Dear Entrepreneur,

Thank you for starting or aspiring to start a new enterprise in the recycling and reuse sector. Austin’s thriving small business and non-profit community and the success of our community goal to reach Zero Waste by 2040 depend on the initiative, passion and drive of entrepreneurs like you.

As part of our ongoing initiative to support businesses in the recycling and reuse sector, the City of Austin is pleased to present this Recycling and Reuse Enterprise Resource Guide. The guide provides information on local programs, services, resources, community groups, and regulations relevant to you as a zero waste entrepreneur.

The City is also happy to offer personalized assistance through the Recycling Economic Development Program. For more information, please visit http://austintexas.gov/recyclingecodev. For questions about this guide, or to suggest an addition or update, please contact me at natalie.betts@austintexas.gov.

Thank you for doing your part to help Austin reach Zero Waste and for contributing to our vibrant local economy.

Sincerely,

Natalie Betts
Recycling Economic Development Liaison

Social Entrepreneurship Accelerators & Co-Working Spaces

Austin + Social Good
Accelerator and Fast Pitch
This annual program takes five startups from our pool of applicants and puts those teams through our 6-week Accelerator Program. Teams are coached and mentored by industry professionals over the course of several weeks to present at the A+SG Fast Pitch Event.

http://austinplussocialgood.org/

Concordia University Incubator for Innovation and Impact
The Incubator for Innovation and Impact enriches the community with its accessible ecosystem that amplifies an entrepreneurs' resources and opportunities. Located in NW Austin at Concordia University, the Incubator connects entrepreneurs with professors' invaluable insights, student support, mentors, development programs, and networking opportunities. With its framework the Incubator enables entrepreneurs to discover and execute business practices and ventures that positively impact local and global communities. By partnering with Tech Ranch & G51 (both Austin-based business focused on entrepreneurship) the Incubator will be a place for community entrepreneurs, student entrepreneurs, and company intra-preneurs to gather and brainstorm. The facility has individual, co-working, small group collaboration, and large group working spaces. Additionally, members of the Incubator will enjoy an easy commute, free parking, gym access, VIP events, discounted event space, snacks, printing services, and the serenity of Concordia's nearly 400 acres of wooded campus. The value add of the incubator is in the ecosystem; the interconnected parts working together contributing to a thriving community with the common goal of supporting businesses seeking to have a positive social impact.

www.incubatorctx.com
ATX Hackerspace

ATX Hackerspace is a collaborative industrial workshop and co-working space for artists, designers, makers, hackers, fabbers, scientists, and more. Projects that need woodworking, soldering, welding, or painting equipment, power, or ventilation for fumes can be done here.

http://atxhs.org/

UnLtd USA

UnLtd USA runs a 12 month, cohort-based accelerator program for entrepreneurs (both for- and non-profit) who are tackling pressing social, environmental, and civic challenges. The program provides seed funding, coaching and training, network building, and cohort building.

http://unltdusa.org

Urban Co-Lab

Urban Co-Lab is an urban innovation focused co-working space and startup incubator designed for community change-makers and innovators looking to create solutions for urban problems throughout the nation.

http://www.urbanco-lab.com/

Impact Hub Austin

Impact Hub Austin is a global coworking community that offers shared workspace, events and programming connecting Austinites to a movement for good at more than 85+ locations worldwide. Impact Hub focuses on combining resources in a collaborative environment. The community is connected by the shared goal of using business and entrepreneurship as a tool to drive positive change. For-profit, social-profit and nonprofit companies, organizations, entrepreneurs, activists and creative professionals are all welcome to join the movement of Austin’s next generation of purpose-driven enterprises.

http://impacthubaustin.com/

Makerspaces

ATX Hackerspace

ATX Hackerspace is a collaborative industrial workshop and co-working space for artists, designers, makers, hackers, fabbers, scientists, and more. Projects that need woodworking, soldering, welding, or painting equipment, power, or ventilation for fumes can be done here.

http://atxhs.org/

CRAFT

CRAFT is Austin’s creative hub for DIY, crafting, workshops and events. They offer co-working with access to art supplies and tools.

http://madeatcraft.com/

TechShop Austin-Round Rock

TechShop is a community-based workshop and prototyping studio. The space includes cutting-edge tools, equipment, and computers with design software.

http://www.techshop.ws/austin_round_rock.html
Real Estate

Austin [re]Manufacturing Hub
This City redevelopment project will create an eco-industrial park to provide affordable real estate to recycling and reuse firms. The project is still under development, but updates will be added to the website below.

http://austintexas.gov/ecopark

Brownfields Assistance
The City of Austin’s Brownfields Revitalization Office has grant funding available to provide free environmental site assessments, such as Phase I ESAs, which are needed for due diligence during property acquisition. The Office also has a flexible loan program with low-interest available for property cleanups. The program also assists lead-based paint and asbestos surveys and abatement.

https://austintexas.gov/brownfields

City-owned Property for Sale or Lease
When the City has property available for sale or open lease solicitations, information is posted online at the website below.

http://austintexas.gov/realestate

Austin Chamber of Commerce
The Austin Chamber of Commerce website provides lists of real estate service providers and available properties.

Local Funding Options
Social Entrepreneurship-Focused Funding Resources

[Re]Verse Pitch Competition
The [Re]Verse Pitch Competition is an annual social innovation program from the City of Austin and community partners to help turn valuable raw materials that are currently leaving local businesses, non-profits, and institutions as waste into the foundation of new social enterprises. Competitors work with mentors & advisors to develop repurposing business ideas for specific local byproducts and compete for an Innovation Prize to help start this new venture.

http://reversepitch.org/

Zero Waste Business Rebate
Qualifying businesses can earn up to $1,800 in rebates from Austin Resource Recovery, a City of Austin service, to start, expand or improve recycling, composting or other zero waste programs.

https://www.austintexas.gov/zwbizrebate
Austin Foodshed Investors

Austin Foodshed Investors is an investor network and impact accelerator that helps local sustainable food companies raise growth capital, work with experts, and meet investors.

http://www.austinfoodshedinvestors.org/

Austin + Social Good Social Innovators Fund

Every fall, Austin + Social Good crowdfunds a small seed round for an Austin-based social enterprise. This seed funding can be used for product development, sales, marketing, manufacturing – whatever the startup chooses. The fund is awarded to the winner of the Austin Plus Social Good Fast Pitch (see “Austin + Social Good Accelerator”).

http://austinplussocialgood.org/

Food+City

Food+City is a nonprofit that takes action through storytelling on our website, an annual print magazine, and an annual challenge prize. We offer networking opportunities, mentorship and funding to startups innovating within the supply chain to provide better food to more people with less waste. The Food+City Challenge Prize is the only international startup competition dedicated to innovation in the food supply chain. Entrepreneurs from across the globe apply for an opportunity to compete for $50,000 to improve how we feed cities. Participating entrepreneurs are connected to the people and funding that can take their businesses to the next level.

http://www.foodandcity.org/

Notley

Notley invests in sustainable and scalable businesses and nonprofits that create positive change.

http://notleyventures.com/

Philanthropitch

Philanthropitch™ is a social impact fast-pitch competition that provides high-potential nonprofits and social enterprises with access to human and financial capital.

http://philanthropitch.org/

Southwest Angel Network for Social Impact

SWAN is focused on providing funding for early-stage, for-profit companies which are working to make the work a better place. These companies are often focused on enhancing healthcare outcomes, improving educational results, or protecting the environment.

http://www.swanimpact.org/

UnLtd USA

Members of this social entrepreneurship accelerator program receive seed funding. In three years, if a members’ venture is successful, they pay forward that funding and invest in a new cohort of UnLtd USA participants.

http://unltdusa.org

Austin Green Business Leaders Program can help you protect the environment, save money, and make Austin a more livable place. Businesses that excel in the program are formally recognized as Silver, Gold, or Platinum Green Business Leaders—which can give you a competitive edge with customers.

www.AustinGreenBusiness.com

Austin Materials Marketplace

In this program, companies work together to turn one company’s waste into another company’s resource. One company’s unused and unusual material can become another company’s valuable resource. The program hosts regular networking events.

www.austinmaterialsmarketplace.org/events

Small and Minority Business Resources Department

This City department’s purpose is to promote and encourage minority, women, and disadvantaged business owners to participate in business opportunities with the City of Austin. The department provides classes, certifications, and other resources to assist minority, women, and disadvantaged business enterprises.

http://www.austintexas.gov/department/small-and-minority-business

Vendor Connections

Vendor Connections provides a public clearinghouse to view detailed information about current business opportunities with the City of Austin. Registering on Vendor Connections is the first step to doing business with the City and allows business owners to receive notifications about open solicitations.

https://www.austintexas.gov/financeonline/vendor_connection/index.cfm

Promotion

Shop Zero Waste on LocallyAustin.org

The Shop Zero Waste directory is a special section of LocallyAustin.org that helps Austin residents find locally-owned businesses that sell reuse or recycle goods, or often repair or rental services. Shop Zero Waste businesses receive decals for their storefront and website to let their customers know they are a local business supporting the circular economy.

http://austintexas.gov/shopzero

Austin Green Business Leaders

The Austin Green Business Leaders Program can help you protect the environment, save money, and make Austin a more livable place. Businesses that excel in the program are formally recognized as Silver, Gold, or Platinum Green Business Leaders—which can give you a competitive edge with customers.

---

**Austin Zero Waste Alliance**

AZWA educates about, advocates for, and promotes Zero Waste in Austin, by working with the general public, elected officials, governmental staff, businesses, schools, Councils of Government, institutions, state agencies, religious organizations, non-profits, the media, citizen and environmental groups, and any other relevant entities to achieve the realization of a sustainable Zero Waste economy in Austin before 2040. The group holds monthly meetings.

---

**CleanTX**

An economic development and professional association for cleantech, including waste and recycling, whose mission is to accelerate the industry's growth through networking, education and information exchange, thought leadership, and strategic partnerships.

---

**Net Impact**

Net Impact is a global organization that connects a new generation of leaders transforming the world through the work they do in their communities and throughout their careers with a focus on using business as a force for beneficial environmental and social impact. Austin's volunteer-led professional chapter drives change by bringing together a community of like-minded individuals who support one another in their quest to bring greater meaning to their work. The group hosts networking events, volunteer opportunities, and other programming.

[http://netimpactaustin.org/](http://netimpactaustin.org/)

---

**Reuse Alliance Texas Chapter**

This is the local chapter of the national non-profit, Reuse Alliance, which educates the public about the social, environmental and economic benefits of reuse by providing capacity-building services that strengthen the reuse community. The local chapter hosts quarterly meetings and helps share information about local reuse activities.

[https://www.facebook.com/Reuse-Alliance-TX-161460360634181/](https://www.facebook.com/Reuse-Alliance-TX-161460360634181/)
### City of Austin Zero Waste Ordinances

**Construction and Demolition Recycling Ordinance**
This ordinance requires construction projects that are building 5,000 sq. ft. or more of new, remodeled, or added floor area to reuse or recycle at least 50% of construction debris or dispose of less than 2.5 lbs of material per sq. ft. of floor area.

[http://austintexas.gov/cd](http://austintexas.gov/cd)

**Hauler Licensing**
All private haulers that collect, remove, or transport waste, recycling, and/or organic/compost within the City of Austin for a fee must obtain a Private Hauler License. The City maintains an online list of licensed haulers.

[http://www.austintexas.gov/hauler](http://www.austintexas.gov/hauler)

**Universal Recycling Ordinance (URO)**
The URO supports Austin’s Zero Waste goal by establishing minimum recycling requirements for apartments and commercial properties in Austin. The URO also requires an organics diversion program at food service establishments. The goal is to ensure that tenants and employees have access to convenient recycling. All properties will be required to ensure recycling services are available to their tenants and employees by Oct. 1, 2017. All food service businesses are required to implement organics diversion programs by Oct. 1, 2018. Please email CommercialRecycling@austintexas.gov or find more information online.

[http://austintexas.gov/uro](http://austintexas.gov/uro)

### City of Austin Studies & Plans

**Austin Resource Recovery Master Plan**
The ARR master plan outlines how the City will reach its goal of Zero Waste goal of 90% diversion from landfill or incineration by 2040, including economic development strategies.

**State of Texas Alliance for Recycling (STAR) Central Texas Regional Group**
The mission of STAR Central Texas is to act as a resource to help advance recycling practices through education in the Central Texas region. This is the regional group of the STAR, the state-wide recycling industry association that works to increase recycling rates to the highest level afforded by balanced economic and sustainability principles. STAR Central Texas hosts quarterly events and the annual SPARK Forum.

[http://www.recyclingstar.org/working-groups/central-texas-recycling-committee/](http://www.recyclingstar.org/working-groups/central-texas-recycling-committee/)

**SXSW Eco**
SXSW Eco creates a space for business leaders, policy makers, innovators and designers to advance solutions that drive social, economic and environmental change. This annual conference takes place in October in Austin.

Sourcing Reused Materials

**Austin Materials Marketplace**  
This online, facilitated, business-to-business reuse tool can help source local, reusable or recyclable materials for your business. Whether you need scrap wood, business furniture, reclaimed textiles, or pallets, chances are the marketplace has that material available. Marketplace staff actively look for synergies and trade opportunities to help you find the materials you need or a home for materials you can no longer use. Businesses must join as participants to access the database.

[www.austinmaterialsmarketplace.org](http://www.austinmaterialsmarketplace.org)

**Material Recovery Facilities**  
The City of Austin does not own or operate a MRF. To access MRF recycled materials, contact one of our three area MRFs:

- **Balcones Resources**  
  Balcones receives approximately 60% of the City of Austin’s residential recycling and accepts residential and commercial recycling from throughout the Central Texas region at their Austin MRF.

- **Texas Disposal Systems**  
  TDS receives approximately 40% of the City of Austin’s residential recycling and accepts residential and commercial recycling from throughout the Central Texas region at their Creedmoor, TX MRF. TDS also operates a landfill, composting operation, and construction and demolition recycling facility.

- **Wilco Recycling**  
  Wilco recycles single stream material from residential, commercial, and industrial properties in the greater Austin region at its facility in Taylor, Texas.

- **Texas Department of Transportation Roadway Recycled Materials Summaries**  
  TxDOT’s Road to Recycling initiative created packets of information on 12 recycled materials with great potential for use in road construction.

- **The University of Texas at Austin Materials Lab**  
  The Materials Lab at the School of Architecture maintains the largest and most comprehensive academic material collection in the world with over 28,000 material samples. The collection can be searched online and can be sorted to view materials with recycled content or other sustainable features. The lab welcomes visitors and is open to the public.

  [http://soa.utexas.edu/resources/matlab](http://soa.utexas.edu/resources/matlab)
## Reuse Centers and Non-Profits

| **City of Austin Recycle and Reuse Drop-Off Center** | At the Recycle & Reuse Drop-Off Center, you can drop off many items to be recycled, reused or safely discarded. You can also pick up free items to reuse yourself, such as ReBlend recycled paint and mulch. Most services are free to Austin residents, but some services have a fee.  
[http://www.austintexas.gov/dropoff](http://www.austintexas.gov/dropoff) |
| **Austin Creative Reuse** | Austin Creative Reuse is a nonprofit organization that collects, distributes, and sells donated materials for creative reuse. The center also provides community education and events about reuse, conscious consumption, sustainability, and art.  
[www.austincreativereuse.org](http://www.austincreativereuse.org) |
| **Austin Furniture Bank** | Austin's first-ever furniture bank works with non-profits and the community to divert quality used furnishings and household necessities from landfill to the homes of recently rehoused people & families in/near Travis County.  
[http://austinfurniturebank.com](http://austinfurniturebank.com) |
| **Austin Habitat for Humanity Restore** | The Restore accepts and resells new and used building materials, furniture, appliances, fixtures in working condition, home goods, clothing, and more. The store’s revenue supports Austin Habitat’s mission of building affordable homes for hard working low-income families in Austin.  
[www.austinhabitat.org](http://www.austinhabitat.org) |
| **Goodwill Industries of Central Texas** | Goodwill operates resale stores throughout Central Texas to fund their mission of empowering people to work while diverting millions of pounds from landfills. Items that are not resold in Goodwill stores or are sold to recyclers whenever possible, making Goodwill one of the largest recyclers in Central Texas.  
| **Social Design Alliance** | SDA works to create positive social impact through design and creative reuse. They work with design professionals to rescue furniture and home goods from the landfill, upcycle them, and provide quality design and décor to communities in need.  
| **Recycled Reads** | Recycled Reads receives all of Austin Public Library’s discarded material, as well as donations from the public. The store sells, recycles or repurposes this material, and all proceeds benefit the Austin Public Library.  
[http://library.austintexas.gov/recycled-reads](http://library.austintexas.gov/recycled-reads) |
| **Re-Sourcery** | Re-Sourcery is a non-profit collective dedicated to saving usable textiles from landfills and upcycling them to desirable products.  
[http://re-sourcery.org/](http://re-sourcery.org/) |
