

Restore Rundberg - Neighborhood Cleanup

On February 22, 2014, Edward (Northeast) District Representatives (DRs) partnered with community members for a neighborhood cleanup in the North Meadows Dr. area of the city. It was a wonderful experience that was supported by members of the community and their pets. This cleanup was part of the [Restore Rundberg](#) effort. As part of [Restore Rundberg](#), Edward DRs will continue to host neighborhood cleanups in the grant funded area. The cleanups will occur on the 4th Saturday of each month throughout the remainder of 2014. We hope to see you there!
