Great Hills Lift Station Overview

Purpose

Lift stations are used in Austin Water's wastewater collection system to pump wastewater in areas where it cannot flow using gravity.

Overview

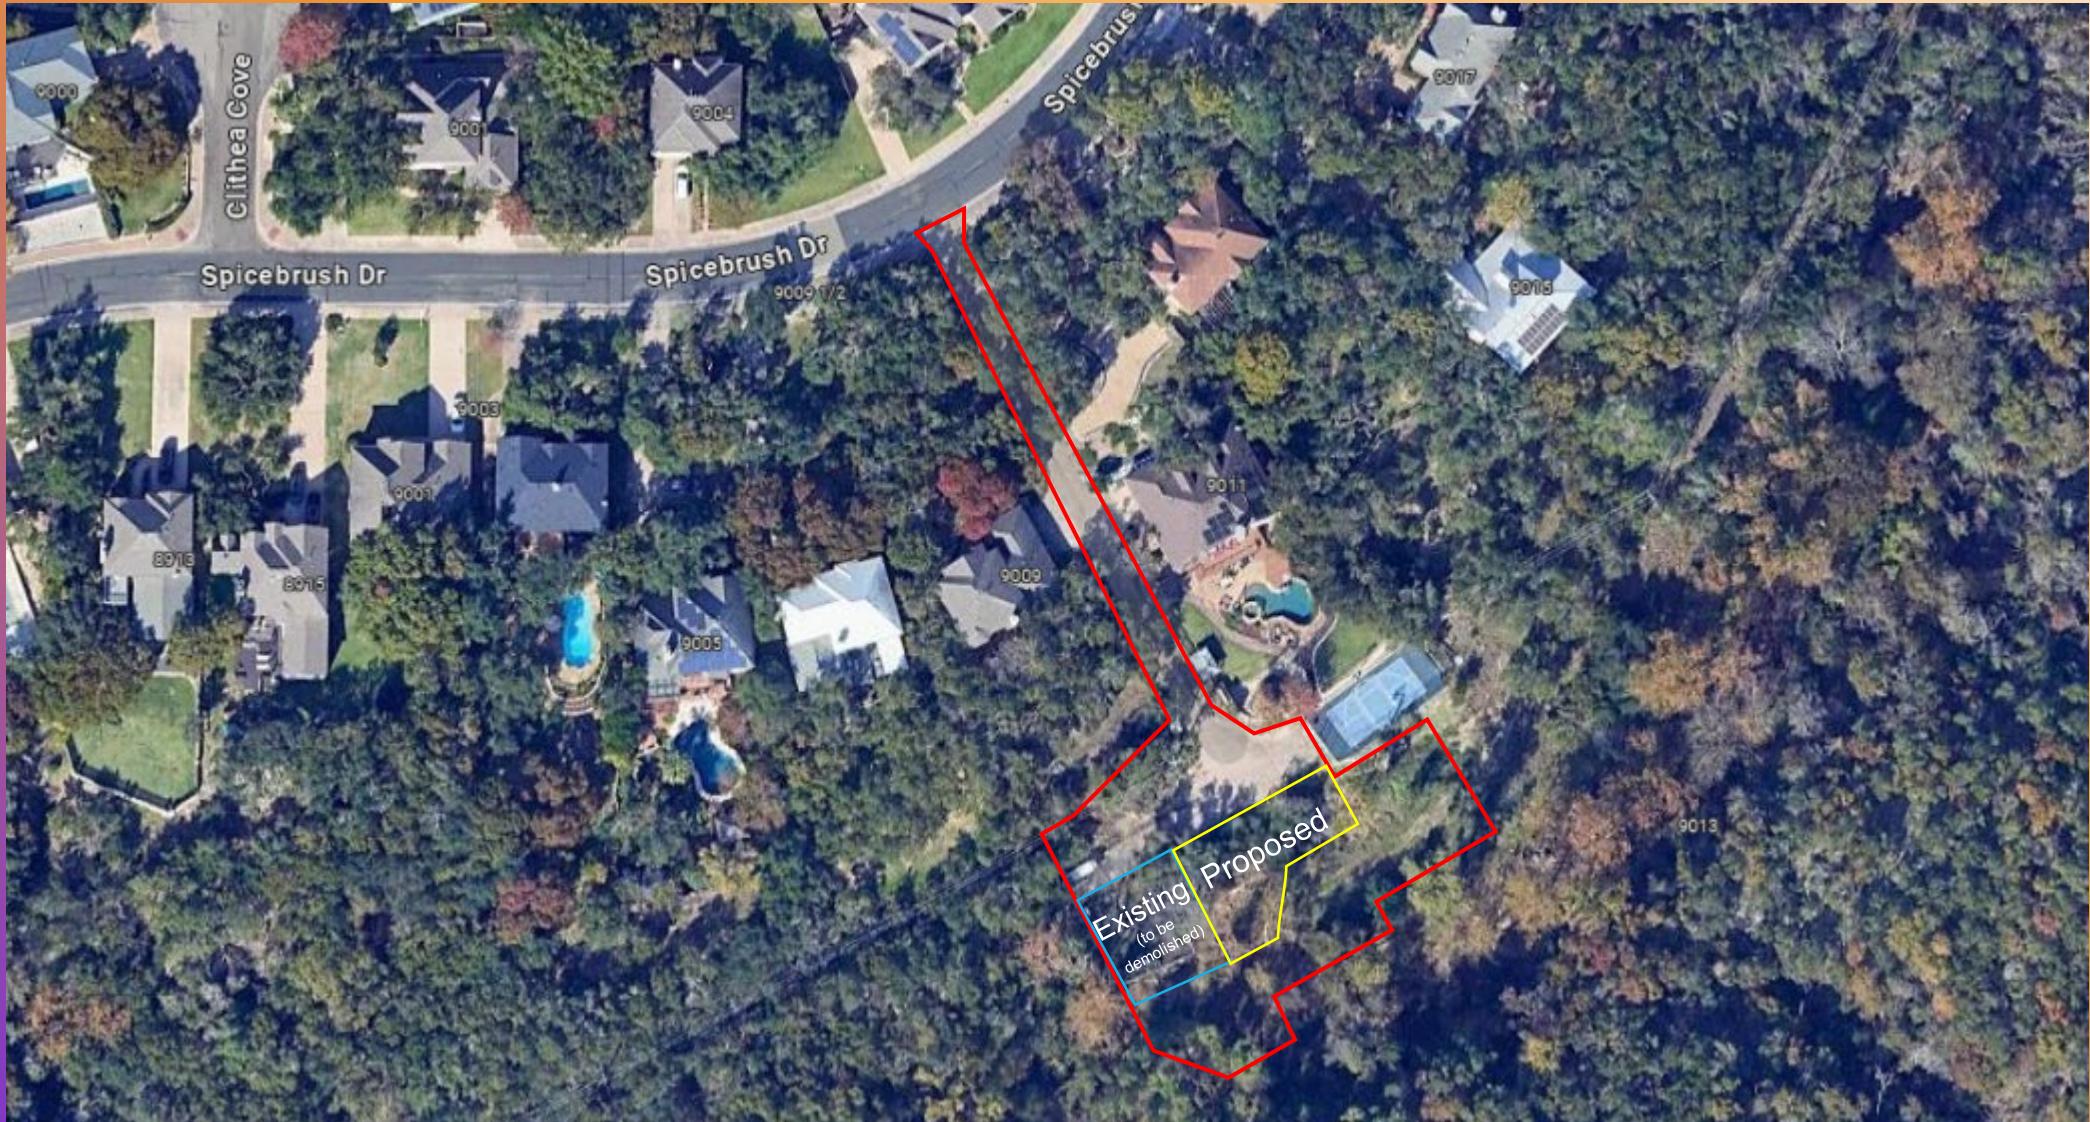

Rehabilitate one of the existing wet wells, construct an additional wet well, install a new valve vault, and upgrade mechanical and electrical equipment.

Rehabilitating this lift station was identified as a high priority in the Winter Storm Uri After Action Report.

PROJECT AREA

WHAT TO EXPECT DURING CONSTRUCTION

[AustinTexas.gov/great-hills-lift-station](https://austintexas.gov/great-hills-lift-station)

Construction

- Site clearing Nov 2024 to Dec 2024
- Excavation Jan 2025 to Aug 2025
- Installation Aug 2025 to Feb 2027
- Backfill and Grading Feb 2027
- Driveway and Fencing March 2027 to April 2027

Expect some noise during work hours.

Estimated schedule is subject to change due to unforeseen issues or weather impacts.

Construction
