

# PEDESTRIAN INFRASTRUCTURE & MOBILITY IMPROVEMENTS

West 25th Street (Guadalupe Avenue to Lamar Boulevard)

TRANSPORTATION

## OVERVIEW

The Austin Transportation Department in partnership with Austin Public Works is improving pedestrian infrastructure and mobility at five locations along the north side of West 25th street from Guadalupe Avenue to Lamar Boulevard. Utilizing the University Neighborhood Overlay (UNO) design guidelines, this project will improve pedestrian safety and mobility for all.

## PLANNED IMPROVEMENTS

- Extended sidewalk
- ADA ramps
- Benches
- Bike racks
- Street Trees
- Street lighting

## TIMELINE

Construction is anticipated to begin in June 2023.

## FUNDING

This project is funded by the Parking and Transportation Management District Program as a part of the West Campus Parking Benefit District.
