Homeless people around the area

Feel a bit unsafe; have experienced incidents where homeless paraphernalia has been scattered throughout the gazebo area and play area.

Play area is outdated, cracking.

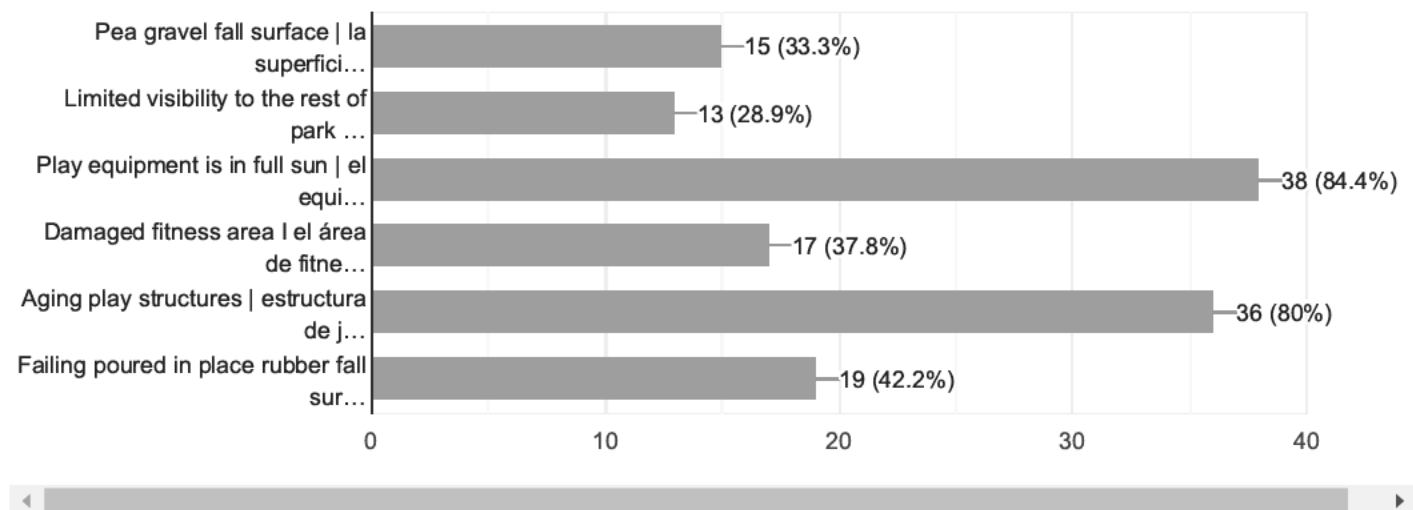

The park is okay but it's not shaded, or modern or interactive enough. I love the mosaic tables and facilities but it needs more east austin personality and culture.

Overall the equipment looks a little worn, but still usable. Some of the pull up bars are missing.

We are here multiple times a week with our 3 year old because it's around the corner from our house. Although we love this park, the playscape needs a complete overhaul from the ground up. The swings are always broken, the rubber ground is ripped up, and the little mosaic kids table are constantly breaking. And it is HOT during the summer due to lack of shade. Homelessness is also a problem in the park. There is a beautiful gazebo that cannot be used by the neighborhood because of a homeless camp set up there. This brings garage & unsanitary items to the playscape area.

Please choose your top three concerns that you would like to see addressed with the play equipment replacement project. | Elija sus tres preocupaciones principales que le gustaría resolver con el proyecto de reemplazo del equipo de juego

I'd love to see interactive toys. Music, etc as well as touches like murals that show the east austin history and culture.

Any of these options would be a welcomed & appreciated improvement for our neighborhood park! Thank you for taking the time to consider us.

The fact that this park has running room is awesome for kids to play sports like soccer

Please also repair the adult fitness equipment and consider reseeding the grass which is mostly invasive weeds.

Basketball court

Shade is so important for spring and summer use

Nature play components would be great

No Enclosed dog park area -- a large majority of the demographics that are moving and living within this area have at least one dog And no nearby dog park.

There seem to be homeless people that sleep under the pavilion which makes me nervous to take my children up there alone. Would like for the park to be more open.

Shade and water are king along with restrooms.

It would be nice to have some trail maintenance in the area behind the covered amphitheater. I know that people sleep in the amphitheater but I would be against design elements that make it uncomfortable for people to sleep there.

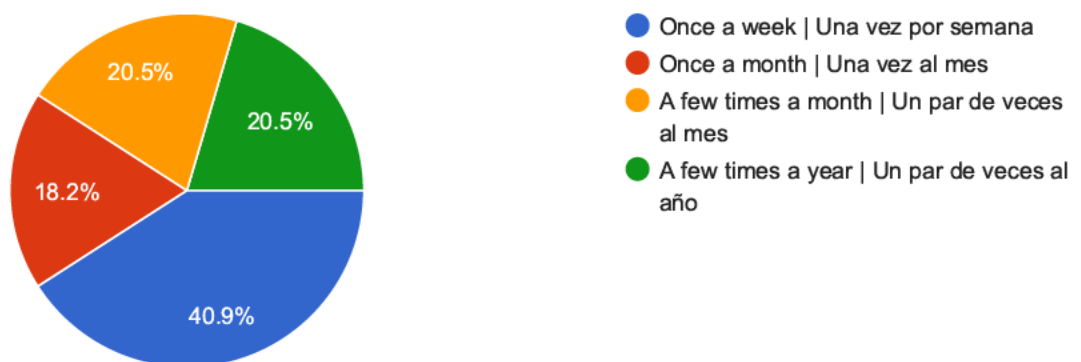

Eradicate homelessness in the park, make it about the kids & families again. Many dogs go here so it also functions as a dog park. Once the gazebo is cleared, it could be a skaters haven too. All good things. Excited for the future of Springdale Park.

I like the wild trails behind the park but do worry about public safety. Not sure how that can be

Bring the kids to play,

Also dog walks

Play fetch with our dog in the grass (with a long extended leash)

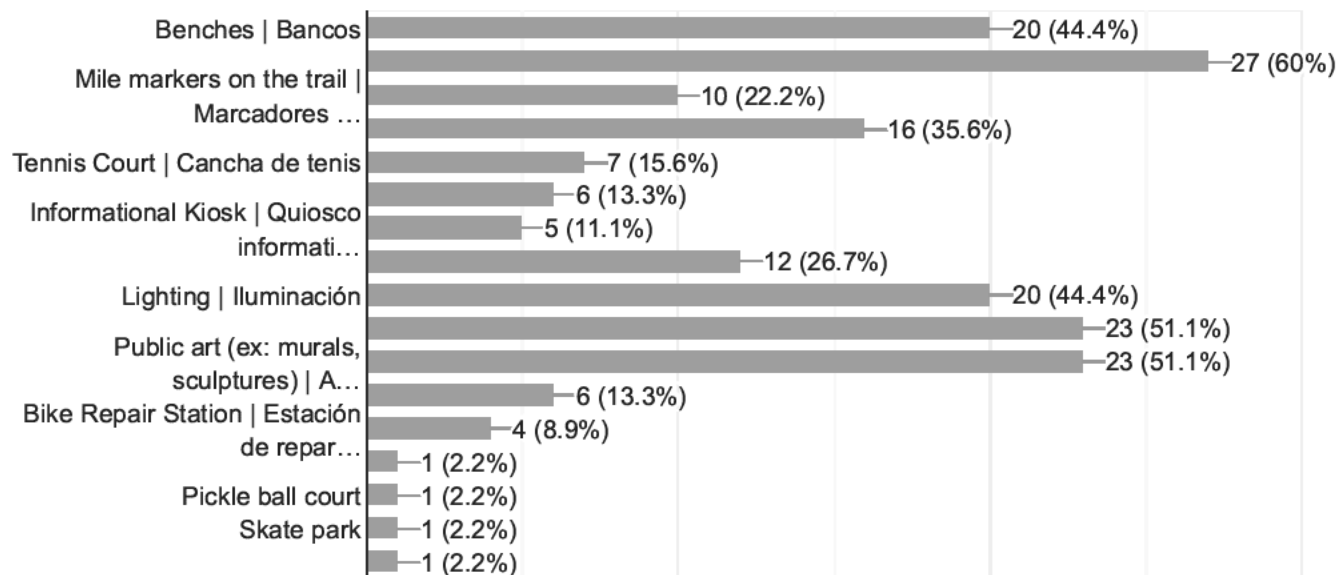

We need connectivity to the neighborhood

Walk with my dogs in the park, not the trails since the last few times there have been many vagrants on or around the trails.

Walk my pups on leash and allow grand babies to play on playground. I also like to rest and enjoy the scenery and solitude of the park.

Culture and community both represented and invited and above all safe.

Acoustic music shows in the park or other size-appropriate, quiet events.

Trail improvements

Splash pad for kids

Safety and lighting

Repair adult fitness equipment, remove invasive trees, improve trails on acreage behind main play area with signage and maps.

Cut and maintained trails

Need to figure out how to prevent after hours users from making the playground, or portions of it, unusable. Otherwise, COA needs to hire staff to thoroughly clean and address issues daily as they are serious health threats.
