Virtual Forum

Join us for a panel discussion on rental car concessionaire contracting opportunities (e.g., automotive repair, janitorial, office supplies, fuel services), best practices for doing business and procurement processes. Find out how Airport Concessions Disadvantaged Business Certification (ACDBE) can benefit your firm. Certification is not required to attend, and there will be a representative from the Texas Unified Certification Program to discuss the benefits of an ACDBE certification and how to become an ACDBE.
