have interns! or volunteers!) gather data onsite, and ask pool-goers for resident zip code to estimate distance of homestead to pool. Why onsite and not use the results of this survey? This survey needs to be controlled for income. But even worse majority of neighborhood pools goers--because the pools are free, and free summer activities are invaluable for families of low income (and therefore likely education level)--will likely have the least representation in this survey. So controlling the data might not even produce significant results for underrepresented income strata. I am not in support of all-in aquatic centralization across Austin. If Bartholomew pool is generating significant revenue, and possibly turning a profit, then by all means, build more Bartholomew's. But please tunnel the profits of these large aquatic centers to repair of existing pools that should stay around. I live in District 7. I am also willing to pay a very small fee at existing neighborhood pools. Either a flat fee (I love the increased fees for non-Austin citizens, though this is not well-enforced) or a possible membership/loyalty season pass that could be regional (pools in my district, with Bartholomew, Barton Springs, Northwest add-on packages). I think that if we go to fees, they should be low, due to income inequality, accessibility issues in Austin. Neighborhood pools are cultural meccas for Austin. Removing them will hurt Austin's long-term culture, no matter the cost. Thanks again. *For example of bias: question 16, while asking whether one would prefer closure or repair of aging pools, offered no option to repair. All 4 choices were "close pool" choices.</p>	3/16/2016 12:27 PM
319	<p>Support Neighborhood Pool The question of "access" to city pools needs to be considered. For instance, many people who rely on a neighborhood pool like Mabel Davis would be forced to use public transportation to get to another facility, which would restrict access.</p>	3/16/2016 11:15 AM
320	<p>Support Neighborhood Pool We walk to our neighborhood almost every day in the summer. It fosters community and is our favorite thing about Austin. I would very much like to see the budget reflect the invaluable resource they are to our communities. Please put time, effort and money into the neighborhood pools in the city that are being used by our residents.</p>	3/16/2016 11:13 AM
321	<p>Renovate/Repair Please increase the length of the swim season! Please repair pools that need it! Please keep pools in low-income areas (Mabel Davis) because it gives those kids something fun and active to do in the summer.</p>	3/16/2016 11:02 AM
322	Na	3/16/2016 9:06 AM
323	<p>Support Neighborhood Pool Please don't create a lot of Bartholomew Pool type water parks. These don't encourage real exercise, the lines for the park features are very long, the actual time children get to spend doing movement is very short.</p>	3/15/2016 11:48 AM
324	<p>Indoor/Heated One of the things that make Austin bearable in the heat is the free pools. I have multiple children and it is prohibitive for us to pay every time we go to the pool. We go 3-5 days a week. Summer would become a miserable time of year for us if that changed. Please keep Brentwood free.</p>	3/15/2016 8:21 AM
325	<p>Renovate/Repair Renovate the pools and hire capable people to manage the Parks Department!</p>	3/14/2016 8:44 PM
326	<p>Renovate/Repair Support Neighborhood Pool What makes Austin bearable in the summer is the array of swimming pools located throughout the city. Please don't close any of them if you don't have to!</p>	3/14/2016 4:18 PM
327	<p>Renovate/Repair Please don't close pools- question # 16 doesn't give any options other than closing pools-- BAD QUESTION! City should renovate all the current pools and build new ones in the areas of the city without pools.</p>	3/14/2016 3:38 PM
328	<p>Other Improvements Support Neighborhood Pool Create facilities that will not segregate low income from high income families</p>	3/14/2016 12:49 PM
329	<p>More lap swim options morning lap swim at Bartholomew would be extremely helpful. Late afternoons do not work for my work schedule. The hours are weird currently.</p>	3/14/2016 10:52 AM

331	<p>Prioritize Spending many of the questions seem to be leading or tilted towards a certain direction such as facilities closures or a standardized approach to the master plan. As a construction/design pro who works in publicly funded facilities markets I understand why factions would prefer that solution but it does limit aspects of transparency and public buy in.</p>	3/12/2016 2:26 PM

Swim 512 Survey

334	Support Neighborhood Pool A free pool that we can walk to is what we need. Is there a possibility of creating a program around the regional centers that gives free access to people within a shorter distance or by lottery system?	3/12/2016 1:46 PM
335	General Support Keep on the positive work plans	3/11/2016 8:06 AM
336	Support Neighborhood Pool We really value our neighborhood pools.	3/10/2016 10:20 PM
337	General Support Thank you for reaching out for my opinion. Please let me know how I can help ensure that pools are available in S. Austin. Amy.rueckheim@premier-research.com	3/10/2016 3:07 PM
338	Renovate/Repair Support Neighborhood Pool I really hope this year the pool schedules are published in a timely way and then respected. I'm also hoping for a restoration of lost hours. Was super unimpressed by last year's season/maintenance/open hours. This city needs to learn to invest in infrastructure, and to maintain/rebuild gems like the Northwest pool and neighborhood pools. Putting off repairs for years and years makes it so much easier to declare a pool "beyond repair," which is a major disservice.	3/10/2016 2:38 PM
339	General Support I love swimming.	3/10/2016 2:12 PM
340	Longer Swim Season Would like for winter weekend hours to be expanded for Big Stacy & Bartholemew and winter weekday hours expanded for Bartholemew.	3/10/2016 6:54 AM
341	Longer Swim Season More lap swim options Make pools later in day. Stagger hours so some days start late and end late if needed. Ending at six is useless after work in Austin traffic.	3/9/2016 11:09 PM
342	Splash Pads I once had a City employee tell me she thought the splash pads were a complete waste of money. I heartily disagree! Having a free place where kids can safely play in the water to cool off in the summer is a GODSEND for parents in this city. My friends and I LOVE the splash pads and the kids look forward to them all year! I would just really love to see more shade sails.	3/9/2016 3:19 PM
343	Indoor/Heated Outdoor rinsing showers would be appreciated at most pools. Current indoor options can be icky.	3/9/2016 1:31 PM
344	Support Neighborhood Pool Get ready to get verbally assaulted by older Allendale residents who will be unhappy with nothing besides a giant Olympic pool in Northwest Park. There is a large vocal group of lap swimmers.	3/9/2016 11:57 AM
345	More lap swim options Splash Pads Support Neighborhood Pool We love, love Austin's public pools and use them all summer. I love the system of the smaller and free neighborhood pools and the big paid pools with lots of features like Deep Eddy, Barton Springs and Bartholemew. Each pool or splash pad that we go to has its own personality and features and we decide where to go based on our needs at the time. Some are better for kid play dates. Some are better for babies. Others are better for lap swimming. I would love to see that diversity continue. Don't make them all look the same. Also I think the free entry to the neighborhood pools is important. It makes it an easy option for kids and moms in the summer. If the neighborhood pools charged the same amount as the municipal pools, we would probably swim less overall and go to Deep Eddy a larger percentage of the time (and it is already hard to park there). I would probably be willing to pay a smaller amount for entry to the neighborhood pools (like \$1 adult \$.50 child). Or have a low cost summer pass for the neighborhood pools. Btw, your season passes are crazy expensive and targeted towards heavy swimmers, over 60 days of swimming if I remember correctly. I would love to see a discounted pass for those of us that use the neighborhood pools with our kids, but still like to do the municipal pools once or twice a week. Thanks for creating a wonderful pool and splash pad system that helps keep us cool all summer!	3/9/2016 11:02 AM
346	Renovate/Repair I did not like the wording or answer options for questions 13 and 16. Don't understand why when option would be to completely close down a pool that's in need of a lot of repair to simply build another one in a completely different location. that seems ridiculous to me. I am not in favor of these fancy large aquatic centers. Austin I too want those kinds of pools are willing to drive out to Bartholomew pool or wherever else but our inner city current pools should just be repaired and not shut down. I did not answer those questions because none of the options were appropriate or reasonable to me	3/9/2016 10:55 AM
347	Renovate/Repair i love our area pools. ramsey park renovations included lots of involvement by local residents and park foundation partnerships. maybe we can include advertising/marketing efforts by local businesses to raise funding for pool improvements.	3/9/2016 10:45 AM
348	Other Improvements I've been disappointed many times over the past three years that my primary pool (Northwest park) is closed when I want to use it due to facility issues and lack of staffing. I appreciate that the City is polling the community and taking an active approach to solve pool issues. Pools are an important service and I'm willing as a taxpayer to support them. We should have pools that are accessible to all children in the City.	3/9/2016 10:32 AM

Swim 512 Survey

349	<p>More lap swim options Support Neighborhood Pool 1. Big Stacy Pool has an issue with a large number of transients using the restrooms/showers. The bathhouse that was built several years ago is not only dank (poorly ventilated) but excessively dirty (smells of urine and on more than one occasion, there has been feces on the shower floor) from the high traffic. The new bathhouse erected several years ago was poorly designed with its exterior entrance to the showers not visible to the public. I can't send my children to the showers on their own (age 10) b/c of concerns with safety (and sanitation). I personally feel unsafe as a woman waiting for the showers near the new 'bathhouse' as it's hidden from public view. I also wish they were not co-ed. While I support transgender folks, for the majority, I still would like to see gender specific showers. So here's a solution! What would be really helpful is one push button outdoor showers (think of the ones in the Barton Springs' bathhouse or the showers at Deep Eddy - although the latter it hasn't worked the last few times we've tried to use it) for those of us who want to quickly rinse off the chlorine and leave. Often the showers are occupied by folks needing to wash (transients) and I'm okay with that but when you just want to rinse the children or have a quick rinse yourself and leave, it's nearly impossible. Finally, it may encourage our lovely triathletes to have a quick rinse after a long run prior to jumping into the lap lane. The salt in the water from human sweat is really unfortunate. 2. I would love to see more outreach for children in the urban core with swim programs. I would also love to see greater investment in the neighborhood pools of East Austin.</p>	3/9/2016 9:59 AM
350	<p>Prioritize Spending Renovate/Repair Support Neighborhood Pool In the 1990s the City pools were so special - free to all and one of the few places Austin residents mingled across class and race. Now they are just another example of our divisions and the costs charged serve to make a trip to the pool a luxury instead of an everyday occurrence. It's truly sad and Parks & Rec should do a better job of telling the City and our elected officials what we are losing over time instead of just belt tightening and closing facilities. Our parks and pools were unique and amazing and now they are expensive, overcrowded and unrepaired. What has changed other than the percentage of investment the City government puts into pools? The same pool network that served my family in the 1970s is still limping along 40 years later.</p>	3/9/2016 9:12 AM
351	<p>Renovate/Repair All pools can be renovated, keep pools free of charge-- we don't need BARTHOLOMEW IN OUR AREA!!</p>	3/9/2016 7:25 AM
352	<p>Renovate/Repair Support Neighborhood Pool It gets hot here. I think the public pools are an asset worth maintaining.</p>	3/8/2016 11:16 PM
353	<p>This survey was designed poorly</p>	3/8/2016 9:26 PM
354	<p>Renovate/Repair Unfortunate that question 16 choices ALL begin with "close pools". That should not be a foregone conclusion. Also, I never saw the option to simply rebuild a pool in need. It is insulting to EVERYONE that you put "other/transgender" as a gender choice. For those who choose that, I don't think they want to publicize it, and asking the question is insensitive to their often-stated desire to simply be accepted as whatever gender they associate with.</p>	3/8/2016 8:44 PM

357	<p>Support Neighborhood Pool I would prefer that pools that serve the neighborhoods. I wouldn't mind being charged in order have ours I the neighborhood. A central facility will cause ore traffic issues</p>	3/8/2016 6:20 PM
358	<p>Indoor/Heated An indoor lap facility would be awesome.</p>	3/8/2016 5:58 PM
359	<p>General Support Thank you for this tremendous endeavor for aquatics!</p>	3/8/2016 5:57 PM
360	<p>Support Neighborhood Pool The hours fields only went until 6pm. Our neighborhood pool (HOA run, not CoA) is open until 9pm. If I could select when I most used pools, it would be 6p-9p. Especially on weekdays. I work, and cannot take my children to the pool until after that. We can easily go from 6p-7p and then have dinner and still get to bed on time.</p>	3/8/2016 5:25 PM
361	<p>Indoor/Heated You didn't provide options other than closing pools which I DO NOT support. We need our pools, esp in areas with lower socio economic populations who have little relief from summer heat other than these vital City resources. Consider membership fees and extended hours for those members, as well? We would pay for improved access!</p>	3/8/2016 5:06 PM
362	<p>More lap swim options Very disappointed that Bartholomew does not meet my needs any more. Lap swimming times are not accessible/convenient for working adults. I live in Windsor Park and can walk/ride bike to Bart Pool, but it offers nothing for me. Too crowded, too crazy. I'm glad the kids have something they can have fun with, but in a perfect world, the play area and the lap pool would be more separated - they are two completely different types of activities. I know that is highly unlikely, just giving my wish list.</p>	3/8/2016 4:12 PM
363	<p>General Support I would volunteer to be on a problem solving committee about this! I am a stay-at-home mom, but I have my MDiv from Austin Seminary, and my husband is a producer at SXSW. Maybe we need him to design some cool merch to make \$\$\$ for the city pools! Brita Hansen, 512-469-9874</p>	3/8/2016 3:49 PM

Swim 512 Survey

364	<p>Longer Swim Season More lap swim options Support Neighborhood Pool This survey was not well designed. I think the city needs neighborhood pools AND large regional facilities that can be open year round. Different kinds of swimmers use each facility. Most serious swimmers in this town swim at UT, which is equivalent to a large regional facility. You don't have sufficient lap lanes / swim times in neighborhood pools, and most the pools are too short for swimming laps. Serious swimmers would leave UT for large, regional pools with long hours and many dedicated lanes. We also like our neighborhood pools, though, for our families and to improve our communities...just not for serious swimming.</p>	3/8/2016 2:39 PM
365	<p>Splash Pads I'd like a splash pad at my neighborhood park, Wooten Park, located in North Austin, between Anderson, 183, Burnet and Lamar. :-)</p>	3/8/2016 2:35 PM
366	<p>Support Neighborhood Pool I want to clarify my unsupportive stance on payments to access the pools- I want a City of Austin Pool and Park Pass. I would pay \$100+ to have access to all pools and zilker park on the weekend. This pay as you go feature is just stupid. Run this like the state of Michigan with their State Parks- you buy ONE PASS every single year for about \$60 and you go to hem as much or as little as you want. You could even have levels- Zilker Pool and Deep Eddy could be an additional fee. I don't use the municipal pools because the fee structure is STUPID- it makes no sense. I've been here 12 years and I still won't go to these places and will instead drive out of my way to go to a neighborhood pool like Dick Nichols.</p>	3/8/2016 2:28 PM
367	<p>Longer Swim Season Season should be expanded by several weeks on both ends. Prioritize this over public safety spending, which has grown too rapidly compared to the budget over the last 15 years.</p>	3/8/2016 2:19 PM
368	<p>Prioritize Spending I feel very strongly that if the city continues to close Ramsey Pool during the week, it should at least be open for Swim Team. Also, the first priority for use of funding should be to improve existing pools. The city should explore underwriting options in order to raise needed funding.</p>	3/8/2016 2:12 PM
369	<p>Prioritize Spending I would like to see some of the options prioritized since some of the choices are subtle.</p>	3/8/2016 12:22 PM
370	<p>Renovate/Repair I am saddened by the public pool situation here in Austin. It's so hot in summer that pools are really the only way to be outside, and yet the pools in this town are awful. They are relics, with little or no oversight. It's depressing.</p>	3/8/2016 11:23 AM
371	<p>Support Neighborhood Pool Free neighborhood pools are a real signature of Austin. Every effort should be made to keep them open, free and pleasant.</p>	3/8/2016 11:15 AM
372	<p>Support Neighborhood Pool One of the wonderful things about Austin is the availability of great low-cost or free places to swim in the summer. Other cities (Houston being one) I have visited don't have this amenity. The huge surge in population has really put pressure on this resource. I favor the concept of neighborhood pools (new subdivisions have them), but would support larger facilities like a natatorium or larger pool as an alternative. Austin should concentrate its resources on improving or increasing the number of pools in underserved areas and low-income areas.</p>	3/8/2016 11:14 AM
373	<p>Renovate/Repair On Q.18, I gave "not supportive" answers to some questions because I want PARD's funds to be spent on other priorities. Also, on Q. 16, the only choices were to "close" the pools beyond repair. No choice was given to rebuild that pool. Why not?</p>	3/8/2016 10:57 AM
374	<p>General Support Deep Eddy and Barton Springs are two exceptional resources for Austin. They definitely need to be maintained. Parking should not increase because it would mean overcrowding at the pool.</p>	3/8/2016 10:51 AM
375	<p>Support Neighborhood Pool Northwest Pool needs to be fixed and restored. It should not be shut down and it is a highly used pool and important to the surrounding neighborhoods.</p>	3/8/2016 10:47 AM
376	<p>Shameless.</p>	3/8/2016 10:27 AM
377	<p>Other Improvements Splash Pads Patterson pool really needs a splash pad to accommodate all the new, young families moving into and currently living in the area who have very young kids. This is a strong trend in demographic change in the area and it needs to be addressed. We also need the bathrooms and lighting improved!</p>	3/8/2016 9:59 AM
378	<p>General Support WE LOVE AUSTIN POOLS!!!</p>	3/8/2016 9:55 AM
379	<p>Renovate/Repair Replace pools which are beyond repair was not one of your options, but is my preference.</p>	3/8/2016 9:49 AM
380	<p>General Support Thank you</p>	3/8/2016 9:23 AM
381	<p>Longer Swim Season Dick Nichols is wasted 9 months of the year. It should return to being open year round and modestly increase the entry fee if necessary.</p>	3/8/2016 9:08 AM
382	<p>General Support You're doing a super job in view of the budget and other issues that you have to deal with....keep up the great work!!!!</p>	3/8/2016 9:08 AM
383	<p>Support Neighborhood Pool I love the CoA pools, particularly now that we have children. Free neighborhood pools are one of the reasons I'm happy to pay my taxes.</p>	3/8/2016 8:55 AM

Swim 512 Survey

384	Support Neighborhood Pool Neighborhood pools that support folks walking rather than driving is hugely important. Central swim centers require driving for most people and that's not sustainable in the long run. Don't centralize.	3/8/2016 8:33 AM
385	Other Improvements barton spring staff is conscientious and friendly, professional and seem to care about the pool. jim and his staff of grounds keepers keep the landscape maintained and the men's room very clean and neat.	3/8/2016 8:03 AM
386	Renovate/Repair On pools too expensive to repair, there should be an option to replace the pool in its current location. That would be my preferred option.	3/8/2016 7:49 AM
387	Splash Pads more shade over splash pads.	3/8/2016 7:10 AM
388	Other Improvements Renovate/Repair This is a very poorly worded survey because some answers need to be qualified. For example, I would support a central Natatorium in general, but not if the city doesn't have money to maintain existing pools. The survey presents options without indicating what the trade-offs are. The city should focus on maintaining pools as sites for swimming (along with water fountains and clean, functioning restrooms and showers); wi-fi, water slides, etc., are extraneous and take money away from the central mission of Aquatics.	3/8/2016 6:58 AM
389	Indoor/Heated Renovate/Repair It seems like there is a motivation to close pools and create a Centralized Indoor Aquatic Facility that mimic YMCA or maybe ran by YMCA-- City should renovate all the pools and stop giving it away due to management incompetence	3/8/2016 6:47 AM
390	Renovate/Repair Splash Pads Support Neighborhood Pool Why is there no option to replace pools that are beyond repair? Splash pads are definitely not a good substitute and do not provide the exercise opportunities that pools do. The kids we go to the pool with have a blast just playing in the deep end of Murchison - no need for fancy play structures or huge slides. While they enjoy slides and diving boards, just having a deep area to dive and play makes that the pool of choice over all others. I would rather have smaller neighborhood pools than large ones we have to drive to. If you are going to charge at all pools, how about a *reasonable* membership program? We would buy in, but the cost currently for Northwest pool is way too steep - cheaper to pay time-to-time. Make it reasonable and maybe most people will purchase.	3/8/2016 6:20 AM
391	Renovate/Repair Keep pools open and renovate the old ones	3/8/2016 5:55 AM
392	Renovate/Repair Keep pools free and open and renovate pools instead of replacing them	3/8/2016 5:46 AM
393	Splash Pads NO wasting money on niche facilities that serve small numbers eg splash pads (inly serve preschoolers), expensive facilities for competitive swimmers (they have the Ys etc). Focus on providing basic provisions - safe swimmable pools that families and swimmers of all ages can enjoy.	3/8/2016 5:44 AM
394	Other Improvements More quality diving boards are needed.	3/8/2016 3:50 AM
395	Splash Pads PLEASE, please please do not take out pools and put in splash pads. I'm not sure who it is in charge that thinks they are fun, but go try one out. They are cute for the 2-6 year old set, but preteen, teens and adults do not need them. They do NOT provide the amazing exercise opportunities that a pool provide. Splash pads are NOT good for my child who uses a wheelchair! The chair cannot go into the splash pad (so he just sits on the sidelines while able-bodied kids play.) He can go into a real POOL with and move his body in the water, though! Please, this is important to him! and he needs the resistance of the water for exercise and to calm him. Swimming in a REAL POOL is one of the few things that our entire family can do together!!!	3/8/2016 1:07 AM
396	Renovate/Repair Support Neighborhood Pool Again, with Austin's growth and prosperity, hard to understand why there's such limited funds for pool renovations, why we can't extend hours, and why we can't seem to hire enough life guards. I consider neighborhood pools, especially during the summer months, an issue of public health.	3/7/2016 11:11 PM
397	Renovate/Repair Splash Pads Support Neighborhood Pool Why ask me what to replace a no-longer repairable pool with? We want Northwest Pool replaced with... Northwest pool! Why would you replace a neighborhood pool with a non-comparable facility like a splash pad or larger pool? If it can't be repaired, rebuild it. And we'd all use our pools more often if the hours were more dependable (cough, Ramsey!)	3/7/2016 9:18 PM
398	Longer Swim Season #3 was hard to answer because the condition of Northwest was poor last summer, but the condition of Bartholomew was excellent. I very much appreciate the extended summer hours and the extended season. Winter swim at Bartholomew has been a life saver.	3/7/2016 7:48 PM
399	General Support I am looking forward some great pool experiences in the future.	3/7/2016 7:43 PM
400	Prioritize Spending Support Neighborhood Pool we should put dove springs at the top of the list	3/7/2016 7:34 PM
401	No	3/7/2016 7:27 PM
402	Other Improvements Please focus preserving water quality at barton springs. Please limit closing it and avoid spending huge amounts on fancy upgrades vs preserving natural beauty of trees grass and clean water at the pools.	3/7/2016 7:14 PM

Swim 512 Survey

403	Splash Pads Keep Liz Carpenter Fountain open reliably. The City saves water by consolidating water recreation. Better to have one functioning splash pad than several hundred at home, just as providing adequate public pools means hundreds if not thousands of individuals will not build private ones in their yards.	3/7/2016 6:41 PM
404	Renovate/Repair Support Neighborhood Pool Please do not close Martin and Metz pools. The surrounding community depends on them.	3/7/2016 6:22 PM
405	Other Improvements recruit lifeguards	3/7/2016 6:14 PM
406	Other Improvements As an advocate for the Barton Springs Pool Master Plan I believe that a comprehensive plan for each facility should be studied, adopted, and basically used as the template for keeping the facility operations for generations.	3/7/2016 6:08 PM
407	Longer Swim Season city should be able to maintain a core group of "year round" staff that become summer managers	3/7/2016 5:57 PM
408	Renovate/Repair I do not support spending large sums of money renovating the bath house at Barton Springs. Nor do I support moving the entrance and relocating the splash exhibit. Also, please restore the parking spaces along the edge of the entrance that were recently dedicated for staff. Parking at the springs is a serious problem and the solution clearly is not to reduce it!	3/7/2016 5:54 PM
409	Support Neighborhood Pool We need more local neighborhood pools, and which are open past the middle of August, our hottest month! Destination pools which require motorized transport are not what we need.	3/7/2016 5:51 PM
410	Longer Swim Season Swim season is too short. Weather in Austin provides swimming from April to October. Pools should be open until 9pm in summer months and should have a modified time from 3pm to 8pm in non-summer school months so children may swim after school.	3/7/2016 5:02 PM
411	Support Neighborhood Pool We want our pools used. Rethink hours based on neighborhood needs - when is the most likely period to use the facility. Encourage 3rd party vendors (i.e. swim classes) to teach at neighborhood pools	3/7/2016 4:08 PM
412	Support Neighborhood Pool Closing a pool should be a last resort, especially in the summer when children need a place to focus their energy. In low-income neighborhoods where children may not be part of any day programs that keep them occupied, these pools are an important resource that likely improves overall happiness while hopefully reducing vandalism and other misdemeanor crimes. If the kids have nothing to do, they will find something to do and that something is not always within the law.	3/7/2016 3:51 PM
413	Renovate/Repair Splash Pads The choice of closing pools that need repairs versus building new splash pads, etc. is a false choice. All facilities need maintenance regardless of age. The COA is spending tons buying right of way for bike lanes and building tire repair stations, etc. Cycling is not a practical mode of transportation in a place this hot, it is a form of exercise that might work for young people with non-rush hour non-professional jobs. Use some of the \$\$\$ going to bike lanes for pool repair. Former first lady Lady Bird Johnson swam well into her 80's. It is a sport anyone can do when they can no longer bike or run due to arthritis or even loss of a limb	3/7/2016 3:34 PM
414	Longer Swim Season please increase the season at more pools such as Dick Nichols	3/7/2016 3:22 PM
415	General Support Thank you for making aquatics a priority and giving swimmers the opportunity to provide input. Austin's tremendous growth is challenging and I don't envy your job.	3/7/2016 3:08 PM
416	Renovate/Repair Northwest has terrible cracking in the asphalt around the pool and on the edges. It is dangerous. Repaving or whatever you call it should be on the list of renovations.	3/7/2016 2:59 PM
417	Other Improvements Do not go over the top with changers to Barton Springs!@@!	3/7/2016 2:58 PM
418	Other Improvements Support Neighborhood Pool Preserve the existing pools and make them more water and energy efficient as the budget allows. Plant more trees for shade and to reduce evaporation. Use vine covered arbors for constructed shade features. Re-use back flush water for landscape irrigation.	3/7/2016 2:44 PM
419	Longer Swim Season Support Neighborhood Pool We love our neighborhood pool (patterson) even though it's not in the best shape. Like that's free, close, and uncrowded. Would take more advantage if it were open longer and if it weren't closed to often due to lack of lifeguards.	3/7/2016 2:39 PM
420	Fees Keep all the free pools because most families in Austin live paycheck to paycheck, and the pools are their family fun together!!!!	3/7/2016 2:37 PM
421	Fees Money collected at Barton Springs should be added to that pool maintenance budget instead of going into the general City budget.	3/7/2016 2:08 PM
422	Support Neighborhood Pool I would gladly pay a small fee to keep our neighborhood pool open. Could the option to donate to City pools be put on the utility bill like the libraries donation option is?	3/7/2016 2:08 PM

Swim 512 Survey

423	Fix the lame Deny, Deflect, Defer culture in PARD with a new Director who can provide vision, enthusiasm, and has the expertise to staff and program public facilities. Austin's PARD management is reactionary rather than principled, deliberate, and equitable in managing our public assets. I also want to say that this survey has serious flaws with grammatical errors and biased questions.	3/7/2016 2:01 PM
424	Support Neighborhood Pool at the times I want to visit Patterson Park, my neighborhood pool, there always seems to be swimteam practice going on.	3/7/2016 1:54 PM
425	Renovate/Repair Many of these questions concern what to do when a pool is "beyond repair". Why is one possible solution not mentioned? That being replacement with a new pool in the same location? That would be what I would recommend.	3/7/2016 1:16 PM
426	Renovate/Repair Keep Austin Pools Free and available, and renovate all the pools	3/7/2016 1:04 PM
427	Fees Other Improvements Keep parking free on the south side of Barton Springs. Add more bike lock ups	3/7/2016 12:33 PM
428	Fees I live in Dove Springs and visit the pool every single day it is open. When I can I visit the nicer pools that charge entry fees. Duck to the high level of obesity and low income in this area I would not want pool to charge. Me and my neighbors simply can't pay to enjoy this type of activities but when we have the money we do venture out and support other pools with more exciting amenities.	3/7/2016 12:24 PM
429	Fees I have always supported the pools in Austin. To me Austins pools have been unique for locations, fees charge and not charged and be able to offer these services to families and children who really enjoy this.	3/7/2016 12:06 PM
430	Support Neighborhood Pool You talk about "limited funding" and I get that, but at the same time, this city is doing all kinds of PR to bring in more residents and yet going exactly the WRONG direction in terms of livability - there was no option to "rebuild in place" where a pool is no longer functional. The only thing constant in life may be change, and I understand that the city will continue to change, but our public pool system is something that enriches our local neighborhoods and there was really nowhere to state that on this survey. Large central places like Northwest Pool will not add value to the Austin neighborhood experience - we need to keep the small pools and figure out a way to pay for them.	3/7/2016 12:04 PM
431	General Support All is good that has been done so far with pool's	3/7/2016 11:38 AM
432	Renovate/Repair Splash Pads Support Neighborhood Pool The city should not shut down any pools and SHOULD NOT build modern splash pads. Teach people to swim in deep water. Maintain existing pools. Add shade and natural landscaping. The issues behind this survey are not clear. Have full-time swim instructors on hand to offer free instruction to individuals and groups.	3/7/2016 11:27 AM
433	Longer Swim Season Splash Pads Keep more pools open, for longer hours and more of the season! Teach ALL kids to swim! It is so important in this hot city to have water for everyone to SWIM in, not just splash pads. Turning pools into splash pads robs kids of the opportunity to swim.	3/7/2016 11:22 AM
434	Other Improvements I think generally the aquatic department does a good job...in my opinion their weakest issue is locker room cleanliness...they need to scrub the floors and showers everyday...clean the toilets multi-times per day	3/7/2016 11:12 AM
435	Splash Pads Support Neighborhood Pool I find it ridiculous that PARD has let our neighborhood pools deteriorate to a point where they may be shut down. Fix them first before funds are spent on anything else. We don't need luxury bathhouses with hot showers. Do not convert them into splash pads. Kids need a place to go in the summer time and they need to learn how to swim. I do not see how PARD can say there isn't enough money when property tax has skyrocketed in Austin over the last 20 years and the city has added on so much more housing stock. Where is all the money from pimping out Zilker park to ACL? Sounds like gross mismanagement to me.	3/7/2016 10:54 AM
436	Other Improvements The showers at Big Stacy need a pressure-washing...! Please!	3/7/2016 10:21 AM
437	Longer Swim Season Keep Little Stacy open longer	3/7/2016 10:12 AM
438	Fees I would be happy to pay more than \$3 to enter a pool as a resident of Austin. A \$5 residential entry fee is realistic and there wouldn't be that much backlash. Where I'm from in Kansas, an \$8 admission into the city pools is commonplace, and the crowds still come out and swim. If you raise admission to \$5 per resident you can pay the lifeguards at rates closer to the living wage, and even have money leftover for upkeep & improvements of the pools.	3/7/2016 9:59 AM
439	General Support Our city pools are an invaluable part of our communities. Thank you for investing in them!	3/7/2016 9:20 AM
440	Indoor/Heated Longer Swim Season More lap swim options A city with a climate like Austin's should offer more heated/year-round outdoor lap swimming opportunities. Barton Springs and Deep Eddy are too cold to swim in during the winter. Other City pools could be heated and kept open year-round. Bartholomew Pool's wintertime hours are not convenient for most people.	3/7/2016 9:00 AM
441	Support Neighborhood Pool I found this survey to be leading and made it appear as though you support large pool complexes. The neighborhood pools keep a neighborhood together by people that live in it are given the chance to interact.	3/7/2016 8:41 AM

Swim 512 Survey

442	Other Improvements Our school district needs a district natatorium in order for our swimmers and divers to be competitive within our region. Texas has some of the best swimmers and divers in the nation, and Austin ISD should have a facility for our kids to train and compete. Our high school swim teams often train outside of Austin in very cold conditions during the height of their competitive season. There are zero facilities for our divers to train at besides UT. Swimming is the only high school sport a person can literally do their entire lives, and it is the only sport that is also a life saving skill.	3/6/2016 9:45 PM
443	Indoor/Heated We need an indoor swim center and more funding for programming that can reach more people.	3/6/2016 9:32 PM
444	Other Improvements I think it's critical to have more sunshades -- we can't keep enough sunscreen on the kids. The improvements to Murchison Pool recently have been great.	3/6/2016 9:30 PM
445	General Support Love the system, and would appreciate some upgrades to givens pool.	3/6/2016 8:21 PM
446	Support Neighborhood Pool Please do not take away our free, close-by, neighborhood pool. I love the fancier pools, but those are a 'special occasion' swim, and if we didn't have a free option nearby it would be a huge negative change to my family's summer.	3/6/2016 7:26 PM
447	Other Improvements Wish you would offer more (any?!) aqua aerobics classes at times convenient for people working 8-5 weekdays.	3/6/2016 2:10 PM
448	General Support Thanks for supplying the survey.	3/6/2016 11:59 AM
449	Longer Swim Season Please align the swimming season with the hot weather; pools close way before the weather cools down.	3/6/2016 11:44 AM
450	Support Neighborhood Pool It is mystifying that a city that has such great economic growth cannot support decent neighborhood facilities. Huge central facilities are not the answer. They increase traffic and pollution and do not fulfill the same community-building function as local parks and pools. If charging fees at neighborhood pools is necessary, we would pay.	3/6/2016 10:42 AM
451	Longer Swim Season It would be great to have an adult only lap pool that was open year round	3/6/2016 9:24 AM
452	Longer Swim Season Support Neighborhood Pool I realize this comes down to budget, but in a City such as Austin that has a longer swim season than ~June 10 - August ~15 (when I find that many neighborhood pools are open), I would love to see the season extended. It seems bizarre that a pool with so much to offer a community would only be open 2.5 months per year. I would encourage more pools to be open for longer seasons, such as May-September, at least. Also, if this were to happen, neighbors need to be notified and made aware of the extended season. From a public health perspective, pools are a great way for pp to stay active, esp. in communities with poor health outcomes. It's a shame that in this communities a pool is only open 2.5 months per year...when we live in a climate that the pool could be available for many more months.	3/6/2016 7:56 AM
453	Other Improvements We love deep eddy. The lower bath house at big Stacy is stinky.	3/5/2016 11:41 PM
454	Other Improvements Please add diving boards when possible	3/5/2016 11:04 PM
455	Longer Swim Season Pools open too late in both season and day and close too early in season and day. Many people on Eastside have no access to pool.	3/5/2016 9:51 PM
456	Other Improvements Changing tables at all pools/park bathrooms please.	3/5/2016 9:31 PM
457	Other Improvements Keeping restrooms clean should be a top priority at all pools. I also strongly support a cap on the number of people allowed into Barton Springs and Deep Eddy Pools during the peak summer months. The insanely huge crowds are impacting the water quality and enjoyment of the facilities.	3/5/2016 6:26 PM
458	Fees Lower fee for helping professions that want to enter the pool to \$1 (same as Seniors). This would include teachers, firefighters, police, and continuation of free for city employees.	3/5/2016 4:43 PM
459	Longer Swim Season Would be great if at least a few pools stayed open past the season since it is so hot.	3/5/2016 4:41 PM
460	Support Neighborhood Pool I live near Big Stacy pool. Due to the fact that the pool is free and there are free showers, it attracts a significant amount of transients to the pool and in the surrounding area, making the neighborhood feel much less safe. I would support charging fees at pools like Big Stacy as I feel it could keep the riff raff out and make the entire area more safe. I worry about bringing my family to the pool because of this issue.	3/5/2016 4:14 PM
461	Other Improvements Provide at least one salt water pools centrally located due to allergies to chlorine and bromide treated waters for sanitation purposes.	3/5/2016 4:04 PM
462	Longer Swim Season More lap swim options Could you allow year round lap swimming at a couple pools like Balcones and/or Dick Nichols pools? If lifeguards aren't available year round, would you allow the pools to be rented by swim teams/programs that can provide their own lifeguards/coaches?	3/5/2016 4:03 PM

Swim 512 Survey

463	Longer Swim Season More lap swim options I would like to be able to swim in the mornings earlier than 8:00 like 7:00 or 7:30. To also swim in the hottest months like Aug. and Sept. in the morning instead of 12:00p.m. because of the sun.	3/5/2016 3:00 PM
464	Fees I'd like to see residents get a pool card at their library that ties to them and be able to pay up front for a season pass.	3/5/2016 2:34 PM
465	Support Neighborhood Pool whatever you do, keep Big Stacy open and free; it's the best thing about my neighborhood!	3/5/2016 8:04 AM
466	Other Improvements Renovate/Repair Let's fix what we have instead of adding things like wifi. Keep it simple. People can figure out the rest. N	3/5/2016 4:11 AM
467	Renovate/Repair Support Neighborhood Pool don't give up on the pools! We need to keep pools open, especially in underserved neighborhoods. Extending the swimming season and repairing pools should be a priority.	3/5/2016 12:53 AM
468	Support Neighborhood Pool Dont close my neighborhood pool at Gillis Park it is a great pool thats serves our community! Others probably feel the same about their neighborhood pools...we dont need fancy new things just a simple pool.	3/5/2016 12:12 AM
469	Support Neighborhood Pool Please don't make drastic changes to our pools. I love being able to meet my neighbors and spend time at my neighborhood pool. Not everyone has children or wants to be around them. A quiet spot to read and swim is what I want to preserve. I barely am able to enjoy myself now because there are already too many children. Closing down our neighborhood pools for these large centers will gut what makes our city so special and will just be another step in robbing the city what made it a desirable place to live in the first place.	3/4/2016 11:58 PM
470	Renovate/Repair Support Neighborhood Pool The community feel at Austin public pools set us apart from many other cities in Texas. We need to maintain and enhance this vital resource.	3/4/2016 9:04 PM
471	Other Improvements Support Neighborhood Pool Food options are welcome additions especially in the summer. Cleaner, brighter, and more updated bathrooms and bathhouses. Adult bathhouse with warm, hot, cold, and ice plunge pools with saunas, steam rooms, and hot showers (for a fee of course) would be AWESOME. More Childrens swim classes at neighborhood pools.	3/4/2016 8:24 PM
472	Longer Swim Season Please please please keep the little Stacey wading pool open longer. It is a shame and a waste that it closes so early. It is very widely used and loved	3/4/2016 7:31 PM
473	General Support Love that we make pools available to our communities. Don't forget: Children are unreliable and a young mom with two kids might have trouble paying \$5 to come swim, especially if she tries and has to cut the swim short because of a problem with a kid. \$5 for a half hour swim is a lot. So, think about our lower income users when you propose pricing.	3/4/2016 7:30 PM
474	General Support Thank you for what is currently available.	3/4/2016 7:04 PM
475	General Support Thank you for providing these important facilities for our community to enjoy!	3/4/2016 7:01 PM
476	Other Improvements Would hate to see the swimming facilities go the way of so many other recreational things.	3/4/2016 5:03 PM
477	More lap swim options I think it's important for pools to be accessible for individuals without cars. Lap swimming can be difficult, especially if the lap swim hours are during the work day.	3/4/2016 4:43 PM
478	General Support No thanks	3/4/2016 4:17 PM
479	More lap swim options keep the swim lanes open!	3/4/2016 3:58 PM
480	Other Improvements Please consider salt water versus chlorine which is very bad for the swimmers. It can be affordable and it will attract a lot of paying community members!	3/4/2016 3:51 PM
481	Indoor/Heated I would love to have a centrally located indoor pool with heated water and a separate pool for those who have various arthritic problems and are in need of a place to build strength through less vigorous activities.	3/4/2016 3:24 PM
482	Renovate/Repair Support Neighborhood Pool keep as many pools open as possible. if a pool has to close in the next few years you should already be building the new one nearby. Any pool I visit in the summer is full of happy laughing kids, relaxing seniors and everyone in between. One of Austin's best things is all the pools and parks.	3/4/2016 3:18 PM
483	More lap swim options Support Neighborhood Pool Avery Ranch has 4 pools I use the 2 on the west side regularly for recreation in the evenings during the summer months. None of the four have sufficient numbers of lanes for swimming laps. This is what I would use the municipal/city pool for. One of the nicest looking and well maintained Super Recovery Centers I've ever visited is in Davis County Utah (competitive swimming, recreation, weight rooms, yoga, tracks for jogging and running). Wish there was something like this near my neighborhood.	3/4/2016 3:02 PM
484	Renovate/Repair Support Neighborhood Pool Please, please save Northwest Pool!	3/4/2016 2:52 PM

Swim 512 Survey

485	Renovate/Repair Support Neighborhood Pool The general condition of each facility (including restrooms, landscaping, etc.) should be the highest priority. I would much rather all facilities be maintained at a minimum level of care versus having special attractions at any facility. Bartholomew is successful because it's new and nice. I would be happy to support more/higher entrance fees to cover the expenses or even purchasing a season pass.	3/4/2016 2:51 PM
486	Other Improvements The concept of making pools a comfortable experience for elders - we need the exercise - swimming helps physical and mental health - with all the losses elders face it is difficult to feel the loss of our bodies and how we look so that having a time for elders could help get past that challenge so that we use the pools more often.	3/4/2016 2:49 PM
487	Indoor/Heated Renovate/Repair Please aerate the pools whether it's via built in system or retro-fit fix. Traditional water temperatures of 85+ waste money, are unhealthy & uncomfortable and not as fun in the TX heat. Instead of giving big business low or no tax incentives to come to Austin and in turn having increased overload of parks/pool resources — it would be great to have big biz tax money to support this infrastructure or ask big biz to sponsor pool renovations. Thank you.	3/4/2016 2:45 PM
488	Support Neighborhood Pool We prefer free neighborhood pools, but if there is a fee, there should be a *reasonably priced* season pass (\$40-\$50?).	3/4/2016 2:21 PM
489	Prioritize Spending Bring the community into the funding. Ask businesses to sponsor pools.	3/4/2016 2:13 PM
490	More lap swim options swimming pools are a key job of a city, in my opinion, so the city should extend operating season during hot May and September, even if hours are shorter. If adults only for lap time in morning or evening, allow just one lifeguard to be at pool - lap swimmers can swim at their own risk like at Barton Springs. Pools don't need to be fancy, just workable.	3/4/2016 2:09 PM
491	General Support I am grateful every day for the foresight of city leaders who invested in Austin's pools. A regular fitness swimmer, I know the pools are well used and beloved. Please don't cement them in to build play pads. Kids need to learn real life-long swim skills, esp in the subtropic weather we have. Keep up the good work!	3/4/2016 2:06 PM
492	More lap swim options More lap swimming pool times please.	3/4/2016 2:05 PM
493	Fees Why is the out-of-town user fee for Barton Springs so ridiculously high? I would lower it to \$5 or \$6 for adults.	3/4/2016 1:50 PM
494	Support Neighborhood Pool Murchison is a good example of the local community pitching in additional \$\$ to improve its neighborhood pool. Mybe other communities could do the same?	3/4/2016 1:38 PM
495	General Support I love the pools, just wish they were open in the non-summer months!(Dove Springs pool is next to my house)	3/4/2016 1:33 PM
496	Longer Swim Season We have a great pool (West Austin) that is supported and loved by everyone in Clarksville. However, it's rarely open. I would strongly encourage longer daily hours, as well as a longer pool season.	3/4/2016 1:26 PM
497	Support Neighborhood Pool I don't know the feasibility of unattended hours for neighborhood pools but increasing open hours early in the morning or late May help alleviate the over crowding. I know I would utilize early morning swim hours at my neighborhood pool!	3/4/2016 1:21 PM
498	Other Improvements Add Shower chairs to handicapped showers (Bartholomew does not have one)	3/4/2016 12:53 PM
499	Support Neighborhood Pool Neighborhood pools where people can walk or bike to or easily drive to are more important to me than fewer, fancier facilities. Traffic as it is, we should support solutions that require less driving time and greater neighborhood cohesiveness.	3/4/2016 11:32 AM
500	More lap swim options Thank you for doing the work on NW Pool. It's been pretty dirty in the water (lots of hair, other debris) and I look forward to swimming there again. I wish there were more lap lanes...	3/4/2016 11:27 AM
501	More lap swim options Discourage lap swimming.	3/4/2016 11:09 AM
502	Other Improvements Affordable water aerobics classes for seniors in the afternoons. Larger pools will result in less use by adults and seniors.	3/4/2016 10:47 AM
503	General Support Love love the pools in Austin! Thanks for all of the hard work!	3/4/2016 10:10 AM
504	Support Neighborhood Pool I love the pools and especially free neighborhood pools. They provide a focal point in the summer to bring the community together. We use them very often in the summer. I'm not sure I'd pay per visit at my local pool (Brentwood) because it's so small and we use it for quick dips to cool off. But I support making it larger and then I'd pay per visit. I would also be okay having an annual swim pass if it were reasonably priced. I'd hate to see any pools closed.	3/4/2016 9:56 AM
505	Longer Swim Season We need less lifeguards. Not more. (except to the extent you expand the swimming season , which is stupidly short i.e. it ends in August).	3/4/2016 9:39 AM

Swim 512 Survey

506	Renovate/Repair I'm glad to be a part of the survey & am very happy to have public swimming access without paying to join a gym! I'd love to see more info online about how pools are maintained & which pools are salt water vs chlorine.	3/4/2016 9:22 AM
507	Other Improvements Support Neighborhood Pool I appreciate all the neighborhood pools in Austin, but I had no idea there were so many until last summer---and I've lived here for a few years! So perhaps some promotion of the pools could help get the word out. I also understand the need to perhaps start charging since funds are so limited; I would keep fees low, though, since neighborhood pools are an easy way for families with limited resources to do something healthy and fun outside. Partially because of this---and I don't have children, so those who do might have a different opinion---and partially because I tend to prefer things simple and natural anyway, I don't support funds being poured into adding elaborate features to the pool areas. I DO support elements that make more people want to get outside, and if slides and lockers do that, so be it. On the other hand, people go to lakes and manage to survive nasty bathrooms, old picnic tables, and an absence of lawn chairs facing the water---and we enjoy ourselves anyway. So, simple is not always negative. And on that note, PLEASE DO NOT PROVIDE WI-FI. We do NOT need to be buried in our screens every second of the day, and WiFi-less places force us to unplug every now and then.	3/4/2016 9:20 AM
508	Other Improvements Not being allowed to use wading pools while the larger pool is being used for laps is wasteful and nonsensical.	3/4/2016 9:14 AM
509	Renovate/Repair Splash Pads My family LOVES using our city's pools, splash pads and water slides. We are able to afford to pay a minimal fee to help maintain those pools. Please do not take any pools away. This city is quickly becoming too expensive for middle class families. The city needs to continue to cultivate family friendly (in terms of cost and safety) events and options. City pools are the perfect way to keep a family entertained for hours at a minimal costs. Most families even pack lunches and snacks, bring blankets and spend HOURS at community pools.	3/4/2016 8:57 AM
510	General Support We love Austin pools so much! Thank you!!	3/4/2016 8:35 AM
511	Support Neighborhood Pool Municipal pools ar one of the aspects of Austin I value the most. They are intrinsic to our having community and feeling part of a neighborhood.	3/4/2016 8:33 AM
512	Renovate/Repair Splash Pads Support Neighborhood Pool I think it's important to maintain neighborhood pools, even older ones, so that all residents can have equal access to free swimming in the summer. Fee based pools are great and I really enjoy Bart Pool, but they shouldn't replace the neighborhood pools. I don't support replacing older pools with splash pads, as those are only for young kids, not for all the older kids who spend all summer at the pool and adults. Make season swim passes more affordable.	3/4/2016 8:22 AM
513	Fees Support Neighborhood Pool In some communities the young population utilizes the pool (especially during summer) to stay out of trouble. They require these services to be free, especially in lower income areas. Providing discount cards (example: for 10 visits) would encourage additional use	3/4/2016 8:19 AM
514	No	3/4/2016 8:16 AM
515	Fees Your strategy should recognize lower income areas - charge entrance fees in Tarrytown but not in East Austin for example. Also increase programs like lessons or lifeguard training in these areas where people are less likely to have transportation to other areas. Outreach at Reagan and Eastside Memorial Highschool for lifeguards.	3/4/2016 8:09 AM
516	Support Neighborhood Pool I think keeping neighborhood pools free is very important, as well as making sure there are lots of them available to low income people.	3/4/2016 7:58 AM
517	Renovate/Repair Support Neighborhood Pool an option not listed regarding pools beyond repair - I believe the pool should be rebuilt in its current location if there is still a residential population to support it. neighborhood pools are important regardless of income level of nearby residents	3/4/2016 7:50 AM
518	Longer Swim Season In Austin we have warm weather for far longer than the current pool season. I'd love to see a more extended calendar for Northwest pool	3/4/2016 7:43 AM
519	Renovate/Repair I am a native Austinite since 1978. Growing up we would walk to Barton Springs and drive to Deep Eddy, Enfield, Big Stacy, Bartholomew, etc. The distance didn't really matter. It was the pool's environment (the trees, seating areas, surrounding park, etc.) Would I have loved waterslides and spray towers? Probably, but let's not make this more complicated than it needs to be. A large water park will be opening in Round Rock. Leave the crazy water features to that and maintain the pools we've had for generations.	3/4/2016 7:28 AM
520	Indoor/Heated I came from Chicago where the pools were crummy. I have loved easy access to public pools all year long, especially using warm Big Stacy in the winter. The ability to get into cool water makes Austin livable in the summer because it makes it possible to exercise outside, despite the heat.	3/4/2016 7:12 AM
521	Prioritize Spending Why are funds limited when property taxes go up so rapidly and more people move here every day?	3/4/2016 6:03 AM
522	Other Improvements Support Neighborhood Pool Build a recreation center with pool and offer classes in the Del Valle area.	3/4/2016 12:10 AM

Swim 512 Survey

523	Renovate/Repair Support Neighborhood Pool Neighborhoods value their pools. Please maintain them. We are very disappointed when the wading pools are closed for the summer. Those pools provide an excellent activity for families with small children.	3/3/2016 11:18 PM
524	Prioritize Spending Support Neighborhood Pool pools are an important resource in lower income communities. it is imperative children who do not have access to "good wholesome fun" during the summer, while they have lots of free time, will find all sorts of ways to keep themselves busy. it is our community's duty to provide children with opportunities to succeed rather than hope they do it on their own.	3/3/2016 10:52 PM
525	Renovate/Repair Support Neighborhood Pool I want to emphasize the desire to see Austin historic neighborhood pools be maintained and preserved and to see the pool season lengthened.	3/3/2016 10:50 PM
526	Splash Pads Support Neighborhood Pool I love our neighborhood pools! They are so essential in the summer time. Going to a huge aquatic facility that would serve a large portion of the city would be an overwhelming an unpleasant experience for me and my young family. I want the little pools in the neighborhoods to stay as they are. More splash pads all over the city would be great too.	3/3/2016 10:36 PM
527	Renovate/Repair Support Neighborhood Pool Keep the pools open! I did not see an option to replace pools in the same location as the pools that are too old. I feel this would revitalize neighborhoods and help lower crime during school breaks. Please extend the swimming season! This is Texas!	3/3/2016 10:36 PM
528	Prioritize Spending Support Neighborhood Pool Pools that serve larger populations in close proximity should be prioritized over those that serve fewer. New pools should ONLY be opened in areas with sufficient population density to support and benefit from the pool	3/3/2016 10:34 PM
529	More lap swim options Support Neighborhood Pool I love my neighborhood pool, and I can see that it is currently being worked on (looks like new sidewalks). I get frustrated mostly with how busy it is for lap swimming in the evenings. I wish there were more lap lanes for the after-work crowd. I also wish it stayed open an hour later in the summer. Deep Eddy is fantastic, but usually crowded for lap swimming and a bit of a drive when I have Northwest so close.	3/3/2016 10:21 PM
530	General Support Offer morning swim hours (open to all) especially when the pool has no shade like Brentwood. I would go more but if it only opens at noon...I won't go in full sun! Would love to swim at 6 or 7am.	3/3/2016 10:08 PM
531	Splash Pads Need as many pools and splash pads as possible in Austin very hot in the summer	3/3/2016 9:45 PM
532	Other Improvements Shade and seating is my most important thing. The lack of, especially at Dick Nichols makes it prohibitive with young children sometimes.	3/3/2016 9:40 PM
533	Splash Pads Support Neighborhood Pool Neighborhood pools are so important here in hot, dry Austin. Splash pads are fun for kids, but not adults. And kids need to learn how to swim! My kids took swim lessons at the Y , but the mostly learned how to swim by playing and swimming along side there neighborhood friends at the neighborhood pools! No fee neighborhood pools are accessible to ALL in the hood and help strengthen the neighborhoods. Keeps everyone less segregated. Sure, I've considered building my own pool in my private backyard, but I'd miss going to the pools I can walk or ride my bike to. I LOVE that Austin has these neighborhood pools. Just hope they receive some TLC they desperately need. More people would come if they were updated, maintained and open with lifeguards on staff when the pool hours are open	3/3/2016 9:24 PM
534	Other Improvements Austin pools need more shade and trees planted. Also homeless people should not be using pools to bath in. Stacey park is awful.	3/3/2016 9:19 PM
535	Other Improvements Bees. Anything you can do to keep away bees, from landscaping, area, trash, etc. We have bee allergies	3/3/2016 9:11 PM
536	Indoor/Heated Heat the pools!!!	3/3/2016 9:04 PM
537	Support Neighborhood Pool Neighborhood pool enhance a communities togetherness. Free pools provide hours of fitness for children and adults who otherwise might not have any access to it.	3/3/2016 8:54 PM
538	Renovate/Repair Support Neighborhood Pool Many of the options in previous questions were confusing and/or lacking. For instance, if a neighborhood pool is beyond repair, I support removing it and installing a new one, not closing it and doing something else. I generally support more neighborhood pools (even if we have to pay for admission). The Brentwood pool is a huge community-builder in Brentwood/Crestview.	3/3/2016 8:54 PM
539	General Support Thanks for taking this so seriously! I feel so very lucky to have so many pools in our city. When we travel we are often sadly disappointed in the availability of public pools in those areas. Lindsey T., south Austin.	3/3/2016 8:50 PM
540	Support Neighborhood Pool We love our neighborhood pools and find this unique to Austin. With climate change droughts and exceptionally hot summers there is a great need for more pools and longer swim season. There must be some non profit like APF that can help fund pools. Don't close pools!	3/3/2016 8:47 PM
541	Other Improvements Please keep the diving boards!	3/3/2016 8:36 PM

Swim 512 Survey

542	Splash Pads More pools for the kids and splash pads	3/3/2016 8:18 PM
543	More lap swim options We are always looking for the fun/shady place to play. But the hours are limiting (no free swim until noon?). We end up not going because it's too sunny in the UV midday summer and then too late to keep the kids up by the time the sun is low enough. Free swim should start by 8:30. Laps should be from 6:30-8:30. And/or MORE SHADE SAILS. Thank you for reaching out and gaining input!	3/3/2016 8:14 PM
544	Other Improvements Renovate/Repair I would really like to see extended hours and an extended season, repaired pool with cleaned up facilities	3/3/2016 8:02 PM
545	Splash Pads Support Neighborhood Pool PLEASE keep pools in neighborhoods. I am a swim teacher, and over the last decade, I've noticed that the average age of beginner swimmers is getting older. I think so many parents go to splash pads because it's easier. But then kids are into elementary school before they learn the life-skill of swimming. This is a public health issue.	3/3/2016 7:53 PM
546	no	3/3/2016 7:47 PM
547	Other Improvements Prioritize Spending I support a lot of these ideas but with the budget situation the goal is to maintain the program and facilities without spending on qualitative improvements. Maintain the basics. A lot of cool things can be done cheaply. Oh also recognize the best lifeguards with inexpensive awards, esp awards (leadership, initiative, vision, heroism) that look good on college applications.	3/3/2016 7:43 PM
548	General Support Thanks for preparing this survey!	3/3/2016 7:39 PM
549	General Support The pools are the crown jewel of the city. We should protect them and improve aquatics city-wide.	3/3/2016 7:35 PM
550	Longer Swim Season Start earlier in the year and end later in the year.	3/3/2016 7:25 PM
551	Renovate/Repair Question 13 did not allow for the option of rebuilding pools at existing locations. That is an option I would have agreed to	3/3/2016 7:20 PM
552	Renovate/Repair Support Neighborhood Pool Please fix Shipe pool!	3/3/2016 7:18 PM
553	Support Neighborhood Pool See answer for #19 and repeat. Austin neighborhood pools are great and need support not a rationale for closing them.	3/3/2016 7:13 PM
554	Splash Pads Add morning hours for open swim at pools. More splash pads.	3/3/2016 7:05 PM
555	no, we're not swimmers	3/3/2016 7:03 PM
556	More lap swim options I've visited Deep Eddy with friends and like the dedicated lap lanes but they're too crowded and I'm not fond of the cold and sometimes peat colored water. Other pools I've tried in the past didn't have lap lanes, had lap lanes that let kids roam freely about and thru (even running in to the swimmers) or were only at times for folks who don't work during standard business hours. I've even tried a 24-hour Fitness membership but their lap lanes are just as busy as Deep Eddy. I'm sure the Y is just a busy.	3/3/2016 7:02 PM
557	Other Improvements Better safety signage to encourage parents to stay within arms reach of weak and non swimmers. Life jacket loaner stations for kids who are weak or non swimmers	3/3/2016 7:01 PM
558	Support Neighborhood Pool If a fee is added to neighborhood pools, it would be great to keep it low (\$1/person, regardless of age) or to offer a multi visit punch card that gives you a discount for multiple visits throughout the summer.	3/3/2016 6:59 PM
559	Other Improvements Please be sure there are BIKE RACKS at the locations and also that security helps to check on the bikes!	3/3/2016 6:25 PM
560	Longer Swim Season Your questionnaire is not completely clear. As in - the last choices Very supportive, somewhat supportive, supportive, etc. Somewhat supportive should be below supportive to indicate ambivalence but it was above supportive to indicate more supportive - very confusing. Also, with our temp remaining so high into October, the pools should be open later in the season - perhaps for lap swimmers only with reduced personnel at at least one pool in North Austin	3/3/2016 6:25 PM
561	Longer Swim Season More lap swim options Survey problem: I swim after 6 pm weekdays and that was not an option on the question. There was no question about when I would *like* to swim but can't because most pools aren't open, which is at 6 am weekdays. Also, the question about "the tremendous success" of one pool introduces bias into the survey and offends me. I feel like I can't answer it honestly because I don't know whether to believe the survey about how great it is. Lastly, play features like "mushroom" fountains create drowning risks because they are hard to supervise and block the lifeguard's view. Please consult with Colin's Hope (Colin drowned in a pool with a mushroom fountain) and other anti-drowning resources. Thank you.	3/3/2016 6:19 PM

Swim 512 Survey

562	Fees I think entry fees for existing pools especially Deep Eddy and Barton Springs are embarrassingly low. Pools in other cities have much higher one time usage fees. You can still keep entry fees affordable to daily swimmers and summer recreation swimmers (locals) by having heavily discounted season/ annual passes, and electronic punch cards at a slightly higher rate. Frankly, I am tired of Austin raising the question of closing pools due to lack of staff or inadequate upkeep, due to budget constraints. At the same time, Austin has been experiencing record growth. Raise fees and reduce wasteful spending.	3/3/2016 6:18 PM
563	Renovate/Repair Please don't close shipe. No pool is "beyond repair." Everything can be fixed for a price. I'm sure you can raise the funds somehow.	3/3/2016 6:06 PM
564	Support Neighborhood Pool I would be supportive of a lesser fee for neighborhood pool \$1 per person kids under 12 free.	3/3/2016 5:53 PM
565	Nope!	3/3/2016 5:48 PM
566	Renovate/Repair We have so many dilapidated pools in this city. I'd rather have fewer pools that are better maintained. How does Round Rock have such beautiful public pool facilities?	3/3/2016 5:43 PM
567	Support Neighborhood Pool Love the pools, would be sad to lose our neighborhood pools, OK with paying fees for the ability to access	3/3/2016 5:41 PM
568	More lap swim options I would like for the lap lanes to be open at Dittmar Pool from 7-8 pm instead of 7-8 am! A couple of summers ago, there would be up to 15 adults in the evening. How many adults in the morning?	3/3/2016 5:37 PM
569	General Support Thank you for asking for input.	3/3/2016 5:37 PM
570	Support Neighborhood Pool I would prioritize keeping neighborhood pools free and open far more than any large multi-use pool complex. I'm extremely in support of creating thriving, walkable neighborhoods, and I see neighborhood pools as one element to accomplishing that. Thanks! Jaclyn Kolar jaclyn.m.kolar@gmail.com	3/3/2016 5:36 PM
571	Other Improvements Austin needs more diving wells and deep pools. We are part of a synchronized swim team and as a team have a very difficult time finding pools deep enough for our sport.	3/3/2016 5:18 PM
572	Longer Swim Season Support Neighborhood Pool There is a large home school community in Austin and a large under 5 community who swim and would love to swim year around or at least for longer than the current swim season. Mid-April to Mid-October seems more reasonable in Austin. I pay to go to Northwest because it is large and less crowded and has better hours than the much closer neighborhood pools. Northwest pool up to last year was open on the first day of school during the day for the Homeschool Community. 2015 is the first year that there was not a Party for the Home school community at Northwest Pool which was really upsetting to me and many others since there was not a good alternative for that many people to gather which was a loss on revenue for Aquatics and made a bad impression on that segment of the city.	3/3/2016 5:16 PM
573	Renovate/Repair You should have allowed a write in answer for what to do with pools that are beyond repair.	3/3/2016 5:16 PM
574	Splash Pads Would love to see a splash pad or water feature in fast growing neighborhood that Longview Park serves!	3/3/2016 5:00 PM
575	Longer Swim Season Support Neighborhood Pool I think you are on the right track. I am not in favor of removing an older pool and not replacing it with a new one. I think there are many neighborhood pools that are part of the culture of that area and I would be very disappointed if they took away a pool and didn't put in a new one. Swimming pools can be expensive, but if the city were to contract for installation of several pools at a time with a company, have them all on the same schedule, it could reduce the costs. Upping the fees would help cover some of the costs. Neighborhood pools should charge too. All facilities should be managed like a business. If it costs x dollars to run it, then x dollars need to be generated to pay for it. Then any shortages would come from city's pocketbook. Adding a splashpad to a neighborhood pool area would be a great addition. You could also put in self service parking where it costs a few cents to park. This income would be generated year round by visitors to the park and could be used for improvements. Showers cost money too and if a person wants to use a private shower inside, maybe it could cost fifty cents. Then provide an outside shower area where people can wash off the chlorine.	3/3/2016 4:55 PM
576	none	3/3/2016 4:50 PM
577	Support Neighborhood Pool I find muncipal pools that offer few amenities over free neighborhood pools counter intuitive. We live a short walk from Mabel Davis, but we've never been because we get free pool usage in our YMCA membership and so the cost and lack of any distinguishing features means we don't attend our local pool.	3/3/2016 4:45 PM
578	Splash Pads Remember there are more age and groups than children and dogs. Enough of the splash pads. Wade in pools. Let our kids learn to swim! Also, this survey was incomplete. It never asked any thing about preferred hours or times of year. Closing pools when temps are still in the high 90s and above is ridiculous!	3/3/2016 4:40 PM

Swim 512 Survey

579	Support Neighborhood Pool The pools in austin are an overall embarrassment for a city of its size, stature and climate. I think the city owes its citizens decent places to cool off and enjoy our great neighborhoods. *Barton Springs is the exception.	3/3/2016 4:39 PM
580	Renovate/Repair Support Neighborhood Pool I really don't want to see the City hollowed out by closing old facilities.	3/3/2016 4:38 PM
581	General Support I love to swim and do not need anything but cool water a some time to swim when I am not being splashed or kicked by all the screaming kids. How about an hour without kids	3/3/2016 4:30 PM
582	Indoor/Heated Longer Swim Season More lap swim options I like to swim year-round. Would LOVE to have access to heated pools during colder months, especially close to my central Austin home (Rosedale). More lap lanes would be great.	3/3/2016 4:29 PM
583	General Support We love Brentwood pool because we can walk or bike there after work and take the kids swimming before dinner. During the summer we couldn't do that 2-3 times a week if we had to pay each time. Also - it would be great if the pools could stay open through Labor day. It's still incredibly hot and even if they were just open on the weekends I think they would be heavily used through Labor Day. Thanks!	3/3/2016 4:22 PM
584	Renovate/Repair If a pool cannot be saved remove it and build another in its place.	3/3/2016 4:21 PM
585	Longer Swim Season Make the pool season longer! It is crazy that the pools don't open until June and close in August, when it is hot April/May to September! I know you rely on high school students as lifeguards (I was one) but you could at least open evenings and weekends...	3/3/2016 4:20 PM
586	Other Improvements Support Neighborhood Pool please add a pool somewhere in the four points area	3/3/2016 4:11 PM
587	Indoor/Heated It is a shame to me that AISD and RRISD do not have a natatorium, shared or separately. It is disappointing that Anderson High School students have to swim in RRISD area pools even though there is a pool just down the road but Austin has decided NOT to heat it any more. (Amherst Pool...and Murchison Pool)	3/3/2016 4:05 PM
588	Indoor/Heated Please have a few pools open till late night, even if it means opening later that day. With daylight savings time and texas heat, a pool (not Barton springs) open till 11 or midnight would be HUGE.	3/3/2016 4:04 PM
589	Renovate/Repair Support Neighborhood Pool Please do not close our neighborhood pools! If an old one is "beyond repair" then just replace it with a new one in same place.	3/3/2016 4:04 PM
590	Renovate/Repair You should have an option to rebuild pools beyond repair at the current location in your survey. This survey seems low integrity.	3/3/2016 4:02 PM
591	Renovate/Repair In two questions, your survey offers only responses that presume closing and abandoning pools that are "beyond repair." Why is there no option to build a new pool on the same site?	3/3/2016 4:00 PM
592	Longer Swim Season More lap swim options Please open pools before 11am at least a day or two a week - the late opening makes it very difficult for families with children who take afternoon naps to enjoy the pool.	3/3/2016 3:59 PM
593	Support Neighborhood Pool DO NOT TAKE AWAY NEIGHBORHOOD POOL LOW INCOME AREAS. Low Income Areas NEED THEM THE MOST DUE TO LACK OF INCOME FOR MUNICIPAL POOLS / COST/TRANSPORTATION. LOW INCOME FAMILIES NEED THE HEALTH BENEFITS THAT ARE WALKABLE.	3/3/2016 3:57 PM
594	Renovate/Repair Support Neighborhood Pool Keep the neighborhood pools, invest in fixing them up (not sure what "beyond repair" means), or replace them in the same location.	3/3/2016 3:56 PM
595	Renovate/Repair Support Neighborhood Pool None at this time. Please help Brentwood Pool!!	3/3/2016 3:55 PM
596	General Support I LIVE to swim in the summer. It gets me through the dog days. I think a huge part of the population in Austin feels the same! Thanks for asking!	3/3/2016 3:54 PM
597	Prioritize Spending I'm worried all the resources are going to go to Districts that have easy solutions.	3/3/2016 3:52 PM
598	Longer Swim Season More open hours please! It's warm warm warm! Thanks!	3/3/2016 3:48 PM
599	Support Neighborhood Pool I wish the neighborhood pools were open more months of the year and/or after work for evening swims.	3/3/2016 3:44 PM
600	Renovate/Repair Support Neighborhood Pool I found some of this survey to be overly pointed - you're basically forcing us to say we agree with you closing our pools and doing one thing or another with it. My preference wasn't listed...if you have to close my pool - look to build another one in the same location (big & little stacy).	3/3/2016 3:42 PM
601	Renovate/Repair Support Neighborhood Pool What about renovating or replacing existing neighborhood pools in need (such as is planned for Shipe Pool)	3/3/2016 3:41 PM

Swim 512 Survey

602	Longer Swim Season More lap swim options I live in 78724 (waaaaaay East). I drive all the way to Northwest Pool to swim laps because it's such a positive experience every time I go. I highly recommend emulating that pool in every possible way. I drive past a YMCA (that I belong to) at 51st and 183 because their pool is awful. I'm forced to use it in the winter when NW pool is closed, but I would gladly drive all the way year-round. Alternatively, I would welcome something similar to NW pool in the Colony Park or Agave area. All of that being said, I'd also like to take this opportunity to say that the staff at NW pool have always been exceedingly friendly. Thank you!	3/3/2016 3:41 PM
603	your question about drive time to pools is biased, as not everyone drives. Your department should know better than to use autocratic, exclusionary language about travel behavior.	3/3/2016 3:41 PM
604	Support Neighborhood Pool My biggest complaint about the city pools are the limited number of pools open all year or even for more hours in the Fall and Spring. We would love for our neighborhood pool to have weekend hours starting in May or sooner and going through September. This is Texas and it is 80 degree outside in March! We had to drive to Deep Eddy to swim last weekend.	3/3/2016 3:37 PM
605	Longer Swim Season Other Improvements We love going to Bartholomew, but y'all let people eat by the pool last year. That attracted ants. Both of my kids were bitten. Your ridiculous pesticide policy meant that the hills didn't go away, either. Also: extend the season!	3/3/2016 3:33 PM
606	Longer Swim Season I would like to see more pools open in the winter months. Reopen Dick Nichols for the winter	3/3/2016 3:33 PM
607	Longer Swim Season Renovate/Repair Support Neighborhood Pool Quit it with the mega pool complexes. I'm not going to make an all day event to go swim. It needs to be a local pool where I can walk or bike with the kids spontaneously for an hour or two. Pools don't need to be big nor fancy, but they DO need to be well maintained, numerous, and most importantly they need to be open for more hours and a longer season.	3/3/2016 3:31 PM
608	Support Neighborhood Pool Pools are an extremely important part of City services in Austin and contribute a lot to the quality of life here. Neighborhood pools well distributed around the city help provide equity. Because of the brutal sun and lack of shade at many pools - hours should start earlier in the day. Free swim lessons would also be a great public health and safety investment and would make lifelong patrons. If you have to start charging at all pools - please make neighborhood pools affordable (.50 or so per person). \$2 or \$3 per person is too much for families go every day as we (and many others with kids) like to do. I don't want to see a day where you have to put your child in a camp or special program to be able to afford regular swimming.	3/3/2016 3:24 PM
609	This survey was poorly constructed. The grammar is several questions made it difficult to understand what you really wanted to know. The most glaring mistakes, I hope they were mistakes, were the unbalanced questions....which I chose NOT to answer. Have someone proofread before sending out such an important survey.	3/3/2016 3:16 PM
610	Support Neighborhood Pool I strongly oppose more pools like Bartholomew. I strongly support more pools for neighborhoods.	3/3/2016 3:15 PM
611	Austin has so many beautiful, natural waterways, I think people are hard pressed to pay for a chlorinated experience.	3/3/2016 3:14 PM
612	no	3/3/2016 3:13 PM
613	Splash Pads Please extend the season for pools and especially splash pads. There are many times during the year that the weather is perfect for a visit to the splash pad but it's not open because it's not in season. Also better maintenance because they seem to break down a lot.	3/3/2016 3:10 PM
614	General Support bartholemew is simply the best! i cannot wait until the trees mature. best landscaping is northwest pool.	3/3/2016 3:08 PM
615	Support Neighborhood Pool Stop forcing neighborhood pools to close. This survey was dishonest and slanted - it did not include "close neighborhood pool and REBUILD IN THE SAME PLACE" which is what I would have picked.	3/3/2016 3:08 PM
616	Other Improvements Splash Pads ~Improve the lighting in bathrooms/changing areas (more skylights) so they don't feel so dark, damp, and moldy. ~Incentives for staff when a random inspection finds a spotless bathroom. ~More splash pads for little ones.	3/3/2016 3:05 PM
617	Support Neighborhood Pool Definitely in favor of pools that are in populated areas, particularly where there is a high concentration of kids, that have safe routes to walk, bike, or roll from residences and transit stops to and from the pools.	3/3/2016 3:05 PM
618	Longer Swim Season Open longer than the traditional start of school. My kids actually start school early August so at that point we only have Friday afternoons and weekends. It is HOT here!	3/3/2016 3:02 PM
619	Support Neighborhood Pool Going to our neighborhood pool (for free!) is one of the few luxuries my family enjoys. Even a nominal cost would make it prohibitive for my family and others. Please continue to allow families to cool off, exercise and have social time at no additional cost. There are so few opportunities for this type of free recreation!!!! Plus, the free neighborhood pools are a great place to meet neighbors. Our free pool is the best thing that the city does for my family!	3/3/2016 2:55 PM

Swim 512 Survey

620	Fees The climate of Austin makes the pools a very desirable and useful feature. I am proud we have them and understand the need to charge small fees. There should also be consideration for programs that enable families in need to obtain reduced or eliminated fees if fees are implemented at all aquatic facilities. Also the city might consider partnering with private facilities like the YMCA to get access to their pool facilities if they exist in areas of the city where the city does not offer aquatics - perhaps a payment or reduced fee structure for those arrangements.	3/3/2016 2:54 PM
621	Support Neighborhood Pool Please focus our tax dollars on under-served communities. Wealthy neighborhoods do not need free, well maintained pools. Poor neighborhoods do.	3/3/2016 2:53 PM
622	Support Neighborhood Pool I wouldn't mind paying for neighborhood pools, but I don't think the fee should be the same as the regional pools if the facility isn't as nice - like the Zaragosa pool isn't as nice as the Big Stacy Pool.	3/3/2016 2:41 PM
623	Renovate/Repair Support Neighborhood Pool Walnut Creek Pool is in dire need up updating.	3/3/2016 2:40 PM
624	Renovate/Repair I do not want the city to close ANY pools. Keep them ALL open. Rebuild any pools that are beyond repair. Its a big part of Austin culture and heritage. Add a state tax or increase sales or luxury tax to pay for our city parks and pools.	3/3/2016 2:39 PM
625	Other Improvements Support Neighborhood Pool More pools! Please!	3/3/2016 2:39 PM
626	Other Improvements We need a Natatorium that can be used by AISD schools - in a central location. It is ridiculous to tell people you go to an AISD high school (Anderson) yet your swim team swims in a Different County (Anderson Mill Pool).	3/3/2016 2:38 PM
627	Support Neighborhood Pool We love city of Austin Pools! We support paying entrance fees (in wealthier areas of town) to fund the pools. In low income neighborhoods, pools must still be free (or offer free passes to families who qualify for free or reduced price lunches)	3/3/2016 2:38 PM
628	Support Neighborhood Pool The question about "how far do you drive" is not applicable. It does not provide an answer for walking, biking, or taking transit to the pool. And all of these questions are just leading questions, sounds like you're ready to open municipal pools around the city and close neighborhood pools. That's forcing us to drive to a municipal pool instead of walking to a neighborhood pool. The more policy decisions y'all make that force us to drive places is only going to continue to choke our city. Give us smaller neighborhood pools we can walk or bike to.	3/3/2016 2:38 PM
629	The parking meters at Barton Springs are horrible. Whoever put those in is evil. That was a summer job for kids that is now replaced by a machine.	3/3/2016 2:36 PM
630	Renovate/Repair Support Neighborhood Pool I live in Spicewood at Balcones. We do not have a pool at home, and we do not belong to the Balcones Country Club. There is not a close public facility to me-so I pay relatively high fees to Anderson Mill MUD district to take water aerobics f rom May-Oct. In the winter, I have a membership to golds gym. city should use its authority by annexation of the area to now take over control of the pools and open to all. they are fairly good condition, have access to public transportation and have good funds in their capital accounts for repairs.	3/3/2016 2:35 PM
631	Fees Other Improvements Renovate/Repair Please improve our pools. I much prefer to pay for an annual membership to an aquatics center where my whole family can enjoy. There are many of these in DFW that I have gone with my extended family and it they gave you great sense of community.	3/3/2016 2:31 PM
632	Splash Pads Support Neighborhood Pool I would love it if the pool were open more than two months out of the Texas summer, which is closer to five months. I think its unfair to only consider the school-out only months. Additionally, I do not understand why the pool has such a late, and I mean late, opening hours at Dick Nichols. I believe it opened at 11am? When we got there, it would still be closed until the staff could get organized as they were always running late, and by then its noon, and I have to turn around and get my two year old lunch and then its nap time, and next thing I know, we didn't spend anytime at the pool. We often had to opt for the splash pad while staff were setting up, or wait for a swim meet to finish up. I did not at all understand the hours for this pool, located in this largely massive neighborhood expanse, teaming with families of small children who require morning hour activities, not afternoon / evening hours. I can't express enough how often I and other parents were made to stand around until the kiddie pool was "ready" each time we visited. I hate going on about it, but it was exceedingly frustrating, to wait, and wait, and wait in the hot Texas sun (with next to no shade at the Dick Nichols pool, by the way) for a pool that does not seem to abide by its own hours. It also closed a day early. Whatever day was posted as the last day for being open, the Dick Nichols pool was actually closed. My family was packed up to get one more so-so swim our of the pool, and it was closed, by then I was not surprised, as dates and times do not seem to apply to this pool. There, I said my peace.	3/3/2016 2:30 PM
633	Renovate/Repair Support Neighborhood Pool I feel like this is a survey that is asking me to justify the city not repairing neighborhood pools. Saying they are beyond repair and then giving little options other than a large "aquatic center" that the city will profit greatly from with no regard to those that use to be able to enjoy a nice cool dip for free.	3/3/2016 2:27 PM

Swim 512 Survey

634	Support Neighborhood Pool Please don't write off the neighborhood pools entirely. In areas like Forest North, which has virtually nothing to walk to, the pool and adjacent tennis courts served as the summer hangout for families for many years, until the city annexed the pool, closed it, and then leased it to a swim coach. We've lost that social and recreational outlet and, along with it, a chance to visit with friends and neighbors in a casual, walkable setting. If it's financially feasible, recovering that seems like a very "Austin" goal to work toward.	3/3/2016 2:20 PM
635	Fees Thank you for offering the survey. I hate seeing beautiful facilities closed during our most comfortable months of the year. I would love to take my toddler to swim in our neighborhood in September, October, April, May... I would be happy to pay a small fee. I would recommend a no cash system where a visitor simply swipes their credit card. (Square, etc)	3/3/2016 2:19 PM
636	Fees We drive all the way to Veterans Park in Leander/Cedar Park and pay about \$5 a person entrance fee because the pool is so much more fun for our kids. We'd like something closer to home that would be equally enjoyable.	3/3/2016 2:19 PM
637	General Support My family and I love, love, love our Austin pools. Please keep them running and well into in the school year as well.	3/3/2016 2:18 PM
638	Renovate/Repair Support Neighborhood Pool This is a terrible survey, as it is obvious that closing pools is the direction and this is very biased towards that goal. Do not use the results of this survey to justify pool closures. Social media users are already onto this, btw.	3/3/2016 2:18 PM
639	Renovate/Repair Support Neighborhood Pool I feel strongly that neighborhood pools are important in Austin. It is deadly hot here in the summertime, and many people don't have the resources to pay to go to a pool -- or even to GET to one. And not everyone wants to go to a large, crowded super-pool every day. Our small neighborhood pools are a treasure and we should prioritize repairing them and extending their season!!!	3/3/2016 2:17 PM
640	Support Neighborhood Pool When I was in high school, I practically lived in the pool at Northwest Park. That was a long time ago ... when I lived close enough to walk to the pool, and it was safe enough to walk to the pool. Well, times have changed since the early 1970s. How can we regain some of that?	3/3/2016 2:15 PM
641	Support Neighborhood Pool I am highly supportive of neighborhood pools. They foster a sense of community during the summer months that is lacking when the schools are closed. Larger regional swim centers sound great, but they are very large and crowded and don't create the same sense of community that a neighborhood pool does. Kids don't need the "rides and attractions" of a large swim center. They need neighborhood friends to play with. Jumping off the side of the pool with friends into a deep end is just as fun, if not more so, than a water slide. Please don't close the neighborhood pools in favor of regional swim centers.	3/3/2016 2:15 PM
642	Other Improvements In order to retain a good employee they need to feel valued. Many minimum wage jobs do a good job of compensating the employee but don't so much to retain their service for the following seasons. To retain good folks it's just as important to follow-up periodically during the off season and offer a small raise, and some benefits similar to those of other city workers. Many of these jobs don't have any benefits tied to the position so offering them a fun work place and a small benefit like discounts may help retain them through their late teen and early 20s.	3/3/2016 2:14 PM
643	More lap swim options There needs to be more early-morning dedicated lap-swim-only at all pools but particularly Bartholomew. Swimmers who want to swim laps at city / municipal pools have a hard time finding times to swim when the pools are not over-crowded with recreational swimmers. It is extremely dangerous when recreational swimmers dodge into the lap swim lanes, as they did repeatedly last summer at Bartholomew. Multiple times I slammed directly into a child, or a child swam under me and then tried to come up for air under me. The lifeguards are unable to stay on top of this safety concern when there is both recreational and lap swimming occurring at the same time. So, for safety and also to increase the amount of lap-swimmers who will pay to use the facilities, MORE DEDICATED LAP-SWIM ONLY TIMES (in the morning) PLEASE!!!	3/3/2016 2:13 PM
644	Other Improvements Tear down the obnoxious strip mall on stassney and manchaca and put in one giant pool and playground :)	3/3/2016 2:12 PM
645	Other Improvements I think there needs to be more advertising prior to summer months and during to encourage families, and non-active individuals to go to swimming pools. I think there need to be more free swimming class programs for the under privileged children and adults along with encouraging fitness and healthy eating.	3/3/2016 2:10 PM
646	General Support Thank you	3/3/2016 2:08 PM
647	Support Neighborhood Pool The fact that you have a question worded "How long do you DRIVE to get to a pool?" makes it obvious you don't understand your users. On the east side, the majority of users are those who walk and bike to the pool in the summer (which is encouraged at the City Council level). Shutting down local neighborhood pools and opening regional pools is an awful waste of money that just adds to traffic and further robs east side citizens of the use of their facilities. It's really telling that you provide 4 options to choose from on the pool closure question and all of them basically say the same thing: "I think the local pools should be closed." That is NOT the option that your citizens want. We want small, local pools in our neighborhood where we can walk and cool off and enjoy the outdoors in the summer. None of the frills of an aquatic center are needed!	3/3/2016 2:07 PM

Swim 512 Survey

648	Other Improvements Support Neighborhood Pool Make Dick Nichols pool better with chairs, landscaping, and improvements!	3/3/2016 2:06 PM
649	General Support Partnering programs are great. It's amazing what has happened at Murchison Pool. I wish that could work in other areas of town to bring more people out to use existing pools.	3/3/2016 2:06 PM
650	We mainly use our mud pool on el salido. It is maintained beautifully.	3/3/2016 2:04 PM
651	General Support I love that Austin has so many pools and that it's important to Austin to continue to make them better. It's much nicer than other parts of the state that I've lived in.	3/3/2016 2:04 PM
652	More lap swim options Support Neighborhood Pool I recently started paying for a gym membership since it was too difficult to swim laps regularly at the pools located conveniently around me. If the city offered a facility that supported more lap lanes, I'd happily pay fees there over a private gym company. Likewise, having hours for lap swimming for non professional or team-based folks would allow me to continue using city facilities instead of the gym. Additionally, I don't think charging a fee at neighborhood pools would be a good move; it would be better to offer fewer services at them than to lose that service.	3/3/2016 2:03 PM
653	Fees Other Improvements Please don't charge us to use Dick Nichols Pool!	3/3/2016 2:03 PM
654	Support Neighborhood Pool Neighborhood pools are some of the best places for children to get daily exercise and outdoor peer interaction during our incredibly hot summer months	3/3/2016 2:00 PM
655	Splash Pads Support Neighborhood Pool Neighborhood pools provide free entertainment to youth and low income. Switching to splash pads completely remove the appeal for children above 5-6 and low-income teens, tweens, have no other places to options than go tag or harrass elsewhere. Organized competition (maybe water polo in the morning) for youth might be a good way to help them socialize in their own community.	3/3/2016 2:00 PM
656	Splash Pads Longer swim seasons, please! Also, it would be GREAT to have a webpage to view with the status of splash pads. So often, we show up to a splash pad only to find that it's closed for the day. The website information needs to be updated to reflect closings.	3/3/2016 1:57 PM
657	Indoor/Heated More lap swim options Please leave pools open all year. The fact that the city maintains pools for June, July, and August is silly. Heat the pools and allow for lap swimming all year. This is supposed to be a "fit city" full of athletes. More lap pools and all year access meets the needs of many more in the community.	3/3/2016 1:55 PM
658	Splash Pads Given the temperatures in Austin during the spring/summer/early fall, the pools and splash pads should open earlier in the year and stay open later in the year.	3/3/2016 1:54 PM
659	Support Neighborhood Pool I am extremely opposed to the suggestion of charging entrance fees at neighborhood pools. PLEASE do not do this. Low income families and children would be negatively impacted by this.	3/3/2016 1:53 PM
660	Indoor/Heated We need more heated pools open in winter months.	3/3/2016 1:53 PM
661	More lap swim options Open garrison park pool for more months, even if it's just in the morning or evening for lap swimming	3/3/2016 1:52 PM
662	More lap swim options Renovate/Repair Support Neighborhood Pool I swim laps, mostly at northwest pool but sometimes at deep eddy or stacy pool, i dont mind paying fees and would pay more to keep the pools in good condition. i dont mind a sliding scale so low income folks dont have to pay more. but i do think that the city should maintain municipal pools in neighborhoods to provide a safer environment for families and lap swimmers. big giant aquatic facilities have unsupervised children, lots of liability, and so many crowds it is hard to enjoy the outdoors experience.	3/3/2016 10:35 AM
663	Other Improvements I chose "not supportive" of additional parking because I don't like to see land used for parking and I feel that buses should run close to any public pool.	3/3/2016 9:19 AM
664	Fees Other Improvements Revenue ideas: concession stands--keep it simple to start. Cold drinks & popsicles. Party space. Set up party spaces at the nicer pools & offer a party package. Partner with a local pizza shop. T-shirts. Not boring ones, but really fix the branding of the pools and make cool ones everyone wants.	3/3/2016 9:02 AM
665	Renovate/Repair I am very sad that your options were only "close pools" that are beyond repair. Or replace with non-pool options. Many of those pools should be REPLACED with POOLS that work. The work done at Westenfield should be repeated across the city, not just in Tarrytown.	3/3/2016 8:32 AM
666	Other Improvements Add features to play water war games And interactive activities. Check out Houston bellaire pool	3/3/2016 4:44 AM
667	Longer Swim Season Keep pools open later.	3/3/2016 12:54 AM
668	Support Neighborhood Pool The neighborhood pools and swim team program are excellent and some of the best things about Austin!	3/2/2016 8:45 PM

Swim 512 Survey

669	Renovate/Repair Support Neighborhood Pool Yes. You only gave choices for closing pools that are "beyond repair" and moving or replacing them with something else. There should have been an option to replace the pool with a new pool at the same location. This survey is written to show public support for closing old neighborhood pools by not giving an option for the public to say they want to keep them open even if it is costly. If you want to know what the public wants you need to provide that option. In addition, you should hold your meetings in the summer, at a variety of pools, to get actual user input.	3/2/2016 6:15 PM
670	More lap swim options Support Neighborhood Pool I would like to see extended hours at the neighborhood pools. Current morning hours (for lap swim, for example) are typically 8-10 a.m. only. This is not helpful to people who would like to take advantage but still have to work from 9-5 or similar hours!	3/2/2016 2:07 PM
671	Support Neighborhood Pool Don't consider closing down a pool without the input of a neighborhood.	3/2/2016 12:56 PM
672	You made an assumption in the survey that all people would know about the aquatic center at Bartholomew Park, but we do not all know about this park. I'm going to research it now.	3/2/2016 11:21 AM
673	Renovate/Repair I'm very disappointed in the two questions (repair and closures) that only gave options that involved closing pools beyond repair. Existing pools must be maintained or replaced ON-SITE. Very poor sportsmanship to not provide that option as a choice at all. Save our pools!	3/2/2016 9:14 AM
674	Indoor/Heated Longer Swim Season Extend pool hours during September and October. Provide more heated pools throughout city for year round exercise	3/1/2016 10:31 PM
675	General Support This city is getting more and more expensive and inaccessible. I prioritize facilities being free over fancy features so low income families don't have to choose basic needs over unstructured recreational time which is so important to children's development. A natatorium sounds lovely unless it comes at the expense (which i imagine it will) for free access to city pools.	3/1/2016 8:49 PM
676	Renovate/Repair Support Neighborhood Pool I strongly do not support closing neighborhood pools that need repairs because some officials feel that the money that would need to be devoted to repairs would be better served elsewhere.	3/1/2016 8:04 PM
677	Indoor/Heated Splash Pads The state of the city's pools are a total embarrassment. Hours are very limited to start with, and the summer heat lasts twice as long as the city pool season. And even when pools were supposedly open, last summer our family was repeatedly turned away from 3 or 4 pools, due to things like lifeguard shortages, a broken pump, chemical levels off-balance, and unspecified "maintenance." On more than one occasion, we had to drive to 3-4 pools, finding them all closed, before we'd finally resort to a splash pad to cool off. Splash pads are great for babies but basically useless for anyone over the age of 3. The parks department might not be aware, but most Austin residents-- particularly the tax-paying ones-- are considerably past the age of enjoying a splash pad.	3/1/2016 7:58 PM
678	Fees Add a frequent-user discount for the pools that cost money	3/1/2016 7:51 PM
679	Longer Swim Season Love to see the swimming season longer	3/1/2016 6:35 PM
680	Renovate/Repair 1) I would hate to see the city build more Bartholomew-type pools before they repair our current pools. The current pools, in addition to providing recreation and a place to cool down, foster a sense of community among users. I don't imagine this to be the case at Bartholomew. I found that pool to be crazy and chaotic. 2) For the question about pools beyond repair, wondering why closing the existing pool and rebuilding in the same location isn't an option. That would be my top choice.	3/1/2016 1:40 PM
681	Support Neighborhood Pool I love having a free neighborhood pool that I do not have to drive to. These are the kind of treasures that make Austin great. I'm not in favor of creating bigger, more crowded pools that require getting there by car. Also, although the fees for municipal pools are low, they become prohibitively expensive if you want to swim multiple times a week (and the passes don't really make much difference cost-wise).	3/1/2016 11:18 AM
682	General Support Other Improvements As a mother of 2 children, I really can't get over how a recreational swim can totally change your mindset on an unbearably hot Texas day. It is sort of like the Snicker's commercial. Everyone arrives at the pool grouchy and leaves relaxed and mellow. Because of this, I strongly support making swimming available to as many people as possible in as many ways as possible. That said, I believe the leagues are really only used by a certain set of people. My kids have never had any interest in that kind of routine during the summer (nor have I). Public swimming pools are not really a luxury. During Austin summers, they are essential to the mental and physical health of the populace.	3/1/2016 11:05 AM
683	Support Neighborhood Pool Concentrations of households near pools is critical, and access by means other than a car is important so we aren't taking up precious resources for parking.	2/29/2016 11:00 AM
684	More lap swim options Consider lane walking as serious option besides lap swimming. This is often prescribed as post injury therapy and is more feasible for general public. It often can't be done in swimming lane,	2/29/2016 9:45 AM

Swim 512 Survey

685	Longer Swim Season More lap swim options As a working family, we go swimming in the evening hours after supper (better for skin as well). Evening hours weren't listed on the survey. We've stopped going to the pool because of shorter hours.	2/29/2016 8:19 AM
686	Prioritize Spending I would pay a higher entrance fee to keep all the pools open. It would be awful to simply close the pools in disrepair and open another huge aquatics center somewhere else. Where? How far away? The city has this great land already and all the pools are so nice and accessible. You'll close them and then we'll have to drive far away to a pool. Forget it. And then the city land where the pool was. Will you sell it to developers so there is yet no open space? Too bad you didn't buy the land at 45th and Bull Creek. Why can't we have multiple "Zilker Parks" around the city that are accessible and easy. Zilker Park is CROWDED now. God forbid Camp Mabry is ever offered for sale. The city should be FIRST in line to buy any available open space and turn it into parkland. You get the millionaires to fund unnecessary medical schools for UT which already has millions. Why not more huge parkland with running trails like townlake. The density in the center of Austin is I am sure a boon to those folks who are now paying lots of money to live in the fancy highrises but it is preventing the rest of us outlying areas from coming in to use the trail or the big beautiful park there. If UT insists on selling the golf course on Exposition, then the city should buy it and turn it into more green space. Aren't we now the city of festivals (not live music capital anymore)? It's another place to host all these things we are so into hosting now. Build a great pool there and you can have Deep Eddy and the new spot and Barton Springs in a grand trio. I don't know. Just please don't shut the pools we have despite the disrepair. Fix them. Update them. Austin is HOT. Our pools are so wonderful!	2/28/2016 7:50 AM
687	More lap swim options Please open the pools at 7am for Lap swimming!! In 2014 all of the lanes at the wonderful new West Enfield Pool were full every morning. SO SAD to show up in 2015 only to find that the pool doesn't open until 8 and of course that's when the swim team has their workout. So so stupid!! No one who has a job can wait until 10am to workout. Please let us swim from 7-8AMagain!!	2/27/2016 9:21 PM
688	Other Improvements Need easier handicap access at Deep Eddy and more handicap parking everywhere.	2/27/2016 7:22 PM
689	Support Neighborhood Pool Most important: extend the season for neighborhood pools. Closing pools in the hottest month of September is crazy.	2/27/2016 7:19 PM
690	Support Neighborhood Pool The neighborhood pools are critical to our quality of life. Being able to walk to and from a pool increases our usage significantly. The swim season needs to be extended from April through October, and hours for pools in the summer should be extended to 9pm.	2/27/2016 2:31 PM
691	Other Improvements Basic water safety should be ahead of pool structures. Too many drownings in creeks and lakes, non-city pools.	2/27/2016 12:27 PM
692	General Support Support Neighborhood Pool Compared to many cities Austin is fortunate to have so many pools, however they are not equitably spaced. The poorer areas have fewer pools and that population needs easier access to pools, especially for kids during summer holidays.	2/27/2016 11:50 AM
693	Longer Swim Season We need pools to be open longer and for more days in the year! Start your lifeguard recruiting sooner and partner with the YMCA and swim teams and schools (colleges and other schools) and CPR class trainers outside of the city ones to pull potential lifeguards from. Make the job cool again!	2/27/2016 11:34 AM
694	General Support Please fix up older parks pools rather than tearing them out. Better to have a park with a pool than without. Would also love to see a dog swim time, evenings before pool closes.	2/27/2016 10:55 AM
695	Longer Swim Season More lap swim options There just are not enough lap lane swim areas available to Austin residents. What aquatics facilities there are are pathetically inadequate for the population growth of Austin. Increasing the hours available and year round accessibility of several pools scattered throughout the City would be great for encouraging fitness, kids' access to swim lessons, attracting competitive but nonprofessional athletes, and offering jobs for lifeguards that might work with alternative schedules..if they were getting competitive wages and/or opportunities. I--and many, many people I know--would happily pay a year-round fee for more lap swimming availability, especially OUTDOOR pools. For me, this is a significant worry: that the City will try to be "all things to all people" by using the majority of any aquatics funds there are for a giant new facility that will yes, have swimming/lap lanes, but also have a lot of other costly activities that, realistically, won't be utilized for the long run ("trendy"), that also require a lot of money for construction and staffing for ongoing safety, and that most of all won't at all be serving many, many people who don't happen to live near or get to that lone central facility. Traffic is so clearly a problem here now; one can barely get across town, even when it's not "rush hour" to get to and from work. People are not going to be able to get to a fitness facility consistently that represents yet another commuting hassle. The era in Austin for a giant, lone central facility that, realistically, would take up an enormous proportion of the aquatics budget and any funds they can manage to get allocated for pools, is long gone now considering current demographics and traffic impossibilities. Of course it would be nice to have a wonderful large facility for swimming and, maybe, other fitness activities...but definitely not at the cost of diminishing the already woefully inadequate swimming facilities in the city. THANK YOU for giving this opportunity to provide (my heartfelt!) input.	2/27/2016 8:54 AM

Swim 512 Survey

696	Support Neighborhood Pool Cedar Park has several fantastic pools with water playscapes and fun slides. Austin should do more like that!! Turn Northwest Pool into something like that or Bartholomeuw Pool. Or let the neighborhood take it over and privatize the pool	2/27/2016 7:35 AM
697	Support Neighborhood Pool Pools are great community resources particularly in the summer when kids are out of school and need positive activities and exercise. I would really focus on continuing to provide swimming experiences in communities rather than regional or competitive swim facilities that would likely be used by the more affluent members of our community who already have numerous recreation activity options. I love Austin's pool system even though we don't visit that often due to having our own pool.	2/26/2016 8:31 PM
698	Renovate/Repair Splash Pads it would be great to receive information on the status of northwest park. Communication is poor. the community would probably rally behind funding repairs, but I don't know how to get information on what needs to be done and the cost. So many other splash pads I visited were broken, and again I'm sure the community would help if they could to accelerate resolutions.	2/26/2016 8:17 PM
699	Longer Swim Season Renovate/Repair Splash Pads Questions 13 and 16 had a very limited set of options and no option for "other" which will strongly skew your data, so I did not answer those questions. I strongly believe that if a pool is "beyond repair" it should be replaced with a new pool of similar or larger size. To replace pools with splash pads and aquatic centers will remove many swimmers from attending city swim facilities. This city is growing - we need more pools for both exercise and recreation. Aquatic centers focus solely on families with very young children. The pools need to be pleasant places to go - with shade, trees, and pleasant surroundings. They need to be open for longer hours and for a longer season, and they need to be open reliably so that people don't give up going because they don't know if the pool will really be open or not. Finally, they need to be close to people's homes in order to get the participation rates way up.	2/26/2016 3:43 PM
700	Fees Support Neighborhood Pool I do NOT feel comfortable in large and/or crowded pools! I simply won't swim any more if I have to join more than a handful of people in the water, travel farther than the 1 mile I make now, or have to pay.	2/26/2016 3:41 PM
701	Prioritize Spending Stop spending money on Austin Chamber of Commerce and City Economic Redevelopment departments and spend the money on existing Austin residents--with amenities like public swimming pools.	2/26/2016 1:39 PM
702	Other Improvements I am a regular swimmer at Northwest Pool. During the summer, the water temperature can exceed 90 degrees. This is not safe for anyone. We need an aerator of some kind.	2/22/2016 9:10 AM
703	Longer Swim Season I would be willing to pay more to use facilities to hire more lifeguards and keep them open longer, like a season swim pass.	2/19/2016 3:38 PM
