

## Waste Management Plan

### Construction & Demolition (C&D) Recycling

Material	Estimated Amount (lbs. or tons)	Disposal Method	Material Processor	Hauling Information		Weight Tracking Information	
<i>What kind of C&amp;D debris will be generated during this project?</i>	<i>How much material will be generated during this project?</i>	<i>Reuse, Donate, Recycle, Landfill</i>	<i>Where is this material going?</i>	<i>1. How will this material reach the processor: self-haul or hauler?</i>	<i>2. What licensed hauler will be used?</i>	<i>1. Am I going to get a individual weight tickets or a summary?</i>	<i>2. How often will weight ticket and/or summaries be collected?</i>
Concrete							
Metal							
Wood							
Commingled C&D debris							
Deconstruction/ Salvage Material							
Drywall							
Landfill trash							
Single-stream recycling (plastic, paper, cardboard)
