## Pease Park Public Input Summary

The Pease Park Master Plan has gone through an extensive public input process to solicit feedback necessary for the vision and future of Pease Park and Shoal Creek Greenbelt. From Mid-November to the middle of February, nearly 1,000 people gave the Design Team their comments in a variety of formats:

- Pease Park Conservancy Comments: Over a dozen members of the Pease Park Conservancy presented several different types of planning input to the Design Team in the form of the Design Team survey, Pease Park Conservancy's own survey dated May 19, 2011, general types comments and annotated park maps.
- Public Meeting #1 Keypad Survey: As part of the first public meeting, the Design Team led 57 participants through a keypad survey to solicit input that would be used by the Design Team in developing conceptual alternatives for the Master Plan efforts.
- Public Meeting #1 Input Comments: After the Design Team presentation and the Keypad Survey, the participants in the first public meeting were invited to provide further input on four key themes of the project area – Natural Resources, Cultural Resources, Recreational Amenities and Infrastructural Amenities (transportation and utilities).
- On-Line Survey November 11, 2013 to January 28, 2014: This survey was hosted by the Survey Monkey website and was the same survey as the Keypad Survey that was conducted as part of the first Public Meeting and the Clipboard Survey that was conducted in the Pease Park and Shoal Creek Greenbelt. 368 people participated in this on-line survey.
- On-Line Survey February 9, 2014 to February 14, 2014: This survey was hosted by the Survey Monkey website and was the same survey as the on-line survey that was open from November 11, 2013 to January 28, 2014. Numerous members of the public asked to have the survey re-opened as they did not have a chance to have their input heard prior to the January 28<sup>th</sup> deadline. 358 respondents participated in the survey. Almost all of these respondents were members of Austin's disc golf community.
- Clipboard Survey: The Clipboard Survey was conducted throughout numerous locations in Pease Park and the Shoal Creek Greenbelt over a four day period in January. The intent of the Clipboard Survey was to solicit input directly from the users of Pease Park and the Shoal Creek Greenbelt. This survey catches a glimpse of the weekend users as well as park volunteers. 109 people participated in this clipboard survey.

## KEYPAD SURVEY - SUMMARY & RESULTS

## Public Meeting #1: November 21, 2013 - Keypad Survey Summary

As part of the first public meeting, the Design Team led the participants through a keypad survey to solicit input that would be used by the Design Team in developing conceptual alternatives for the Master Plan efforts. The following is a summary of the survey results.

Over 55% of the participants who attended the public meeting lived within one mile of the project area while as much as 17% lived more than five miles from the project area. 43% of these participants visit the project area a few times a month followed by 26% who visit a few times a week. 19% of the participants visit only a few times a year while 13% attend every day. When the participants visit the site, it is usually in the morning – 47%, or in the afternoon – 42%. Only 7% visit during the evening and 4% visit at night.

When asked how the participants get to the project area, over 47% walk or jog while 38% drive. 15% bike to the project area and none of the participants take the bus. When they get to the project area 46% enter at the Kingsbury / Parkway Street entrance followed by the entrances at Lamar Blvd. / MLK and Lamar Blvd. / 29<sup>th</sup> St – each at 13%. The next most frequented entrances to the project area were Lamar/Blvd. / 15<sup>th</sup> St, 24<sup>th</sup> St., Gaston St., and Custer’s Meadow. The least frequented entrances were at Shoal Creek Blvd and Lamar Blvd. / 31<sup>st</sup> St.

When asked what activities participants currently enjoy in the project area participants could choose up to three answers. The predominant response was walking / nature hikes – over 78%. The next most popular activities were biking, the dog off-leash area and Eeyore’s Birthday Party. Jogging/cross training, birding and picnic/grilling activities were next followed by the playground/ splashpad and volleyball activities. No one at the public meeting selected softball as an activity that they currently enjoy at the project area.

Participants were then asked to pick up to three types of amenities that were currently missing that they would like to see added in the project area. Over 43% selected restrooms followed by additional multi-use /hiking trails and a café or other food/beverage opportunity. 27% would like to see lighting in the project area followed by interpreted signage and trailheads. Amenities for additional court games, picnic tables/benches or additional playgrounds/splashpads were picked last. It is important to note that 18% selected the option for nothing, meaning that they did not want to see any additional amenities in the project area.

When asked to rank their most important and least important concerns for the park, natural resources was voted as most important followed by recreational amenities then a tie between transportation amenities and cultural resources.

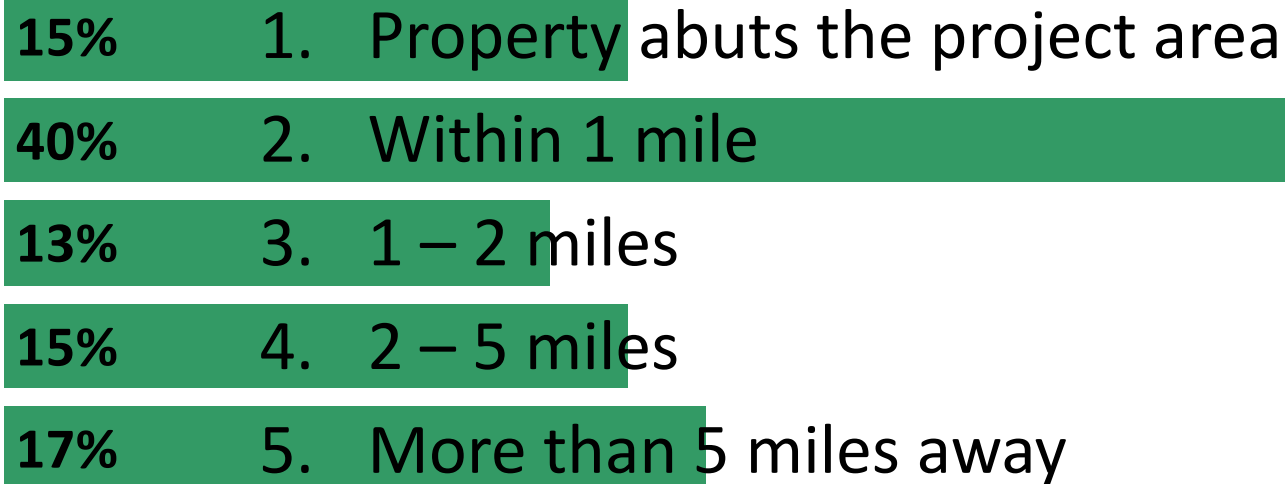

When asked how important it was to get to the Shoal Creek when they visit the project area, 70% responded that they always try to get to the creek or sometimes try to get to the creek. 27% responded that they hardly ever try to get to the creek.

When asked about the quality and quantity of the pedestrian crossings along Lamar Blvd., over 72% of the participants responded that they thought that there were not enough crossings and that there should be more crossings that are safer than the current crossings. 17% thought that the current pedestrian crossings were adequate, but that they should be redesigned to be made safer. 11% thought that the current pedestrian crossings were just right and that no changes were necessary.

When asked how the participants think of the park, 24% selected Green/Open Space followed by Historic Park and then Urban Park. Neighborhood Park and District Park were each selected by 13% while 11% selected Wildlife and Environmental Corridor. 5% selected Transportation Corridor while no one selected Stormwater Conveyance.

## Approximately how far away do you live from the project area?

## Approximately how often do you visit the project area?

13% 1. Every day

26% 2. A few times a week

43% 3. A few times a month

19% 4. A few times a year

0% 5. Never

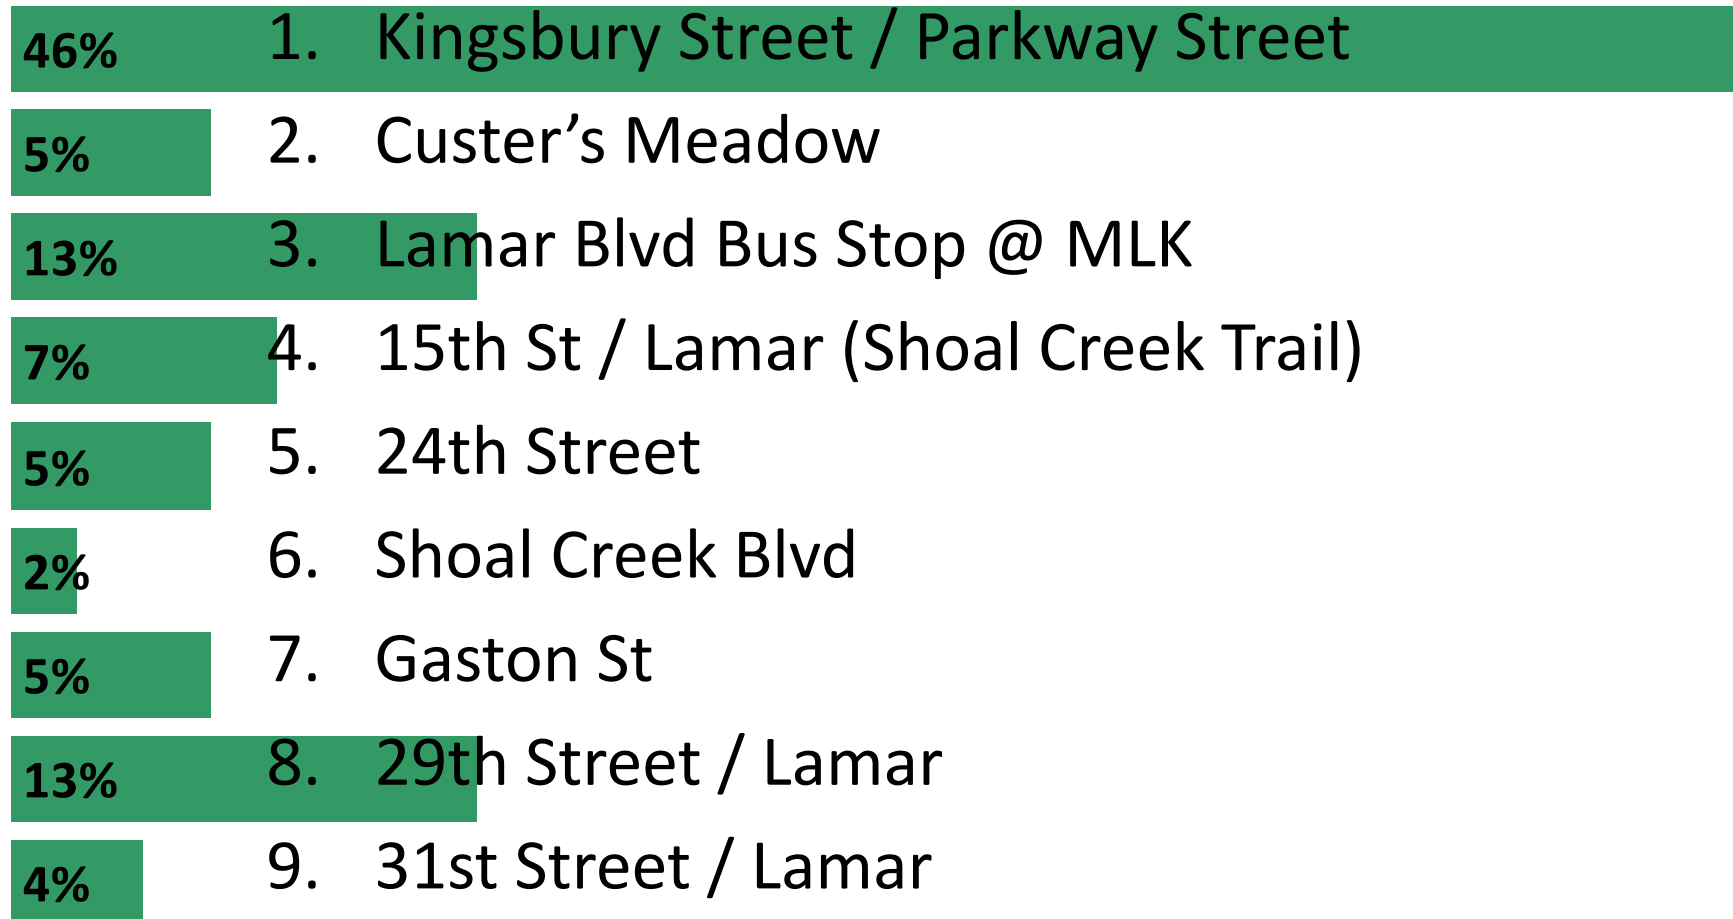

## What time of day do you usually visit the project area?

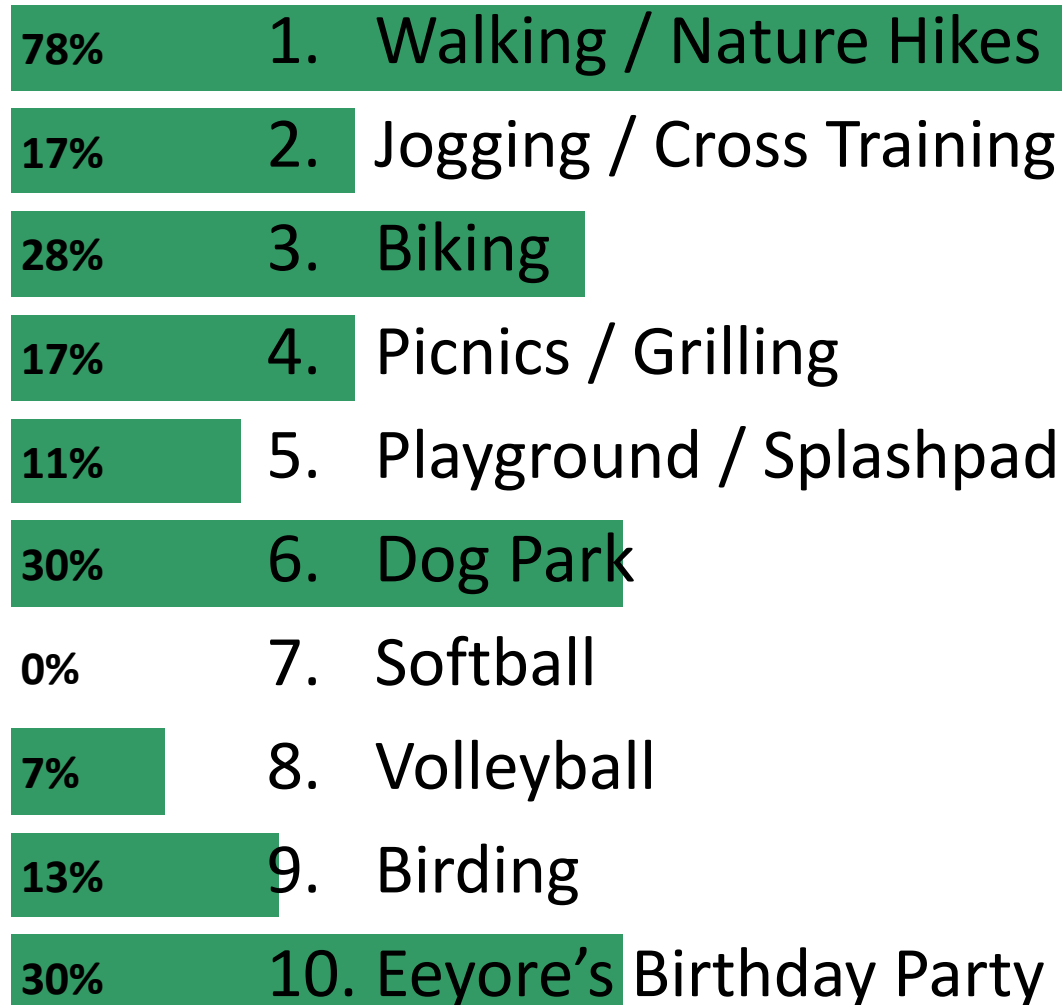

## How do you get to the project area?

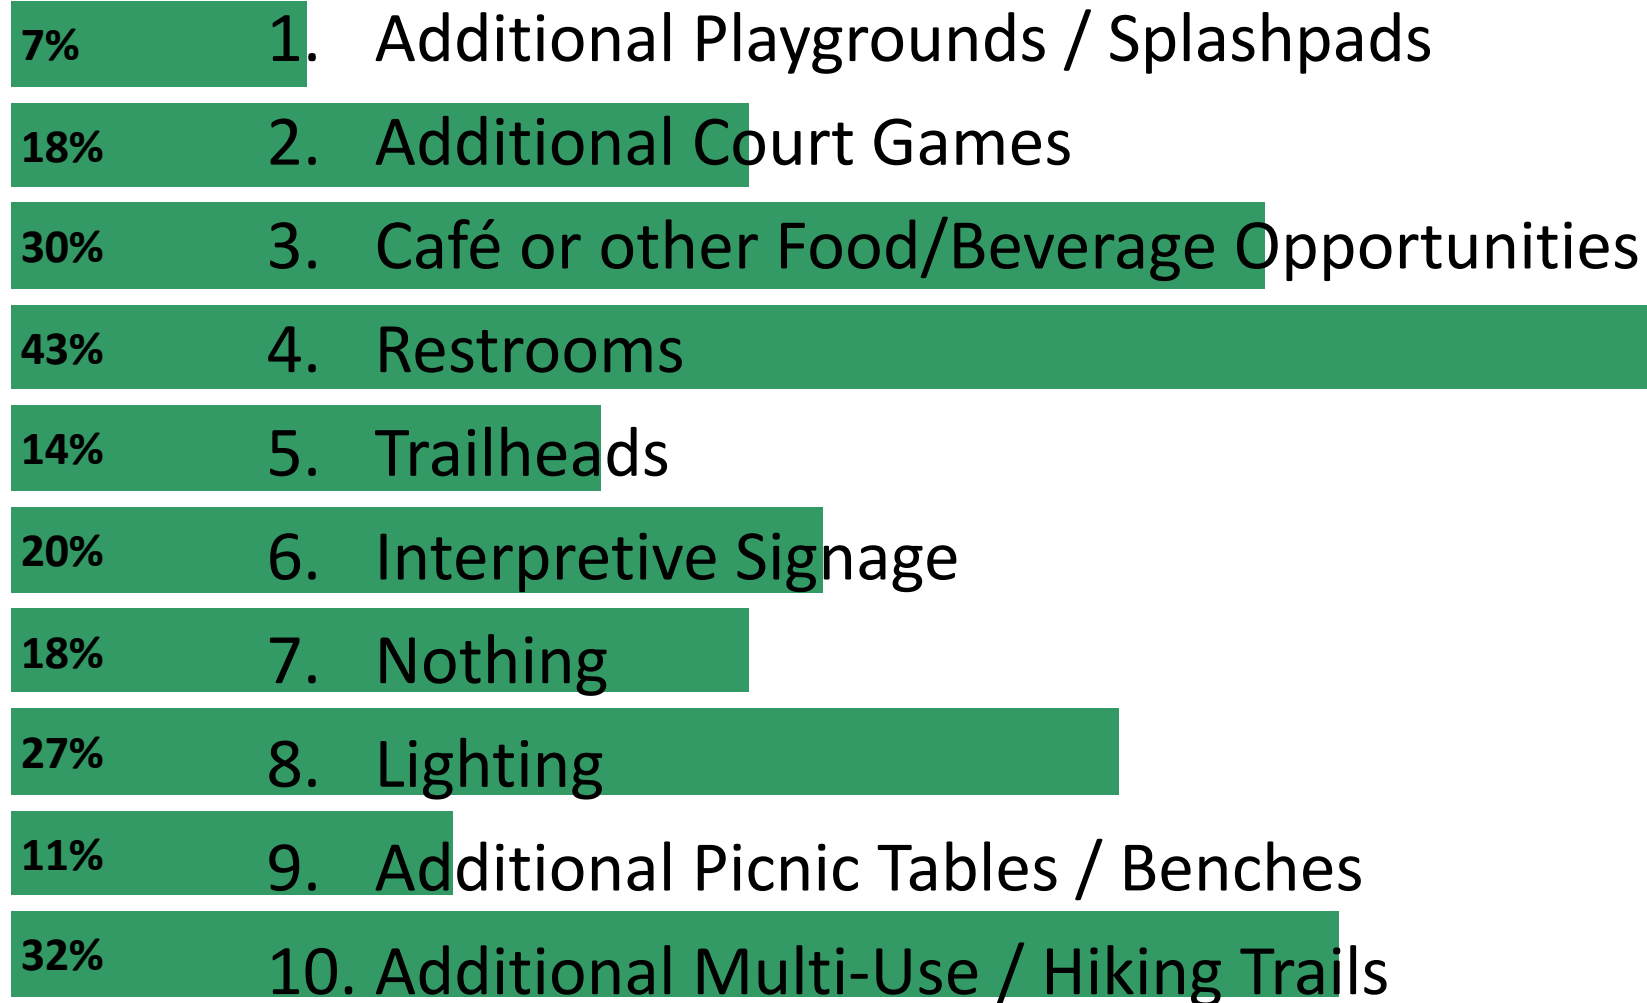

## Where do you normally enter the project area?

# What activities do you currently enjoy in the project area? (pick up to 3)

# What type of amenities are missing that would you like to see in the project area? (pick up to 3)

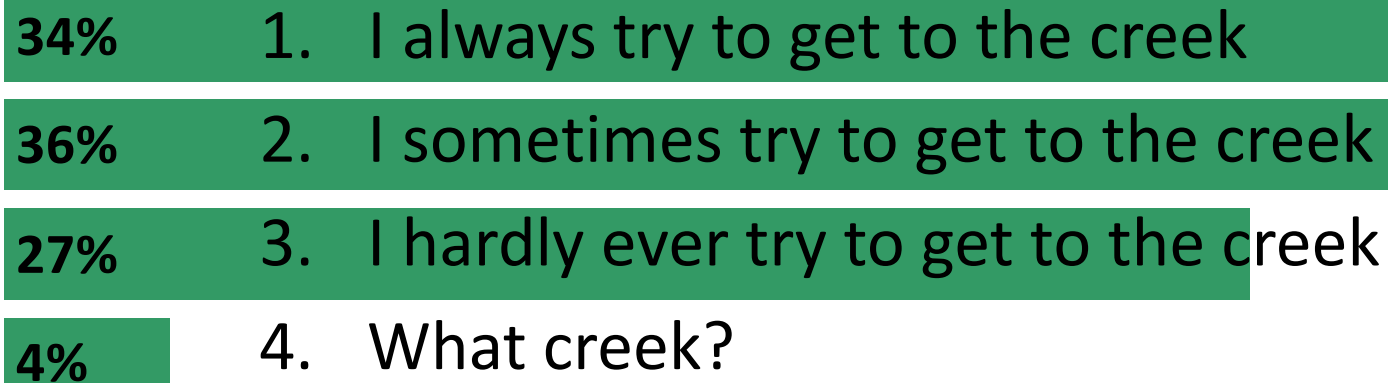

Please rank the following four functions of the park in order of your concerns (first answer is most important, last is least important)

How important is it for you to get to the creek  
when you visit the project area?

## The pedestrian crossings along Lamar Blvd to the project area are:

- 11% 1. Just right – no changes necessary
- 72% 2. Not enough, there should be more & safer
- 17% 3. Right amount, but needs safety enhancements

Do you think of the project area as a.....?

## PEASE PARK CONSERVANCY SURVEY - SUMMARY

## Pease Park Conservancy Survey - Summary

The Pease Park Conservancy presented several different types of planning input to the Design Team in the form of the Design Team survey, Pease Park Conservancy's own survey dated May 19, 2011, general types comments and annotated park maps. The following is a summary of these surveys and comments.

When asked about what they like best about Pease Park or what advantages it has over other parks, one of the main answers from the Conservancy members was that the park was hidden from the City, that there was a sense of escapism - being able to view the downtown skyline from inside the park, yet away from it all despite the close proximity to the downtown. The park's unique beauty and appreciation of the natural resources – the Live Oaks, Spanish moss, Shoal Creek – was often cited as the park's strengths. Pease Park is generally thought to be an inviting green space that open and welcoming.

When asked about what they did not like about Pease Park or what disadvantages it has compared to other parks, the threats to the natural resources – invasive species, tree health, creek erosion, creek bank stabilization – were listed as a main concern. Accessibility issues through the park – a fragmented trail system in need of constant maintenance - and inadequate park entrances and arrival spaces were also seen as disadvantages. The homeless people who occupy the park, lack of adequate restrooms and parking challenges were other comments cited by the Conservancy members.

When asked what desired improvements the Conservancy members would like to see in Pease Park, protecting the Shoal Creek, the trees and the wildlife from further threats was strongly desired. An improved trail system that integrates the hike and bike trails while connecting to other adjacent regional trail systems was cited as a desired improvement. Park programming elements like additional sports facilities, an outdoor amphitheater, pedestrian bridges over the creek, public art opportunities along Lamar, and more restrooms that need to be more contextual to the park environment were also listed. Historical interpretation and a remodeling of the Tudor Cottage were desired cultural resource opportunities. Some form of park lighting and improved park entrances were also cited by the Conservancy members.

Most of the Conservancy members get to the park either by walking /jogging or driving. Very few bike to the park and no one uses the bus.

Walking, dog walking and nature hikes are the predominant activities enjoyed in the park as well as relaxing, picnicking and grilling. Biking, the playground/splashpad and Eeyore's birthday were other activities listed by the Conservancy members. Recreational sport activities were least enjoyed in the park.

When asked to rank their most important and least important concerns for the park, natural resources (reforestation, watershed protection, etc...) was clearly the most important to the Conservancy members. Transportation amenities (new trail, public parking, etc...) were ranked second followed closely by recreational amenities (playgrounds, court games, etc...) and cultural resources (renovation of Tudor Cottage , historical interpretation, etc...).

When asked where the Conservancy members enter the park, the predominant answer was from the south at Kingsbury / Parkway Streets. This was followed by the entrances along 24<sup>th</sup> Street, Shoal Creek Blvd and Gaston St.

Most Conservancy members visit the park during the morning which is followed by afternoon and then evening hours.

When asked about the quantity and quality of pedestrian crossings along Lamar Blvd, the Conservancy members felt that there ought to be more crossings which are safer and connected to improved entrances into the park. None of the survey respondents thought that the existing crossings were adequate in quality or quantity.

When asked how important it was to get to the Shoal Creek when visiting the park, most Conservancy members responded that they sometimes try to get to the creek.

When asked how the Conservancy members think of the park, the responses were evenly split among seeing the park as a Green/Open Space, an urban park and a historical park.

## CLIPBOARD SURVEY - SUMMARY

## Clipboard Survey – Summary

The Clipboard Survey was conducted throughout numerous locations in Pease Park and the Shoal Creek Greenbelt over a four day period in January. The Clipboard Survey asked the same question as the public input survey listed on Survey Monkey as well as the KeyPad Survey that was conducted as part of the Public Meeting #1. The intent of the Clipboard Survey was to solicit input directly from the users of Pease Park and the Shoal Creek Greenbelt. This survey catches a glimpse of the weekend users as well as park volunteers. Members of the Pease Park Conservancy conducted the Clipboard Survey on the following days:

- 1) January 11, 2014 – 25 park users completed the survey near the Kingsbury / Parkway entrance and near 24<sup>th</sup> Street in the morning and early afternoon hours.
- 2) January 18, 2014 – 19 park users completed the survey on a Saturday afternoon near the Historic Picnic Tables in the early afternoon hours.
- 3) January 19, 2014 - 14 park users completed the survey on a Saturday morning near the Gaston Dog Park.
- 4) January 20, 2014 – 51 park users completed the survey during MLK’s Service Day. Many of the respondents were volunteers from the University of Texas. Surveys were conducted throughout the project area during the morning and afternoon hours.

In all, 109 park users completed the survey with the following results:

Over 29% of those that completed the survey lived over 5 miles from the project area. 26% of the surveyed park users lived within one mile of the project area while the rest live between one and five miles away. 35% of the surveyed park users visit the project area a few times a month while another 35% visit only a few times a year. 9% of the surveyed park users visit every day while 4 survey participants marked that they have never been to Pease Park before. A majority of the surveyed park users – over 54% - visit the project area in the afternoon with another 39% visiting in the morning. Only 6% visit in the evening and less than 1% visit at night.

When asked how the surveyed park users get to the project area, over 57% drove while 33% walk or jog. Only 10% bike to the project area and none of the surveyed park users take the bus. When they get to the project area, 38% enter at the Kingsbury / Parkway entrance followed by 25% at the 24<sup>th</sup> Street entrance, 8% at Lamar Blvd. / 15<sup>th</sup> Street, 7% at the Gaston Street entrance and 7% at Lamar Blvd. / 29<sup>th</sup> Street. The least used entrances were at Custer’s Meadow, Lamar Blvd. / MLK and Shoal Creek Blvd.

When asked what activities they currently enjoy in the project area, the surveyed park users were allowed to choose more than one answer (total percentages can therefore exceed 100%). Walking / Nature Trails was selected by almost 70% of those surveyed while over 46% choose Jogging /Cross Training. Over 28% enjoy using the dog park or off-leash areas, while 24% enjoy using the playground / splashpad and another 24% enjoy recreational biking. 22% enjoy volunteering – although almost half of the surveyed park users were in Pease Park for Service Day volunteer efforts. Picnic / Grilling, Eeyore’s Birthday and Volleyball were the next most popular activities enjoyed by the surveyed park users.

When asked what amenities were missing from the project area, the surveyed park users were allowed to choose more than one answer (total percentages can therefore exceed 100%). Over 61% of the surveyed park users listed restrooms – more of them and /or better quality restrooms and /or better maintained restrooms. This was almost double the next amenity which was a café at 34%. Surveyed park users also wanted to see more and better maintained hiking trails and multi-use trails with support amenities like bike racks, water fountains and trash cans. Over 20% selected more or better court games while 19% selected more footbridges across the creek and another 19% selected public art. Even though over 50% of the surveyed park users said they drive to the park, only 16% selected more parking as a needed amenity. When given the choice to select multiple answers only 9% wanted more playgrounds and 5% wanted additional splashpads.

When asked to rank their most important and least important concerns for the park, natural resources was clearly voted as most important followed by recreational amenities then transportation amenities followed closely by cultural resources.

When asked how important it was to get to the Shoal Creek when they visit the project area, 65% of the surveyed park users responded that they always try to get to the creek or sometimes try to get to the creek. 25% responded that they hardly ever try to get to the creek and 10% responded "What Creek?"

When asked about the quality and quantity of the pedestrian crossings along Lamar Blvd., over 36% of the participants responded that they thought that there were not enough crossings and that there should be more crossings that are safer than the current crossings. 24% thought that the current pedestrian crossings were adequate, but that they should be redesigned to be made safer. 40% thought that the current pedestrian crossings were just right and that no changes were necessary. Most of those who selected that the crossings were just right also selected that they drive to the project area.

Surveyed park users were also asked to provide a word or phrase about the vision for an outcome for the master plan. Below are several selected responses indicative of the responses received:

- Sanctuary of nature in the urban core of vibrant Austin
- Recess for all ages
- Nature: enhanced and maintained
- Keep it clean, keep it simple and keep it natural.
- Keep it natural – none of this Waller Creek non-sense!
- Woods and Water – cool combo!
- UT's park – UT student's nearest "nature"
- Green paradise – don't screw it up!

## ONLINE SURVEY (NOVEMBER 11, 2013 TO JANUARY 28, 2014) SUMMARY & RESULTS

## On-Line Survey November 11, 2014 – January 28, 2014 – Summary

As part of the public input process, the Design Team created an on-line survey that was made available to the general public from mid-November to the end of January. This on-line survey was hosted by the Survey Monkey website and was the same survey as the Keypad Survey that was conducted as part of the first Public Meeting and the Clipboard Survey that was conducted in the Pease Park and Shoal Creek Greenbelt. The on-line survey did ask a few other questions that allowed the respondents to type in answers as opposed to the Keypad Survey where respondents were only allowed to select answers using a 1 to 10 keypad. These additional questions are marked with an asterisk (\*). Over 368 participated in the on-line survey.

Almost 45% of the respondents live within one mile of the project area with another 5% responding that their property abuts the project area. Another 13% live one to two miles from the project area. The remaining 37% live more than two miles from the project area. 34% of the respondents visit the project area a few times a month while another 31% visit only a few times a year. 27% visit the project area a few times a week and 6% visit it every day. A majority of the respondents – almost 49% - visit the project area in the afternoon while another 35% visit during the morning. 15% visit the project area in the evening and only 1% visit at night.

When asked how the surveyed park users get to the project area, over 46% walk or jog while 40% drove. Only 13% bike to the project area and less than 1% of the surveyed park users take the bus. When they get to the project area, 34% enter at the Kingsbury / Parkway entrance followed by 14% at Lamar Blvd. / 15<sup>th</sup> Street (Shoal Creek Trail), 12% at 24<sup>th</sup> Street, then 11% at Gaston and 11% at Lamar Blvd. / 29<sup>th</sup> Street. The least used entrances were at Custer's Meadow, Lamar Blvd. / MLK and Shoal Creek Blvd.

When asked what activities they currently enjoy in the project area, the respondents were allowed to choose more than one answer. Walking / Nature Trails was selected by over 83% of those surveyed while almost 35% choose biking – either for recreation or transportation. Another 34% choose jogging / cross training. 33% enjoy using the playground/splashpad and another 33% enjoy Eeyore's Birthday. 32% responded that they enjoy using the dog park / off leash areas and another 28% enjoy picnicking and grilling. The least selected activities that were responded to were softball/baseball and volleyball.

When asked what amenities were missing from the project area, the surveyed park users were allowed to choose up to three answers (total percentages can therefore exceed 100%). Over 40% of the respondents listed restrooms while 30% selected additional multi-use or hiking trails. 29% of the respondents selected lighting while another 20% selected additional playgrounds/splashpads. 19% selected café or other food vending opportunities and 18% selected additional benches or picnic tables. 17% of the respondents would like to see more interpretive signage in the project area and 14% selected trailhead additions. When given the choice to select multiple answers 15% selecting that they did not want to see any additional amenities added to the project area.

When asked to rank their most important and least important concerns for the park, natural resources was clearly voted as most important followed by recreational amenities then transportation amenities followed closely by cultural resources.

When asked how important it was to get to the Shoal Creek when they visit the project area, 42% of the respondents answered that they always try to get to the Creek while another 35% responded that they sometimes try to get to the creek. 21% responded that they hardly ever try to get to the creek and 2% responded "What Creek?"

When asked about the quality and quantity of the pedestrian crossings along Lamar Blvd., over 41% of the participants responded that they thought that the current pedestrian crossings were the right amount, but that they should be redesigned to be made safer. 30% responded that the current pedestrian crossings were just right and that no changes were necessary. 29% responded that there should be more crossings that are safer than the current crossings.

When asked how they think of the park, 27% of the respondents selected Green/Open Space followed closely by Urban Park at 25% and Neighborhood Park at 21%. Despite the recent floods, not a single respondent selected stormwater conveyance.

\*When asked “what one thing must change about the project area?”, the respondents were free to type in their responses. 340 people responded and the following five categories received the most mention:

1. **Maintenance:** Many respondents commented on the quality of maintenance in the study area. This involves better trail maintenance, more stable trail materials and better clean-up of trails after floods. This also included the maintenance of the natural areas – tree protection, invasive removals and more sustainable turf in play areas. Restrooms were often commented upon in terms of the need for more as well as for better maintenance of the current restrooms which are frequently in need of better care.
2. **Dog Off-Leash Areas:** This was a touchy subject with many comments. Many want to preserve or enlarge the off-leash area as an asset to the park while others see this as an issue needing more controls on enforcing the off-leash areas as well as needing more dog waste stations.
3. **Erosion Control:** Many commented on the erosion problems in the forested uplands, along the trails and in the stream banks.
4. **Safety:** Many comments focused on the quality of the environment and called for the park to be made safer. The main comments included the addition of lighting – especially in the early morning and later in the evening. These comments also included the issue of the homeless in the park and how they should be addressed as many felt the homeless made the project area less safe.
5. **Eeyore’s Birthday:** Most of the comments related to Eeyore’s Birthday related to keeping the event at Pease Park, but there were some comments that said that it should be removed. Most of these comments came from some nearby neighbors.

Other comments included:

- More Shade in the Project area – especially around the playground and splashpad
- More parking
- The addition of a café or some vending opportunity
- Better bike amenities like bike racks
- Disc Golf – some for and some against bringing it back to the project area
- More activities for kids
- More water fountains
- Better courts for volleyball and basketball with better amenities
- Improved water quality in the Creek

\* When asked “what one thing must remain as is about the project area?”, the respondents were free to type in their responses. 340 people responded and the following four categories received the most mention:

1. **Trees, Trees, Trees:** By far the most common response was to keep the trees and to preserve and protect them – both young and old – as well as planting more.
2. **Green Open Space and Natural Setting:** Many comments addressed the need to keep the natural beauty of the site and the need to maintaining the green open spaces. Keeping the natural feel of the site was important to many as well as the sense of the wilderness in the middle of the City. Views to the Creek and views of downtown were also mentioned as important to remain.
3. **Playground/Splashpads/Picnic Tables:** The playground, splash pad and picnic tables were seen by many respondents as elements that must remain. Many of the comments were also in favor of preserving, expanding or upgrading these facilities. Many also wanted more seating at these areas with increased shade.
4. **Dog Off-Leash Areas:** Like the previous survey question, the off-leash dog area received a lot of support and many want it expanded. Conversely there were a few comments about limiting, enforcing the dog off-leash area.

Other comments included:

- Preserve historic bridges and structures (Tudor Cottage, stone walls & gates)

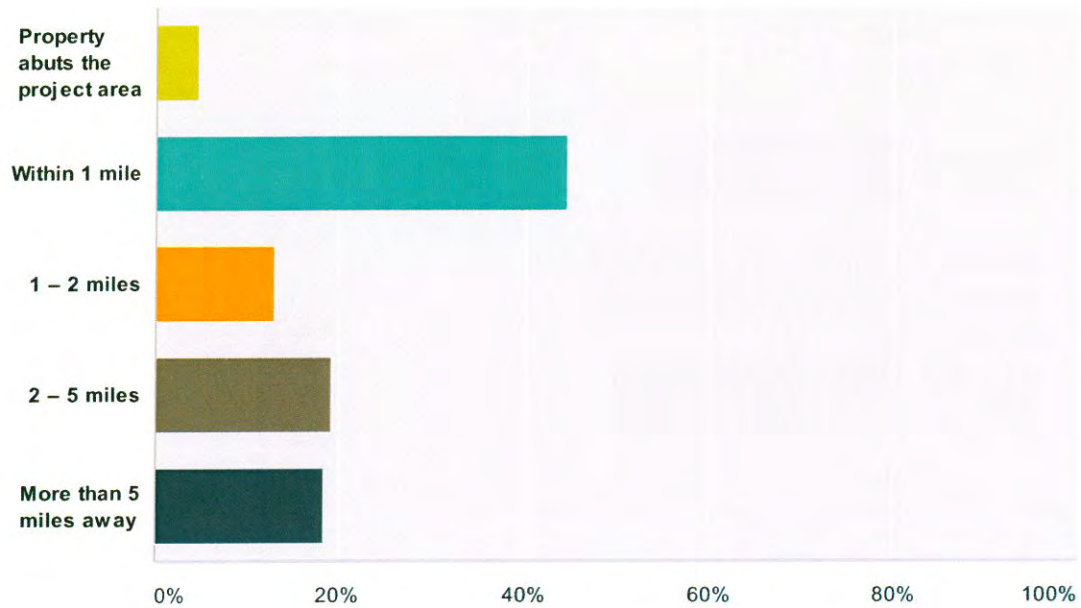

- Loved the trails, but recognized the need for maintenance
- Keeping the area family friendly
- Keep and improve the volleyball and basketball courts
- Keep Eeyore's Birthday, a few wanting it to leave the park.

\* When asked "when my grandchildren visit the project area, I want them to experience the .....", the respondents were free to type in their responses. 327 people responded and below are several selected responses indicative of the responses received:

- Beauty of the Clean Creek
- Historical, cultural meaning of the park
- Green space in the heart of the City
- Green space and trails
- Space for dogs to be free
- Eeyore's Birthday
- Trails and diverse habitat
- Legacy Live Oaks

70	off leash dog area and more grilling areas	1/22/2014 4:55 PM
71	Please keep it well lit and safe - It's a great park for an early morning or evening run. Would like to see some of the trails improved that are rocky.	1/22/2014 4:35 PM

APPENDIX C4: ONLINE SURVEY (NOVEMBER 11, 2013 TO JANUARY 28, 2014) SUMMARY & RESULTS

72	parking availability	1/22/2014 3:53 PM
73	Bring back Disc Golf on a limited scale - like hosting a weekend tournament. Keep Eeyore's at the park. Friends of the Forest (an Eeyore's organization) does a lot of volunteer work in the park. If Eeyore's is kicked out of Pease Park I don't see Friends of the Forest continuing to dedicate so much time to improving Pease Park.	1/22/2014 3:28 PM
74	Increase the off-leash area	1/22/2014 3:25 PM
75	better bike access for commuting downtown, at least from Seton south to downtown, preferably from farther north	1/22/2014 3:14 PM
76	NA	1/22/2014 3:12 PM
77	Nothing	1/22/2014 12:27 PM
78	More parking	1/22/2014 11:40 AM
79	More durable turf	1/22/2014 11:18 AM
80	put disc golf back in!	1/22/2014 10:23 AM
81	..	1/22/2014 9:45 AM
82	I am unsure	1/22/2014 8:41 AM
83	Storm water control, erosion, and slope stabilization are such major issues, but the resolutions should integrate that naturalness and even "wildness" of the natural environment with the human-engineered.	1/21/2014 3:07 PM
84	Needs to be re-forested more	1/21/2014 2:30 PM
85	nothing	1/20/2014 9:03 PM
86	safety lighting	1/20/2014 7:57 PM
87	Clean water should flow in Shoal Creek	1/20/2014 4:36 PM
88	more attention to the walking surface, more pervious pavement to reduce wash outs and erosion, especially north of 29th.	1/20/2014 3:29 PM
89	Remove alcohol ban	1/20/2014 10:25 AM
90	need more volunteer days	1/20/2014 9:59 AM
91	Let disc golf come back!!!	1/20/2014 9:18 AM
92	Better bike facilities	1/19/2014 9:41 PM
93	more restrooms	1/19/2014 9:00 PM
94	less pressure towards Eeyores Birthday requirements!! signed Duckster	1/19/2014 8:37 PM
95	Cleanliness and safety	1/19/2014 8:25 PM
96	More dog areas	1/18/2014 5:58 PM
97	easier parking	1/18/2014 2:55 PM
98	Smoother trails, more doggy bags to help with amount of poop on trails	1/18/2014 2:48 PM
99	additional restroom facilities especially east of the creek	1/18/2014 11:09 AM
100	Improve trail between gaston and 24th	1/18/2014 10:14 AM
101	Vagrants	1/17/2014 10:00 PM
102	Improvements to the trail-specifically, maintenance of it.	1/17/2014 6:07 PM
103	I currently have no particular concern.	1/17/2014 5:47 PM
104	You need to remove Eeyores birthday party	1/17/2014 5:30 PM
105	splash pad is frequently not working	1/17/2014 5:25 PM
106	Define the limits of off-leash dog area. Too many run off-leash.	1/17/2014 5:23 PM

## APPENDIX C4: ONLINE SURVEY (NOVEMBER 11, 2013 TO JANUARY 28, 2014) SUMMARY &amp; RESULTS

107	better public transportation options to the park.	1/17/2014 5:22 PM
108	health of the environment needs to be improved.	1/17/2014 5:21 PM
109	bring back disc golf	1/17/2014 4:03 PM
110	clean the trash that blows in from the street and creek	1/17/2014 1:18 PM
111	Maintain green space	1/16/2014 2:37 PM
112	I would like to see a 9 hole, disc golf course put in.	1/16/2014 2:21 PM
113	all the restricted parking	1/16/2014 11:52 AM
114	Return disc golf soon as possible	1/16/2014 6:55 AM
115	Put the disc golf course back please!	1/15/2014 11:38 PM
116	Add Disc Golf	1/15/2014 10:48 PM
117	nothing	1/15/2014 7:11 PM
118	Stupid Question, It's a nice park. Nothing MUST change. Keep up the removal of invasive species and taking care of trees	1/15/2014 6:51 PM
119	n/a	1/15/2014 6:26 PM
120	support the volunteer work with gravel an mulch	1/15/2014 6:21 PM
121	nothing	1/15/2014 6:02 PM
122	Improved creek crossing	1/15/2014 3:08 PM
123	More trees for shade in summer.	1/15/2014 2:18 PM
124	Improve hike/bike trail.	1/15/2014 2:03 PM
125	less erosion	1/15/2014 1:33 PM
126	More Shade	1/15/2014 1:03 PM
127	Put more gravel where there are so many roots	1/15/2014 12:49 PM
128	All the fighting over the park. It is a wonderful space that can accommodate everyone from morning joggers to Eeyores friends, to afternoon soccer players. It is public space, for all the taxpayers of Austin.	1/15/2014 12:38 PM
129	THE changes there are amazing - my problems have been addressed.	1/15/2014 10:42 AM
130	Love it as is	1/15/2014 10:21 AM
131	traffic	1/15/2014 10:19 AM
132	More bathrooms and water on the east side of creek.	1/15/2014 10:07 AM
133	clear dead trees, reduce invasive species	1/15/2014 9:48 AM
134	A 9-hole disc golf course should be planned in a sustainable way and added back to the park.	1/15/2014 9:03 AM
135	keep planting trees with eeyores	1/15/2014 9:02 AM
136	nothing	1/15/2014 8:35 AM
137	more trees	1/15/2014 8:19 AM
138	A SECOND PEDESTRIAN BRIDGE OVER CREEK	1/15/2014 8:12 AM
139	The picnic area is great, but some areas have dead trees and could use bridges.	1/15/2014 6:58 AM
140	Parking is too limited.	1/15/2014 2:54 AM
141	More protection from vandalism of trees and irrigation system	1/15/2014 2:34 AM
142	Get rid of invasive plants and ragweed	1/14/2014 11:52 PM
143	More dog friendly	1/14/2014 2:55 AM
144	continous trail all the way to town lake	1/14/2014 2:54 AM

## APPENDIX C4: ONLINE SURVEY (NOVEMBER 11, 2013 TO JANUARY 28, 2014) SUMMARY &amp; RESULTS

145	rest rooms	1/13/2014 11:39 PM
146	Get the trail in better condition.	1/13/2014 8:48 PM
147	I like it a lot and normally I really like to improve things, but I can't think of what needs to improve. Mostly just protect the wildlife and nature aspect.	1/13/2014 4:20 PM
148	accessible paths/walkways	1/13/2014 2:48 PM
149	improve the trail for running, walking etc. repave?	1/13/2014 2:21 PM
150	Increase the dog park	1/13/2014 1:17 PM
151	a fenced area for dogs would be great	1/13/2014 1:15 PM
152	more shade would be great/more space for the dogs to roam	1/13/2014 12:59 PM
153	maybe some additional trails, like forked choices	1/13/2014 12:02 PM
154	shade at splash pad	1/13/2014 10:50 AM
155	more dog poop bag stations & waste stations throughout length of park, plus add signage on poop bag stations about picking up poop/fines if you don't. They have this additional signage at Redbud. As dog owners, we believe it helps make people more aware. And keep all the off-leash area intact! We desperately need large leash-free areas in our city! There are 110,000 MORE dogs than children under 18 in our city. Our parks need to reflect the needs of its tax-paying citizens!	1/13/2014 10:47 AM
156	more trees, better landscaping, lighting for early morning	1/13/2014 10:28 AM
157	improvement of hike/bike trail, especially between 24th and Shoal Creek Blvd	1/13/2014 10:13 AM
158	Rough trail near 24th St should be improved	1/13/2014 7:10 AM
159	Improve trail conditions	1/12/2014 10:19 PM
160	maintenance	1/12/2014 9:29 PM
161	a Playground at the north end of the park would be nice	1/12/2014 8:01 PM
162	Clear brush and clean the creek of brush and trash.	1/12/2014 6:36 PM
163	More trees	1/12/2014 6:30 PM
164	Too many dogs, too much dog waste	1/12/2014 5:26 PM
165	Less transient traffic	1/12/2014 5:08 PM
166	add more off-leash area	1/12/2014 4:59 PM
167	Increase dog park area	1/12/2014 4:24 PM
168	condition of trail	1/12/2014 3:50 PM
169	The bike path needs to be fixed	1/12/2014 3:32 PM
170	Presence of vagrants	1/12/2014 3:25 PM
171	ground compaction from overuse in some areas & erosion	1/12/2014 11:04 AM
172	Improve the trails and surrounding area to prevent erosion.	1/12/2014 11:03 AM
173	Protect the banks from erosion	1/12/2014 10:02 AM
174	get rid of Eyore's birthday...or invite 6000 people to walk through, throw trash in your front yard	1/10/2014 2:23 PM
175	Trash associated with bands of homeless people living there. The police tell us they all have records and stay away for weeks once roused, and we encounter them in our yards pilfering things.	1/10/2014 10:08 AM
176	Too many ignore on leash area rule and let dogs run free	1/9/2014 2:48 PM
177	Improve care of grass and trees	1/9/2014 1:07 PM
178	Improved displays of cultural resources, especially concerning Native American presence.	1/8/2014 10:31 PM
179	The misperception of the park being only a preservation or restoration site. Portions need to redevelop to serve the modern city in which it resides.	1/8/2014 8:40 PM

## APPENDIX C4: ONLINE SURVEY (NOVEMBER 11, 2013 TO JANUARY 28, 2014) SUMMARY &amp; RESULTS

180	the trail in the off leash area that runs above the creek is in really bad shape	1/8/2014 2:40 PM
181	I don't know	1/8/2014 2:38 PM
182	patrons must accept we need controls to maintain the park	1/8/2014 1:19 PM
183	Tree maintenance	1/8/2014 1:13 PM
184	Better trail connection to downtown and North Austin	1/8/2014 12:47 PM
185	Improve trail maintenance.	1/8/2014 11:26 AM
186	Bike trail open 24 hours a day	1/8/2014 10:38 AM
187	happy how it is	1/8/2014 10:36 AM
188	Better maintenance	1/8/2014 10:36 AM
189	Improve the ground cover north of Windsor.	1/8/2014 9:49 AM
190	improve the volleyball courts, ideally move them to be near the playground so there is parking and the whole family can enjoy them	1/8/2014 9:47 AM
191	Enhance water features of Shoal Creek	1/8/2014 9:44 AM
192	More courts, more sand for the courts, and better nets are needed.	1/8/2014 8:47 AM
193	Improve safety	1/8/2014 12:54 AM
194	Restrooms are not aesthetically pleasing	1/7/2014 9:11 PM
195	Make all trails bike accessible	1/7/2014 9:04 PM
196	Trail maintenance	1/7/2014 8:41 PM
197	condition under the 24th St. bridge--seems unsafe	1/7/2014 7:32 PM
198	Improved trails that don't wash out with hard rains.	1/7/2014 6:52 PM
199	Remove invasive plant species	1/7/2014 6:43 PM
200	Have no complaints	1/7/2014 5:47 PM
201	A better walking/jogging trail, and around (on both sides) of the creek.	1/7/2014 5:30 PM
202	Safety / vagrants - I don't always feel safe walking there alone as a single woman	1/7/2014 4:49 PM
203	Better maintenance	1/7/2014 4:39 PM
204	Clean up the landscaping	1/7/2014 4:28 PM
205	Removing the disc golf course has already been a huge improvement as this area desperately needs to recharge.	1/7/2014 4:10 PM
206	to feel safe when there with my child	1/7/2014 3:47 PM
207	grass improvement and tree care	1/7/2014 3:41 PM
208	recreational amenities	1/7/2014 3:36 PM
209	drinking water and bathroom access	1/7/2014 3:20 PM
210	I am not familiar enough with the plan to say!	1/7/2014 2:36 PM
211	more trash cans would be great when picking up after dogs	1/7/2014 1:52 PM
212	more native plants for migrating birds and butterflies	1/7/2014 1:50 PM
213	Homeless have taken over Pease Park	1/7/2014 1:49 PM
214	Trail maintenance between 24th and 31st	1/7/2014 1:46 PM
215	no mandatory changes.... some trail improvements ( to eroded trails) would be nice however.	1/7/2014 1:40 PM
216	Trail condition should be improved.	1/7/2014 1:05 PM
217	better lighting	1/7/2014 1:04 PM
218	We have to keep disc golf PERMANENTLY away to protect all plants	1/7/2014 12:48 PM

## APPENDIX C4: ONLINE SURVEY (NOVEMBER 11, 2013 TO JANUARY 28, 2014) SUMMARY &amp; RESULTS

219	more consistent upkeep by Parks staff, mowing, fire ant and weed control.	1/7/2014 12:34 PM
220	trees added, kept pruned, etc. SAFETY!	1/7/2014 12:28 PM
221	the way it looks rundown	1/7/2014 12:26 PM
222	Rocky trail north of 24th	1/7/2014 12:24 PM
223	improve trail maintenance	1/7/2014 12:23 PM
224	fill in holes on the trail	1/7/2014 12:22 PM
225	trail maintenance and landscape improvement	1/7/2014 12:21 PM
226	I am not sure	1/7/2014 12:21 PM
227	Enforcement of on-leash areas. Many people have dogs off-leash in areas restricted to on-leash.	1/7/2014 11:56 AM
228	I don't know enough about your plans to answer the question. I have no context	1/7/2014 11:55 AM
229	cleanup of dead trees, other debris and nonnative plants	1/7/2014 11:47 AM
230	improved lighting on trail itself – beyond park proper	1/7/2014 11:42 AM
231	I'd love to have a more even surface for jogging between Windsor and the dog park entrance near Gaston	1/7/2014 11:37 AM
232	attention to safety for children	1/7/2014 11:29 AM
233	I have nothing	1/7/2014 11:24 AM
234	The path really needs to be smoother to allow for better jogging/bike riding without getting hurt!	1/7/2014 11:22 AM
235	more parking	1/7/2014 11:21 AM
236	more trees, invasive plants need to be removed	1/7/2014 11:20 AM
237	better walking trails	1/7/2014 11:15 AM
238	Improved trails especially the condition for riding bikes.	1/7/2014 11:14 AM
239	An entrance into the park directly across from Kingsbury/Parkway juncture (so you don't have to walk along the road). A lot of people use the cut through from Windsor to get into the park but there is not an entrance across from the cut through. Speed humps along Kingsbury. The handicap parking space at the entrance (at the splash pad) is not marked very clearly.	1/7/2014 11:13 AM
240	Install grills by picnic tables near parking area.	1/7/2014 11:05 AM
241	incorporate more exercise stations	1/7/2014 10:50 AM
242	trail is very rocky	1/7/2014 10:47 AM
243	Erosion, rocks, rough trail between Gaston and 24th street	1/7/2014 10:12 AM
244	we love Pease Park like it is	1/7/2014 9:10 AM
245	The quality of the trail. It should be stroller friendly throughout!	1/6/2014 11:44 PM
246	find a way to maintain accessibility, trees, greenness while tolerating inevitable flooding	1/6/2014 10:55 PM
247	The actual trail needs better up keep. It can get very rocky with rain. It makes it tough to walk or jog on safely.	1/6/2014 10:55 PM
248	Improve erosion control	1/6/2014 10:29 PM
249	Safety	1/6/2014 10:17 PM
250	Need more dog bag stations, MANY more trash cans (certain areas have none and ppl leave poo and trash on ground)	1/6/2014 10:14 PM
251	there's a constantly muddy area between 24th street and Gaston	1/6/2014 10:14 PM
252	more concern for native plants along creek	1/6/2014 6:02 PM
253	Enforce smoking and leash rules	1/4/2014 9:45 PM
254	New frisbee golf course or other activity like that	12/25/2013 4:41 PM

256	improve the trail	12/18/2013 5:45 PM
257	invasive plants	12/16/2013 3:17 AM
258	I'd like to see water in the creek year round.	12/13/2013 9:26 PM
259	More Parking	12/12/2013 12:50 PM
260	stop eyore's birthday party	12/11/2013 10:47 AM
261	Don't know	12/8/2013 10:36 PM
262	Enforcing the leash law the applicable areas of the park	12/5/2013 4:48 PM
263	bike lanes	12/5/2013 3:41 PM
264	Should reestablish disc golf course - which was only real option within WALKING distance for students.	12/5/2013 3:15 PM
265	walk/jog path in good condition between Gaston & 24th St. Also removing dead trees and protecting live ones.	12/5/2013 11:26 AM
266	Trail is in horrible condition north of Windsor	12/5/2013 10:45 AM
267	more pedestrian/bike bridges across Shoal Creek	12/5/2013 9:42 AM
268	We need flood protection. path very rocky.	12/5/2013 8:37 AM
269	Remove invasives	12/5/2013 7:03 AM
270	Clean up the Creek	12/4/2013 11:46 PM

## ONLINE SURVEY (FEBRUARY 9, 2014 TO FEBRUARY 14, 2014) SUMMARY & RESULTS

## On-Line Survey February 9, 2014 – February 14, 2014 – Summary

After the On-Line Survey was closed on January 28, 2014, numerous members of the public asked to have the survey re-opened as they did not have a chance to have their input heard prior to the January 28<sup>th</sup> deadline. PARD decided to open the survey for one more week. During that week, an additional 358 respondents participated in the survey. Almost all of these respondents were members of Austin's disc golf community.

Over 66% of the respondents live more than 5 miles away from the project area and 24% live two to five miles from the project area. Less than 10% of the respondents live within two miles of the project area while one respondent's property abuts the project area. 37% of the respondents visit the project area a few times a month while another 30% visit a few times a year. 22% visit a few times a week. Over 6% of the respondents have never visited the site. A majority of the respondents – almost 54% - visit the project area in the afternoon while another 30% visit during the morning. 15% visit the project area in the evening and only 1% visit at night.

When asked how the respondents get to the project area, over 83% drove to the project area. Only 10% bike to the project area and less than 5% of the surveyed park users walk or jog. When they get to the project area, 37% enter at the 24<sup>th</sup> St entrance followed by 21% at Lamar Blvd. / 15<sup>th</sup> Street (Shoal Creek Trail), the 12% at Lamar Blvd. / 29<sup>th</sup> Street and 11% at Kingsbury/Parkway St. The least used entrances were Gaston St, 31<sup>st</sup> St/ Lamar Blvd, Custer's Meadow and Lamar Blvd. / MLK.

When asked what activities they currently enjoy in the project area, the respondents were allowed to choose more than one answer. Walking / Nature Trails was selected by over 73% of those surveyed while almost 39% enjoy Eeyore's Birthday Party. Over 25% choose biking – either for recreation or transportation. Almost 24% enjoy picnicking/ grilling and almost 23% enjoy jogging / cross training. The least selected activities that were responded to were softball/baseball and birding.

When asked what amenities were missing from the project area, the respondents were allowed to choose up to three answers (total percentages can therefore exceed 100%). Over 67% of the respondents listed restrooms while 27% selected additional multi-use or hiking trails. 26% of the respondents selected lighting while another 21% selected additional court games. 19% selected additional picnic tables/benches. Almost 11% of the respondents selected café or other food and beverage opportunity.

When asked to rank their most important and least important concerns for the park, recreational amenities was voted as most important followed by natural resources then transportation amenities followed closely by cultural resources.

When asked how important it was to get to the Shoal Creek when they visit the project area, 49% of the respondents answered that they always try to get to the Creek while another 29% responded that they sometimes try to get to the creek. 20% responded that they hardly ever try to get to the creek and 1% responded "What Creek?"

When asked about the quality and quantity of the pedestrian crossings along Lamar Blvd., over 40% of the participants responded that they thought that the current pedestrian crossings were the right amount, but that they should be redesigned to be made safer. 35% responded that the current pedestrian crossings were just right and that no changes were necessary. 25% responded that there should be more crossings that are safer than the current crossings.

When asked how they think of the park, 40% of the respondents selected Urban Park followed by Historic Park at 20% and Neighborhood Park at 15%. Despite the recent floods, only one respondent selected stormwater conveyance.

\*When asked "what one thing must change about the project area?", the respondents were free to type in their responses. 319 people responded and the following five categories received the most mention:

1. Disc Golf: Over 92% of the respondents asked that disc golf be brought back to Pease Park on some form – from a full 18 hole golf course to at least a few holes for playing or practicing.

2. Maintenance: Several of the non-disc golf respondents commented on the quality of maintenance in the study area. This involves better trail maintenance, more stable trail materials, mowing of lawn areas and general trash clean-up. Restrooms were commented upon in terms of the need for more as well as for better maintenance of the current restrooms which are frequently in need of better care.
3. Petanque: Several respondents would like to see dedicated petanque courts of crushed limestone.
4. Parking: Many would like to see increased parking spaces for the park.
5. Shade: More Shade in the Project area – especially around the playground and splashpad

\* When asked “what one thing must remain as is about the project area?”, the respondents were free to type in their responses. 316 people responded and the following four categories received the most mention:

1. Disc Golf Course: By far the most common response was to bring back disc golf to the park, however there were several voices that wanted to make sure that disc golf stay out of the park.
2. Green Open Space and Natural Setting: Many comments addressed the need to keep the natural beauty of the site and the need to maintaining the green open spaces. Keeping the natural feel of the site was important to many as well as the sense of the wilderness in the middle of the City. Public access was also very important.
3. Trails: Many respondents wanted to make sure that the trails were kept in the park for walking, hiking, jogging and birding. Many respondents recognized the need for better maintenance along the trails.
4. Dog Off-Leash Areas: The off-leash dog area received a lot of support and many want it expanded.

Other comments included:

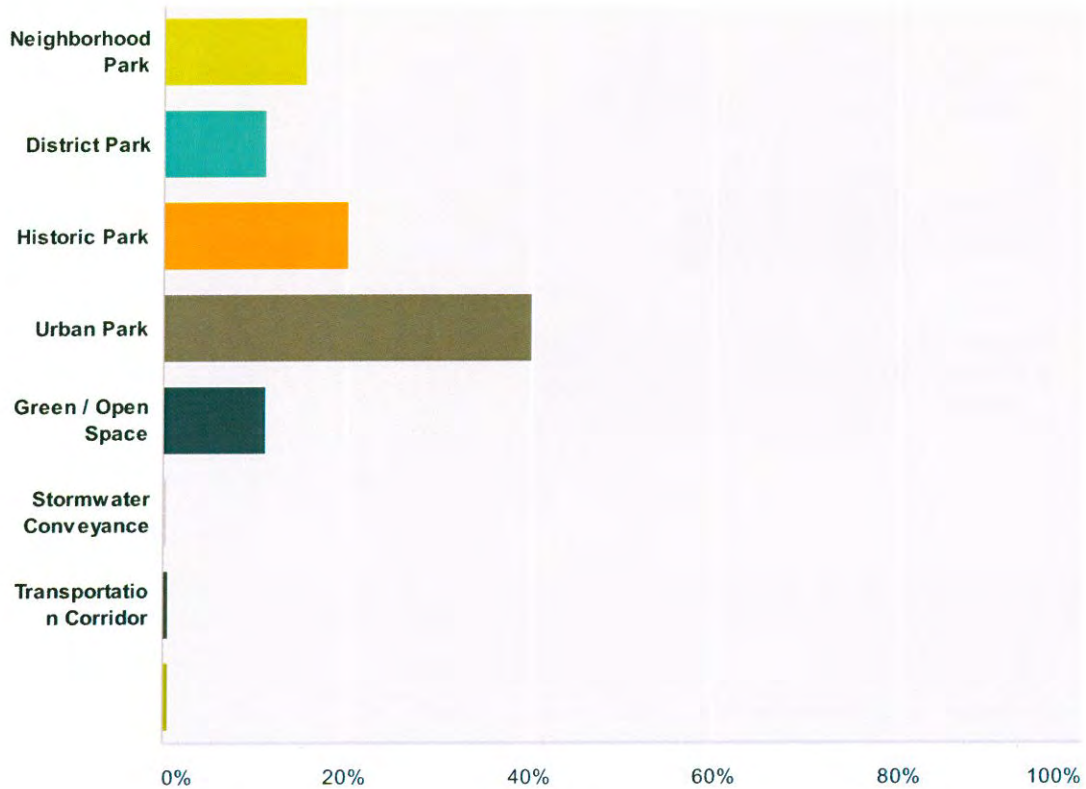

- The Playground and Splashpad are very popular
- Keeping the trees and the beautiful nature
- Keep and improve the volleyball and basketball courts
- Keep Eeyore’s Birthday

\* When asked “when my grandchildren visit the project area, I want them to experience the .....”, the respondents were free to type in their responses. 304 people responded and below are several selected responses indicative of the responses received:

- Disc golf course
- Creek and natural open areas
- Beautiful trail system
- Historic atmosphere
- Eeyore’s Birthday
- Safe and healthy environment
- Dog friendly environment

227	bring back the disc golf course	2/11/2014 5:53 PM
228	A dedicated dog park area and more restrictions on big events that use the land. I really miss the disc golf course that was an Austin staple for my friends that came to town—they enjoyed the downtown course as we could play then visit other Lamar businesses very easily like Tavern, Waterloo and Whole Foods—all three Austin icons!	2/11/2014 5:52 PM
229	needs to re-install disc golf course	2/11/2014 5:51 PM

APPENDIX C5: ONLINE SURVEY (FEBRUARY 9, 2014 TO FEBRUARY 15, 2014) SUMMARY & RESULTS

67	I have been playing DiscGolf for 28 years. Pease Park has always been my favorite course to play. It's really nice to have had a course so close to my home. I work for the City of Austin Street and Bridge as an Equipment Operator 3. When Pease Park Disc Golf course was up I would get out of work and drive straight to play a round at Pease. I really miss playing Disc Golf there. I also played Texas Teams for Pease Park. Our Team took 1st place in 2007. It's great to represent Pease Park. During my Spare time I would always pick up trash and bring my gas hedge trimmers and trim shrubs at certain wholes to make it look pleasing to players and walkers. I would enjoy sprucing up areas that need a little trimming. I took pride in this course. Also I think our presence there kept corruption down. I know there are many disc golfers that have families, kids, and would always help anyone in need. Our DiscGolf Community has a Great Heart for Life and People in general. I hope the City finds it in our favor to give Pease Park another chance for DiscGolf. This sport is becoming very popular for men, woman, children, from the young to the older generation like myself. I have Grandchildren that love to play Disc Golf. And they are much older now and I would love to bring them back to Pease Park. Thank You, and hopefully we all can share this beautiful Park and bring back this sport Disc Golf for future generations to enjoy. Thank You. Dion Garcia. Go Pease !!!	2/12/2014 8:02 PM
68	Disc Golf. I used to play at Pease Park 2-3 times a week. I promise that most disc golfers are very respectful of both nature and the surrounding community. Please allow us to bring the course back to the park.	2/12/2014 7:29 PM

## Q7 What one thing must change about the project area?

Answered: 319 Skipped: 39

#	Responses	Date
1	Bring back disc golf	2/14/2014 2:51 PM
2	I strongly believe disc golf should be added back to this park area. Previous disc golf usage showed that the park was enjoyed by a large number of Austinites. I believe a Master Plan can and should incorporate a disc golf course that is amicable to all park users.	2/14/2014 12:53 PM
3	Please put the Disc Golf course back, thousands of people enjoyed it and they did no harm to the park	2/14/2014 12:49 PM
4	TRANSIANTS	2/14/2014 12:37 PM
5	Enhanced trail system	2/14/2014 12:14 PM
6	Disc Golf should be added back the disc golf community is the strongest help when it comes to park clean up and repairs overall.	2/14/2014 10:44 AM
7	Please return our disc golf course to us! The other courses have been overwhelmed since you removed this one.	2/14/2014 10:32 AM
8	discgolf	2/14/2014 10:21 AM
9	Put in a disc golf course! The disc golf community will cover the expense of the baskets and signs, just give us the option to raise money and do it!	2/14/2014 10:19 AM
10	Please add disc golf back	2/14/2014 10:19 AM
11	Please bring back the disc golf course.	2/14/2014 9:43 AM
12	Maybe its the time of year, but currently I find that the park needs more care in clearing trees and mowing	2/14/2014 9:36 AM
13	How about bringing back disc golf?	2/14/2014 9:07 AM
