

**Intro:** Welcome to Summer Camp 2021. In order to allow an equal opportunity for Austin Citizens to register for very limited spots, Austin Parks and Recreation is implementing a lottery system for this summer.

Please follow the steps below in order to register your child for the Summer Camp 2021 Lottery. If you do not know your WebTrac login information please [contact your center](#) or follow prompts for forgotten password. For more information on account creation please refer to this link: <http://austintexas.gov/page/account-creation-online-registration-faq>

**Let's begin:** Go to [www.austintexas.gov/parksonline](http://www.austintexas.gov/parksonline) to sign into your account and view all available Summer Camp 2021.

You may choose the locations and weeks you are interested in registering, click the green plus sign and select add to cart for your selections.

**2021 Summer Camp - 713844**

A camp for Austin residents that offers youth and teens the opportunity to play games, create cool arts and crafts projects, and enjoy the outdoors. Camps will be limited in size and will prioritize the health and well-being of our campers and staff. There will be Covid-19 specific guidelines implemented that follow the recommendations of the Centers for Disease Control, American Camping Association as well local, state, and federal requirements such as the use of PPE for staff and participants, extra cleaning protocols, social distancing, specific check-in and check-out procedures, and temperature monitoring. Campers this summer will be placed into small groups of 8 called "pods", minimizing the expansion of social circles. Sites with a teen camp, will not mix youth with teens in the same pod. There will be no off site trips or swimming this summer.

Online registration begins April 19th at 10 am and will close at 7 pm on May 16th. Lottery placement begins Monday, May 17th for specialty camps and Monday, May 24th for general recreation camps. Participants that register after the lottery will be added to the waitlist. Due to the limited number of spots this summer and high demand we please ask that you only register for weeks that you plan to attend the full week.

Inclusion services are available for any camper who may need extra support to have a fun summer experience. Please call 512-974-3914 or email [inclusion@austintexas.gov](mailto:inclusion@austintexas.gov) to get more information.

All participants will need a sack lunch and 2 snacks, closed-toe shoes, a mask, sunscreen/bug spray, and a water bottle all marked with the child's name.

Contact: [firstname.lastname@austintexas.gov](mailto:firstname.lastname@austintexas.gov) for more information or call (512)97x-xxxx for more information.

The first name that appears is the parent/guardian. Please select all children you would like to register into the camp and deselect the parent/guardian. Then click continue.

The screenshot shows two sections of a registration form. The first section is for 'Kemaya Wilson' and contains three checkboxes: 'Week 1: 9-12 Years Old (713844-09)' (checked), 'Week 2: 9-12 Years Old (713844-10)', and 'Week 3: 9-12 Years Old (713844-11)'. The second section is for 'Nyriah Nash' and contains three unchecked checkboxes: 'Week 1: 9-12 Years Old (713844-09)', 'Week 2: 9-12 Years Old (713844-10)', and 'Week 3: 9-12 Years Old (713844-11)'.

If you only have one child, please skip “link sibling” and click continue.

The screenshot shows a screen titled 'Week 1: 9-12 Years Old (713844-09) for Kemaya Wilson (Lottery Enrollment)'. It contains three paragraphs of text explaining the 'Link a Sibling' feature. Below the text is a section titled 'Link Siblings To Your Lottery Enrollment (optional)'. This section includes a 'Link Sibling' label, a dropdown menu labeled 'Choose a Family Member', and a text input field for 'Activity-Section Number (in parenthesis at the top of the screen)'. At the bottom of the section are two buttons: 'Continue' and 'Cancel'. A red arrow points to the 'Continue' button.

If you have more than one child that you would like to register into camp, the lottery has a function to keep siblings enrolled together. In order to do this, you will “link sibling” with a family member in the household. Keep in mind that linking siblings may lower participant chances of getting selected for camps because there must be enough spots available in camp for BOTH participants when linked. If there are not enough spots, both participants will be placed on the waitlist.

If you would like to NOT link family members, please refer to the step above.

If you have a family with 3 or more children that you would like to be “Linked” all together, we kindly ask you to [contact your center](#) in lieu of registering online so that staff may assist you in linking them correctly.

At the top you will notice (1) Activity Name, (2) Activity Section number in parenthesis and (3) Enrollee.

Next, refer to the “Link sibling To Your lottery enrollment” section. You will need to link your original enrollee (#3 at the top) with the other sibling in the household by clicking on the drop box and selecting the sibling’s name. In the example below, Kemaya Wilson is the original enrollee listed at the top in the gray bar (#3) and Nyriah Nash is their sibling that is linked.

In the activity section, type in activity section number from (2) above to ensure both participants are “linked”.

Click continue.

The screenshot shows a web form titled "Week 1: 9-12 Years Old (713844-09) for Kemaya Wilson (Lottery Enrollment)". At the top, three red numbers are placed above the title: "1" above "Week 1:", "2" above "(713844-09)", and "3" above "for Kemaya Wilson". A red arrow points from the left to the title bar. Below the title is a text box with instructions: "If you would like, you may 'Link a Sibling' to keep siblings enrolled together. Linking siblings may lower participant chances of getting selected for camps because there must be enough spots available in camp for BOTH participants when linked. If there are not enough spots, both participants will be placed on the waitlist. Each child must be enrolled AND must link their sibling for both the enrollment and the Sibling Link to work. After you Continue to put the first child's activity in the shopping cart, you may Continue Shopping to enroll the second child and link their sibling when you get to this screen. If you already selected both children before advancing to this screen, note the name at the top of this screen. This will be the first child's enrollment, so you must pick the second child as a Sibling Link. Once you select Continue, the screen will change to the second child's enrollment. Their name will appear at the top of the screen, so you must pick the first child as a Sibling Link. Continue to advance to the shopping cart, where you will see both registrations." Below this is a section titled "Link Siblings To Your Lottery Enrollment (optional)". It contains a "Link Sibling" label, a dropdown menu with "Nyriah Nash" selected, and an "Activity-Section Number (in parenthesis at the top of the screen)" label with a text input field containing "713844-09". A red arrow points from the right to this input field. At the bottom are "Continue" and "Cancel" buttons.

In order to reciprocate the link, you must repeat the process for the other sibling, thus ensuring each child selects their sibling for enrollment and linking them together. If only one child selects their sibling to be linked, but the other child does NOT, then the link will be “broken” and they will not be paired together during the lottery. It is important that they each select the other member to complete the link. In the example below, Nyriah Nash located at the top now selects Kemaya Wilson as their linked sibling.

Click continue.

The screenshot shows a web form titled "Week 1: 9-12 Years Old (713844-09) for Nyriah Nash (Lottery Enrollment)". Below the title is a text box with instructions: "If you would like, you may 'Link a Sibling' to keep siblings enrolled together. Linking siblings may lower participant chances of getting selected for camps because there must be enough spots available in camp for BOTH participants when linked. If there are not enough spots, both participants will be placed on the waitlist. Each child must be enrolled AND must link their sibling for both the enrollment and the Sibling Link to work. You will see your Activity Sections in your cart, but you will NOT be able to see the “Sibling Links”. Please ensure that all members are registered where you have intended them to be.

Click Proceed to Checkout.
