EMMA LONG METROPOLITAN PARK VISIONING PLAN

The Parks and Recreation Department is in the early stages of creating a Vision Plan for Emma Long Metropolitan Park. A key component of this process is involving and collecting input from the public. The Department is planning on holding a total of 3 public meetings along with 2 additional focus group meetings.

We have planned the first public meeting and are inviting the public to learn more about the history of the park, the existing conditions and inventory, and to gather feedback on what facilities they use and what facilities and programs they would like to see in the future. We are also hosting exciting kid and family friendly activities* in an effort to draw a larger crowd and generate interest in this process. Below are the meeting details. Please help us promote this meeting with your interested constituents and let me know if you need any additional information.

*Activities include Park Rangers sharing Leave No Trace activities and the Colorado River Alliance rolling exhibit and are tentative at this time.

The City of Austin is proud to comply with the Americans with Disabilities Act. If you require assistance for participation in our programs or use of our facilities, please call 512-974-6700.
