

# MOBILITY BOND: LOCAL MOBILITY

## E. YAGER LANE | Natures Bend to Jourdan Crossing Blvd

### OVERVIEW

This project will feature new pedestrian and bicycle infrastructure along a one-mile stretch of E. Yager Ln., between Natures Bend and Jourdan Crossing Blvd. Specific improvements include an 8 – 10 foot shared-use path on the south side of E. Yager Ln.; a new physically protected bike lane on the north side of E. Yager Ln.; and crossing improvements and the filling of sidewalk gaps at Shropshire Blvd., Thompkins Dr., Copperfield Dr., and Copperfield Park and the IDEA Public Schools driveway.

### PROJECT PURPOSE

This project will enhance pedestrian and bicycle safety for all users along this one-mile stretch of E. Yager Ln., between Natures Bend and Jourdan Crossing Blvd.

### FUNDING

- **\$2.8 Million**
- 2016 Mobility Bond
- 2020 Mobility Bond
- Sidewalk fee-in-lieu funding

### PROJECT SCHEDULE

- **Tentative construction start: May 2022**
- **Anticipated duration: 12 - 18 months**

### AUSTIN MOBILITY BONDS

Since 2016 Austin voters have approved funding to improve the city's mobility infrastructure. This includes \$137 million in 2016 for local mobility projects, including sidewalks, bikeways, safe routes to school, intersection safety/Vision Zero, and more. In 2020, voters approved another \$185 million for sidewalks, bikeways and safety/Vision Zero projects. To learn more, visit [AustinTexas.gov/MobilityBonds](http://AustinTexas.gov/MobilityBonds).

### PROJECT AREA MAP

Typical cross section view of East Yager Ln. planned changes showing a shared use pathway on the south curb and a protected bike lane on the north curb. Draft design only. Final improvements may look different due to project enhancements
