

**City of Austin | Austin Water**

P.O. Box 1088 Austin, TX 78767

AustinWater.org

April 1, 2022

Dear Resident:

As construction is progressing on the **Springdale/290 Water Line Improvements Project** in your area, the project team is making plans for temporary traffic changes on Springdale Rd. These temporary traffic changes are necessary to allow for installation of a new water line.

Temporary traffic control will be set up between Ferguson Lane and Breeds Hill on Springdale Road. Automated Flagger Assistance Devices will be used to control traffic 24 hours a day. Message boards will also be placed on Springdale Road and Ferguson Lane prior to construction to inform residents and motorists about these traffic revisions.

These temporary traffic changes are expected to begin around April 11, 2022 and will be in place for about eight weeks. We ask motorists to observe traffic control signs and to use caution when traveling in the area.

The project team will hold an online meeting to provide details and answer questions.

### **Springdale/290 Water Line Improvements Project Online Public Meeting**

Thursday, April 14, 6 p.m.

Via Zoom, visit [austintexas.gov/Springdale290](https://austintexas.gov/Springdale290) for the meeting link or join by phone by dialing 1-346-248-7799 Webinar ID: 865 2955 7199, Passcode: 923270

The Springdale/290 Water Line Improvements Project is replacing aging water lines to improve reliability for customers and improve system design to better meet customer demands and improve fire flows. To learn more about the project and to sign up to receive future updates by email, visit [austintexas.gov/Springdale290](https://austintexas.gov/Springdale290).

Please feel free to contact me with any questions.
