Please, please, please keep AT LEAST 6 lanes available for lap swimming and swim team. We need more space for big kids to swim!

I'm really sad to see the plan to eliminate one of the only 50 meter lap swim locations in the city. Information about this plan has not been publicized well; I just stumbled onto it in searching to see whether my favorite pool, Givens, might open this year.

I'm reasonably certain that the lap lanes will not be available most of the time.

Which concept are we talking about one area you talk about Givens and other are you talk about Colony Park. I don't see a slide for the kids in this concept. Please respond to the questions below to share your feedback for the future Colony Park Pool.

From where I am feeble, it's the state of the art for all with the individual section for the activity.

I'm still so extremely disappointed that this process didn't start in 2019 when the pool was going to close. I'm hearing now it won't open until 2024. 4 years to have a neighbor pool closed is disrespectful to the community. I hope there will be thought as to the kind of grass planted because the current grass on the north side of the pool is full of burrs.

Hopefully we can incorporate the 50 meter lap lane in some kind of way.

Can we open up the north side of the sitting area and have more access to the grass
