01:21:52 Matthew Kenny: Was the decision made to remove the slide from the design?
This wasn't explicitly addressed but has disappeared from the design. If it was removed, I think focusing
funds and space on the pool itself was a great decision.

01:26:07 Matthew Kenny: Totally agree. Thanks! One last question: will there be any effort
to make the pool accessible from the south (park side)?

01:27:45 Matthew Kenny: Ok, thank you
