Dear Customer:

The Harmon Ave Water and Wastewater Renewal Project will begin construction in October 2020. The selected contractor is Santa Clara Construction Ltd. Construction is expected to take about 14 months to complete.

Austin Water construction projects support critical water and wastewater infrastructure for the health and safety of our community and therefore construction activities are allowed to proceed under current City of Austin restrictions. You can view the latest City of Austin orders at [austintexas.gov/covid19](https://austintexas.gov/covid19).

Austin Water will hold an online meeting to present information about the project and answer customers' questions. If you cannot join the online meeting, you can view project information at [austintexas.gov/harmon](https://austintexas.gov/harmon) or contact a member of the project team.
