1. Which transportation strategies do you believe would best address commuter delay? (check all that apply)
   - Offer more choices in how we can travel such as bicycling, walking and transit
   - Improve signal timing and other transportation technologies
   - Promote flexible work hours and teleworking through policies and programs
   - Prioritize transportation projects and policies that support opportunities to live, work and play in close proximity
   - Provide new roadway connections and additional capacity for vehicles
   - Other: ____________________________________________________________
   ____________________________________________________________

2. Which of the following strategies do you feel would best promote health and safety? (check all that apply)
   - Prioritize projects across the city that promote walking and biking as a mode of transportation for short trips
   - Increase education and enforcement of traffic laws
   - Provide more options for travel to healthcare facilities, healthy food providers and activity centers such as parks
   - Reduce serious injuries and fatalities by designing streets for appropriate vehicular speed
   - Plan for and use autonomous and/or connected vehicle technology to reduce human error
   - Other: ____________________________________________________________
   ____________________________________________________________

3. Which of the following strategies do you feel would best promote transportation affordability? (check all that apply)
   - Invest more transportation infrastructure and programming resources in historically marginalized communities
   - Offer more choices in how we travel to reduce personal costs associated with car ownership
   - Prioritize transportation projects and policies that support opportunities to live, work and play in close proximity
   - Other: ____________________________________________________________
   ____________________________________________________________

4. Which of the following strategies do you feel would promote more travel choices? (check all that apply)
   - Provide new and safer sidewalks and bikeways
   - Provide new roadway connections and additional capacity for vehicles
   - Provide more transit service, promote transit-supportive land uses and enhance connections to/from transit
   - Provide more options by harnessing technology advances such as transportation network companies (e.g. Uber, Lyft, RideAustin), autonomous vehicles, teleworking and remote-working programs, etc.
   - Other: ____________________________________________________________
   ____________________________________________________________
### Strategy Questionnaire

#### 5. Which of the following strategies do you feel would best promote transportation innovation? (check all that apply)
- [ ] Provide more transportation options by harnessing technological advances such as transit network companies (e.g. Uber, Lyft, RideAustin), autonomous vehicles, teleworking and remote-working programs, etc.
- [ ] Pilot programs and develop policies that further advance emerging electric, connected and autonomous vehicle (E-CAV) technologies
- [ ] Promote data-sharing between public and private transportation providers
- [ ] Other: ____________________________
  ____________________________
  ____________________________

#### 6. Which of the following strategies do you feel would best promote economic and environmental sustainability? (check all that apply)
- [ ] Promote transportation modes that reduce reliance on fossil fuels (such as biking, walking, transit and electric vehicles)
- [ ] Use environment-friendly materials and methods in the design and construction of transportation projects
- [ ] Ensure the transportation network is resilient and adaptable to future changes
- [ ] Prioritize transportation projects and policies that support opportunities to live, work and play in close proximity
- [ ] Other: ____________________________
  ____________________________
  ____________________________

#### 7. Which of the following strategies do you feel will support the economic prosperity of individuals and/or the region? (check all that apply)
- [ ] Invest more transportation infrastructure and programming resources in historically marginalized communities
- [ ] Advance transportation projects that promote access to quality jobs and job centers
- [ ] Support business growth and investment by providing transportation resources in and around activity centers
- [ ] Make it safer and easier to move goods and services through and within Austin
- [ ] Other: ____________________________
  ____________________________
  ____________________________

#### 8. Which of the following strategies do you feel will provide the best opportunity for placemaking? (check all that apply)
- [ ] Prioritize transportation projects and policies that support opportunities to live, work and play in close proximity
- [ ] Design streets based on surrounding land uses, urban design, and cultural identity
- [ ] Invest more transportation infrastructure and programming resources in historically marginalized communities
- [ ] Other: ____________________________
